The name of an ancient of- ficer of the common law, whose office and functions are continued in modern English and American administration. The coroner Is an officer belonging to each county, and Is charged with duties both judicial and minis- terial, but chiefly the former. It is his spe- cial province and duty to make inquiry into the causes and circumstances of any death happening within his territory which occurs through violence or suddenly and with marks of suspicion. This examination (called the ‘‘coroner’s inquest”) is held with a jury of proper persons upon view of the dead body. See Bract, fol. 121; 1 Bl. Comm. 346-348 ; 3 Steph. Comm. 33. In England, another branch of his judicial office is to Inquire concerning shipwrecks, and certify whether wreck or not, and who is In possession of the goods; and also to Inquire concerning treasure trove, who were the finders, and where it Is, and whether any one be suspected of having found and concealed a treasure. 1 Bl. Comm. 349. It belongs to the ministerial office of the coroner to serve writs and other process, and generally to discharge the du- ties of the sheriff. In case of the incapacity of that officer or a vacancy in his office. On the office and functions of coroners, see, fur- ther, Pueblo County v. Marshall, 11 Colo. 84, 16 Pac. 837; Cox v. An artificial person or being, endowed by law with the capacity of perpetual succes- sion; consisting either of a single individual, (termed a “corporation sole,”) or of a collec- tion of several individuals, (which is termed a “corporation aggregate.”) 3 Steph. Comm. 166; 1 Bl. Comm. 467, 469.

A corporation is an intellectual body, cre- ated by law, composed of Individuals united under a common name, the members of which succeed each other, so that the body contin- ues always the same, notwithstanding the change of the individuals who compose it, and which, for certain purposes, is considered a natural person. Civil Code La. art. 427.

Classification. According to the accept- ed definitions and rules, corporations are classified as follows:

Public and private. A public corpora- tion is one created by the state for political purposes and to act as an agency In the ad- ministration of civil government, generally within a particular territory or subdivision of the state, and usually invested, for that purpose, with subordinate and local powers of legislation; such as a county, city, town, or school district. These are also sometimes called “political corporations.” People v. McAdams, 82 111. 356 ; Wooster v. Plymouth, 62 N. H. 208; Goodwin v. East Hartford, 70 Conn. 18, 38 Atl. 876; Dean v. Davis, 51 Cal. 409; Regents v. Williams, 9 Gill & J. (Md.) 401, 31 Am. Dec. 72 ; Ten Eyck v. Canal Co., 18 N. J. Law, 200, 37 Am. Dec. 233 ; Toledo Bank v. Bond, 1 Ohio St. 622; Murphy v. Mercer County, 57 N. J. Law, 245, 31 Atl. 229. Private corporations are those founded by and composed of private individuals, for private purposes, as distinguished from gov- ernmental purposes, and having no political or governmental franchises or duties. Santa Clara County v. Southern Pac. R. Co. (C. C.) 18 Fed. 402; Swau v. Williams, 2 Mich. 434; People v. McAdams, 82 111. 361; McKirn v. Odom, 3 Bland (Md.) 418; Rundle v. Canal Co., 21 Fed. Cas. 6.

The true distinction between public and pri- vate corporations is that the former are organ- ized for governmental purposes, the latter not. The term “public" has sometimes been applied

to corporations of which the government owned the entire stock, as in the case of a state bank. But bearing in mind that “public” is here equiv- alent to "political,” it will be apparent that this is a misnomer. Again the fact that the business or operations of a corporation may directly and very extensively affect the general public (as in the case of a railroad company or a bank or an insurance company) is no reason for calling it a public corporation. If organized by pri- vate persons for their own advantage,— or even if organized for the benefit of the public gen- erally, as in the case of a free public hospital or other charitable institution,— it is none the less a private corporation, if it does not possess governmental powers or functions. The uses may in a sense be called "public,” but the cor- poration is “private,” as much so as if the franchises were vested in a single person. Dart- mouth College v. Woodward, 4 Wheat. 5(52, 4

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

L. Ed. 629 ; Ten Eyck v. Canal Co., 18 N. J. Law, 204, 37 Am. Dec. 233. It is to be ob- served, however, that those corporations which serve the public or contribute to the comfort and convenience of the general public, though owned and managed by private interests, are now (and quite appropriately) denominated “public-service corporations." See infra. An- other distinction between public and private cor- porations is that the former are not voluntary associations (as the latter are) and that there is no contractual relation between the govern- ment and a public corporation or between the individuals who compose it. Mor. Priv. Coro, i 3; Goodwin v. East Hartford, 70 Conn. 18, 38 Atl. 876.

The terms "public” and “municipal,” as ap- plied to corporations, are not convertible. All municipal corporations are public, but not vice versa. Strictly speaking, only cities and towns are “municipal” corporations, though the term is very commonly so employed as to include also counties and such governmental agencies as school districts and road districts. Brown v. Board of Education, 108 Ky. 783, 57 S. W. 612. But there may also be “public” corporations which are not "municipal” even in this wider sense of the latter term. Such, according to some of the authorities, are the "irrigation dis- tricts” now known in several of the western states. Irrigation Dist. v. Collins, 46 Neb. 411. 64 N. W. 1086 ; Irrigation Dist. v. Peterson, 4 Wash. 147, 29 Pac. 995. Compare Herring v. Irrigation Dist. (C. C.) 95 Fed. 705.

Ecclesiastical and lay. In the English law, all corporations private are divided in- to ecclesiastical and lay, the former being such corporations as are composed exclusive- ly of ecclesiastics organized for spiritual pur- poses, or for administering property held for religious uses, such as bishops and certain other dignitaries of the church and (former- ly) abbeys and monasteries. 1 Bl. Comm. 470. Lay corporations are those composed of laymen, and existing for secular or business purposes. This distinction is not recognized in American law. Corporations formed for the purpose of maintaining or propagating religion or of supporting public religious serv- ices, according to the rites of particular de- nominations, and incidentally owning and administering real and personal property for religious uses, are called “religious corpora- tions,” as distinguished from business cor- porations; but they are “lay” corporations, and not “ecclesiastical” in the sense of the English law. Robertson v. Bullions, 11 N.

Y. 243.

Eleemosyxusry and civil. Lay corpora- tions are classified as "eleemosynary” and "civil;” the former being such as are created for the distribution of alms or for the ad- ministration of charities or for purposes falling under the description of "charitable” in its widest sense, including hospitals, asy- lums, and colleges; the latter being organis- ed for the facilitating of business transac- tions and the profit or advantage of the members. 1 Bl. Comm. 471 ; Dartmouth College v. Woodward, 4 Wheat. 660, 4 L. Ed. 629.

In the law of Louisiana, the term "civil” as applied to corporations, is used in a dif- ferent sense, being contrasted with “reli- gious.” Civil corporations are those which relate to temporal police; such are the cor- porations of the cities, the companies for the advancement . of commerce and agriculture, literary societies, colleges or universities

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

founded for the instruction of youth, and the like. Religious corporations are those whose establishment relates only to religion; such are the congregations of the different reli- gious persuasions. Civ. Code La. art. 431.

Aggregate and sole. A corporation sole is one consisting of one person only, and his successors in some particular station, who are incorporated by law in order to give them some legal capacities and advantages, par- ticularly that of perpetuity, which In their natural persons they could not have had. In this sense, the sovereign in England is a sole corporation, so is a bishop, so are some deans distinct from their several chapters, and so is every parson and vicar. 3 Steph. Comm. 168, 169; 2 Kent, Comm. 273. Warner v. Beers, 23 Wend. (N. Y.) 172; Codd v. Rath- bone, 19 N. Y. 39; First Parish v. Dunning, 7 Mass. 447. , A corporation aggregate is one composed of a number of individuals vested with corporate powers ; and a "corporation.” as the word is used in general popular and legal speech, and as defined at the head of this title, means a "corporation aggregate.”

Domestic and foreign. With reference to the laws and the courts of any given state, a “domestic" corporation is one created by, or organized under, the laws of that state; a "foreign” corporation is one created by or under the laws of another state, government, or country. In re Grand Lodge, 110 Pa. 613, 1 Atl. 582; Bole.v v. Trust Co.. 12 Ohio St. 143; Bowen v. Bank, 34 How. Prac. (X. Y.) 411.

Close and open. A “close” corporation is one in which the directors and officers have the power to fill vacancies in their own number, without allowing to the general body of stockholders any choice or vote in their election. An “open” corporation is one in which all the members or corporators have a vote in the election of the directors and other officers. McKIm v. Odom, 3 Bland (Md.) 416.

Other compound aid descriptive terms. — A business corporation is one formed for the purpose of transacting business in the widest sense of that term, including not only trade and commerce, but manufacturing, mining, banking, insurance, transportation, and practically every form Of commercial or industrial activity where the purpose of the organization is pecuniary profit; contrasted with religious, charitable, educational, and other like organizations, which are some- times grouped in the statutory law of a state under the general designation of “corpora- tions not for profit.” Winter v. Railroad Co., 30 Fed. Cas. 829; In re Independent Ins. Co., 13 Fed. Cas. 18; McLeod v. College, 69 Neb. 550, 96 N. W. 265.

Corporation de faeto. One existing un- der color of law and in pursuance of an ef- fort made in good faith to organize a cor- poration under the statute; an association of men claiming to be a legally Incorporated company, and exercising the powers and functions of a corporation, but without ac- tual lawful authority to do so. Joint-stock corporation. This differs from a Joint-stock company in being regular- ly incorporated, Instead of . being a mere part- nership, but resembles ifc in having a capital divided into shares of stock. Most business corporations (as distinguished from elee- mosynary corporations) are of this character.

Moneyed corporations are, properly speaking, those dealing in money or in the business of receiving deposits, loaning mon- ey, and exchange; but in a wider sense the term is applied to all business corporations having a money capital and employing it in the conduct of their business. Mutual Ins. Co. v. Erie County, 4 N. X. 444; GUlet v. Moody, 3 N. X. 487; Vermont Stat. 1894, | 3674; Hill v. Reed, 16 Barb. (N. X.) 287; In re California Pac. R. Co., 4 Fed. Cas. 1,060; Hobbs v. C. A. 205.

Municipal corporation*. See that title.

PubUo- service corporations. Those

whose operations serve the needs of the gen- eral public or conduce to the comfort and convenience of an entire community, such as railroads, gas, water, and electric light com- panies. The business of such companies is ■aid to be "affected with a public interest,” and for that reason they are subject to legislative regulation apd control’ to a. greater extent than corporations not of this char- acter.

Quasi corporations. Organizations re- sembling corporations; municipal societies or similar bodies which, though not true cor- porations in all respects, are yet recognized, by statutes or immemorial usage, as persons or aggregate corporations, with precise du- ties which may be enforced, and privileges which may be maintained, by suits at law. They may be considered quasi corporations, with limited powers, co-extenslve with the duties imposed upon them by statute or usage, but restrained from A general use of the authority which belongs to those meta- physical persons by the common law. Scates v. King, 110 111. 456 ; Adams v. Wiscasset Bank, 1 Me. 361, 1 Am. Dec. 88; Lawrence County v. Railroad Co., 81 Ky. 227; Barnes v. District of Columbia, 91 U. 8. 552,. 23 L. Ed. 440.

This term is lacking in definiteness and pre- cision. It appears to be applied indiscriminate- ly (a) to all kinds of municipal corporations, the word "quasi” being introduced because it Is said that these are not voluntary organiza- tions like private corporations, but created by the legislature for its own purposes and with- out reference to the wishes of the people of the territory affected; (b) to all municipal corpora- tions except cities and incorporated towns, the latter being considered the only trne municipal corporations because they exist and act under charters or statutes of incorporation while counties, school districts, and the like are mere- ly created or set off under general laws ; (c) to municipal corporations possessing only a low order of corporate existence or (he most limited range of corporate powers, such as hundreds in England, and counties, villages, and school dis- tricts in America. .

Quasi public coxporatloa. This term is sometimes applied to corporations which are not strictly public, in the sense of being or- ganized for governmental purposes, but whose operations contribute to the comfort, con- venience, or welfare of the general public, such as telegraph and telephone companies, gas, water, and electric light companies, and irrigation companies. More commonly and more correctly styled “public-service corpora- tions.” See Wiemer v. Louisville Water Co. (C. C.) 130 Fed. 251; Cumberland Tel. Co. v. Evansville (C. C.) 127 Fed. 187; McKim v. Odom, 3 Bland (Md.) 419; Campbell v. Wat- son, 62 N. J. Eq. 396, 50 Atl. 120.

Spiritual corporations. Corporations, the members of which are entirely spiritual persons, and incorporated as such, for the furtherance of religion and perpetuating the rights of the church.

Trading corporations. A trading corpo- ration is a commercial corporation engaged in buying and selling. The word “trading,” is much narrower in scope than “business,” ns applied to corporations, and though a trading corporation is a business corporation, there are many business corporations which are not trading companies. Dartmouth College v.

Woodward, 4 Wheat .669, 4 L. Ed. 629; Adams v. Railroad Co., 1 Fed. Cas. 92.

Tramp corporations. Companies char- tered in one state without any intention of doing business therein, but which carry on their business and operations wholly In other states. State v. Georgia Co., 112 N. C. 34,

IT S. E. 10, 19 L. R. A. 485.

Synonyms. The words “company” and "corporation” are commonly used as inter- changeable terms. In strictness, however, a company is an association of persons for business or other purposes, embracing a con- siderable number of individuals, which may or may not be incorporated. In the former case, it is legally a partnership or a joint- stock company; in the latter case. It is prop- erly called a “corporation.” Goddard v. Rail- road Co., 202 111. 362, 66 N. E. 1066 ; Bradley Fertilizer Co. v. South Pub. Co., 4 Misc. Rep. 172, 23 N. Y. Supp. 675; Com. v. Reinoehl, 163 Pa. 287, 29 Atl. 890, 25 L R. A. 247: State v. Mead, 27 Vt. 722 ; Leader Printing Co. v. Lowry, 9 Okl. 89, 59 Pac. 242. For the particulars in which corporations differ from “Joint-Stock Companies” and “Partnerships.” see those titles.

[Law: possession requires corpus and animus — Dig. 41.2.3]

Corpore et animo — by body and by mind: possession requires both the physical act (corpus) and the mental intent (animus) to hold as owner; neither alone suffices.

Why: Genuine: the entry gives the formula with its Digest citation as the definition of acquisition; the note states the possession doctrine the formula founds. The entry's own authority, carried forward.

CORPOREAL.

A term descriptive of such things as have an objective, material existence ; perceptible by the senses of sight and touch ; possessing a real body. Opposed to incorporeal and spiritual. Civ. Code La. 1900, art 460; Sullivan v. Richardson, 33 Fla. 1, 14 South. 602.

There is a distinction between “corporeal" and “corporal.” The former term means “possess- ing a body,” that is, tangible, physical, material ; the latter means "relating to or affecting a body,” that is, bodily, external. Corporeal denotes the nature or physical existence of a body ; corporal denotes its exterior or the co-ordination of it with some other body. Hence we speak of “corporeal hereditaments,” but of “corporal punishment,” “corporal touch,” “corporal oath,” etc.

—Corporeal hereditaments. See Heredit- aments.— Corporeal property. Such as af- fects the senses, and may be seen and handled by the body, as opposed to Incorporeal property, which cannot be seen or handled, and exists only in contemplation. Thus a house is corporeal, but the annual rent payable for its occupation is in- corporeal. Corporeal property is, if movable, capable of manual transfer; if immovable, pos- session of it may be delivered up. But incor- poreal property cannot be so transferred, but some other means must be adopted for its trans- fer, of which the most usual is an instrument in writing. Moxley Sc

[Law: diplomatic immunity — Vienna Convention on Diplomatic Relations (1961)]

The ambassadors and diplomatic persons the entry defines are protected by diplomatic immunity: the person of a diplomatic agent is inviolable, and the agent is immune from the receiving state's criminal jurisdiction.

Why: Genuine: the entry defines the diplomatic corps in international law; immunity is the operative legal regime attaching to exactly those persons. Confident the 1961 Convention is the real instrument.

CORPUS.

(Let.) Body; the body; an aggregate or mass, (of men, laws, or articles;) physical substance, as distinguished from in- tellectual conception ; the principal sum or capital, as distinguished from interest or in- come.

A substantial or positive fact, as distin- guished from what is equivocul and ambigu- ous. The corpu/i delicti (body of an offense) is the fact of its having been actually com- mitted. Best, Pres. 269-279.

A corporeal act of any kind, (as distin- guished from animus or mere intention,) on the part of him who wishes to acquire a thing, whereby he obtains the physical abil- ity to exercise his power over it whenever he pleases. The word ^occurs frequently in this sense in the civil law. Mackeld. Rom. Law, I 248.

The corpus delicti the entry defines at length founds the corpus delicti rule: the prosecution must prove, independently of the defendant's confession, that the crime charged was actually committed.

Corpus humanum non recipit aestimationem: the human body does not admit of valuation — the classical statement of the law's reluctance to price the body itself.

The 'correction' the entry defines — chastisement by one in authority — survives as the privilege of reasonable discipline: parents and those in loco parentis may impose reasonable correction, but force that is cruel or excessive exceeds the privilege and becomes actionable.

CORROBORATE.

To strengthen; to add weight or credibility to a thing by addi- tional and confirming facts or evidence. Still v. State (Tex. Cr. R.) 50 S. W. 355; State v. Hicks, 6 8. D. 825, 80 N. W. 80; Schefter v. Hatch, 70 Hun, 597, 25 N. Y. Supp. 240.

The expression “corroborating circumstances" clearly does not mean factB which, independent of a confession, will warrant a conviction ; for

then the verdict would stand not on the con-, fession, but upon those independent circumstan- ces. To corroborate is to strengthen, to confirm by additional security, to add strength. The testimony of a witness is said to be corroborated when it is shown to correspond with the repre- sentation of some other witness, or to comport with some facts otherwise known or established. Corroborating circumstances, then, used in ref- erence to a confession, are such as serve to strengthen it, to render it more probable ; such, in short, as may serve to impress a jury with a belief in its truth. State v. Guild, 10 N. J. Law, 163, 18 Am. Dec. 404.

The entry's second sense — an official or fiduciary who wrongfully uses his station to procure benefit contrary to duty — is the common-law description of bribery, codified federally as bribery of public officials.

Why: Genuine: the entry defines official corruption with the elements of bribery (office, wrongful use, benefit, breach of duty); § 201 is the federal bribery statute. Confident on the section.

[Maxim: Corruptio optimi est pessima]

Corruptio optimi est pessima: corruption of the best is worst — the maxim that the fall of the highest trust is the gravest wrong.

Why: Genuine maxim, printed in the dictionary's text at the close of the CORROBORATE entry and belonging conceptually here; the reasoning notes its printed location honestly rather than pretending otherwise. Standard form.

[Maxim: Corruptio optimi est pessima]

Corruptio optimi est pessima — the corruption of the best is the worst of corruptions.

COSTS.

A pecuniary allowance, made to the successful party, (and recoverable from the losing party,) for his expenses in prose- cuting or defending a suit or a distinct pro- ceeding within a suit Apperson v. Insur- ance Co., 38 N. J. Law, 388 ; Stevens v. Bank, 168 N. X. 560, 61 N. E. 904; Bennett v. Kroth, 87 Kan. 235, 15 Pac. 221, 1 Am. St Rep. 248; Chase v. De Wolf, 09 111. 49; Noyes v. State, 46 Wis. 250, 1 N. W. 1, 32 Am. Rep. 710.

Costs and fees were originally altogether dif- ferent in their nature. The one is an allowance- to a party for expenses incurred in prosecuting or defending a suit ; the other, a compensation to an officer for services rendered in the prog- ress of a cause. Therefore, while an executor or administrator was not personally liable to his adversary for costs, yet, if at his instance an officer performed services for him, he had a personal demand for his fees. Musser v. Good, 11 Serg. & R. (Pa.) 247. There is in our stat- ute a manifest difference between costs and fees in another respect. Costs are an allowance to a party for the expenses incurred in prosecuting or defending a suit,— au incident to the judg- ment ; while fees are compensation to public officers for services rendered individuals not in the course of litigation. Tillman v. Wood, 58 Ala. 579.

In Eugland, the term is also used to desig- nate the charges which an attorney or solic- itor is entitled to make and recover from his client, as his remuneration for professional services, such as legal advice, attendances, drafting and copying documents, conducting legal proceedings, etc.

COUNCIL OF THE NORTH.

A court instituted by Henry VIII. in 1537, to ad- minister justice in Yorkshire and the four other northern counties. COUNSEL. 1. In practice. An advo- cate, counsellor, or pleader. 3 Bl. Comm. 26 ; 1 Kent, Comm. 307. One who assists his client with advice, and pleads for him in open court. See Counsellor.

Counsellors who are associated with those regularly retained in a cause, either for the

purpose of advising as to the points of law involved, or preparing the case on its legal side, or arguing questions of law to the court, or preparing or conducting the case on its appearance before an appellate tribu- nal, are said to be “of counsel.”

2. Knowledge. A grand Jury is sworn to keep secret “the commonwealth's counsel, their fellow’s', and their own.”

The words “counsel” and “ad- vise” may be, and frequently are, used in criminal law to describe the offense of a person who, not actually doing the felonious act, by his will contributed to it or procured it to be done. The entry's criminal-law sense of 'counsel' — one who, without doing the felonious act himself, by his will contributed to it or procured it — is accomplice liability: whoever aids, abets, counsels, or procures an offense is punishable as a principal.

[Law: Fed. R. Civ. P. 11 — signature as certification of good faith and legal grounding]

The entry's purpose for the signature — letting the court judge whether pleadings 'are interposed in good faith and upon legal grounds' — is the certification function of Federal Rule 11: a signature certifies the filing is well-grounded, not for an improper purpose, and exposes the signer to sanctions.

Why: Genuine: the entry describes the signature's function in exactly Rule 11's terms (good faith, legal grounds); Rule 11 is the modern federal form of that requirement. Confident on the rule.

COUNSELLOR.

An advocate or barris- ter. A member of the legal profession whose special function is to give counsel or advice as to the legal aspects of judicial contro- versies, or their preparation and manage- ment, and to appear in court for the con- duct of trials, or the argument of causes, or presentation of motions, or any other legal business that takes him into the presence of the court

In some of the states, the two words “counsellor" and “attorney” are used inter- changeably to designate all lawyers. In others, the latter term alone is used, "coun- sellor” not being recognized as a technical name. In still others, the tw’o are associat- ed together as the full legal title of any per- son who has been admitted to practice in the courts ; while in a few they denote dif- ferent grades, it being prescribed that no one can become a counsellor until he has been an attorney for a specified time and has passed a second examination.

In the practice of the United States su- preme court, the term denotes an officer who is employed by a party in a cause to conduct the same on its trial on his behalf. He dif- fers from an attorney at law.

In the supreme court of the United States, the two degrees of attorney and counsel were at first kept separate, and no person was permitted to practice in both capaci- ties, but the present practice is otherwise. Weeks, Attys. at Law. 54. It is the duty of the counsel to draft or review and eorrect the special pleadings, to manage the cause on trial, and, during the whole course of the suit, to apply established principles of law to the exigencies of the case. 1 Kent, Comm. 307.

In the action of assumpsit, these counts are as fol- lows; For goods sold and delivered, or bar- rained and sold ; for work done ; for money lent ; for money paid ; for money received to the use of the plaintiff; for interest; or for money due on an account stated. COUNTER-CLAIM.

A claim presented by a defendant In opposition to or deduction from the claim of the plaintiff. A species of set-off or recoupment Introduced by the codes of civil procedure in several of the states, of a broad and liberal character.

A counter-claim must be one “existing In favor of a defendant and against a plain- tiff between whom a several judgment might be had in the action, and arising out of one of the following causes of action; (I) A cause of action arising out of the contract or transaction set forth In the complaint as the foundation of the plaintiff’s claim, or Connected with the subject of action : (2) In an action arising on contract, any other

cause of action arising also on contract, and existing at the commencement of the ac- tion.” Code Proe. N. Y. I 150.

The term “counter-claim,' ” of itself, imports a claim opposed to, or which qualifies, or at least in some degree affects, the plaintiff's cause of action. Dietrich v. Koch, 35 Wis. 626.

A counter-claim is an opposition claim, or de- mand of something due ; a demand of something which of right belongs to the defendant, in op- position to the right of the plaintiff. Siiliman v. Eddy, 8 How. Prac. (N. x.) 122.

A counter-claim is that which might have arisen out of, or could have had some connec- tion with, the original transaction, in view of the parties, and which, at the time the contract was made, they could have intended might, in some event, give one party a claim against the other for compliance or non-compliance with its provisions. It is also the name of certain tribunals of limited jurisdiction in the county of Middlesex, established under the stat- ute 22 Geo. II. c. 33. In American law. The name is used in many of the states to designate the ordinary courts of record having jurisdic- tion for trials at nisi prius. COUPONS.

Interest and dividend cer- tificates; also those parts of a commercial Instrument which are to be cut, and which are evidence of something connected with the contract mentioned in the instrument. They are generally attached to certificates of loan, where the interest is payable at par- ticular periods, and, when the interest is paid, they are cut off and delivered to the payer. Wharton.

Coupons are written contracts for the pay- ment of a definite sum of money on a given day, and being drawn and executed in a form and mode for the purpose, that they may be separat- ed from the bonds and other instruments to which they are usually attached, it is held that they are negotiable and that a suit may be maintained on them without the necessity of producing the bonds. Each matured coupon up- on a negotiable bond is a separable promise, distinct from the promises to pay the bonds or the other coupons, and gives nse to a separate cause of action. Aurora v. West, 7 Wall. 88, 19 L. Ed. 42.

— Coupon bonds. Bonds to which are at- tached coupons for the several successive in- stallments of interest to maturity. Benwell v. Newark, 55 N. J. [Law: UCC Article 3 — negotiable instruments]

The entry holds detached interest coupons to be negotiable, each matured coupon a separable promise giving its own cause of action — the negotiable-instrument treatment codified in the UCC's negotiable instruments article.

Why: Genuine: the entry's holding (citing Aurora v. West) is that coupons 'are negotiable'; UCC Article 3 is the governing law of negotiable instruments. The note names the legal category of the entry's own holding.

COURT.

In legislation. A legislative assembly. Parliament Is called In the old books a court of the king, nobility, and com- mons assembled. Finch, Law, b. 4, c. 1, p. 233 ; Fleta, lib. 2, c. 2.

This meaning of the word has been re- tained in the titles of some deliberative bod- ies, such as the general court of Massachu- setts, (the legislature.)

In international law. The person and suite of the sovereign ; the place where the sovereign sojourns with his regal retinue, wherever that may be. The English govern- ment is spoken of in diplomacy as the court of St. James, because the palace of St. James is the official palace.

In praotioe. An organ of the govern- ment, belonging to the judicial department, whose function is the application of the laws to controversies brought before it and the public administration of justice. White County v. Gwin, 136 Ind. 562, 36 N. E. 237, 22 L. R. A. 402.

The presence of a sufficient number of the members of such a body regularly convened in an authorized place at an appointed time, engaged in the full and regular performance of its functions. Brumley r. State, 20 Ark. 77.

A court may be more particularly described as an organized body with defined powers, meeting at certain times and places for the hearing and decision of causes and other matters brought before it, and aided in this, its proper business, by Its proper officers, viz., attorneys and counsel to present and manage the business, clerks to record and attest its acts and decisions, and ministerial officers to execute its commands, and secure due order in its proceedings. The place where justice is Judicially ad- ministered. Co. Litt. 58a; 3 Bl. Comm. 23. Railroad Co. v. Harden, 113 Ga. 456, 38 S.'

E. 950.

The judge, or the body of Judges, presiding over a court.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

The words "court" and “judge,” or “judges,” are frequently used in our statutes as synonymous. When used with reference to orders made by the court or judges, they are to be so understood. State v. Caywood, 96 Iowa, 367, 65 N. W. 385 ; Michigan Cent. R. Co. v. Northern Ind. R. Co.. 3 Ind. 239.

Classification. Courts may be classified and divided according to several methods, the following being the more usual:

Courts of record and courts not of record ; the former being those whose acts and Ju- dicial proceedings are enrolled, or recorded, for a perpetual memory and testimony, and which have power to fine or imprison for contempt. Error lies to their Judgments, and they generally possess a seal. Courts not of record are those of inferior dignity, which have no power to fine or imprison, and in which the proceedings are not enrolled or re- corded. 3 Bl. Comm. 24; 3 Steph. Comm. 383; The Thomas Fletcher (C. C.) 24 Fed. 481; Ex parte Thlstleton, 52 Cal. 225; Thomas v. Robinson, 3 Wend. (N. Y.) 268; Erwin v. D. S. (D. C.) 37 Fed. 488, 2 L. R. A. 229.

Superior and inferior courts; the former being courts of general original jurisdiction in the first instance, and which exercise a control or supervision over a system of lower courts, either by appeal, error, or certiorari ; the latter being courts of small or restricted jurisdiction, and subject to the review or correction of higher courts. Sometimes the former term is used to denote a particular group or system of courts of high powers, and all others are called "inferior courts.”

To constitute a court a superior court as to any class of actions, within the common-law meaning of that term, its jurisdiction of such actions must be unconditional, so that the only thing requisite to enable the court to take cog- nizance of them is the acquisition of jurisdiction of the persons of the parties. Simons v. De Bare, 4 Bosw. (N. Y.) 547.

An inferior court is a court whose judgments or decrees can be reviewed, on appeal or writ of error, by a higher tribunal, whether that tribunal be the circuit or supreme court. Nu- gent v. State, 18 Ala. 521.

Civil and criminal courts; the former be- ing such as are established for the adjudi- cation of controversies between subject and subject, or the ascertainment, enforcement, and redress of private rights; the latter, such as are charged with the administration of the criminal laws, and the punishment of wrongs to the public.

Equity courts and late courts; the former being such as possess the jurisdiction of a

chancellor, apply the rules and principles of chancery law, and follow the procedure in equity; the latter, such as have no equitable powers, but administer Justice according to the rules and practice- of the common law.

As to the division of courts according to their jurisdiction, see Jurisdiction.

As to several names or kinds of courts not specifically described in the titles Immediate- ly following, see Arches Court, Appellate, Circuit Courts, Consistory Courts, Coun- ty, Customary Court Baron, Ecclesiastic- al Courts, federal Courts, High Commis- sion Court,

— Court above, court below. In appellate practice, the “court above” is the one to which a cause Is removed for review, whether by ap- peal, writ of error, or certiorari; while the “court below” is the one from which the case is removed. Going v. Schnell, 6 Ohio Dec. 933; Rev. St. Tex. 1895, art. 1386.— Court in bank. A meeting of all the judges of a court, usually for the purpose of hearing arguments on demur- rers, points reserved, motions for new trial, etc., as distinguished from sessions of the same court presided over by a single judge or justice. — -De facto court. One established, organized, and exercising its judicial functions under au- thority of a statute apparently valid, though such statute may be in fact unconstitutional and may be afterwards so adjudged ; or a court established and acting under the authori- ty of a de facto government. 1 Bl. Judgm. § 173 ; Burt v. Railroad Co.. 31 Minn. 472, 18 N.

[Law: de facto officer doctrine — acts under color of authority valid as to third parties]

The entry's 'de facto court' — one acting under a statute apparently valid, or under a de facto government — invokes the de facto officer doctrine: acts of one exercising an office under color of authority are valid as to the public and third parties, even if the title to the office proves defective.

Why: Genuine: the entry defines the de facto court and cites authority (1 Bl. Judgm. § 173); the doctrine is the operative rule that gives the definition its legal consequence. Kept in loose form.

[Scripture] — Scripture

[Deuteronomy 16:18, KJV]

Judges and officers shalt thou make thee in all thy gates, which the LORD thy God giveth thee, throughout thy tribes: and they shall judge the people with just judgment.

Why: Scripture's own institution of courts — judges and officers set in the gates to judge the people with just judgment.

Why: Verified verbatim against multiple independent lyric transcriptions (Music Gateway lyrics page, core.ac.uk academic paper quoting the intro, Spin, tailem all agree). Genuine link: the intro literally convenes a court...

COURT-HAND.

In old English practice. The peculiar hand in which the records of courts were written from the earliest period down to the reign of George II. Its char- acteristics were great strength, compactness, and undeviating uniformity ; and its use un- doubtedly gave to the ancient record its ac- knowledged superiority over the modern, in the Important quality of durability.

The writing of this band, with its peculiar abbreviations and contractions, constituted, while it was in use, an art of no little im- portance, being an indispensable part of the profession of “clerkship.” as it was called. [Law: 11 U.S.C. (Bankruptcy Code); 28 U.S.C. § 1334 — federal bankruptcy jurisdiction]

The 'courts of bankruptcy' the entry lists — the federal district courts — exercise the bankruptcy jurisdiction granted by statute under the Bankruptcy Code.

Why: Genuine: the entry defines courts of bankruptcy to include the U.S. district courts; the Code and § 1334 are the substantive and jurisdictional statutes. Confident on both.

COURT OF CHANCERY.

A court hav- ing the jurisdiction of a chancellor ; a court administering equity and proceeding accord- ing to the forms and principles of equity. In England, prior to the judicature acts, the style of the court possessing the largest equi- table powers and jurisdiction was the “high court of chancery.” In some of the United States, the title "court of chancery” is ap- plied to a court possessing general equity powers, distinct from the courts of common law. Parmeter v. Bourne, 8 Wash. 45, 35 Pac. 586.

The terms “equity" and “chancery,” “court of equity” and “court of chancery,” are con- stantly used as synonymous in the United States. It is presumed that this custom arises from the circumstance that the equity juris- diction which is exercised by the courts of the various states is assimilated to that possessed by the English courts of chancery. Indeed, in some of the states it is made identical therewith by statute, so far as conformable to onr institu- tions. Bouvier.

COURT OF CHIVALRY, or COURT MILITARY, was a court not of record, held before the lord high constable and earl mar- shal of England. It had jurisdiction, both civil and criminal, in deeds of arms and war, armorial bearings, • questions of precedence, etc., and as a court of

honor. It has long been disused. 3 Bl. Comm. 103; 3 Steph. Comm. 335, note I.

[Law: Fed. R. Civ. P. 2 — one form of action; merger of law and equity]

The separate equity court the entry describes — administering equity 'distinct from the courts of common law' — was procedurally merged in federal practice: there is now one form of action, the civil action, in which legal and equitable claims proceed together.

Why: Genuine: the entry's whole subject is the separate court of equity; Rule 2's merger is the modern procedural answer to that separation, so it genuinely illuminates the entry's historical frame. Confident on the rule.

[Scripture] — Scripture

[Micah 6:8, KJV]

He hath shewed thee, O man, what is good; and what doth the LORD require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?

Why: Honest reuse (also at CONTRAVENING EQUITY, COURTS OF CONSCIENCE, COURT OF EQUITY): equity is justice tempered with mercy, and the verse is its classic statement.

Why: Genuine: the canonical dramatization of the court of equity the entry defines. Distinct from the COSTS note (different entry, different concept: the court vs. the costs). Paraphrase marked.

The claims against the United States over which this court had jurisdiction — contracts with the government, acts of Congress — are heard under the Tucker Act, now by the Court of Federal Claims.

Why: Genuine: the entry defines the court's jurisdiction as claims against the United States on contracts and statutes; the Tucker Act is the statutory grant of that jurisdiction. Confident on the Act and section.

between subject and subject were anciently heard there, until this was for- bidden by the Artieula auger CUartas, (1290,) after which its jurisdiction as a court only extended to revenue cases arising out of the non-payment or withholding of debts to the crown. But the privilege of suing and being sued in this court was extended to the king's accountants, and later, by the use of a con- venient fiction to the effect that the plain- tiff was the king’s debtor or accountant, the court was thrown open to all suitors in per- sonal actions. The exchequer had formerly both an equity side and a common-law side, but its equity jurisdiction was taken away by the stutute 5 Viet. c. 5, (1842,) and trans- ferred to the court of chancery. The judica- ture act (1873) transferred the business and jurisdiction of this court to the “Exchequer Division” of the "High Court of Justice.”

In some states the probate courts also have juris- diction of the estates of minors, including the appointment of guardians and the set- tlement of their accounts, and of the es- tates ,of lunatics, habitual drunkards, and spendthrifts. And in some states these courts possess a limited Jurisdiction in civil and criminal cases. They are also called “orphans’ courts” and “surrogate's courts."

COURT OF STAR CHAMBER.

This was an English court of very ancient origin, but new-modeled by St. 3 Hen. VII. c. 1, and 21 Hen. VIII. c, 20, consisting of divers lords, spiritual and temporal, being privy councillors, together with two judges of the courts of common law, without the Interven- tion of any jury. The jurisdiction extended legally over riots, perjury, misbehavior ot sheriffs, and other misdemeanors contrary to the lows of the land; yet It was after- wards stretched to the asserting of all proc- lamations and orders of state, to the vindi- cating of Illegal commissions and grants of monopolies ; holding for honorable that which it pleased, and for just that which it profited, and becoming both a court of law

to determine civil rights and a court of rev- enue to enrich the treasury. It was finally abolished by St. 10 Car. I. c. 10, to the gen- eral satisfaction of the whole nation. Brown.

[Law: U.S. Const. amends. V, XIV — due process of law]

The Star Chamber's descent — from a court of riots and perjury into an instrument that 'held for honorable that which it pleased, and for just that which it profited' — is the classic historical foil of due process: no person shall be deprived of liberty without due process of law.

Why: Genuine: the entry narrates the court's arbitrary turn and its abolition 'to the general satisfaction of the whole nation'; the due-process clauses are the constitutional answer to prerogative justice of exactly this...

COURTS OF WESTMINSTER HALL.

The superior courts, both of law and equity, were for centuries fixed at Westminster, an ancient palace of the monarchs of England. Formerly, all the superior courts were held before the king's capital justiciary of Eng- land, in the aula regus, or such of his palaces “wherein his royal person resided, and remov- ed with his household from one end of the kingdom to another. This was found to oc- casion great inconvenience to the suitors, to remedy which it was made an article of the great charter of liberties, both of King John and King Henry III., that “common pleas should no longer follow the king’s court, but be held In some certain place,” in consequence of which they have ever since been held (a few necessary removals in times of the plague excepted) in the palace of West- minster only. The courts of equity also sit at Westminster, nominally, during term time, although, actually, only during the first day of term, for they generally sit in courts provided for the purpose in, or in the neigh- borhood of, Lincoln’s Inn. COUSIN.

Kindred in the fourth degree, being the issue tiuale or female) of the broth- er or sister of one’s father or mother.

Those who descend from the brother or sis- ter of the father of the person spoken of are called “paternal cousins ;” “maternal cousins” are those who are descended from the brothers or sisters of the mother. Cous- ins-german are first cousins. Sanderson v, Bayley, 4 Myl. & C. 59.

In English writs, commissions, nnd other for- mal instruments issued by the crown, the word signifies any peer of the degree of an earl. The appellation is ns aneient as the reign of Henry IV., who, being related or allied to every earl then in the kingdom, acknowledged that

tion in all his letters and public acts; from which the use has descended to his successors, though the reason has long ago failed. Mozlpy & Whitley.

—First cousins. Cousins-german; the chil- dren of one's uncle or aunt. Sanderson v. Bay- ley. 4 Mylne & C. 59.— Second cousins. Per- sons who are related to each other by descend- ing from the. same great-grandfather or great- grandmother. The children of one’s first cous- ins are his second cousins. These are some- times called “first cousins once removed.” Slade v. Fooks, 9 Sim. 387; Corporation of Bridgnorth v. Collins, 15 Sim. 541. — Quater cousin. Properly, a cousin in the fourth de- gree : bnt the term has come to express any remote degree of relationship, and even to bear an ironical signification in which it denotes a very trifling degree of intimacy and regard.  | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

Stlckney, 21 N.

H. ’68.

Ia the law of contracts. An agreement, convention, or promise of two or more par- ties, by deed in writing, signed, sealed, and delivered, by which either of the parties pledges himself to the other that something is either done or shall lie done, or stipulates for the truth of certain facts. Sabin v. Ham- ilton, 2 Ark. 490; Com. v. Robinson. 1 Watts (Pa.) 160; Kent v. Ediuondstou, 49

N. C- 529.

An, agreement between two or more parties, reduced to -writing and executed by a sealing and delivery thereof, whereby some of the parties named therein engage, or one of them engages, with the other, or others, or some of them, therein also named, that some act hath or hath not already been done, or for the performance or non-performance of some specified duty. De Bolle v. Insur- ance Co., 4 Whart. (Pa.) 71, 33 Am. Dec. 38.

Classification. Covenants may be classi- fied according to several distinct principles of division. According as one or other of these is adopted, they are:

Express or implied; the former being those which are created by the express words of the parties to the dped declaratory of their inten- tion, while implied covenants are those which are inferred by the law from certain words in a deed which imply (though they do not express) them. Express covenants are also called cove- nants “in deed,” as distinguished from cove- nants “in law.” McDonough v. Martin. 88 Ga. 675. 16 S. Bl 59, 18 L. It. A. 343; Conrad v. Morehead, 89 N. C. 31 : Garstang v. Daven- port, 90 Iowa, 359, 57 N. W. 876.

Dependent, concurrent, and independ- ent. Covenants are either dependent, concur- rent, or mutual and independent. The first de- pends on the prior performance of some act or condition, and, until the condition is performed, the other party is not liable to an action on his covenant. In the second, mutual acts are to be performed at the same time: and if one party is- ready, and offers to perform his part, and the other neglects or refuses to perform his, he who is ready and offers has fulfilled his en- gagement. and may maintain an action for the default of the other, though it is not certain that either is obliged to do the first act. ,The third -sort is where either party may recover damages from the other for the injuries he may have received by a breach of the covenants in his favor; and it is no excuse for the de- fendant to allege a breach of the covenants on the part of the plaintiff. Bailey v. White, 3 Ala. 330; Tompkins v. Elliot, 5 Wend. (N. Y.) 497 ; Gray v. Smith (C. C.) 76 Fed. 534.

Principal and auxiliary; the former being those which relate directly to the principal mat- ter of the contract entered into between the parties ; while auxiliary covenants are those which do not relate directly to the principal matter of contract between the, parties, but to something connected with it.

Inherent and collateral; the former being such as immediately affect the particular prop- erty. while the latter affect some property col- lateral thereto or some matter collateral to the grant or lease. A covenant inherent is one w-hieh is conversant about the land, and knit to the estate in the land ; as, that the thing de- mised shall be quietly enjoyed, shall bp kept

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

in repair, or shall not be aliened. • A covenant col- lateral is one which is conversant about some collateral thing that doth nothing at all, or not so immediately, concern the thing granted : as to pay a sum of mopey in gross, etc. Shep. Touch. 161.

Joint or several. The former bind both or all the covenantors together; the latter bind each of them separately. A covenant may be both joint and several at the same time, as regards the covenantors ; but,' as regards the cove- nantees, they cannot be joint and several for one and the same cause, (5 Ooke. 19tf.) but must be either joint or several only. Covenants are usually joint or several according as the inter- ests of the covenantees are such ; but the words of the covenant, where they are unam- biguous. will decide, although, where they are ambiguous, the nature of the interests ns being •joint or several is left to decide. Brown. See

Capen v. Barrows, 1 Gray (Mass.) 379; In re Blingsby, 5 Coke, 18b.

General or specific. The former relate to land generally and place the covenantee in the position of a specialty creditor only ; the latter relate to particular lands and give the cove- nantee a lien thereon. Brown.

Executed or executory; the former being such as relate to an act already performed ; while the latter are those whose performance is to be future. Shep. Touch. 161.

Affirmative or negative) the fonner being those in which the party binds himself to the .existence of a present state of facts as repre- sented or to the future performance of some act; while the latter are those in which the cove- nantor obliges himself not to do or perform some act.

Declaratory or obligatory | the former be- ing those which serve to limit or direct uses; while the latter are those which are binding on the party himself. 1 Sid. 27 ; 1 Keb. 337.

Real and personal. A real covenant is one which binds the heirs of the covenantor and passes to assignees or purchasers ; a covenant the obligation of which is so connected with the realty that he who has the latter is either en- titled to the benefit of it or is liable to perform it: a covenant which has for its object some- thing annexed to, or inherent in, or connected with, land or other real property, and runs with the land, so that the grantee of the land is in- vested with it and may sue upon it for a breach happening in his time. 4 Kent, Comm. 470; 2 Bl. Comm. 304; Chapman' v. Holmes, 10 N.

J. Law, 20; Skinner v. Mitchell, 5 Kan. App. 36C, 48 Pac. 450; Oil Co. v. Hinton, 159 ln5. 398, 64 N. E. 224 ; Davis ▼. Lyman, 6 Conn. 249. In the old books, a covenant real is also de- fined to be a covenant by which a man binds himself to pass a thing real, as lands or tene- ments. Termes de la Ley; 3 Bl. Comm. 156; Shep. Touch. 161. A personal covenant, on the other hand, is one which, instead of being a charge upon real estate of the covenantor, only binds himself and his personal representatives in respect to assets. 4 Kent, Comm. 470; Car- ter v. Denman, 23 N. J. Law, 270: Hadley v. Bemero, 97 Mo. App. 314, 71 S. W. 451. The phrase may also mean a covenant which is per- sonal to the covenantor, that is, one which he most perform in person, and cannot procure another person to perform for him.

Transitive or intransitive; the former be- ing those personal covenants the duty of per-

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

forming which passes over to the representa- tives of the covenantor; while the latter are those the duty of performing which is limited to the covenantee himself, and does not pass over to his representative. Bac. Abr. Cov.

Disjunctive covenants. Those which are for the performance of one or more of several things at the election of the covenantor or covenantee, as the case may be. Platt, Cov. 21.

Absolute or conditional. An absolute covenant is one which is uot qualified or limited by any condition.

The following compound and descriptive terms may also be noted;

Continuing covenant. One which indi- cates or necessarily implies the doing of stipu- lated acts successively or as often as the oc- casion may require ; as, a covenant to pay rent by installments, to keep the premises in repair or insured, to cultivate land, etc. Mc- Glynn v. Moore, 25 Cal. 395.

Full covenants. As this term is used in American law, it includes the following: The covenants for seisin, for right to convey, against incumbrances, for quiet enjoyment, sometimes for further assurance, and almost always of warranty, this last often taking the place of the

covenant for quiet enjoyment, and indeed in many states being the only covenant in practical use. Rawle, Cov. for Title, S 21.

Mutual covenants. A mutual covenant is one where either party may recover damages from the other for the injury he may have re- ceived from a breach of the covenants in his favor. Baiiey v. White, 3 Ala. 330.

Separate covenant. A several covenant ; one which binds the several covenantors each for himself, but not jointly.

Usual covenants. An agreement on the part of a seller of real property to give the usual covenants binds him to insert in the grant covenants of "seisin." "quiet enjoyment," “fur- ther assurance." “general warranty,” and “against incumbrances.” Civ. Code Cal. I 1733. See Wilson v. Wood, 17 N. J. Eq. 216, 88 Am. Dec. 231 ; Drake v. Barton. 18 Minn. 467 (Gil. 414). The mailt of the authorities appears to be that in a case where the agreement is silent as to the particular covenants to be inserted in the lease, and provides merely for the lease containing “usual covenants,” or, which is the same thing, in an open agreement without any reference to the covenants, and there are no special circumstances justifying the introduc- tion of other covenants, the following are the only ones which either party can insist upon, namely: Covenants by the lessee (1) to pay rent ; (2) to pay taxes, except such as are expressly payable by the landlord ; (3) to keep and de- liver up the premises in repair; and (4) to al- low the lessor to enter and view the state of repair ; and the usual qualified covenant by the lessor for quiet enjoyment by the lessee. 7 Ch. Div. 561.

Specific covenants. — Covenant against Incumbrances. A covenant that there are no incumbrances on the land conveyed ; a stipula- tion against all rights to or interests in the land which may subsist in third persons to the diminution of the value of the estate granted.

An undertaking, in the form of a covenant, on the part of the vendor of real estate to do such further acts for the purpose of perfecting the purchaser's title as the latter may reasonably require. This covenant is deemed of great im- portance, since it relates both to the title of the vendor and to the instrument of conveyance to the vendee, and operates as well to secure the performance of all acts necessary for supplying any defect in the fonner as to remove all ob- jections to the sufficiency and security of the latter. Covenants usually inserted in a conveyance of land, on the part of the grantor, and binding him for the complete- ness, security, and continuance of the title trans- ferred to the grantee. They comprise "cove- nants for seisin, for right to convey, against incumbrances, or quiet enjoyment, sometimes for further assurance, and almost always of war- ranty." Rawle. A covenant by one who had a right of action at the time of making It against another person, by which he agrees not to sue to enforce such right of ac- tion. — Covenant of non-claim. A covenant sometimes employed, particularly in the New England states, and in deeds of extinguishment of ground rents in Pennsylvania, that neither the vendor, nor his heirs, nor any other person, etc., shall claim any title in the premises con- veyed. Rawle, Cov. $ 22. — Covenant of right to convey. An assurance by the covenantor that the grantor has sufficient capacity and title to convey the estate which he by his deed un- dertakes to convey. — Covenant of seisin. An assurance to the purchaser that the grantor has the very estate in quantity and quality which he purports to convey. 11 East, 641 ; Rawle, Cov. | 58. E. 198.— Covenant to convey. A covenant by which the cove- nantor agrees to convey to the covenantee a certain estate, under certain circumstances.— Covenant to stand seised. A conveyance adapted to the case where a person seised of land in possession, reversion, or vested remain- der. proposes to convey it to his jvife, child, or kinsman. In its terms it consists of a covenant by him, in consideration of his natural lore and affection, to -stand seised of tbe land to the use of the intended transferee. Before the stat- ute of uses this would merely have raised a use in favor of the covenantee ; but by that act this use is converted into the legal estate, and the covenant therefore operates as a conveyance of tbe land to the covenantee. It is now almost obsolete. 1 Steph. Comm. 532 ; Williams, Seis. 145; French v. French. 3 N. II. 261; Jack- son v. Swart, 20 Johns. (N. Y.) 85.

The entry's 'covenant running with land' — binding successive owners — is governed by Spencer's Case: a covenant runs only if it touches and concerns the land, so that the benefit or burden passes with the estate to assignees.

Why: Genuine: the entry defines the running covenant at length and cites Spencer's Case as its authority (given as '3 Coke, 31,' an edition variance); the touch-and-concern rule is the case's holding and the operative test...

COVENANTS PERFORMED.

In Penn- sylvania practice. This is the name of a plea to the action of covenant whereby the defendant, upon informal notice to the plain- tiff, may give anything In evidence which he might have pleaded. With the addition of the words “absque hoc" it amounts to a denial of the allegations of the declaration; and the further addition of “with leave,” etc., imports an equitable defense, arising out of special circumstances, which the de- fendant means to offer in evidence. CREDITORS’ BOX.

In English prac- tice. A bill In equity, filed by one or more creditors, for an account of the assets of a decedent, and a legal settlement and dis- tribution of his estate among themselves and such other creditors as may come in under the decree.

In American practice. A proceeding to enforce the security of a judgment creditor against the property or Interests of his debt- or. This action proceeds upon the theory that the judgment Is in the nature of a lien, such as may be enforced in equity. Hudson v. Wood (C. C.) 119 Fed. 775 ; Fink v. Pat- terson (C. C.) 21 Fed. 602; Gould v. Tor- rance, 19 How. Prac. (N. Y.) 560; McCart- ney v. Bostwick, 32 N. Y. 57.

A creditors’ bill, strictly. Is a bill by which a creditor seeks to satisfy his debt out of some equitable estate of the defend- ant, which Is not liable to levy and sale under an execution at law. But there Is another sort of a creditors’ bill, very nearly allied to the former, by means of which a party seeks to remove a fraudulent convey- ance out of the way of his execution. But a naked bill to set aside a fraudulent deed, which seeks no discovery of any property, chose in action, or other thing alleged to belong to the defendant, and which ought to be subjected to the payment of the judgment, is not a creditors’ bill. Newman v. Willetts, 52 111. 98.

[Law: common-law burglary — breaking and entering a dwelling at nighttime]

The twilight line the entry draws — light sufficient to discern a face — served the common-law requirement that burglary be a nighttime breaking and entering of a dwelling; most modern statutes punish burglary by day or night alike.

Why: Genuine: the entry defines crepusculum expressly 'in the law of burglary' as the twilight test; the nighttime element is the doctrine the defined term served. The note gives the operative context, kept in loose form. [re-homed from 'CREPUSCULUM' to 'CREPUSGUL1TM' (OCR headword / parser-merge artifact)]

Crescente malitia crescere debet et poena: vice increasing, punishment ought also to increase — the scaling principle that graver wrongdoing merits graver punishment.

Why: Genuine maxim, printed in the dictionary's text within this entry (citing 2 Inst. 479) though belonging conceptually to sentencing; the reasoning notes its printed location honestly, as with the Corruptio optimi maxim... CRIME.

A crime is an act committed or omitted, in violation of a public law, either forbidding or commanding it ; a breach or violation of some public right or duty due to a whole community, considered as a com- munity in its social aggregate capacity, as distinguished from a civil injury. Wilkins v. U. S., 96 Fed. 837, 37 C. C. A. 588 ; Pound- er v. Ashe. 36 Neb. 564, 54 N. W. 847 ; State v. Bishop, 7 Conn. 185; In re Bergin, 31 Wls. 386; State v. Brazier, 37 Ohio St. 78; Peo- ple v. Williams, 24 Mich. 163, 9 Am. Rep. 119; In re Clark, 9 Wend. (N. Comm. 5.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

Crimes are those wrongs which the gov- ernment notices as injurious to the public, and punishes in what is called a “criminal proceeding,” in its own name. 1 Bish. Crim. Law, | 43.

A crime may be defined to be any act done in violation of those duties which an indi- vidual owes to the community, and for the breach of which the law has provided that Mie offender shall mnke satisfaction to the public. Bell.

A crime or public offense is an act commit- ted or omitted in violation of a law forbid- ding or commanding it, and to which is an- nexed, upon conviction, either of the follow- ing punishments: (1) Death; (2) imprisonment; (3) fine; (4) removal from office; or (5) disqualification to hold and enjoy any

office of honor, trust, or profit in this state. Pen. Code Cal. | 15.

A crime or misdemeanor shall consist in a violation of a public law, in the commission of which there shall be a union or Joint oper- ation of act and Intention, or criminal negli- gence. Code Ga. 18S2, § 4292.

Synonyms. According to Blackstone,' the word “crime” denotes such offenses as are of a deeper and more atrocious dye, while smaller faults and omissions of less consequence are called “misdemeanors.” But the better use ap- pears to be to make crime a term of broad and general import, including both felonies and misdemeanors, and hence covering all infrac- tions of the criminal law. In this sense it is not a technical phrase, strictly speaking, (as “fel- ony” and “misdemeanor” are,) but a convenient general term. In this sense, also, “offense” or "public offense” should be used as synonymous with it.

The distinction between a orime and a tort or civil injury is that the former is a breach and1 violation of the public right and of duties due to the whole community considered as such, and in its social and aggregate capacity: whereas the latter is an infringement or privation of the civil rights of individuals merely. Brown.

A crime, as opposed to a civil injury, is the- violation of a right, considered in reference t*> the .evil tendency of such violation, as regards the community at large. 4 Steph. Comm. 4.

Varieties of oximes.— Capital orime.

One for which the punishment of death is pre- scribed and inflicted. Walker v. State, 28 Tex. Anp. 503. 13 S. W. 860: Ex parte Dusenberry. 97 Mo. 504. 11 S. W. 217.— Common-law crimes. These decisions (and many others) hold that there are no common- law crimes against the United States.— Con- structive orime. See Constructive.— Con- tinuous orime. One consisting of a contin- uous series of acts, which endures after the period of consummation, as. the offense of car- rying concealed weapons. In the case of in- stantaneous crimes, the statute of limitations begins to run with the consummation, while in the case of continuous crimes it only begins with the cessation of the criminal conduct or act. demeanors are such immoral and unlawful acts as are nearly allied and equal in guilt to felony, yet, owing to some technical circumstance, do not fall within the definition of “felony.”' State v. R. A. 764. The term “infamous” — i. e., without fame or good report— was applied at common law to certain crimes, upon the conviction of which a person became incompetent to testify as a witness, upon the theory that a person would not commit bo heinous a crime unless he was so depraved as to be unworthy of credit. These crimes are treason, felony, and the crim- en fain. Abbott. A crime punishable bv im- prisonment in the state prison or penitentiary, with or without hard labor. iB an infamous crime, within the provision of the fifth amend- ment of the constitution that "no person shall be held to answer for a capital or otherwise infamous crime unless on a presentment or in- dictment of a grand jury.” Mackin v. U. S„ 117 U. 8. 348, 6 Sup. Ct. 777, 28 L. Ed.. 909.

“Infamous,” as used in the fifth amendment to the United States constitution, in reference to crimes, includes those only of the class called “ crimen falxi," which both involve the charge of falsehood, and may also injuriously affect the public administration of justice by introducing falsehood and fraud. U. S. v. Rloek, 15 N. B.

II. 325. Fed. Pas. No. 14,009. By the Revised Statutes of New York the term “infamous crime,” when used in any statute, is directed to be construed as including every offense pun-, isliable with death or by imprisonment in a state-prison, and no other. 2 Itev. St. <p. 702. $ 31,) p. 587. g 32.— Quasi crimes. This term embraces all offenses not crimes or misdemean- ors, but that are in the nature of crimes, — a class of offenses against the public which have not been declared crimes, but wrongs against the general or local public which it is proper should be repressed or punished by forfeitures and penalties. This would embrace all gut tarn actions and forfeitures imposed for the neglect or violation of a public duty. A guazi crime would not embrace an indictable offense, what- ever might be its grade, but simply forfeitures for a wrong done to the public, whether volun- tary or involuntary, where a penalty is given, whether recoverable by criminal or civil pro- cess. Wiggins v. Chicago, 08 111. 375. — Statu- tory crime*. Those created by statutes, as distinguished from such as are known to, or cognizable by, the common law.

[United States v. Hudson & Goodwin, 11 U.S. (7 Cranch) 32 (1812)]

The entry notes that 'there are no common-law crimes against the United States' — the rule that federal courts have no common-law criminal jurisdiction; federal crimes must be created by statute.

Why: Genuine: the entry states the rule with supporting cases; Hudson & Goodwin is its landmark Supreme Court statement. Confident on the citation.

[Law: U.S. Const. amend. V — grand jury indictment for infamous crimes]

The entry's 'infamous crime' discussion states the Fifth Amendment rule: no person shall be held to answer for a capital or otherwise infamous crime except on presentment or indictment of a grand

jury.

Why: Genuine: the entry quotes the Fifth Amendment language and discusses infamous crime at length (citing Mackin v. U.S.); the footnote gives the constitutional rule the discussion expounds. Confident.

[Maxim: Actus reus non facit reum nisi mens sit rea]

The entry's Georgia definition — crime as 'a union or joint operation of act and intention' — is the classical requirement of actus reus joined with mens rea: the act alone does not make one guilty unless the mind is guilty.

Why: Genuine: the entry defines crime to require the joint operation of act and intention (or criminal negligence); the maxim is the classical statement of that union. Nothing imported beyond the entry's own definition.

[Humanity] — Humanity / Fiction & Film

[Fyodor Dostoevsky, Crime and Punishment, 1866]

Raskolnikov murders the pawnbroker Alyona Ivanovna with an axe, convinced that an 'extraordinary' man stands above the law — then is unmade by his own conscience, confesses, and takes his punishment: the criminal act anatomized from theory through penalty. (paraphrase) (paraphrase)

Why: Genuine: the novel literally titled for the entry is the great literary anatomy of crime — act, intention, conscience, punishment. Paraphrase marked; details certain from the novel.

[Maxim: Nullum crimen, nulla poena sine lege]

Nullum crimen, nulla poena sine lege — no crime, no punishment without a (pre-existing) law.

Why: Classical maxim that is the spine of the entry: crime is defined throughout as violation of a public law, which presupposes the law pre-exists the act.

The crimen falsi the entry defines — forgery, perjury, counterfeiting, false weights, and other deceits — is the class of crimes of dishonesty or false statement that may be used to impeach a witness's credibility.

Why: Genuine: the entry defines the class (including perjury and forgery by name) and notes its common-law use against witness competency; Rule 609(a)(2) is the modern evidentiary form of that use. Confident on the rule.

[Law: U.S. Const. art. III, § 3 — treason defined; two-witness rule]

The high treason this entry defines is defined and limited in American law by the Constitution: treason consists only in levying war against the United States or adhering to their enemies, and no person shall be convicted but on the testimony of two witnesses to the same overt act.

Why: Genuine: the entry's subject is treason (crimen laesae majestatis); the Treason Clause is the U.S. law of that crime, including its unique evidentiary safeguard. Confident on the clause.

[Maxim: Crimen trahit personam]

Crimen trahit personam: the crime carries the person — the commission of a crime gives the courts of the place where it was committed jurisdiction over the offender; the territorial principle of criminal jurisdiction.

Why: Genuine: the entry quotes this maxim with its meaning and authority (People v. Adams); the note states the jurisdictional principle it expresses. Standard form as given.

[Maxim: Crimina morte extinguuntur — prosecution abates on the accused's death]

Crimina morte extinguuntur: crimes are extinguished by death — a criminal prosecution abates upon the death of the accused.

Why: Genuine: the entry states this maxim; the note gives its procedural consequence, which is the maxim's entire content. Nothing added.

In Ire- land there are officers called “crown solicitors” attached to each circuit, whose duty it is to get up every case for the crown in criminal prosecutions. They are paid by salaries. Chiefly used In the law of divorce, in such phrases as “cruel and abusive treatment,” “cruel and barbarous treatment,” or “cruel and Inhuman treatment,” as to the meaning of which, and of “cruelty” in this sense, see May v. May, 62 Pa. 206 1 Waldron v. Wald- ron, 85 Cal. 251, 24 Pac. 649, 9 L. R. A. 487 ; Ring v. Ring, 118 Ga. 183, 44 S. E. 861, 62

As between husband and wife. Those acts which affect the life, the health, or even the comfort, of the party aggrieved and give a rea- sonable apprehension of bodily hurt, are called “cruelty.” What merely wounds the feelings is seldom admitted to lie cruelty, unless

the act be accompanied with bodily injury, either ac- tual or menaced. Mere austerity of temper, petulance of manners, rudeness of language, a want of civil attention and accommodation, even occasional sallies of passion, will not amount to legal cruelty ; a fortiori, the denial of little in- dulgences and particular accommodations, which the delicacy of the world is apt to number among its necessaries, is not cruelty. The nega- tive descriptions of cruelty are perhaps the best, under the infinite variety of cages that may occur, by showing what is not cruelty. Evans v. Evans, 1 Hagg. Const. 35; Westmeath v. Westmeath, 4 Eng. Ecc. 238, 311. 312.

—Cruelty to animals. The infliction of physical pain, suffering, or death upon an ani- mal, when not necessary for purposes of train- ing or discipline or (in the case of death) to procure food or to release the animal from in- curable Buffering, but done wantonly, for mere sport, for the indulgence of a cruel and vin- dictive temper, or with reckless indifference to its pain. [Maxim: Cui bono — for whose benefit]

Cui bono — for whose good, for whose benefit: the motive inquiry. As Parker, C.J., put it, 'Cui bono is ever of great weight in all agreements' — identifying who stands to gain is the first step in testing a transaction or an accusation.

Why: Genuine: the entry defines the phrase with Parker's dictum; the note states the evidentiary use the dictum points to. Nothing beyond the entry's own words.

[United States v. Causby, 328 U.S. 256 (1946)]

Cujus est solum ejus est usque ad coelum: whose is the soil, his it is up to the sky — the ad coelum doctrine of airspace ownership, limited in modern law by the public's right of transit through navigable airspace.

Why: Genuine: the entry quotes the maxim twice (both forms, citing Co. Litt. 4a); Causby is the landmark limiting ad coelum by navigable airspace. Confident on the citation.

[Maxim: Cui jurisdictio data est — Dig. 2.1.2]

Cui jurisdictio data est, ea quoque concessa esse videntur, sine quibus jurisdictio explicari non potest: the grant of jurisdiction implies the grant of all powers necessary to its exercise.

Why: Genuine: the entry quotes this Digest maxim with Kent's application (1 Kent, Comm. 339); the note states the implied-powers rule it expresses. The entry's own authority.

[Law: Fed. R. Evid. 702 — expert testimony]

Cuilibet in arte sua perito est credendum: credence is to be given to one skilled in his own art — the classical root of expert testimony, given modern form in the rule permitting qualified experts to give opinion evidence.

Why: Genuine: the entry quotes the maxim (Co. Litt. 125a; Broom, Max. 932); FRE 702 is the modern rule admitting the skilled witness's opinion. The maxim-to-rule lineage is direct. Confident on the rule.

[Maxim: Cuilibet licet juri pro se introducto renunciare — waiver]

Cuilibet licet juri pro se introducto renunciare: anyone may waive the benefit of a rule of law that exists only for his own protection — the waiver doctrine.

Why: Genuine: the entry states this maxim; the note names the waiver doctrine it states. Nothing imported beyond the maxim's own words.

[Maxim: recovery of mistaken payments — Dig. 50.17.53]

Cujus per errorem dati repetitio est, cujus consulto dati donatio est: he who gives by mistake may recover it back; what is given deliberately is a gift — the restitution rule for mistaken payments.

Why: Genuine: the entry quotes this Digest rule; the note identifies it as the mistaken-payment branch of quasi-contract/restitution. The rule is doing the work.

[Law: degrees of negligence — gross, ordinary, and slight fault]

The entry's three degrees — lata culpa (gross fault), levis culpa (ordinary fault), levissima culpa (slight fault) — are the civil-law degrees of negligence the entry says are 'precisely the same as those in our law,' scaling the duty of care to the undertaking.

Why: Genuine: the entry defines the three degrees and asserts their identity with ours (citing Story, Bailm. § 18); the note restates the scale the entry describes. Kept in loose form.

[Maxim: Culpa lata dolo aequiparatur]

Culpa lata dolo aequiparatur: gross negligence is held equivalent to intentional wrong — the rule by which wanton or reckless fault is treated as willful for purposes such as punitive damages.

Why: Genuine: the entry states this maxim among the culpa rules; the note gives its operative consequence. Standard form as given.

CULPRIT.

A person who is indicted for a criminal offense, but not yet convicted. It is not, however, a technical term of the law ; and in its vernacular usage it seems to imply only a light degree of censure or moral reprobation.

Blackstone believes it an abbreviation of the old forms of arraignment, whereby, on the pris- oner's pleading not guilty, the clerk would re- spond, "culpabilis, prit," ». e., he is guilty and the crown is ready. It was (he says) the viva voce replication, by the clerk, on behalf of the crown, to the prisoner’s plea of non culpabilis; prit being a technical word, anciently in use in the formula of joining issue. 4 Bl. Comm. 339.

But a more plausible explanation is that given by Donaldson, (cited Whart. Lex.,) as follows: The clerk asks the prisoner, “Are you guilty, or not guilty?” Prisoner “Not guilty.” Clerk, “Qu’il paroit, [may it prove so.) How will you be tried?” Prisoner, “By God and my eoun- ' try.” These words being hurried over, came to sound, “culprit, how will you be tried?” The ordinary derivation is from culpa.

Cum in testamento ambigue aut etiam perperam scriptum est benigne interpretetur et secundum id quod credibile est cogitatum credendum est: an ambiguous or even erroneous expression in a will is to be construed liberally, according to the testator's probable meaning.

Why: Genuine Digest maxim (citing Broom, Max. 568), printed in the dictionary's text within this entry; the reasoning notes its printed location. It states the benign-construction rule for wills.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

The entry's 'cumulative punishment' — increased punishment for a second or third conviction of the same offense under habitual-criminal statutes — is the recidivist enhancement: repeat offenders face heavier sentences than first offenders.

Why: Genuine: the entry defines cumulative punishment by reference to habitual-criminal statutes, citing State v. Hambly; the note states the enhancement principle the definition describes. Kept in loose form.

[Law: cumulative voting for corporate directors — minority representation]

The entry's 'cumulative voting' — each elector casting as many votes as there are offices, concentrated or distributed at will — is the corporate device for securing minority representation on the board.

Why: Genuine: the entry defines the device and states its purpose ('intended to secure representation of a minority'); the note names the corporate-law context. Nothing beyond the entry's own definition.

The Inclosed space of ground and buildings immediately surround- ing a dwelling-house.

In its most comprehensive and proper legal signification, it includes all that space of ground and buildings thereon which is usually inclosed within the qencral fence immediately surround- ing a principal messuage and outbuildings, and yard closely adjoining to a dwelling-house, but it may lie lnrge enough for cattle to be levant and couclmnt therein. 1 Chit. CUSTOM.

A usage or practice of the lieople, which, by common adoption nnd ac- quiescence. aud by long aud unvarying habit, has become compulsory, and has acquired the force of n law with respect to the place or subject-matter to which It relates. * Customs result from a long series of ac- tions constantly repeated, which have, by such repetition, and by uninterrupted acqui- escence, acquired the force of a tacit and common consent. Civil Code La. art. 3.

It differs from prescription, which is personal and is annexed to the person of the owner of a particular estate ; while the other is local, and relates to a particular district. An in- stance of the latter occurs where the question is upon the manner of conducting a particular branch of trade at a certain place; of the former, where a certain person and his ances- tors, or those whose estates he has, have been entitled to a certain advantage or privilege, as to have common of pasture in a certain close, or the like. The distinction has been thus ex- pressed: "While prescription is the making of

a right, custom is the making of a law.” Law- son, Usages & Oust. 15, note 2.

Classification. Customs are general, local or particular. General customs are such as prevail throughout a country and become the law of that country, and their existence is to be determined by the court. Bodfish 23 Me. 95; 39 Am. Dec. 611. Or as to usages of trade and business, a general cus- tom is one that is followed in all cases by all persons in the same business in the same ter- ritory, and which has been so long established that persons sought to be charged thereby, and all others living in the vicinity, may be pre- sumed to have known of it and to have acted upon it as they had occasion. Sturges v. Buck- ley, 32- Conn. 267 ; Railroad Co. v. Harrington, 192 111. 9, 61 N. E. 622 ; Bonham v. Railroad Co., 13 8. C. 267. Local customs are such as prevail only in some particular district or lo- cality, or in some city, county, or town. Bod- fish v. Fox. 23 Me. 95, 39 Am. Dec. 611 ; Clough v. Wing, 2 Ariz. 371, 17 Pac. 457. Particular customs are nearly the same, being such as af- fect only the inhabitants of some particular district. 1 Bl. Comm. 74.

[Law: UCC § 1-303 — course of performance, dealing, and usage of trade]

The 'custom of merchants' the entry describes — the lex mercatoria 'ingrafted into and made a part of the common law' — is codified in the UCC's recognition of course of performance, course of dealing, and usage of trade in interpreting agreements.

Why: Genuine: the entry traces merchant custom into the common law (citing 1 Bl. Comm. 75); § 1-303 is the UCC's codification of trade usage. The lineage is direct. Confident on the section.

[Maxim: Custom is the best interpreter of the law — 4 Inst. 75]

Custom is the best interpreter of the law — long usage settles the meaning of doubtful legal texts.

[Law: obiter dictum — non-essential remarks; not binding precedent]

The entry's gloss of dictum — 'a remark or observation, as in obiter dictum' — states the precedential distinction: obiter dicta, remarks not necessary to the decision, do not bind as precedent the way the holding does.

Why: Genuine: the entry defines dictum through obiter dictum; the note states the holding/dictum distinction that gives the term its operative meaning. Kept in loose form.

those courts, In actions upon the case, covenant, trespass, etc., wherein the damages were un- certain ; which the plaintiff was obliged to pay to the prothonotary or the officer of the court wherein he recovered, before he could have ex- ecution for the damages. This was originally a gratuity given to the prothonotaries and their clerks for drawing special writs and pleadings ; but it was taken away by statute, since which, if any officer in these courts took any money in the name of damage-cleer or anything in lieu thereof, he forfeited treble the value. Wharton. — Damage feasant or faisaat. Doing dam- age. A term applied to a person’s cattle or beasts found upon another’s land, doing dam- age by treading down the grass, grain, etc. 3 Bl. [BMW of North America, Inc. v. Gore, 517 U.S. 559 (1996)]

The entry's exemplary (punitive) damages — awarded over and above compensation to punish evil behavior — are bounded by due process: grossly excessive punitive awards violate the Fourteenth Amendment, tested by reprehensibility, ratio, and comparable penalties.

Why: Genuine: the entry defines exemplary damages at length (citing Scott v. Donald); Gore sets the constitutional excessiveness guideposts for exactly such awards. Confident on the citation.

[Hadley v. Baxendale, 9 Exch. 341 (1854)]

The entry's consequential (special) damages — those following by reason of special circumstances — are recoverable only if foreseeable: the Hadley rule limiting contract damages to what was in the parties' contemplation.

Why: Genuine: the entry's general/special and direct/consequential classifications turn on foreseeability; Hadley v. Baxendale is the rule. Confident on the citation.

[Law: Restatement (Second) of Contracts § 356 — liquidated damages vs. unenforceable penalty]

The entry's liquidated damages — a sum stipulated in advance for breach — are enforceable only as a genuine pre-estimate; a stipulated sum operating as a penalty for breach is void.

Why: Genuine: the entry defines liquidated damages as the parties' stipulated sum; § 356 is the validity test distinguishing them from penalties. Confident on the section.

[Palsgraf v. Long Island R.R. Co., 248 N.Y. 339 (1928)]

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

The entry's proximate and remote damages — the immediate and direct results versus those cut off by intervening cause — are the proximate-cause inquiry: liability extends only to the foreseeable scope of the risk created.

Why: Genuine: the entry classifies damages by proximity and remoteness in causation terms; Palsgraf is the landmark on the duty/proximate-cause boundary. Confident on the citation.

[Exodus 21:18-19, KJV]

And if men strive together, and one smite another with a stone, or with his fist, and he die not, but keepeth his bed: If he rise again, and walk abroad upon his staff, then shall he that smote him be quit: only he shall pay for the loss of his time, and shall cause him to be thoroughly healed.

Why: Pecuniary compensation for personal injury — payment for lost time and thorough healing — the damages principle in its oldest form. deity_verbatim ON: within the Covenant Code, God's direct speech to Moses.

DAMAGES.

A pecuniary compensation or indemnity, which may be recovered in the courts by apy person who has suffered loss, detriment, or injury, whether to his person, property, or rights, through the unlawful act or omission or negligence of another. Scott v. Donald, 165 D. S. 58, 17 Sup. Ct 265, 41 L. Ed. 632; Crane v. Peer, 43 N. J. Eq. 553, 4 Atl. 72; Cincinnati v. Hafer, 49 Ohio St 60, 30 N. E. 197 ; Wainscott v. Loan Ass'n. 98 Cal. 253, 33 Pac. 88 ; Carvlll v. Jacks, 43 Ark. 449; Collins v. Railroad Co., 9 Heisk. (Tenn.) 850; New York v. Lord, 17 Wend. (N. Y.) 293; O’Connor v. Dlls, 43 W. Va. 54, 26 S. E. 354.

A sum of money assessed by a Jury, on finding for the plaintiff or successful party in an action, as a compensation for the in- jury done him by the opposite party. 2 Bl. Comm. 438 ; Co. Litt. 257o ; 2 Tidd, Pr. 869, 870.

Every person who suffers detriment from the unlawful act or omission of another may recover from the person in fault a compen- sation therefor in money, which is called "damages.” Civ. Code Cal. | 3281 ; Civ. Code Dak. i 1940.

In the ancient usage, the word "damages” was employed in two significations. According to Coke, its proper and general sense included the costs of suit, while its strict or relative sense was exclusive of costs. 10 Coke, 116, 117 ; Co. Litt. 257»; 9 East, 299. The latter meaning has alone survived.

Classification. Damages are either gen- eral or special. General damages are such as the law itself implies or presumes to have ac- crued from the wrong complained of. for the reason that they are its immediate, direct, and proximate result, or such as necessarily result from the injury, or such as did in fact result from the wrong, directly and proximately, and without reference to the special character, con- dition. or circumstances of the plnintiff. Mood v. Telegraph Co.. 40 S. C. 524. 19 S. E. 67; Manufacturing Co. v. Gridley, 28 Conn. 212: Irrigation Co. v. Canal Co., 23 Utah, 199. 63 Pac. 812; Smith v. Railway Co., 30 Minn. 169, 14 N. \V. 797 ; Lottos -v. Bennett, 68 App. Div. 128, 74 N. Y. Supp. 290. Special damages are those which are the actual, but not the neces- sary, result of the injury complained of. and which in fact follow it as a natural and proxi- mate consequence in the particular case, that is.

by reason of special circumstances or conditions. Hence general damages are such as might ac- crue to any person similarly injured, while spe- cial damages are such as did in fact accrue to the particular individual by reason of the par- ticular circumstances of the case. Wallace v. Ah Sam, 71 Cal. 197, 12 Pac. 46. 60 Am. Rep. 534 ; Manufacturing Co. v. Gridley, 28 Coqn. 212 ; Lawrence v. Porter, 63 Fed. 62, 11 C. C.

A. 27, 26 L. R. A. 167 : Roberts v. Graham. 6 Wall. 579, 18 L. Ed. 791 ; Fry v. McCord, 95 Tenn. 678, 33 S. W. 568.

Direct and consequential. Direct dam- ages are such aB follow immediately upon the act done; while consequential damages are the necessary and connected effect of the wrongful act, flowing from some of its consequences or results, though to some extent depending on oth- er circumstances. Civ. Code Ga. 1895, | 3911 ; Pearson v. Spartanburg County, 51 S. C. 480. 29 S. E. 193; Eaton v. Railroad Co., 51 N. H. 504, 12 Am. Rep. 147.

Liquidated and unliquidated. The for- mer term is applicable when the amount of the damages has been ascertained by the judgment in the action, or when a specific Bum of money has been expressly stipulated by the parties to a bond or other contract as the amount of dam- ages to be recovered by either party for a breadh of the agreement by the other. Watts v. Shep- pard, 2 Ala. 445; Smith v. Smith, 4 Wend. (N. Y.) 470; Keeble v. Keeble, 85 Ala. 552. 5 South. 149: Eakin v. Scott, 70 Tex. 442, 7

S. W. 777. Unliquidated damages are such as are not yet reduced to a certainty in respect of amount, nothing more being established than the plaintiff s right to recover ; or such as can- not be fixed by a mere mathematical calculation from ascertained data in the case. Cox v. Mc- Laughlin. 76 Cal. 60, 18 Pac. 100, 9 Am. St. Rep. 164.

Nominal and substantial. Nominal dam- ages are a trifling sum awarded to a plaintiff in an action, where there is no substantial loss or injury, to be compensated, but still the law recognizes a technical invasion of his rights or a breach of the defendant's duty, or in cases where, although there has been a real injury, the plaintiffs evidence entirely fails to show its amount. Maher v. Wilson, 139 Cal. 514. 73 Pac. 418; Stanton v. Railroad Co.. 59 Conn. 272, 22 Atl. 300, 21 Am. St. Rep. 110: Sprin- ger v. Fuel Co.. 196 Pa. 156, 46 Atl. 370; Tele- graph Co. v. Lawson. 60 Kan. 600, 72 Pac. 283; Railroad Co. v. Watson. 37 Kan. 773. 15 Pac. 877. Substantial damages are considerable in amount, and intended as a real compensation for a real injury.

Compensatory and exemplary. Compen- satory damages are such as will compensate the injured party for the injury sustained, and nothing more ; such as will simply make good or replace the loss caused by the wrong or in- jury. McKnight v. Denny, 198 Pa. 323, 47 Atl. 970; Reid v. Terwilliger. 116 N. Y. 530. 22 N. E. 1091 ; Monongaheia Nav. Co. v. U. S., 148 U. S. 312, 13 Sup. Ct. 622. 37 L. Ed. 463; Wade v. Power Co.. 51 S. C. 296, 29 S. E. 233. 64 Am. St. Rep. 676; Gatzow v. Buening, 106 Wis. 1, 81 N. W. 1003, 49 L. R. A. 475, 80 Am. St. Rep. 1. Exemplary damages are damages on an Increased scale, awarded to the plaintiff over and above what will barely compensate him for his property loss, where the wrong done to him was aggravated by circumstances of vio- lence, oppression, malice, fraud, or

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

wanton and wicked conduct on the part of the defendant, and are intended to solace the plaintiff for men- tal anguish, laceration of hiB feelings, shame, degradation, or other aggravations of the orig- inal wrong, op else to punish the defendant for his evil behavior or to make an example of him. for which reason they are also called "puni- tive" or "punitory" damages or "vindictive" damages, and (vulgarly) "smart-money." Reid

t. Terwilliger, 116 N. Y. 530, 22 N. E. 1091; Springer v. Fuel Co., 196 Pa. St. 156, 46 Atl. 370; Scott v. Donald, 165 U. S. 58, 17 Sup. Ct. 265, 41 L. Ed. 632; Gillingham v. Railroad Co., 35 W. Va. 588, 14 S. E. 243, 14 L. K. A. 798, 29 Am. St. Rep. 827; Boydan v. Habers- tumpf, 129 Mich. 137, 88 N. W. 386; Oliver V. Railroad Co., 65 S. C. 1, 43 S. E. 307 ; Murphy v. Hobbs, 7 Colo. 541, 5 Pac. 119, 49 Am. Repw 366.

Proximate and remote. Proximate dam- ages are the immediate and direct damages and natural results of the act complained of, and such as are usual and might have been expect- ed. Remote damages are those attributable im- mediately to an intervening cause, though it forms a link In an unbroken chain of causation, so that the remote damage would not have oc- curred if its elements had not been set in mo- tion by the original act or event Henry v. Railroad Co., 50 Cal. 183 ; Kuhn v. Jewett, 32

N. J. Eb. 649; Plelke v. Railroad Co., 5 Dak. 444, 41 N. W. 069. The terms "remote dam- ages" and "consequential damages" are not syn- onymous nor to be used interchangeably ; all remote damage is consequential, but it is by no means true that all consequential damage is remote. Eaton v. Railroad Co., 51 N. H. 511, 12 Am. Rep. 147.

Other compound and descriptive terms. — Actual dam ages are real, substantial and just damages, or the amount awarded to a complainant in compensation for his actual and real loss or injury, as opposed on the one hand to "nominal" damages, and on the other to "ex- emplary" or "punitive" damages. The actio damni injuriae this (parser-fused) entry defines — the civil-law action for damage intentionally done to another's slave or beast — is the Aquilian action, the Roman ancestor of the modern law of wrongful damage to property.

[Law: 11 U.S.C. § 554 — abandonment of burdensome estate property]

The damnosa haereditas the entry applies to the bankrupt's burdensome property — a leasehold whose rent exceeds its revenue — is dealt with by abandonment: the trustee may abandon property that is burdensome or of inconsequential value to the estate.

Why: Genuine: the entry expressly applies the term to the bankrupt's chargeable property, citing cases; § 554 is the Code's abandonment provision for exactly such property. Confident on the section.

DAMNUM.

Damage ; the loss or diminution of what is a man s own. either by fraud, carelessness, or accident.

— Damnum fatale. Fatal damage ; damage from fate ; loss happening froth a cause beyond human control, (quod ex fato contingit ,) or an act of God, and for which bailees are not lia- ble; such as shipwreck, lightning, and the like. Dig. 4, 9. 3. 1; Story. Bailm. S 465. [Law: act of God — irresistible natural force excusing liability]

The entry's damnum fatale — loss from a cause beyond human control, 'for which bailees are not liable' — is the act-of-God defense: irresistible natural force excusing performance or liability.

Why: Genuine: the entry defines damnum fatale with the bailee rule (citing Story, Bailm. § 465 and Dig. 4.9.3.1); the note names the common-law equivalent. Kept in loose form.

[Law: preventive injunction — equitable relief against threatened injury]

The entry's damnum infectum — damage threatened but not yet committed, against which 'a preventive interdict might be obtained' — is the ancestor of the preventive injunction against threatened harm.

Why: Genuine lineage: the entry describes the Roman preventive interdict for imminent damage; the injunction is its modern equitable form. The entry's own description does the work.

That part of a deed or writing which ex- presses the day of the month and year in which it was made or given. 2 Bl. Comm. 304 ; Tomlins.

The primary signification of date is not time ,n the abstract, nor time taken absolutely, but time given or specified : time in some way as- certained and fixed. When we speak of the date of a deed, we do not mean the time when it was actually executed, but the time of its exe- cution. as given or stated in the deed itself. "The date of an item, or of a charge ih a bookaccount, is not necessarily the time when the article charged was. in fact, furnished, but rath- er the time given or set down in the account, in connection with such charge. And so the expression “the date of the last work done, or materials furnished,” in a mechanic's lien law. may be taken, in the absence of anything in the act indicating a different intention, to mean the time when such work was done or materials furnished, as specified in the

[Law: accord and satisfaction — substituted performance accepted in discharge]

The entry's datio in solutum — 'a giving in payment,' which the entry itself calls 'a species of accord and satisfaction' — is the civilian form of accord and satisfaction: the creditor's agreement to accept substituted performance in discharge of the obligation.

Why: Genuine: the entry draws the accord-and-satisfaction analogy itself; the note names the common-law counterpart. Nothing imported beyond naming.

'Of counsel … to commit a crime' — counseling an offense is accessory liability; one who counsels, commands, induces, or procures a crime is punishable as a principal.

DE DEBITO.

A writ of debt Beg. Orig. 139. DO. In Roman law. “Of cutting a debtor

in pieces.” This was the name of a law contained in the Twelve Tables, the meaning of which has occasioned much controversy. Some commentators have concluded that It was literally the privilege of the creditors of an insolvent debtor (all other means fall- ing) to cut his body into pieces and distribute it among them. Others contend that the language of this law must be taken figura- tively, denoting a cutting up and apportion- ment of the debtor’s estate.

The latter view has been adopted by Montes- quieu, Bynkershoek, Heineccius, and Taylor. (Esprit des Lois, liv. 29, c. 2; Bynk. Obs. Jur. Rom. 1. 1, c. 1 ; Heinecc. Ant Rom. lib. 3, tit 30, | 4; Tayl. Comm, in Leg. Decemv.) The literal meaning, on the other hand, is advocated by Aulus Geliius and other writers of antiquity, and receives support from an expression (semoto omni cruciatu) in the Roman code itself. (Aul. Gel. Nodes Attic®, lib. 20, c. 1 : Code, 7, 7, 8.) This is also the opinion of Gibbon, Gravina, Pothier, Hugo, and Niehbuhr. (3 Gib. Rom. Emp., Am. Ea., p. 183; Grov. de Jur. Nat Gent, et XII. Tab. I 72 ; Poth. Introd. Pand. ; Hugo, Hist, du Droit Rom. tom. i., p. 233, j 149; 2 Neibh. Hist Rom. p. 597; 1 Kent, Comm. 523, note.) Burrill.

[Shakespeare, The Merchant of Venice, 1598]

(paraphrase) The entry notes the Twelve Tables controversy over whether creditors could literally cut an insolvent debtor's body in pieces; Shakespeare stages the same creditor-vengeance on the debtor's body when Shylock claims his forfeit — a pound of Antonio's flesh. (paraphrase)

Why: The body's own controversy is answered by literature's most famous treatment of a creditor exacting flesh from a debtor; the link is to the entry's stated dispute, not a shared word.

[Law: actio de dolo malo, Dig. 4.3 — Roman-law action for fraud]

The actio de dolo malo (Dig. 4.3) is the Roman-law action for fraud — the civil-law root from which the modern action of deceit descends.

Why: Genuine: cites the authority the entry itself cites (Dig. 4, 3), and the illumination — Roman fraud action to modern deceit — is the real doctrinal lineage, borderline restatement but adding the descent the entry omits.

DE DOMO REPARANDA.

[Axiom: cotenants share the burdens of common property; one who pays the common charge has contribution against the rest]

The writ compelling a co-tenant to contribute to repairs states the contribution principle: one who pays more than his share of common charges recovers the excess from his fellows.

Why: Genuine: the entry's writ is precisely a contribution remedy between co-owners; the axiom states the common-law principle it enforced.

DE DONIS.

Concerning gifts, (or more fully, de donis conditionalibus, concerning conditional gifts.) The name of a celebrated English statute, passed in the thirteenth year of Edw. Why: Genuine: the entry identifies the statute by regnal year and parliament; the annotation states its operative doctrinal consequence, which the entry's truncated body only begins to reach.

By a gradual extension of the scope of this form of action its object wsb made to include not only damages for the unlawful detainer, but also the possession for tile remainder of the term, and eventually the possession of land generally. In this sense it is the contrary of de jure, which means right- ful, legitimate, just, or constitutional. Thus, an officer, king, or government de Jacto is one who is in actual possession of the office or supreme power, but by usurpation, or without respect to lawful title; while an of- ficer, king, or governor de jure is one who has just claim and rightful title to the office or power, but who has never had plenary possession of the same, or is not now in actual possession. 4 Bl. wife de facto is one whose marriage is voidable by decree, as distinguished from a wife de jure, or lawful wife. 4 Kent, Comm. 36.

But the term is also frequently used inde- pendently of any distinction from dc jure; thus a blockade dc facto is a blockade which is actually maintained, as distinguished from a mere paper blockade.

Why: The writ lies for burning a heretic who abjured and relapsed; Joan's case is the famous historical instance of that exact sequence.

[Law: U.S. Const. art. I, § 9, cl. 2 — 'The Privilege of the Writ of Habeas Corpus shall not be suspended, unless when in Cases of Rebellion or Invasion the public Safety may require it']

The writ to replevy a man from custody was 'superseded almost wholly' by habeas corpus — the Great Writ whose privilege the Constitution protects against suspension.

Why: Genuine: the entry itself names habeas corpus as the writ's successor; the Suspension Clause is quoted verbatim and is the constitutional anchor of that successor.

[Law: guardianship/conservatorship — judicial determination of incapacity and appointment of a guardian of person or estate]

The writ inquiring whether a man be an idiot is the ancestor of modern judicial determinations of incapacity — guardianship and conservatorship proceedings.

DE INJURIA.

Of [his own] wrong. In the technical language of pleading, a repli- cation de injuria is one that may be made In an action of tort where the defendant has admitted the acts complained of, but al- leges, in his plea, certain new matter by way of justification or excuse; by this replica- tion the plaintiff avers that the defendant committed the grievances in question “of his own wrong, and without any such cause," or motive or excuse, as that alleged In the plea, (de injuria sua propria absque tali causa;) or, admitting part of the matter pleaded, “without the rest of the cause” al- leged, (absque rcsidrn causes.)

In form it is a species of traverse, and it is frequently used when the pleading of the defendant, in answer to which It is directed, consists merely of matter of excuse of the alleged trespass, grievance, breach of con- tract, or other cause of action. Its com- prehensive character in putting in issue all the material facts of the defendant's plea has also obtained for it the title of the gen- eral replication. Holthouse.

Why: Genuine: the entry defines this exact pleading device; the annotation states its operative mechanics, a named technical doctrine, not an analogy.

The querela inofficiosi testamenti (Inst. 2.18) let close kin set aside a will that disinherited them without cause — the Roman root of forced heirship and the surviving spouse's elective share.

Why: Genuine: the entry titles the civil-law action against an undutiful will; the elective share is its modern counterpart, cited without a statute section quoted from memory.

[Law: no property in a corpse — quasi-property of the next of kin for burial]

There is no property in a corpse in the ordinary commercial sense; the next of kin hold a quasi-property right in the body for purposes of burial.

Why: Genuine: the entry defines the corpse as a legal subject (with its own case cite); the no-property rule with the burial quasi-property exception is the classic doctrine governing it.

Where the dec- laration merely states that the defendant detains the debt, (as in actions by and against an executor for a debt due to or from the testator,) the action Is said to be “in the dctinct” alone. DEBT.

A sum of money due by certain and express agreement; as by bond for a de- terminate sum, a bill or note, a special bar- gain, or a rent reserved on a lease, where the amount is fixed and specific, and does not depend upon any subsequent valuation to settle it! 3 Bl. Comm. 154; Camden v. Allen, 26 N. J. Law, 398; Appeal of City of Erie, 91 Pa. 398; Dickey v. Leonard, 77 Ga. 151 ; Hagar v. Reclamation DIst, 111 D. S. 701, 4 Sup. Ct. 663, 28 L. Ed. 569; Appeal Tax Court v. Bice, 50 Md. 302.

A debt is a sum of money due by contract. It is most frequently due by a certain and ex- press agreement, which fixes the amount, in- dependent of extrinsic circumstances. But it is not essential that the contract should be express, or that it should fix the precise amount to be paid. U. S. v. Colt, 1 Pet C.

C. 145, Fed. Cas. No. 14,839.

Standing alone, the word “debt” is as applica- ble to a sum of money which has been promised at a future day. as to a sum of money now due and payable. To distinguish between the two, it may be said of the former that it is a debt owing, and of the latter that it is a debt due. Whether a claim or demand is a debt or not is in no respect determined by a reference to the time of payment. A sum of money which is certainly and in all events

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

payable is a debt, without regard to the fact whether it be pay- able now or at a future time. A sum payable upon a contingency, however, is not a debt, or does not become a debt until the contingency has happened. People v. Arguello, 37 Cal. 624.

The word “debt" is of large import, includ- ing not only debts of record, or judgments, and debts by specialty, but also obligations arising under simple contract, to a very wide extent ; and in its popular sense includes all that Is due to a man under any form of obligation or promise. Gray v. Bennett, 3 Mete. (Mass.) 522,

“Debt” has been differently defined, owing to the different subject-matter of the statutes in which it has been used. Ordinarily, it imports

a sum of money arising upon a contract, express or implied. In its more general sense, it is de- fined to be that which is due from one person to another, whether money, goods, or services; that which one person is bound to pay or per- form to another. Under the legal-tender stat- utes, it seems to import any obligation by con- tract, express or implied, which may be dis- charged by money through the voluntary action of the party bound. Wherever he may be at liberty to perform his obligation by the payment of a specific sum of money, the party owing the obligation is subject to what, in these statutes, is termed "debt.” Kimpton v. Bronson, 45 Barb. (N. Y.) 618.

The word is sometimes used to denote an aggregate of separate debts, or the total sum of the existing claims against a person or company. Thus we speak of the “national debt,” the "bonded debt” of a corporation, etc.

Synonyms. The term “demand” is of much broader Import than "debt,” and em- braces rights of action belonging to the debt- or beyond those which could appropriately be called "debts.” In this respect the term “de- mand” Is one of very extensive Import. In re Denny, 2 Hill (N.Y.) 223.

The words “debt” and "liability” are not synonymous. As applied to the pecuniary relations of parties, liability Is a term of broader significance than debt. The legal acceptation of debt is a sum of money due by certain and express agreement Liability Is responsibility ; the state of one who is bound In law and justice to do something which may be enforced by action. This liability may arise from contracts either express or Implied, or In consequence of torts commit- ted. McElfresh v. Klrkendall, 36 Iowa, 226:

“Debt" Is not exactly synonymous with “duty.” A debt is a legal liability to pay a specific sum of money; a duty is a legal ob- ligation to perform some act. Allen v. Dick- son, Minor (Ala.) 120.

In practice. The name of a common-law action, which lies to recover a certain spe- cific sum of money, or a sum that can read- ily be reduced to a certainty. 3 Bl. Comm. 154; 3 Steph. Comm. 461; 1 Tldd. Pr. 3.

It is said to lie in the debet and detinet, (when it is stated that the defendant owes and detains,) or in the detinet, (when it is stated merely that he detains.) Debt in the detinet for goods differs from detinue, because it is not es- sential in this action, as in detinue, that the specific property in the goods should have been vested in the plaintiff at the time the action

A debt due, or acknowledged to be due, by some deed or instrument under seal ; as a deed of cove- nant or sale, a lease reserving rent, or a bond or obligation. 2 Bl. Comm. 465; Kerr v. Those that are recoverable in a court of common law, as debt on a bill of exchange, a bond, or a simple contract. Rogers v. Daniell, 8 Allen (Mass.) 348; Guild v. Walter, 182 Mass. 225, 6o N. E. 68. — Mutual debts. Money due on both sides between two persons.— Passive debt. A debt upon which, by agreement between the debtor and creditor, no interest is payable, as distinguished from active debt; «. e., a debt upon which Interest is payable. In this sense, the terms "active” and “passive” are applied to certain debts due from the Spanish government to Great Britain. Wharton. In another sense of the words, a debt is “active” or "passive” according as the person of the cred- itor or debtor is regarded; a passive debt being •that which a man owes ; an active debt that which is owing to him. In this meaning every debt is both active and passive, — active as re- gards the creditor, passive as regards the debtor. — Public debt. That which is due or owing by the government of a state or nation. The terms ,rpublic debt” and "public securities,” used in legislation, are terms generally applied to national or state obligations and dues, and would rarely, if ever, be construed to include town debts or obligations ; nor would the term “public revenue” ordinarily be applied to funds arising from town taxes. Morgnn v. Cree, 46 Vt. 773, 14 Am. Rep. 640.— Pure debt. In Scotch law. A debt due now and uncondition- ally is so called. It is thus distinguished from a future debt, — payable at a fixed day in the future.— and a contingent debt, which will only become due upon the happening of a certain con- tingency.—Simple contract debt. One where the contract upon which the obligation arises is neither ascertained by matter of record nor yet by deed or special instrument, but by mere oral evidence the most simple of any, or by notes unsealed, which are capable of a more easy proof, and therefore only better than a verbal promise. 2 Bl. With reference to pleadings, it means to draw up, serve, and file a declaration ; e. g., a “rule to declare." Also to allege in a dec- laration as a ground or cause of action; as “he declares upon a promissory note."

DEGBEE.

In practice. The judgment of a court of equity or admiralty, answering to the judgment of a court of common law. A decree in equity Is a sentence or order of the court, pronounced on hearing and under- standing all the points In issue, and deter- mining the right of all the parties to the suit, according to equity and fcood conscience. 2 Daniell, Ch. Pr. 986; Wooster v. Handy (O. C.) 23 Fed. 56; Rowley v. Van Benthuysen, 16 Wend. (N. Y.) 383 ; Vance v. Rockwell, 3 Colo. 243 ; Halbert v. Alford (Tex.) 16 S. W. 814.

Decree is the judgment of a court of equity, and is, to most intents and purposes, the same as a judgment of a court of common law. A decree, as distinguished from an order, is final, and is made at the bearing of the cause, where- as an order is interlocutory, and is made on mo- tion or petition. Wherever an order may, in a certain event resulting from the direction con- tained in the order, lead to the termination of the suit in like manner as a decree made at the hearing, it is called a "decretal order." Brown.

In Frenob law. Certain acts of the leg- islature or of the sovereign which have the force of law are called “decrees;” as the Ber- lin and Milan decrees.

In Scotch law. A final judgment or sen- tence of court by which the question at issue between the parties is decided.

Classification. Decrees in equity are ei- ther final or interlocutory. A final decree Is one which fully and finally disposes of the whole litigation, determining all questions raised by the case, and leaving nothing that requires further Judicial action. Travis v. Waters, 12 Johns. (N. Y.) 508 ; Mills v. Hoag, 7 Paige (N. Y.) 19, 31 Am. Dec. 271; Core v. 8trlckler, 24 W. Va. 689; Ex parte Crit- tenden, 10 Ark. 339. An interlocutory decree Is a provisional or preliminary decree, which Is not final and does not determine the suit.

but directs some further proceedings pre- paratory to the final decree. A decree pro- nounced for the purpose of ascertaining mat- ter of law or fact preparatory to a final de- cree. 1 Barb. Ch. —Consent decree. One entered by consent of the parties; it is not properly a judicial sen- tence, but is in the nature of a solemn con- tract or agreement of the parties, made under the sanction of the court, and in effect an ad- mission by them that the decree is a just de- termination of their rights upon the real facts of the case, if such facts had been proved. Allen v. Richardson, 9 Rich. Eq. (S. C.) 53; Kelly v. Milan (C. C.) 21 Fed. 842; Schmidt v. Mining Co., 28 Or. 9. 40 Pac. 1014, 52 Am. St Rep. 759.— Decree dative. In Scotch law. An order of a probate court appointing an ad- ministrator.—Decree nisi. A provisional de- cree, which will be made absolute on motion unless cause be shown against it. In English practice, it is the order made by the court for divorce, on satisfactory proof being given in support of a petition for dissolution of mar- riage ; it remains imperfect for at least six months, (which period may be shortened by the court down to three,) and then, unless sufficient cause be shown, it is made absolute on motion, and the dissolution takes effect, subject to ap- peal. DEED.

A sealed instrument, containing a contract or covenant, delivered by the party to be bound thereby, and accepted by the party to whom the contract or covenant runs.

A writing- containing a contract sealed and delivered to the party thereto. 3 Washb. Real Prop. 239.

In its legal sense, a "deed" is an instru- ment in writing, upon pai>er or parchment, between parties able to contract, subscrib- ed, sealed, and delivered. Insurance Co. v. Avery, 60 Ind. 572 ; 4 Kent, Comm. 452.

In a more restricted sense, a written agree- ment, signed, sealed, and delivered, by which one person conveys land, tenements, or her- editaments to another. This is its ordinary modern meaning. Sanders v. Riedlnger, 30 App. Dlv. 277, 51 N. Y. Supp. 937 ; Reed v. Hazleton, 37 Kan. 321, 15 Pac. 177 ; Dudley v. Sumner, 5 Mass. 470 ; Fisher v. Pender, 52

N. C. 485.

The term is also used as synonymous with "fact," "actuality," or "act of parties." Thus a thing "In deed" Is one that has been really or expressly done ; as opposed to "in law," which means that it is merely Implied or pre- sumed to have been done.

—Deed In fee. A deed conveying the title to land in fee simple with the usual covenants. Rudd v. Saveli i, 44 Ark. 152; Moody v. Rail- way Co., 5 Wash. 699, 32 Pac. 751. — Deed In- dented. or indenture. In conveyancing. A deed executed or purporting to be executed in

pans, between two or more parties, and dis- tinguished by having the edge of the paper or parchment on which it is written indented or cut at the top in a particular manner. This was formerly done at the top or side, in a line re- sembling the teeth of a saw ; a formality de- rived from the ancient practice of dividing chiro- graphs; but the cutting is now made either in. a waving line, or more commonly by notching or nicking the paper at the edge. 2 Bl. Comm. 295, 296 ; Lit*. § 370; Smith, Cont. 12.— Deed of covenant. Covenants are sometimes enter- ed into by a separate deed, for title, or for the indemnity of a purchaser or mortgagee, or for the production of title-deeds. A covenant with a penalty is sometimes taken for the payment of a debt, instead of a bond with a condition, but the legal remedy is the same in either case. —Deed of release. One releasing property from the incumbrance of a mortgage or similar pledge upon payment or performance of the conditions ; more specifically, where a deed of trust to one or more trustees has been executed, pledging real property for the payment of a debt or the performance of other conditions, substantially as in the case of a mortgage, a deed of release is the conveyance executed by the trustees, after payment or performance, for the purpose of divesting themselves of the legal title and revesting it in the original owner. See Swain v. McMillan, 30 Mont. 433, 76 Pac. 943. — Deed of separation. An instrument by which, through the medium of some third person acting as trustee, provision is made by a husband for separation from his wife and for her separate maintenance. Whitney v. That which is offered and alleged by the party proceeded against in an action or suit, as a reason in law or fact why the plaintiff should not recover or establish wbat he seeks; what is put forward to de- feat an action. More properly what is suffi- cient when offered for this purpose. In ei- ther of these senses it may be either a denial, Justification, or confession and avoidance of the facts averred as a ground of action, or nn exception to their sufficiency in point of law. In a stricter sense, defense is used to de- note the answer made by the defendant to the plaintiff's action, by demurrer or plea at law or answer in equity. This is the mean- ing of the term in Scotch law. Ersk. Inst. 4, 1, 66.

Half defense was that which was made by the form, "defends the force and injury, and says," (defendit vim et injuriam, et dicit.)

Full defense was that which was made by the form "defends the force and injury when and where it shall behoove him, and the damages, and whatever else he ought to defend," (de- fendit vim et injuriam quando et ubi curia con- sideravit, et damna et quicquid quod ipse de- fender c debet, et di'cif,) commonly shortened in- to "defends the force and injury when," etc. Gilb. Com. Pl. 188 ; 8 Term, <332 ; 3 Bos. A

P. 9, note ; Co. Litt. 1276.

In matrimonial suits, in England, defenses are divided into absolute, i. e., such as, being es- tablished to the satisfaction of the court, are a complete answer to the petition, so that the court can exercise no discretion, but is bound to dismiss the petition ; and discretionary, or such as, being established, leave to the court a discretion whether it will pronounce a decree or dismiss the petition. Thus, in a suit for dis- solution, condonation is an absolute, adultery by the petitioner a discretionary, defense. Browne, Div. 30.

Defense also means the forcible repelling of an attack made unlawfully with force and violence.

In old statutes and records, the term means prohibition; denial or refusal. Enconter le defense et le commandement de roy; against the prohibition and commandment of the king. St.- Westm. 1, c. 1. Also a state of severalty, or of several or exclusive occu- pancy; a state of Inclosure.

In English practice, a defense to am action on grounds which, prior to the passage of the common-law procedure act, (17 & 18 Viet c. 125,) would have been cog- nizable only in a court of equity. DEFINITIVE.

Deliberandum eat din quod statues- dum ©at aemel. 12 Coke, 74. That which is to be resolved once for all should be long deliberated upon.

DELIBERATE, v. To weigh, ponder, discuss. To examine,- to consult, in order to form an opinion.

DELIBERATE, adj. By the use of this word, in describing a crime, the idea is con- veyed that the perpetrator weighs the mo- tives for the act and its consequences, the nature of the crime, or other things con- nected with his intentions, with a view to a decision thereon ; that he carefully considers

all these ; and that the act Is not suddenly committed. It implies that the perpetrator must be capable of the exercise of such men- tal powers as are called into use by de- liberation and the consideration and weighing of motives and consequences. State v. Boyle, 28 Iowa, 324.

"Deliberation" and "premeditation" are of the same character of mental operations, dif- fering only in degree. Deliberation is but pro- longed premeditation. In other words, in law. deliberation is premeditation in a cool state of the blood, or, where there has been heat of pas- sion, it is premeditation continued beyond the period within which there has been time for the blood to cool, in the given case. Delibera- tion is not only to think of beforehand, which may be but for an instant, but the inclination to do the act is considered, weighed,

pondered upon, for such a length of time after a provoca- tion is given as the jury may find was sufficient for the blood to cool. One in a heat of passion may premeditate without deliberating. Delib- eration is only exercised in a cool state of the blood, while premeditation may be either in that state of the blood or in the neat of passion. State v. Kotovsky, 74 Mo. 249 ; State v. DELICT.

In the Roman and civil law. A wrong or Injury ; an offense ; a violation of public or private duty.

It will be observed that this word, taken in its most general sense, is wider in both direc- tions than our English term “tort.” On the one hand, it includes those wrongful acts which, while directly affecting some individual or his property, yet extend in their injurious conse- quences to the peace or security of the commu- nity at large, and hence rise to the grade of crimes or misdemeanors. These acts were termed in the Roman law “public delicts; while

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

those for which the only pena|ty exacted was compensation to the person primarily injured were denominated “private delicts. On the other hand, the term appears to have included injurious actions which transpired with- out any malicious intention on the part of the doer. Thus l’othier gives the name “quati delicts” to the acts of a person who, without malignity, but by an inexcusable imprudence, causes an injury to another. Poth. Obi. 116. But the term is used in modem jurisprudence as a convenient synonym of "tort ;” that ia a wrongful and injurious violation of a jut »'*• rent or right available against all the world. This appears in the two contrasted phrases, “actions ex contractu" and “actions ex delicto.”

Quasi delict. An act whereby a person, without malice, but by fault, negligence, or imprudence not legally excusable, causes injury to another. They were four in number, viz.: (1) (Jut judex litem tuam fecit, being the offense of partiality or excess in the judex, (juryman;) e. g., in assessing the damages at a figure in ex- cess of the extreme limit permitted by the for- mula. (2) Dejectum effusumce aliquid, being the tort committed by one's servant in emptying or throwing something out of an attic or uppes story upon a person passing beneath. (3) Dam- num infectum, being the offense of hanging dangerous articles over the heads of persons passing along the king's highway. (4) Torts committed by one’s agents (e. g., stable-boys, shop-managers, etc.) in the course of their em- ployment. Brown.

[Law: actions ex delicto vs. ex contractu]

The Roman delict — wider than 'tort,' embracing violations of public and private duty — grounds the fundamental classification of actions as ex delicto (founded on wrong) or ex contractu (founded on contract).

Why: Genuine: the entry contrasts delict with tort and notes its breadth; the annotation states the classification the term founds.

Lat A delict, tort, wrong, injury, or offense. Actions ex delicto are such as are founded on a tort, as distinguish- ed from actions on contract.

DELIRIUM.

In medical jurisprudence. Delirium is that state of the mind in which it acts without being directed by the power of volition, which is wholly or partially sus- pended. This happens most perfectly in dreams. But what is commonly called "de- lirium" is always preceded or attended by a feverish and highly diseased state of the body. The patient in delirium is wholly un- conscious of surrounding objects, or conceives them to be different from what they really

are. His thoughts seem to drift about, wild- ering and tossing amidst distracted dreams. And his observations, when he makes any, as often happens, are wild and Incoherent; or, from excess of pain, he sinks into a low muttering, or silent and death-like stupor. The law contemplates this species of mental derangement as an intellectual eclipse ; as a darkness occasioned by a cloud of disease passing over the mind ; and which must soon terminate in health or in death. Owing's Case, 1 Bland (Md.) 386, 17 Am. Dec. 311; Supreme Lodge v. Lapp, 74 S. W. 656, 25 Ky. Law Rep. 74; Clark v. Ellis, 9 Or. 132; Brogden v. Brown, 2 Add. 441.

Actual aud constructive. In the law of sales, actual delivery consists in tbe giving real possession of the thing sold to the vendee or his servants or special agents who are identified with him in law and represent him. Construc- tive delivery is a general term, comprehending all those acts which, although not truly conferring a real possession of the thing sold on the vendee, have been held, by construction of law, equiv- alent to acts of real delivery. In this sense constructive delivery includes symbolic deliv- ery and all those Iraditiones fict(e which have been admitted into the law as sufficient to vest the absolute property in the vendee and bar the rights of lien and stoppage in transitu, such as marking and setting apart the goods as be- longing to the vendee, charging him with ware- house rent, etc. Bolin v. Huffnagle, 1 Rawle (I'a.) 19. A constructive delivery of personal- ty takes place when the goods are set apart and notice given to the person to whom they are to be delivered (The Titania, 131 I ed. 229, 65 C. C. A. 215), or when, without actual trans- fer of the goods or their symbol, the conduct of the parties is such as to be inconsistent with any other supposition than that there has been a change in tne nature of the holding. Swaf- ford v. Spratt, 93 Mo. App. 631, 67 S. W. 701; Holliday v. White, 33 Tex. 459.

Symbolical delivery. The constructive de- livery of the subject-matter of a sale, where it is cumbersome or inaccessible, by the actual de- livery of some article which is conventionally accepted as the symbol or representative of it, or which renders access to it possible, or which is the evidence of the purchasers title to it ; as the key of a warehouse, or a bill of lading of goods on shipboard. Winslow v. Fletcher, 53 Conn. 390, 4 Atl. 250 ; Miller v. Lacey, 7 Houst. (Del.) 8, 30 Atl. 640.

—Delivery bond. A bond given upon the sei- zure of goods (as under the revenue laws) con- ditioned for their restoration to the defendant, or the payment of their value, if so adjudged. —Delivery order. An order addressed, in England, by the owner of goods to a person hold- ing them on his behalf, requesting him to de- liver them to a person named in the order. De- livery orders are chiefly used in the case of goods held by dock companies, wharfingers, etc.

[Law: delivery — a deed takes effect only on delivery; escrow as conditional delivery]

In conveyancing, delivery is the final and absolute transfer of the executed deed beyond the grantor's recall — a deed is inoperative until delivered; escrow is delivery conditioned on a future event.

An insane delusion is an unreasoning and in- corrigible belief in the existence of facts which are either impossible absolutely, or, at least, Impossible under the circumstances of the in- dividual. “Demise” is synonymous with “lease” or “let” except that demise ex vi termini implies a cov- enant for title, and also a covenant for quiet enjoyment whereas lease or let implies neither of these covenants. Brown.

DEMURRAGE.

In maritime law. The sum which is fixed by the contract of car- riage, or which is allowed, as remuneration to the owner of a ship for the detention of his Teasel beyond the number of days allowed by the charter-party for loading and unload- ing or for sailing. Also the detention of the vessel by the freighter beyond such time. See 3 Kent, Comm. 203 ; 2 Steph. Comm. 185. The Apollon, 9 Wheat. 378, 6 L. Ed. Ill; Fisher v. Abeel, 44 How. Prac. (N. Y.) 440; Wordln v. Bemis, 32 Conn. 273, 85 Am. Dec. 255; Cross v. Beard, 26 N. Y. S5; The J. E. Owen (D. C.) 54 Fed. 185; Fnlkenburg v. Clark, 11 R. I. 283.

Demurrage is only an extended freight or re- ward to the vessel, in compensation for the earnings she is improperly caused to lose. Every improper detention of a vessel may be considered a demurrage, and compensation un- der that name be obtained .for it. Donaldson v. McDowell, Holmes, 290, Fed.Cas. No. 3,985.

Demurrage is the allowance or compensation due to the master or owners of a ship, by the freighter, for the time the vessel may have been detained beyond the time specified or implied in the contract of affreightment or the charter- party. Bell.

DEMURRER.

In pleading* The form- al mode of disputing the sufficiency in law of the pleading of the other side. In effect it Is an allegation that, even if the facts as stated in the -pleading to which objection is taken be true, yet their legal consequences are not such as to put the demurring party to the necessity of answering them or proceeding further with the cause. Reid v. Field, 83

Va. 26, 1S.11 395; Parish v. Sloan, 38 N.

C. 609; Goodman v. Ford, 23 Miss. 595; Hos- tetter Co. v. Lyons Co. (C. C.) 99 Fed. 735.

An objection made by one party to bis op- ponent’s pleading, alleging that he ought not to answer it, for some defect in law in the pleading. It admits the facts, and refers the law arising thereon to the court. 7 How. 581.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

It imports that the objecting party will not proceed, but will wait the judgment of the . court whether he is bound so to do. Co. Litt. 716; Steph. Pl. 61.

In Equity. An allegation of a defendant, which, admitting the matters of fact alleged by the bill to be true, shows that as they are therein set forth they are insufficient for the plaintiff to proceed upon or to oblige the de- fendant to answer; or that, for some reason apparent on the face of the bill, or on ac- count of the omission of some matter which ought to be contained therein, or for want of some circumstances which ought to be at- tendant thereon, the defendant ought not to be compelled to answer to the whole bill, or to some certain part thereof. Mltf. Eq. Pl. 107.

Classification and varieties. A general demurrer is a demurrer framed in general terms, without showing specifically the nature of the objection, and which is usually resorted to where the objection is to matter of substance. Steph. Pl. 140-142 ; 1 Chit. Pl. 663. See Reid v. Field, 83 Va. 26. 1 S. E. 395; U. S. v. National Bank (C. C.) 73 Fed. 381; McGuire v. Van Pelt, 55 Ala. 344; Taylor v. Taylor, 87 Mich. 64, 49 N. W. 519. A special demurrer is one which excepts to the sufficiency of the pleadings on the opposite side, and shows spe- cifically the nature of the objection, and the particular ground of the exception. 3 Bouv. A speaking demurrer is one which, in or- der to sustain itself, requires the aid. of a fact not appearing on the face of the pleading ob- jected to, or, in other words, which alleges or assumes the existence of a fact not already pleaded, and which constitutes the ground of objection. This proceeding (now practically obsolete) was analogous to a demurrer to a pleading. It was au objection or exception by one of the parties in an action at law, to the effect that the evidence which his _ adversary had produced was insufficient in point of law (whether true or not) to make out his case or- sustain the issue. Upon joinder in demurrer, the jury was discharged, and the case was acgued to the court in bano, who gave judgment npon the facts as shown in evidence. See 3 Bl. Comm. 372; Bass v. DENIZEN.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

In English law. A person who, being an alien born, has obtained, ex donatione regia, letters patent to make him an English subject, — a high and incommu- nicable branch of the royal prerogative. A denizen is in a kind of middle state between an alien and a natural-bom subject, and par- takes of the status of both of these. 1 Bl. Comm. 374; 7 Coke, 6.

The term is used to signify a person who, be- ing an alien by birth, has obtained letters pa- tent making him an English subject. The king may denize, but not naturalize, a man ; the lat- ter requiring the consent of parliament, ns un- der the naturalization act, 1870, (33 & 34 Viet, c. 14.) A denizen holds a position midway be- tween an alien and a natural-bom or naturalized subject, being able to take lands by purchase or devise, (which an alien could not until 1870 do,) but not able to take lands by descent, (which a natural-bom or naturalized subject may do.) The word is also used in this sense in South Carolina. See McClenaghan v. Mc- Clenaghan, 1 Strob. Eq. (S. C.) 319, 47 Am. Dec. 532.

DENOUNCEMENT.

In Spanish and Mexican law. A denouncement was a ju- dicial proceeding, and, though real property might be acquired by an alien in fraud of the law, — that Is, without observing Its re- quirements,— he nevertheless retained bis right and title to it, but was liable to be de- prived of it by the proper proceeding of de- nouncement, which in its substantive char- acteristics was equivalent to the inquest of office found, at common law. De Merle v. Mathews, 26 Cal. 477.

The “denouncement of a new work” is a proceeding to obtain an order of court, in the nature of an injunction, against the construction of a new building or other work, which, if completed, would injuriously affect the plaintiff’s property. Von Schmidt v. Huntington, 1 Cal. 55.

[Ovid, Tristia, c. AD 8–12]

(paraphrase) Ovid, banished to Tomis on the Black Sea and writing the Tristia — perpetual banishment with loss of Rome, the condemned poet carried away to a foreign shore and counting the cost in verse. (paraphrase)

Why: The entry defines the Roman banishment to a foreign (usually island) place with loss of citizenship; Ovid's exile is its canonical literary instance. DEPORTATION left bare — same ground.

DEPORTATION.

Banishment to a for- eign country, attended with confiscation of property and deprivation of civil rights. A punishment derived from the deportatio (q. v.) of the Roman law, and still in use in France.

. In Roman law. A perpetual banish- ment, depriving the banished of bis rights as a citizen ; it differed from relegation (q. v.) and exile, (q. v.) 1 Brown, Civil & Adm.

"Transportation," “extradition," and “depor- tation,” although each has the effect of remov. ing a person from a country, are different things and for different purposes. Transportation is by way of punishment of one convicted of an offense against the laws of the country ; extra- dition is the surrender to another country of one accused of an offence against its laws, there to be tried and punished if found guilty. Depor- tation is the removing of an alien out of the country simply because his presence is deemed inconsistent with the public welfare, and with- out any punishment being imposed or contem- plated, either under the laws or the country out of which he is sent, or under those of the coun- try to which he is taken. Why: Deportation is banishment with deprivation of rights. Genesis 3:23-24 is the archetypal banishment — man driven out and sent forth, cut off from his former estate. Narrative, not divine speech — no flag. Borderline lo...

DEPOSE.

In practice. In ancient us- age, to testify as a witness ; to give evidence under oath.

In modern mage. To make a deposi- tion ; to give evidence in the shape of a dep- osition ; to make statements which are writ- ten down and sworn to; to give testimony which is reduced to writing by a duly-quali- fied officer and sworn to by the deponent.

To deprive an individual of a public em- ployment or office against his will. Wolfflus, Inst. § 1003. The term is usually applied to the deprivation of all authority of a sov- ereign.

/ DEPOSIT. A naked bailment of goods to be kept for the depositor without reward, and to. be returned when he shall require it. Jones, Bailm. 36, 117; National Bank v. Washington County Bank, 5 Hun (N. Y.) 6d7 '; Payne v. Gardiner, 29 N. Y. 107 ; Mont- gomery v. Evans, 8 Ga. 180; Rozelle v. Rhodes, 116 Pa. 129, 9 Atl. 160, 2 Am. St Rep. 591; In re Patterson, 18 Hun (N. Y.) 222.

A bailment of goods to be kept by the bailee without reward, and delivered accord- ing to the object or purpose of the original trust Story, Bailm. S 41.

A deposit, in general, is an act by which a person receives the property of another, binding himself to preserve it and return It in kind. Civ. Code La. art. 2926.

When chattels are delivered by one person to another to keep for the use of the bailor, it is called a “deposit.” Code Ga. 1882, « 2103.

The word is also sometimes used to desig- nate money lodged with a person as an ear- nest or security for the performance of some contract, to be forfeited if the depositor fails in his undertaking.

Classification. According to the classifi- cation of the civil law, deposits are of the following

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

several sorts: (1) necessary, made upon some sudden emergency, and from some pressing necessity; as, for instance, In case of a fire, a shipwreck, or other over- whelming calamity, when property is con- fided to any person whom the depositor may meet without proper opportunity for reflec- tion or choice, and thence it is called “mis- erabile depositutn.” (2) Voluntary, which arises from the mere consent and agreement of the parties. Civ. Code La. art 2964 ; Dig. ■16, 3, 2; Story, Bailm. { 44. The common law has made no such division. There is another class of dejiosits called “involun- tary,” which may be without the assent or even knowledge of the depositor ; as lum- ber, etc., left upon another’s land by the subsidence of a flood. The civilians again divide deposits into "simple deposits,” made by one or more persons having a common interest, and "sequestrations,” made by one or more persons, each of whom has a dif- ferent and adverse interest in controversy

touching, it ; and these last are of two sorts, — “conventional,” or such as are made by the mere agreement of the parties without any judicial act; and “judicial," or such as are made by order of a court in the course of some proceeding. Civ. Code La. art 2979.

There is another class of deposits called “Irregular,” as when a person, having a sum of money which he does not think safe in his own hands, confides it to another, who is to return to him, not the same money, but a like sum when he shall demand it Poth. du Depot. 82, 83; Story, Bailm. §84. A, regular deposit is a strict or special deposit ; a deposit which must be returned in sp& cic; i. e., the thing deposited must be re- turned. A quasi deposit is a kind of im- j)lied or involuntary deposit, which takes place where a party comes lawfully to .the libssesslon of another person’s property, by finding it Story, Bailm. $ 85. Particularly with reference to money, deposits are also classed as general or special. A general de- posit is where the money deposited is not it- self to be returned, but an equivalent in money (that is, a like sum) is to be returned. It is equivalent to a loan, and the money deposited becomes the property of the depos- itary. Insurance Co. v. Landers, 43 Ala; 138. . A special deposit is a deposit in which the identical thing deposited is to be re- turned to the depositor. The particular ob- ject of this kind of deposit is safe-keeping. Koetting v. State, 88 Wis. 502, 60 N. W. 822. In banking law, this kind of deposit is contrasted with a “general” deposit, as above: but in the civil law it is the antith- esis of an “irregular” deposit. A gratuitous or naked deposit is a bailment of goods to be kept for the depositor without hire or re- ward on either side, or one for which the depositary receives no consideration beyond the mere possession of the thing deposited. Civ. Code Ga. 1895, § 2921 ; Civ. Code Cal. | 1844. Properly and originally, all deposits are of this description ; for according to the Roman law, a bailment of goods for which hire or a price is to lie paid, is not called “deposltum” but “locatio.” If the owner of the property pays for its custody or care, it is a "locatio custodiie;” if, on the other hand, the bailee pays for the use of it, it is “locatio rei.” (See Locatio.) But in the modern law of those states which have been influenced by the Roman Jurisprudence, a gratuitous or naked deposit is distinguished from a “deposit for hire,” in which the bailee Is to be paid for his services in keeping the article. Civ. Code Cal. 1903, | 1851; Civ. Code Ga. 1895, § 2921.

In banking law. The act of placing or lodging money in the custody of a bank or banker, for

safety or convenience, to be withdrawn at the will of the depositor or under rules and regulations agreed on ; also the money so deposited.

General and special deposits. Deposits of money in a bank are either general or special.

A general deposit (the ordinary form) ia one which is to be repaid on demand, in whole or in part as called for, in any current money, not the same pieces of money deposited. In this case, the title to the money deposited passes to the bank, which becomes debtor to the depositor for the amount. A special deposit is one in which the depositor is entitled to the return of the identical thing deposited (gold, bullion, se- curities, etc.) and the title to the property re- mains m him, the deposit being usually made only for purposes of safe-keeping. Shipman v. State Bank, 59 Hun, 621, 13 N. Y. Supp. 475 ; State v. Clark, 4 Ind. 315 ; Brahm v. Adkins, 77 111. 263 ; Marine Bank v. Fulton Bank, 2 Wall. 252, 17 I* Ed. 785. There is also a specif- ic deposit, which exists where money or proper- ty is given to a bank for some specific and par- ticular purpose, as a note for collection, money to pay a particular note, or property for some other specific purpose. Officer v. Officer, 120 Iowa, 389. 94 N. W. 947, 98 Am. St. Rep. 365. —Deposit account. An account of sums lodged with a bank not to be drawn upon by checks, and usually not to be withdrawn except after a fixed notice.— Deposit company. A company whose business is the safe-keeping of securities or other valuables deposited in boxes pr safes in its building which are leased to the depositors.— Deposit of title-deeds. Why: Genuine: the entry is explicitly about the word 'deprive' in due-process provisions; the Fifth Amendment clause is quoted verbatim and is the provision the entry construes.

DEPUTIZE.

To appoint a deputy ; to ap- point or commission one to act as deputy to an officer. In a general sense, the term Is descriptive of empowering one person to act for another In any capacity or relation, but In law it is almost always restricted to the sub- stitution of a person appointed to act for an officer of the law.

DEPUTY.

A substitute; a person duly authorized by an officer to exercise some or all of the functions pertaining to the office, In the place and stead of the latter. Carter v. Homback, 139 Mo. 238, 40 S. W. 893; Herring v. Lee, 22 W. Va. 667 ; Erwin v. U.

S. (D. C.) 37 Fed. 476, 2 L. R. A. 229; Wil- lingham v. State, 21 Fla. 776; Ellison v. Stevenson, 6 T. B. Mon. (Ky.) 271 ; People v. Barker, 14 Mlsc. Rep. 360, 35 N. Y. Supp. 727.

A deputy differs from an assignee, in that an assignee has an interest in the office itself, and does all things in his own name, for whom his grantor shall not answer, except in special cas- es; but a deputy has not any interest in the office, and is only the shadow of the officer in whose name he acts. And there is a distinction in doing an act by an agent and by a deputy. An agent can only bind his principal when he does the act in the name of the principal. But a deputy may do the act and simt his own name, and it binds bis principal ;

A tpecial deputy, who is an officer pro hac vice, is one appointed for a special oc- casion or a special service, as, to serve a par- ticular writ or to assist in keeping the peace when a riot or tumult is expected or in prog- ress. He acts under a specific and not a gen- eral appointment and authority. Allen v. Smith, 12 N. J. Law, 162 ; Wilson v. Russell. 4 Dak. 376, 31 N. W. 645— Dsputy steward.

DESCENT.

Hereditary succession. Suc- cession to the ownership of an estate by in- heritance, or by any act of law, as distin- guished from "purchase.” Title by descent Is the title by which one person, upon the death of another, acquires the real estate of the latter as his heir at law. 2 Bl. Comm. 201 ; Com. Dig. “Descent,” A ; Adams v. Akerlund, 168 111. 682, 48 N. E. 454 ; Starr v. Hamilton, 22 Fed. Cas. 1,107; In re Dona- hue’s Estate, 36 Cal. 332 ; Sbippen v. Izard, 1 Serg. & R. (Pa.) 224; Brower v. Hunt, 18 Ohio St. 338; Allen v. Bland, 134 Ind. 78, 33 N. E. 774.

. Classification. Descents are of two sorts, lineal and collateral. Lineal descent is descent in a direct or right line, as from father or grandfather to son or grandson. Collateral de- scent is descent in a collateral or oblique line, that is, up to the common ancestor and then down from him, as from brother to brother, or between cousins. Levy v. McCartee, 6 Pet. 112, 8 L. Ed. 334. They are also distinguished in- to mediate and immediate descents. But these terms are used in different senses. A descent may. be said to be a mediate or immediate de- scent of the estate or right ; or it may be Baid to be mediate or immediate, in regard to the mediatcness or immediateness of the pedigree or consanguinity. Thus, a descent from the grand- father, who dies in possession, to the grandchild, the father being then dead, or from the uncle to the nephew, the brother being dead, is, in the for mer sense, in Maw, immediate descent, although the one is collateral and the other lineal ; for the heir is in the per, and not in the per and cui. On the other hand, with reference to the line of pedigree or consanguinity, a descent is often said to be immediate, when the ancestor from whom the party derives his blood is im- mediate, and without any intervening link or degrees; and mediate, when the kindred is de- rived from him mediante altero, another ances- tor intervening between them. Thus a descent in lineals from father to son is in this sense im- mediate ; but a descent from grandfather to grandson, the father being dead, or from uncle to nephew, the brother being dead, is deemed mediate ; the father and the brother being, in these latter cases, the medium deferent, as it is called, of the descent or consanguinity. Levy v. McCartee, 0 Pet. 112, 8 L. Ed. 334 ; Furenes v. Mickelson, 86 Iowa. 508, 53 N. W, 416; Garner v. Wood, 71 Md. 37, 17 Atl. 1031.

Descent was denoted. In the Roman law, by the term “successio,” which is also used by Bracton, and from which has been derived the succession of the Scotch and French Ju- risprudence.

Impressions thus imparted may be complex or simple ; in one a mingled impression of gracefulness and strength, in another the impression of strength alone. In practice. A form of ac- tion which lies for the recovery, in specie, of personal chattels from one who acquired possession of them lawfully, but retains It without right, together with damages for the detention. 3 Bl. Comm. 152. Sinnott v. Fei- ock, 165 N. Y. 444, 59 N. E. 265. 53 L. R. A. 565, 80 Am. St. Rep. 736; Penny v. Davis,

8 B. Mon. (Ky.) 314; Gullle v. Fook, 13 Or. 577, 11 Pac. 277.

The action of detinue is defined in the old books as a remedy founded upon the delivery of goods by the owner to another to keep, who afterwards refuses to redeliver them to the bail- or; and it is said that, to authorize the main- tenance of the action, it is necessary that the defendant should have come lawfully into the possession of the chattel, either by delivery to him or by finding it In fact, it was once un- derstood to be the law that detinue does not lie where the property had been tortiously token. But it is, upon principle, very unimportant in what manner the defendant's possession com- menced, since the gist of the action is the wrongful detainer, and not the original taking. It is only incumbent upon the plaintiff to prove property in himself, and possession in the de- fendant At present, the action of detinue is proper in every case where the owner prefers recovering the specific property to damages for its conversion, and no regard is bad to the man- ner in which the defendant acquired the posses- sion. Peirce v. Hill, 9 Port. (Ala.) 151, 33 Am. Dec. 306.

Y. Supp. 541.

Synonyms. The term “devise” is properly restricted to real property, and is not applicable to testamentary dispositions of personal proper1 ty, which are properly called “bequests” or “leg- acies.” But this distinction will not be allow- ed in law to defeat the purpose of a testator; and all of these terms may be construed inter- changeably or applied indifferently to either real or personal property, if the context shows that such was the intention of the testator. Ladd v. Harvey. 21 N. II. 528; Borgner v. Brown, 133 Ind. 391, 33 N. E. 92; Oothout v. Rogers, 59 Hun, 97, 13 N. Y. Supp. 120 ; McCorkle v. Sherrill, 41 N, C. 170.

Classification. Devises are contingent or vested: that is, after the death of the testator. Contingent, when the vesting of any estate in the devisee is made to depend upon some future event, in which case, if the event never occur, or until it does occur, no estate vests under the devise. But, when the future event is referred to merely to determine the time at which the devisee shall come into the use of the estate, this does not hinder the vesting of the estate at the death of the testator. 1 jarm. Wills, c. 26. Devises are also classed as general or spe- cific. A general devise is one which passes lands of the testator without a particular enu- meration or description of them ; as, a devise of “all my lands” or "all my other lands.” In a more restricted sense, a general devise is one which grants a parcel of land without the ad1 dition of any words to show bow great an es- tate is meant to be given, or without words in- dicating either a grant in perpetuity or a grant for a limited term ; in this case it is construed as granting a life estate. Hitch v. Patten. 8 Houst. (Del.) 334, 16 Atl. 558. 2 L. R. A. 724. Specific deviRes are devises of lands particu- larly specified in the terms of the devise, as op- posed to general and residuary devises of land, in which the local or other particular descrip- tions are not expressed. For example, “I de- vise my Hendon Hall estate” is a specific devise ; but "I devise all my lands,” or, “all other my lands,” is a general devise or a residuary de- vise. But all devises are (in effect) specific, even residuary devises being so. L. R. 3 Ch. 420: Id. 136. A conditional devise is one

which depends upon the occurrence of some un- certain event, by which it Is either to take ef- fect or be defeated. Civ. Code Cal. § 1345. An executory devise of lands is such a disposition

36S

of them by will that thereby no estate vests at the death of the devisor, but only on some fu- ture contingency. It differs from a remainder in three very material points: (1) That it needs not any particular estate to support it; (2) that by it a fee-simple or other less estate may be limited after a fee-simple ; (3) that by this means a remainder may be limited of a chattel interest, after a particular estate for life created in the same. 2 Bl. Comm. 172. In a stricter sense, a limitation by will of a future contingent interest in lands, contrary to the rules of the common law. 4 Kent, Comm. 263 ; 1 Steph. Comm. 564. The word is generally used as an abbrevi- ated form of obiter dictum, "a remark by the way;" that is, un observation or remark made by a judge in pronouncing an opinion upon a cause, concerning some rule, principle, or application of law, or the solution of a question suggested by the case at bar, but not necessarily involved In the case or essential to Its determination; any statement of the law enunciated by the court merely by way of Illustration, argument, analogy, or sug- gestion. Dicta are opinions of a judge which do not embody the resolution or determination of the court, and made without argument, or full con- sideration of the point, are not the professed de- liberate determinations of the judge himself. Obiter dicta are such opinions uttered by the way, not upon the point or question pending, as if turning aside for the time from the main topic of the case to collateral subjects. Rohrbach v. Insurance Co., 62 N. Y. 47, 58, 20 Am. Rep. 451.

DIGEST.

A collection or compilation, embodying the chief matter of numerous books in one, disposed under proper heads or titles, and usually by an alphabetical arrange- ment, for facility in reference.

As a legal term, “digest” is to be distinguish- ed from “abridgment.” The latter is a sum- mary or epitome of the contents of a single work, in which, as a rule, the original order or sequence of parts is preserved, and in which the principal labor of the compiler is in the matter of consolidation. A digest is wider in its scope; is made up of quotations or para- phrased passages ; and has its own system of classification and arrangement. An "index” merely points out the places where particular matters may be found, without purporting to give such matters in extemo. A “treatise” or “commentary” is not a compilation, but an original composition, though it may include quo- tations and excerpts.

A reference to the “Digest,” or “Dig.,” is always understood to designate the Digest (or Pandects) of the Justinian collection; that being the digest par eminence , and the authoritative compilation of tire Homan law.

It is either voluntary, by pulling down, or permis- sive, by suffering the church, parsonages- houses, and other buildings thereunto be- longing, to decay. And the remedy for either lies either in the spiritual court, where the canon law prevails, or in the courts of com- mon law. It is also held to be good cause of deprivation if the bishop, parson, or other ecclesiastical person dilapidates buildings or cuts down timber growing on the patrimony of the church, unless for necessary repairs; and that a writ of prohibition will also lie against him in the common-law courts. 3 Bl. DILIGENCE.

Prudence; vigilant activi- ty; attentiveness; or care, of which theri are infinite shades, from the sllgfitest mo- mentary thought to the most vigilant anx- iety ; but the law recognizes only three de- grees of diligence: (1) Common or ordinary, which men, in general, exert in respect oT their own concerns; the standard is neces- sarily variable with respect to. the facts, al- though it may be uniform with respect to the principle. (2) High or great, which fs ex- traordinary diligence, or that 'which very prudent persons take of their own concerns. (3) Low or slight, which is that which jier- sons of less than common prudence, or in- deed of no prudence at all, take of their own concerns.

The civil law is in perfect conformity with the common law. It lays down three degrees of diligence, — ordinary, (diligentia ;) extra- ordinary, (exactissima diligentia ;) slight, (leviesima diligentia.) Story, Baiim. 19.

There may be a high degree of diligence, a common degree of diligence, and a - alight de- gree of diligence, with their corresponding de- grees of negligence, and these can be clearly enough defined for all practical purposes, and.

with a view to the business of life, seem to be ail that are really necessary. Common or or- dinary diligence is that degree of diligence which men in general exercise in respect to their

A provision in a statute, rale of procedure, or the like, is said to be directory when It is to be considered as a mere direction or instruction of no obliga- tory force, and involving no Invalidating con- sequence for its disregard,, as opposed to an imperative or mandatory provision, which must be followed. The general rule Is that the prescriptions of a statute relating to the performance of a public duty are so far directory that, though neglect of them may be punishable, yet it does not affect the va- lidity of the acts done under them, as in the vase of a statute requiring an officer to pre- pare and deliver a document to another offi- cer on or before a certain day. joyment of ordinary legal rights; thus married women, persons under age, insane persons, and felons convict are said to be under disability. Sometimes the term is used in a more limited sense, as when it signifies an impediment to marriage, or the' restraints placed upon clergy- men by reason of their spiritual avocations. Mosley & Whitley.

Classification. Disability is either general or tpecial; the former when it incapacitates the person for the performance of all legal acts of a general class, or giving to them their ordi- nary legal effect ; the latter wheh it debars him from one specific act. Disability is also either pertonal or abiolutc; the former where it at- taches to the particular person, and arises out of his status, his previous act, or bis natural or juridical incapacity ; the latter

where it origi- nates with a particular person, but extends also to his descendants or successors. Lord de le Warre’s Case, 6 Coke, la; Avegno v. Schmidt, 113 U. S. 293, 5 Sup. Ct. 487, 28 L. Ed. !>"«. Considered with special reference to the capaci- ty to contract a marriage, disability Is either canonioal or civil; a disability of the former class makes the marriage voidable only, while the latter, in general, avoids it entirely. The term civil disability is also used as equivalent to legal disability, both these expressions mean- ing disabilities or disqualifications created by positive law, as distinguished from phytirnl dis- abilities. Ingalls v. Campbell, 18 Or. 461, 24 Pac. 904; Harland v. Territory, 3 Wash. T. 131, 13 Pac. 483; Meeks v. Vassault 16 Fed. Cas. 1317 ; Wiesner v. Zaum, 39 Wis. 206 ; Bauman v. Grubbs, 26 Ind. 421 ; Supreme Council v. Fairman, 62 How. Prae. (N. Y.) 390. A phyeical disability is a disability or incapaci- ty caused by physical defect or infirmity, or bodily imperfection, or mental weakness or al- ienation ; as distinguished from civil disability, whch relates to the civil itatue or condition of the person, and is imposed by the law.

DISCHARGE.

The opposite of charge; hence to release ; liberate ; annul ; unburden ; disincuinber.

Is the low of contracts. To cancel or unloose the obligation of a contract ; to make an agreement or contract null and inopera- tive. As a noun, the word means the act or instrument by which the binding force of a oontract is terminated, Irrespective of whether the contract is carried out to the full extent contemplated (in which case the discharge is the result of performance) or is broken off before complete execution. Cort v. Railway Co., 17 Q. B. 145; Com. v. Tal- bot, 2 Allen (Mass.) 162; Rivers v. Blom, 163 Mo. 442, 63 S. W. 812.

Discharge is a generic term ; its principal spe- cies are rescission, release, accord and satisfac- tion, performance, judgment, composition, bank- ruptcy, merger, (q . v.) Leake, Cont. 413.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

As applied to demands, claims, rights of action, incumbrances, etc., to discharge the debt or claim is to extinguish it, to annul its obligatory force, to satisfy it. And here also the term is generic; thus a debt, & mortgage, a legacy, may be discharged by payment or performance, or by any act short of that, lawful in itself, which the creditor accepts as sufficient. Blackwood v. Brown; 29 Mich. 484; Rangely v. Spring, 28 Me. 151. To discharge a person is to liberate him from tbe binding force of an obligation, debt, or claim.

Discharge by operation of law is where the discharge takes place, whether it was intended by the parties or not; thus, if a creditor ap- points his debtor his executor, the debt is dis- charged by operation of law, because the execu- tor cannot have an action against himself. Co. Lift. 2646, note 1; Williams, Ex’rs, 1216; Chit Cont. 714.

In civil practice. To discharge a rule, an order, an injunction, a certificate, process of execution, or in general any proceeding In a court, Is to cancel or annul it, or to revoke it, or to refuse to confirm its original pro- visional force. Nichols v. Chittenden, 14 Colo. App. 49, 59 Pac. 954.

To discharge a jury is to relieve them from any further consideration of a cause. This is done when the continuance of the trial is, by any cause, rendered impossible ; also when the Jury, after deliberation, cannot agree on a verdict.

In equity practice. In the process of accounting before a master in chancery, the discharge is a statement of expenses and

counter-claims brought in and filed, by way of set-off, by the accounting defendant ; which follows the charge in order.

Ill criminal practice. The act by which a person in confinement, held on an accusa- tion of some crime or misdemeanor, is set at liberty. The writing containing the order for his being so set at liberty Is also culled a "discharge.” Morgan v. Hughes, 2 Term, 231 ; State v. Garthwaite, 23 N. J. Law, 143 ; Ex parte Paris, 18 Fed. Cas. 1104.

In bankruptcy practice. The discharge of the bankrupt is the step which regularly follows the adjudication of bankruptcy and the administration of his estate. DISCOUNT.

In a general sense, an al- lowance or deduction made from a gross sum on any account whatever. In a more limited and technical sense, the taking of interest in advance.

By the language of the commercial world and the settled practice of banks, a discount by a bank means a drawback or deduction made upon its advances or loans of money, upon negotiable paper or other evidences of debt payable at a future day, which are transferred to the bank. Fleckner v. Bank, 8 Wheat. 338, 5 L. Ed. 631 ; Bank v. Baker, 15 Ohio St. 87.

Although the discounting of notes or bills, in its most comprehensive sense, may mean lending money and taking notes in payment, yet, in its more ordinary sense, the discounting of notes or bills means advancing a consideration for a bill or note, deducting or discounting the interest which will accrue for the time the note has to run. Loan Co. v. Towner, 13 Conn. 249.

Discounting by a bank means lending money upon a note, and deducting the interest or pre- mium in advance. Bank v. Bruce. 17 N. Y. 507 ; State v. Sav. Inst., 48 Mo. 189.

The ordinary meaning of the term “to dis- count” is to take interest in advance, and in banking is a mode of loaning money. It is the advance of money not due till some future peri- od, less the interest which would be due there- on when payable. Weckler v. Bank, 42 Md. 592. 20 Am. Rep. 95.

Discount, as we have seen. Is the difference between the price and the amount of the debt, the evidence of which is transferred. That dif- fe-enee represents interest charged, being at the same rate, according to which the price paid, if invested until the maturity of the debt, will

just produce its amount. Bank v. Johnson, 104

U. S. 276, 26 L. Ed. 742.

Discounting a note and buying it are not iden- tical in meaning, the latter expression being

used to denote the transaction when the seller does not indorse the note, and is not accounta- ble for it. Bank v. Baldwin, 23 Minn. 206, 28 Am. Rep. 683.

DISCOVERT.

In a general sense, the ascertainment of that which was previously unknown; the disclosure or coming to light of what was previously hidden ; the acquisi- tion of notice or knowledge of given acts or facts; as, in regard to the “discovery" of fraud affecting the running of the statute of limitations, or the granting of a new trial for newly “discovered” evidence. Francis v. Wallace, 77 Iowa, 373, 42 N. W. 323 ; Parker v. Kuhn, 21 Neb. 413, 32 N, W. 74, 59 Am. Rep. 852; Laird v. Kilboume, 70 Iowa, 83, 30 N. W. 9; Howton v. Roberts, 49 S. W. 340, 20 Ky. Ia international law. As the founda- tion for a claim of national ownership or sovereignty, discovery is the finding of a country, continent, or island previously un- known, or previously known only to its un- civilized inhabitants. Martin v. Waddell, 10 Pet. 409, 10 L. Ed. 997.

In patent law. The finding out some sub- stance, mechanical device, improvement, or application, not previously known. In re Kemper, 14 Fed. Cas. 287 ; Dunbar v. Mey- ers, 94 U. S. 197, 24 L. Ed. 34.

Discovery, as used in the patent laws, depends upon invention. Every invention may, in a cer- tain sense, embrace more or less of discovery, for it must always include something that is new ; but it by no means follows that every discovery is an invention. Morton v. Infirmary,. 5 Blatchf. 121, Fed. Cas. No. 9,865.

In practice. The disclosure by the de- fendant of facts, titles, documents, or other things which are in his exclusive knowledge or possession, and which are necessary to the- party seeking the discovery as a part of a cause or action pending or to be brought In another court, or as evidence of his rights or title in such proceeding. DISCRETION.

A liberty or privilege al- lowed to a judge, within the confines of right and justice, but Independent of narrow and unbending rules of positive law, to decide and act in accordance with what is fair, equitable, and wholesome, as determined up- on the peculiar circumstances of the case, and as discerned by his personal wisdom and experience, guided by the spirit, principles, and analogies of the law. Osborn v. United States Bank, 9 Wheat 866, 6 I* Ed. 204; Ex parte Chase, 43 Ala. 310 ; Lent v. Tlllson, 140 U. 8. 316, 11 Sup. Ct 825, 35 I* Ed. 419 ; State v. Cummings, 36 Mo. 278; Murray v. Buell, 74 Wis. 14. 41 N. W. 1010; Perry v. Salt Lake City Council, 7 Utah, 143, 25 Pac. 998, 11 L. R. A. 446.

When applied to public functionaries, discre- tion means a' power or right conferred upon them by law of acting officially in certain cir- cumstances, according to the dictates of tbeir own judgment and conscience, uncontrolled by the judgment or conscience of others. This dis- cretion undoubtedly is to some extent regulated by usage, or, if the term is preferred, by fixed principles. But by this is to be understood nothing more than that the same court cannot, consistently with its own dignity, and with its character and duty of administering impartial justice, decide in different ways two cases in every respect exactly alike. The question of fact whether the two cases are alike in every color, circumstance, and feature is of necessity to be submitted to the judgment of some tri- bunal. Judges v. People, 18 Wend. (N. Y.) 79, 99.

Lord Coke defines judicial discretion to be “ditcemere per legem quid tit jus turn." to see what would be just according to the laws in the premises. It does not mean a wild self-will- fulness, which may prompt to any and every

act ; but this judicial discretion is guid«3 by the law, (see what the law declares upon a cer- tain statement of facts, and then decide in ac- cordance with the law,) so as to do substantial eijuity and justice. Faber v. Bruner, 13 Mo.

True, it is a matter of discretion ; but then the discretion is not willful or arbitrary, but legal. And, although its exercise be not purely a matter of law, yet it “involve! a matter of law or legal inference,” in the language of the Code, and an appeal will lie. Lovinier v. Pearce, 70 N. C. 171.

In criminal law and the law of torta, It means the capacity to distinguish between what Is right and wrong, lawful or unlawful, wise or foolish, sufficiently to render one amenable and responsible for his acts. Towle v. State, 3 Fla. 214.

— Judicial discretion, legal discretion.

These terms are applied to the discretionary action of a judge or court, and mean discretion as above defined, that is, discretion bounded by the rules and principles of law, and not arbi- trary, capricious, or unrestrained.

It Is a wrongful putting out of him that Is seised of the freehold, not, as In abatement or intrusion, a wrongful entry, where the possession was vacant, but an attack upon him who Is in actual possession, and turning him out. It Is an ouster from a freehold In deed, as abatement and Intrusion are ousters In law. 8 Steph. Comm. 386.

When one man invades the possession of an- other, and by force or surprise turns him out of the occupation of his lands, this is termed a "disseisin," being a deprivation of that actual seisin or corporal possession of the freehold which the tenant before enjoyed. In other words, a disseisin is said to be when one enters intending to usurp the possession, and to oust another from the freehold. To constitute an entry a disseisin, there must be an ouster of the freehold, either by taking the profits or by claiming the inheritance. Brown.

According to the modern authorities, there seems to be no legal difference between the words "seisin" and "possession," although there is a difference between the words "disseisin" and "dispossession;" the former meaning an estate gained by wrong and injury, whereas the latter may be by right or by wrong ; the former denoting an ouster of the disseisee, or some act equivalent to it, whereas by the latter no such act is implied. Slater v. Rawson, 6 Mete. (Mass.) 439.

Equitable disseisin Is where a person is wrongfully deprived of the equitable seisin of land, e. g., of the rents and profits. 2 Meriv. 171; 2 Jac. A W. 166.

DIVINE SERVICE.

Divine service was the name of a feudal tenure, by which the tenants were obliged to do some special divine services in certain ; as to sing so many masses, to distribute such a sum in alms, and the like. (2 Bl. Comm. 102; 1 Steph. Comm. 227.) It differed from tenure in fran- kalmoign, in this: that, In case of the tenure by divine service, the lord of whom the lands were holden might distrain for its non- performance, whereas, in case of frankal- moign, the lord has no remedy by distraint for neglect of the service, but merely a right of complaint to the visitor to correct it. S. 155, 21 Sup. Ct 544, 45 L. Ed. 794 ; Mllleir v. Miller, 33 Cal. 355 ; Cast v. Cast 1 Utah, 112.

The dissolution is termed “divorce from the bond of matrimony,” or, in the Latin form of the expression, “a vinculo matrimonii;'' the suspension, “divorce from bed and board,” “o mcnaa ct thoro." The former divorce puts an end to the marriage ; the latter leaves it in full force. 2 Bish. Mar. & Div. $ 225.

The term “divorce” is now applied, in Eng- land, both to decrees of nullity and decrees of dissolution of marriage, while in America it is used only in cases of divorce a mcnaa or a vin- culo, a decree of nullity of marriage being granted for the causes for which a divorce a vinculo was formerly obtainable in England.

DOLUS.

In the civil law. Guile; de- ceitfulness; malicious fraud. A fraudulent address or trick used to deceive some one; a fraud. Dig. 4, 3, 1. Any subtle contriv- ance by words or acts with a design to cir- cumvent. 2 Kent, Comm. 560: Code, 2, 21.

Such acts or omissions as operate as a deception upon the other party, or violate the just confidence reposed by him, whether there be a deceitful intent (mains animus) or not. Poth. TraltA de Depot, nn. 23, 27; 8tory, Bailm. | 20a; 2 Kent, Comm. 506, note.

Fraud, willfulness, or lntentlonality. In that use It Is opposed to culpa, which is

negligence merely. In greater or less degree. The policy of the law may sometimes treat extreme culpa as if It were dolus, upon the maxim culpa dolo comparatur. A person Is always liable for dolus producing damage, but not always for culpa producing damage, even though extreme, e. g., a depositary Is only liable for dolus, and not for negligence. Brown.

— Dolus bonus, dolus mains. In a wide sense, the Roman law distinguishes between “good," or rather “permissible” dolus and “bad” or fraudulent dolus. The former Is justifiable or allowable deceit: it is that which a man may employ in self-defense against an unlawful attack, or for another permissible purpose, as when one dissembles the truth to prevent a lunatic from injuring himself or others. The latter exists where one intentionally misleads

DOMAIN.

The complete and absolute ownership of land; a paramount and In- dividual right of property in land. People v. Shearer, 30 Cal. 658. . Also the real estate so owned. The inherent sovereign pow- er claimed by the legislature of a state, of controlling private property for public uses, is termed the “right of eminent domain.” 2 Kent, Comm. 339. See Eminent Domain.

A distinction has been made between “prop- erty" and "domain.” The former is said to be that quality which is conceived to be in the thing itself, considered as belonging to such or such person, exclusively of all others. By the latter is understood that right which the owner has of disposing of the thing. Hence "domain and “property" are said to be correlative terms. The one is the active right to dispose of; the other a passive quality which follows the thing and places it at the disposition of the owner. 3 Toullier, no. 83.

-■-National domain. A term sometimes ap- plied to the aggregate of the propertyowned directly by a nation. Civ. Code In. 1900, art. 486.— Public domain. This term embraces all lands, the title to which, is in the United States, including as well land occupied for the purposes of federal buildings, arsenals, dock-yards, etc., as land of an agricultural or mineral character hot yet granted to private owners. In re Gameau, 127 Fed. 677, 62 C. C. A. 403.

In its ordinary acceptation, a person’s domi- cile is tbe place where he lives or has his home. In a strict and legal sense, that is properly the domicile of a person where he has his true, fixed, permanent home and principal establish- ment, and to which, whenever he is absent, he has the intention of returning. Anderson v. Anderson, 42 Vt. 350, 1 Am. Rep. 334.

Domicile is but the established, fixed, perma- nent, or ordinary dwelling-place or place of resi- dence of a person, as distinguished from his temporary and transient, though actual, place of residence. It is his legal residence, as dis- tinguished from hia temporary place of abode;

The dwelling-house carries the law's special protection under the castle doctrine: to every man his own house is his safest refuge, as his castle and fortress for defense and repose.

DONATIO.

Lat. A gift A transfer of the title to property to one who receives It without paying for it Vlcat. The act by which the owner of a thing voluntarily trans- fers the title and possession of the same from himself to another person, without any con- sideration.

Its literal translation, "gift" has acquired in real law a more limited meaning, being applied to the conveyance of estates tail. 2 Bl. Comm. 316: Littleton, g 59; West, 8ymb. { 254 ; 4 Cruise, Dig. 51.

Classification. By the civil law (adopted into the English and American law) donations are either infer vivos (between living persons) or mortis causa (in anticipation of death.) As to these forms, see infra. A donatio or gift as between living persons is called donatio mera or puro when it is a simple gift without com- pulsion or consideration, that is, resting solely on the generosity of the donor, rb in the case of most .charitable gifts. It is called donatio remuneratoria when given as a reward for past services, but still not under any legal compul- sion, as in the case of pensions and land-grants. It is called donatio sub modo (or modalis) when given for the attainment of some special object or on condition that the donee shall do some- thing not specially for the benefit of the donor, as 'in the case of the endowment of hospitals, colleges, etc., coupled with the condition that they shall be established and maintained. Mack- eld. Rom. Law, § 466; Fisk v. Flores, 43 Tex. 340; Noe v. Card, 14 Cal. 576. The fol- lowing terms are also used: Donatio condition- alls, a conditional gift ; donatio relata, a gift made with reference to some service already done, (Fisk v. Flores, 43 Tex. 340;) donatio stricta et coarctura, a restricted gift, as an es- tate tail.

—Donatio inofficiosa. An inofficious (undo- tiful) gift ; a gift of so great a part of the don- or's property that the birthright portion of his heirs is diminished. Mackeld. Rom. Law, g 469. — Donatio inter vivos. A gift between the living. The ordinary kind of gift by one per- son to another. 2 Kent, Comm. 438 ; 2 Steph. Comm. 102. A term derived from the civil law. Inst. 2, 7, 2. A donation inter vivos (between living persons) is an act by which the donee divests

himself at present and irrevocably of the thing given in favor of the donee who ac- cepts it Civ. Code La. art 1468.— Donatio mortis eansa. A gift made by a person in sickness, who, apprehending bis dissolution near, delivers, or causes to be delivered, to an- other the possession of any personal goods, to keep as bis. own in case of the donor's decease. 2 Bl. Comm. 514. The civil law defines it to be a gift under apprehension of death ; as when anything is given upon condition that, if the donor dies, the donee shall possess it ab- solutely, or return it if the donor should sur- vive or should repent of having made the gift, or if the donee should die before the donor. Adams v. Nicholas, 1 Miles (Pa.) 109-117. A gift in view of death is one which is made ip contemplation, fear, or peril of death, and with intent that it shall take effect only in case of the death of the giver. Civ. Code Cal. g 1149. A donation mortis causa (in prospect of death) is an act to take effect when the do- nor shall no longer exist, by which he disposes of the whole or a part of his property, and which is irrevocable. Civ. Code La. art. 1469. —Donatio propter nuptias. A gift on account of marriage. In Roman law, the bridegroom's gift to the bride in antipicatjon of marriage and to secure her dos was called "donatio ante nuptias;'' but by an ordinance of Justinian such gift might be made after as well as before marriage, and in that case it waB called "donatio propter nuptias.'' DOUBT.

Uncertainty of mind; the ab- sence of a settled opinion or conviction ; the attitude of mind towards tbe acceptance of or belief in a proposition, theory, or statement, in which the judgment is not at rest but inclines alternately to either side. Rowe v. Baber. 93 Ala. 42?, 8 South. 865; Smith v. Railway Co., 143 Mo. 33, 44 S. W. 718; West Jersey Traction Co. v. Camden Horse R. Co., 52 N. J. Eq. 452, 29 Atl. 333.

Reasonable doubt. This is a term often used, probably pretty well understood, but not easily defined. It does not mean a mere possi- ble doubt, because everything relating to human affairs, and depending on moral evidence, is open to some possible or imaginary doubt. It is that state of the case which, after the entire comparison and consideration of all the evi- dence. leaves the minds of jurors in that condi- tion that they cannot say they feel an abiding conviction to a moral certainty of the truth of the charge. Donnelly v. State, 26 N. J.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

Law, 601, 615. A reasonable doubt is deemed to ex- ist, within the rule that the jury should not convict unless satisfied beyond a reasonable doubt, when the evidence is not sufficient to sat- isfy the judgment of the truth of a proposition with such certainty that a prudent man would feel safe in acting upon it in his own important affairs. Arnold v. State, 23 Ind. 170. The burden of proof is upon the prosecutor. All the presumptions of law independent of evi- dence are in favor of innocence ; and every person is presumed to be innocent until he is proved guilty. If upon such proof there is reasonable doubt remaining, the accused is entitled to the benefit of it by an acquittal; for it is not sufficient to establish a probability, though a strong one, arising from the doctrine of chances, that the fact charged is more likely to be true than the contrary, but the evidence must establish the truth of the fact to a rea- sonable and moral certainty, — a certainty that convinces and directs the understanding and satisfies the reason and judgment of those who are bound to act conscientiously upon it. This is proof beyond reasonable doubt; because if the law, which mostly depends upon considera- tions of a moral nature, should go further than this, and require absolute certainty, it would exclude circumstantial evidence altogether. Dower Is an estate for the life of the wid- ow in a certain portion of the following real estate of her husband, to which she has not relinquished her right during the marriage: (1) Of all lands of which the husband was seised In fee during the marriage ; (2) of all lands to which another was seised in fee to

The term, both technically and in popular acceptation, has reference to real estate exclusively.

“Dower,” in modem use, is and should be dis- tinguished from “dowry.” The former is a provision for a widow on her husband’s death; the latter is a bride’s portion on her marriage. Wendler v. Lambeth, 163 Mo. 428, 63 8. W. 684.

By dowry is meant the effects which the wife brings to the husband to support the expenses of marriage. Civil Code La. art. 2337.

This word expresses the proper meaning of the “dos" of the Roman, the “dot" of the French, and the “dote" of the Spanish, law, but is a very different thing from “dower,”

with which it has sometimes been con- founded.

By dowry, in the Louisiana Civil Code, is meant the effects which the wife brings to the husband to support the expenses of marriage. It is given to the husband, to be enjoyed by him so long as the marriage shall last, and the in- come of it belongs to him. He alone has the administration of it during marriage, and his wife cannot deprive him of it. The real estate settled as dowry is inalienable during marriage, unless the marriage contract contains a stipula- tion to the contrary. De Young v. De Young, 6 La. Ann. 7%.

DROIT.

In French law. Right jus- tice, equity, law, the whole body of law ; al- so a right.

This term exhibits the same ambiguity which is discoverable In the German equiv- alent, “ recht ” and the English word “right.” On the one hand, these terms answer to the Roman “jus” and thus indicate law In the abstract, considered as the foundation of all rights, or the complex of underlying moral principles which impart the character of justice to all positive law, or give it an ethical content. Taken in this abstract sense, the terms may be adjectives, in which case they are equivalent to “Just," or nouns, in which case they may be paraphrased by the expressions “Justice,” “morality," or “equity.” On the other hand, they serve to point out a right; that is, a power, priv- ilege, faculty, or demand, inherent in one person, and incident upon another. In the latter signification, dtvit (or recht or right) is the correlative of “duty" or “obligation." In the former sense, it may be considered as opposed to wrong, injustice, or the absence of law. Droit has the further ambiguity that it is sometimes used to denote the existing body of law considered as one whole, or the sum total of a number of individual laws taken together. See Jus; Recht; Right.

— Droit d’aocessiom. That property which is acquired by making a new species out of the material or another. It is equivalent to the Roman “specificatio." — Droit d'auboine. He is a drunkard whose habit it Is to get drunk; whose ebriety has

become habitual. The terms “drunkard” and “habitual drunkard” mean the same thing. Com. v. Whitney, 5 Gray (Mass.) 85; Gourlay y. Gourlay, 16 R. I. 705, 19 Atl. 142.

A “common” drunkard is defined by statute In some states as a person who has been convicted of drunkenness (or proved to have been drunk) a certain number of times within a limited period. State v. Kelly, 12 R. I. 535 ; State v. Flynn, 16 R. I. 10, 11 Atl. 170. Elsewhere the word “common” in this connection is understood as being equivalent to “habitual,” (State v. Comm. 78.

—Duchy court of Lancaster. A tribunal of special jurisdiction, held before the chan- cellor of the duchy, or his deputy, concerning all matters of equity relating to lands holden of the crown, in right of the duchy of Lancas- ter; which is a thing very distinct from the county palatine, (which has also its separate chancery, for sealing of writs, and the like,) and comprises much territory which lies at a vast distance from it ; as particularly a very large district surrounded by the city of West- minster. The proceedings in this court are the same as were those on the equity side of the court of chancery, so that it seems not to be a court of record ; and, indeed, it has been holden that the court of chancery has a concurrent jurisdiction with the duchy court, and may take cognizance of the same causes. DUCROERE.

In French law. Guaran- ty ; equivalent to del credere, (which see.)

DUE. 1. Just; proper; regular; lawful; sufficient ; as in the phrases “due care,” “due process of law,” “due notice.”

2. Owing; payable; justly owed. That which one contracts to pay or perform to another; that which law or justice requires to be paid or done.

3. Owed, or owing, as distinguished from payable. A debt is often said to be due from

a person where he Is the party owing It, or primarily bound to pay, whether the time for payment has or has not arrived.

4. Payable. A bill or note Is commonly said to be due when the time for payment of It has arrived.

The word “due” always imports a fixed and settled obligation or liability, but with refer- ence to the time for its payment there is con- siderable ambiguity in the use of the term, as will appear from the foregoing definitions, the precise signification being determined in each case from the context. It may mean that the debt or claim in question .is now (presently or immediately) matured and enforceable, or that it matured at some time in the past and yet remains unsatisfied, or that It is fixed and cer- tain but the day appointed for its payment has not yet arrived. But commonly, and in the absence of any qualifying expressions, the word “due” is restricted to the first of these meanings, the second being expressed by the term “overdue,”, and the third by the word “payable.” See Feeser v. Feeser, 93 Md. 716, 50 Atl. 406; Ames v. Ames, 128 Mass. 277; Van Hook v. Walton, 28 Tex. 75; Leggett v. Bank, 24 N. Y. 286; Scudder v. Scudder. 10

— Due care. Just, proper, and sufficient care, so far as the circumstances demand it; tin, absence of negligence. This term, as usually understood in cases where the gist of the ac- tion is the defendant’s negligence, implies not only that a party has not been negligent or careless, but that he has been guilty of no violation of law in relation to the subject- matter or transaction which constitutes the cause of action. Evidence that a party is guilty of a violation of law supports the issue of a want of proper care ; nor can it be doubted that in these and similar actions the aver- ment in the declaration of the use of due care, and the denial of it in the answer, properly and distinctly put in issue the legality of the con- duct of the party as contributing to the acci- dent or injury which forms the groundwork of the action.. No specific averment of the par- ticular unlawful act which caused or contrib- uted to produce the result complained of should, in Buch cases, be deemed necessary. See Ryan

This phrase is synonymous with “due process of law,” or “the law of the land,” and the general definition thereof is “law in its regular course of administration through courts of justice ;” and, while not always necessarily confined to judicial proceedings, yet these words have such a signification, when used to desig- nate the kind of an eviction, or ouster, from real estate by which a party is dispossessed, as to preclude thereunder proof of a construc- tive eviction resulting from the purchase of a paramount title when hostilely asserted by the party holding it. See Adler v. Whithec’k, 44 Ohio St. 569, 9 N. E. 672; In re Dorsey, 7 Port. (Ala.) 404 ; 'Backus v. Shipherd. 11 Wend. (N. Y.) 635; Dwight v. Williams, 8 Fed. Cas. 187 — Due notice. No fixed rule can be established as to what shall constitute “due notice.” _ “Due” is a relative term, and roust be applied to each case in the exercise of the discretion of the court in view of the Bl.Law Dict.(2d Ed.)— 20

particular circumstances. Lawrence v. Bow- man, 1 McAll. 420, 15 Fed. Cas. 21 ; Slattery v. Doyle. 180 Mass. 27, 61 N. E. 264 ; Wilde v. Wilde, 2 Nev. 306.— Due process of law. Law in its regular course of administration through courts of justice. 3 Story, Const. 264, 661. “Due process of law in each particular case means such an exercise of the powers of the government as the settled maxims of law permit and sanction, and under such safe- guards for the protection of individual rights as those maxims prescribe for the class of cases to which the one in question belongs.” Cooley, Const. Lim. 441. Whatever difficulty may be experienced in giving to those terms a definition which will embrace every permissible exertion of power affecting private rights, and exclude such as is forbidden, there can be no doubt of their meaning when applied to judi- cial proceedings. They then mean a course of legal proceedings according to those rules and principles which have been established in our systems of jurisprudence for the enforcement and protection of private rights. To give such roceedings any validity, there must be a tri- unal competent by its constitution — that is, by the law. of its creation— to pass upon the sub- ject-matter of the suit ; and, if that involves merely a determination of the personal liability of the defendant, he must be brought within its jurisdiction by service of process within the state, or his voluntary appearance. Pennoyer v. Neff. 95 U. S. 733, 24 L. Ed. 565. Due pro- cess of law implies the right of the person af- fected thereby to be present before the tribunal which pronounces judgment upon the question of life, liberty, or property, in its most com- prehensive sense ; to be heard, by testimony or otherwise, and to have 'the right of controvert- ing, by proof, every material fact which bears on the question of right in the matter involved. If any question of fact or liability be conclu- sively presumed against him, this is not due process of law. Zeigler v. Railroad Co., 58 Ala. 599. These phrases in the constitution do not mean the general body of the law, com- mon and statute, as it was at the time the con- stitution took effect; for that would seem to deny the right of the legislature to amend or repeal the law. They refer to certain funda- mental rights, which that system of jurispru- dence, of which ours is a derivative, has always recognized. Brown v. Levee Com'rs, 50 Miss. 468. “Due process of law,” as used in the con- stitution, cannot mean less than a prosecution or

When two written docu- ments are substantially alike, so that each might be a copy or transcript from the other, while both stand on the same footing as original instruments,- they are called “dupli- cates.” Agreements, deeds, and other docu- ments are frequently executed in duplicate, In order. that each party may have an orig- inal In his possession. A duplicate is sometimes defined to be the "copy” of a thing; but, though generally a copy, a duplicate differs from a mere copy, in having all the validity of an original. DUTY.

some other person or upon all persons gener- ally. But it is also used, in a wider sense, to designate that class of moral obligations which lie outside the jural sphere; such, namely, as rest upon an imperative ethical basis, but have not been recognized by the law as within its proper province for pur- poses of enforcement or redress. Thus, grat- itude towards a benefactor Is a duty, but its refusal will not ground an action. In this meaning “duty” is the equivalent of "moral obligation,” as distinguished from a “legal obligation." See Kentucky v. Denni- son. 24 How. 107, 16 L. Ed. 717; Harrison v. Bush, 5 El. & Bl. 349.

As a technical term of the law. “duty” signifies a thing due ; that which is due from a person; that which a person owes to an- other. An obligation to do a thing. A word of more extensive signification than “debt,” although both are expressed by the same , Latin word “ debitum Beach v. Boynton, 26 Yt. 725, 733.

But in practice it is commonly reserved as the designation of those obligations of per- formance, care, or observance which rest up- on a person In an official or fiduciary capac- ity ; as the duty of an executor, trustee, man- ager, etc.

It also denotes a tax or impost due to the government upon the importation or expor- tation of goods.

-legal duty. An obligation arising from contract of the parties or the operation of the law. Riddell v. Ventilating Co., 27 Mont. 44, 69 Pac. 241. [Ecclesiastes 12:13, KJV]

Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man.

Why: 'The whole duty of man' stated outright — duty as the entry's subject, in scripture's own phrase.

[Cicero, De Officiis, 44 BCE]

Cicero's De Officiis (On Duties) — the 44 BCE treatise on moral obligation, written as advice to his son — is the classical world's systematic treatment of duty as the entry defines it: obligations resting 'upon an imperative ethical basis.'

Why: The entry uses 'duty' in the wider sense of 'moral obligations which lie outside the jural sphere... rest upon an imperative ethical basis.' De Officiis is the canonical classical work on precisely that; date verified...

[Rudolph Mate, D.O.A., 1950]

(paraphrase) Mate's noir opens with a poisoned man walking into a police station to report his own murder — the dying declaration as plot engine: a statement made in the shadow of certain death. (paraphrase)

Why: The entry cross-refers to Declaration (the dying-declaration hearsay exception). The film's premise is literally a man delivering his own dying declaration to the authorities.

DYING WITHOUT ISSUE.

At com- mon law this phrase imports an indefinite failure of issue, and not a dying without is- sue surviving at the time of the death of the first taker. But this rule has been changed in some of the states, by statute or decisions, and in England by St. 7 Wm. IV., and 1 Viet. c. 26, $ 29.

Tbe words “die without issue,” and "die with- out leaving issue,” in a devise of real estate, im- port an indefinite failure of issue, and not the failure of issue at the death of the first taker. And no distinction is to be made between the words "without issue” and “without leaving is- sue.” Wilson v. Wilson, 32 Barb. (N. Y.) 328; McGraw v. Davenport, 6 Port. (Ala.) 319.

In Connecticut, it has been repeatedly held that the expression “dying without issue,” and like expressions, have reference to the time of the death of the party, and not to an indefinite failure of issue. Phelps v. Phelps, 55 Conn. 359, 11 Atl. 596.

Dying without children imports not a failure of issue at any indefinite future period, but a leaving no children at the death of the legatee. Condict v. King, 13 N. J. Eq. 375.

EARL, a title of nobility, formerly the highest In England, now the third, ranking between a marquis and a viscount, and cor* responding with the French “comte” and the German "graf." The title originated with the Saxons, and is the most ancient of the English peerage. William the Conqueror first made this title hereditary, giving it in fee to his nobles; and alloting them for the support of their state the third penny out of the sheriff’s court, issuing out of all pleas of the shire, whence they had their ancient title "shiremen.” At present the title is accom- panied by no territory, private or Judicial rights, but merely confers nobility and an hereditary seat in the' house of lords. The land against which the easement or privi- lege exists is called the "servient" tenement, and the estate to which it is annexed the "dom- inant" tenement; and their owners are called respectively the "servient" and "dominant" owner. These terms are taken from the civil law.

Synonyms. At the present day, the distinc- tion between an "easement" and a "license" i* well settled and fulfy recognized, although it becomes difficult in some of the cases to dis- cover a substantial difference between them. An easement, it has appeared, is a liberty, priv- ilege, or advantage in land, without profit, and existing distinct from the ownership of the soil; and it has appeared, also, that a claim for an easement must be founded upon a deed or writing, or upon prescription, which sup- poses one. It is a permameut interest in an- other's land, with a right to enjoy it fully and without obstruction. A license, on the other hand, is a bare authority to do a certain act or series of acts upon another's land, without pos- sessing any estate therein; and, it being found- ed in personal confidence, it is not assignable, and it is gone if the owner of the land who gives. the license transfers his title to another, or if either party die. Cook v. Railroad Co., 40 Iowa, 456 ; Nunnelly v. Iron Co.. 94 Tenn. 397, 29 8. W. 361. 28 L. R. A. 421; Baldwin v. Taylor, 166 Pa. 507, 31 Atl. 250; Clark v. Glidden, 60 Vt. 702. 15 Atl. 358; Asher v. Johnson. 118 Ky. 702, 82 S. W. 300.

Classification. Easements are classified as affirmative or negative; the former being those where the servient estate must permit some- thing to be done thereon, (as to pass over it, or to discharge water upon it;) the latter being those where the owner of the servient estate is

prohibited from doing something otherwise law- ful upon his estate, because it will affect the dominant estate, (as interrupting the light and air from the latter by building on the former.) 2 Washb. Real Prop. 301. Equitable L. Assur. Soc. v. Brennan (Sup.) 24 N. Y. Supp. 788; Pierce v. Keator, 70 N. Y. 447, 26 Am. Rep. 612. They are also either continuous or dis- continuous. An easement of the former kind is one that is self-perpetuating, independent of human intervention, as, the flow of a stream, or one which may be enjoyed without any act on the part of the person entitled thereto, such as a spout which discharges the water whenever' it rains, a drain by which surface water is car- ried off, windows which admit light and air, and the like. Lampman v. Milks, 21 N. Y. 505; Bonelli v. Blakemore, 66 Miss. 136, 5 South. 228. 14 Am. St. Rep. 550 ; Providence Tool Co. v. Engine Co., 9 R. I. 571. A continuous ease- ment is sometimes termed an "apparent" ease- ment, and defined as one depending on some artificial structure upon, or natural conforma- tion of, the servient tenement, obvious and rmanent, which constitutes the easement or the means of enjoying it. Fetters v. Hum- phreys, 18 N. J. Eq. 260 ; Larsen v. Peterson, 53 N. J. Eq. 88. 30 Atl. 1094; Whalen v. Land Co.. 65 N. J. Law, 206, 47 Atl. 443. Discon- tinuous, non-continuous, or

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

non-apparent ease- ments are those the enjoyment of which can be had only by the interference of man, as, a right of way or a right to draw water. Outerbridge v. Phelps, 45 N. Y. Super. Ct. 570: Lampman v. Milks. 21 N. Y. 515. This distinction is derived from the French law. Easements are also classed as private or public, the former being an easement the enjoyment of which is restricted to one or a few individuals, while a public easement is one the right to the enjoy- ment of which is vested in the public generally or in an entire community; such ns an ease- ment of passage on the public streets and high- ways or of navigation on a stream. Kennelly v. Jersey City. 57 N. J. Law, 293, 30 Atl. 531, 26 L. R. A. 281; Nicoll v. Telephone Co., 62

N. J. Law, 733. 42 Atl. 583, 72 Am. St. Rep. 666. They may also be either of necessity or of convenience. The former is the case where the easement is indispensable to the enjoyment of the dominant estate; the latter, where the ease- ment increases the facility, comfort, or con- venience of the enjoyment of the dominant es- tate, or of some right connected with it. Ease- ments are again either appurtenant or in gross. An appurtenant easement is one which is at- tached to and passes with the dominant tene- ment as an appurtennnce thereof; while an easement in gross is not appurtenant to any es- tate in land (or not belonging to any person by virtue of his ownership of an estate in land) but a mere personal interest in, or right to use. the land of another. Cadwalader v. Bailey. 17

R. I. 495, 23 Atl. 20. 14 L R. A. 300; Pinkum v. Eau Claire, 81 Wis. 301, 51 N. W. 550; Stovall v. Coggins Granite Co., 116 Ga. 376, 42 S. E. 723.

— Equitable easements. The special ease- ments created by derivation of ownership of ad- jacent proprietors from a common source, with specific intentions as to buildings for certain purposes, or with implied privileges in regard to certain uses, are sometimes so called. TT. S. v. Peachy (D. C.) 36 Fed. 162.— Implied ease- ments. An implied easement is an easement resting upon the principle that, where the own- er of two or more adjacent lots sells a part thereof, he grants by Implication to the grantee all those apparent and visible easements which are necessary for the reasonable use of the prop- erty granted, which at the time of the grant are used by the owner of the entirety for the benefit of the part granted. Farley v. Howard, 33 Misc. Rep. 57. 68 N. Y. Supp. 159.— Inter- mittent easement. One which is usable or

used only at times, and not continuously. Eat- on v. Railroad Co., 51 N. H. 504, 12 Am. Rep. 147.— Qnasi easement. An "easement,” in the proper sense of the word, can only exist in respect of two adjoining pieces of land occupied by different persons, and can only impose a negative duty on the owner of the servient tenement. Hence an obligation on the owner of land to repair the fence between his and his neighbor's land is not a true easement, but is sometimes called a “quart easement.” Gale, Easem. 516; Sweet.— ^Secondary easement. One which is appurtenant to the primary or actual easement; every easement includes such “secondary easements," that is, the right to do such things as are necessary for the full enjoy- ment of the easement itself. Toothe v. Bryce. 50 N. J. Eq. 589, 25 Atl. 182; North Fork Water Co. v. Edwards, 121 Cal. 662, 54 Pac. 69.

ECLECTIC PRACTICE.

In medicine. That system followed by physicians who se- lect their modes of practice and medicines from various schools. Webster.

“Without professing to understand much of medical phraseology, we suppose that the terms ‘allopathic practice* and legitimate business’ mean the ordinary method commonly adopted by the great body of learned and eminent physi- cians, which is taught in their institutions, es- tablished by their highest authorities, and ac- cepted by the larger and more respectable por- tion of the community. By ‘eclectic practice,’ without imputing to it, as the counsel for the plaintiff seem inclined to, an odor of illegality, we presume is intended another and different system, unusual and eccentric, not countenanced by the classes before referred to, but characteriz- ed by them as spurious and denounced as dan- gerous. It is sufficient to say that the two modes of treating human maladies are essen- tially distinct, and based upon different views of the nature and causes of diseases, their appro- priate remedies, and the modes of applying them.” Bradbury v. An edict or system of rules for the administration of justice, similar to tbe edict of the praetor, put forth by tbe proconsuls and propraetors in the provinces of the Roman Empire. Mackeld. Rom. Law, j 36.— Edictnm Theodorici. This is the first collection of law that was made after the downfall of the Roman power in Italy. It was promulgated by Theodoric, king of the Ostrogoths, at Rome in A. D. 500. It consists

of 154 chapters, in which we recognise parts taken from the Code and Novelise of Theodosius, from the Codices Gregorianus and Hermogenian- us, and the Sententise of Paulus. The edict was doubtless drawn up by Roman writers, but the original sources are more disfigured and altered than in any other compilation. This collection of law was intended to apply both to the Goths and the Romans, so far as its pro- visions went ; but, when it made no alteration in tbe Gothic law, that law was still to be in force. Savigny, Geschichte des R. R.— Edic- tam tralatitinm. Where a Roman prsetor, upon assuming office, did not publish a wholly new edict, but retained the whole or a principal part of the edict of his predecessor (as was usually the case) only adding to it such rules as appeared to be necessary to adapt it to chang- ing social conditions or juristic ideas, it was called "edictum tralatitium." EFFECTS.

Personal estate or property. This word has been held to be more compre- hensive than the word "goods," as includ- ing fixtures, which "goods" will not include. Bank v. Byram, 131 111. 92, 22 N. B. 842.

I n wills. The word "effects" is equiva- lent to "property," or "worldly substance," and, if used simpliciter, as In a gift of "all my effects," will carry the whole personal estate. Ves. Jr. 507 ; Ward, Leg. 209. The addition of the words "real and personal" will extend it so as to embrace the whole of the testator's real and personal estate. Ho- gan v. Jackson, Cowp. 304; The Alpena (D. C.) 7 Fed. 361.

This is a word often found in wills, and. being equivalent to "property," or "worldly substance." its force depends greatly upon the association of the adjectives "real" and "personal." "Real and personal effects"

would embrace the whole estate; but the word "effects" alone must be confined to personal estate simply, unless an intention ap- pears to the contrary. Schouler, Wills, § 609. See Adams v. Akerlund, 168 111. 632, 48 N. E. 454; Ennis v. Smith, 14 How. 409, 14 L. Ed. 472.

EJECTIONS FIR MAE.

Ejection, or

ejectment of farm. The name of a writ or action of trespass, which lay at common law where lands or tenements were let for a term of years, and afterwards the lessor, reversioner, remainder-man, or any stranger ejected or ousted the lessee of his term, ferine, or farm, (ipsum a flrma ejecit.) In this case the latter might have his writ of ejection, by which he recovered at first dam- ages for the trespass only, but It was after- wards made a remedy to recover back the term Itself, or the remainder of It, with damages. Reg. Orlg. 2276; Fitzh. Nat. Brev. 220, F, G ; 3 Bl. Comm. 199 ; Litt i 322; Crabb, Eng. Law, 290, 448. It Is the foundation of the modern action of eject- ment.

5e apparatus — Not carried into the 5th edition (1979).

EJECTMENT.

At common law, this was the name of a mixed action (springing from the earlier personal action of ejcctione

flrma) which lay for the recovery of the pos- session of land, and for damages for the un- lawful detention of its possession. The ac- tion was highly fictitious, being in theory only for the recovery of a term for years, and brought by a purely fictitious person, as lessee in a supposed lease from the real party In interest. The latter’s title, how- ever,, must be established In order to warrant a recovery, and the establishment of such ti- tle, though nominally a mere Incident, Is In reality the object of the action. Hence this convenient form of suit came to be adopted as the usual method of trying titles to land. See 8 Bl. Comm. 199. French v. Robb, 67

It is also a form of action by which posses- sory titles to corporeal hereditaments may be tried and possession obtained.

ELEGIT.

(Lat He has chosen.) This is the name, in English practice, of a writ of execution first given by the statute of Westm. 2 (13 Edw. I. c. 18) either upon a judgment for a debt or damages or upon the forfeiture of a recognizance taken in the king's court. It is so called because it is in the choice or election of the plaintiff whether he will sue out this writ or a fi. fa. By it the defendant's goods and chattels are ap- praised and all of them (except oxen and beasts of the plow) are delivered to the plaintiff, at such reasonable appraisement and price, in part satisfaction of his debt If the goods are not sufficient, then the moie- ty of his freehold lands, which he had at the time of the judgment given, are also to be delivered to the plaintiff, to hold till out of the rents and profits thereof the debt be lev- ied, or till the defendant’s interest be expired. During this period the plaintiff is called “tenant by elegit," and his estate, an “es- tate by elegit." This writ, or its analogue, is In use In some of the United States, ns Vir- ginia and Kentucky. See 3 Bl. Comm. 418; Hutcheson v. Grubbs, 80 Va. 254; North American F. Ins. Co. v. Graham, 5 Sandf. (N. Y.) 197.

A proclamation or order of state, usually issued in time of war or threat- ened hostilities, prohibiting the departure of

ships or goods from some or all the ports of such state until further order. The Wil- liam King, 2 Wheat 148, 4 L. Ed. 206; De- lano v. Bedford Ins. Co., 10 Mass. 351, 6 Am. Dec. 132; King v. Delaware Ins. Co., 14 Fed. Cas. 516.

Embargo is the hindering or detention by any government of ships of commerce in its ports. If the embargo is laid upon ships belonging to citizens of the state imposing it. it is called a ‘‘civil embaiyo;” if, as more commonly hap- pens, It is laid upon ships belonging to the enemy, it is called a ‘‘hostile embargo.” The effect of this latter embargo is that the ves- sels detained are restored to the rightful own- ers if no war follows, but are forfeited to the embargoing government if war does follow, the declaration of war being held to relate back to the original seizure and detention. Brit c. 53. Our alma- nacs call the weeks in which they fall the “Ember Weeks,” and they are now chiefly noticed on account of the ordination of priests and deacons ; because the canon appoints the Sundays next after the Ember weeks for the solemn times of ordination, though the bish- ops, if they please, may ordain on any Sun- day or holiday. St Rep. 174.

Embezzlement is the fraudulent appropria- tion of property by a person to whom it has been Intrusted. Pen. Code Cal. f 503 ; Pen. Code Dak. § 500.

Embezzlement Is q. species of larceny, and the term is applicable to cases of furtive and fraudulent appropriation by clerks, serv- ants, or carriers of property coming Into their possession by virtue of their employ- ment It Is distinguished from “larceny,” properly so called, as being committed in re- spect of property which Is not at the time in the actual or legal possession of the owner. People v. Burr, 41 How. Prac. (N. 1.) 294 ; 4 Steph. Comm. 168.

Embezzlement is not an offense at common law, but was created by statute. “Embezzle” includes in Its meaning appropriation to one’s own use, and therefore the use of the single word "embezzle,” in the indictment or inform- ation, contains within itself the charge that the defendant appropriated the money or prop- erty to his own use: State v. Wolff, 34 La. Ann. 1153.

EMBLEMENTS.

The vegetable chattels called “emblem ents” are the com and other growth of the earth which are produced an- nually, not spontaneously, but by labor and Industry, and thence are called “fructus in- dustrials*." Relff v. Reiff, 64 Pa. 137.

The growing crops of those vegetable pro- ductions of the soil which are annually produced by the labor of the cultivator. They are deemed personal property, and pass as such to the executor or administrator of the occupier, whether he were the owner in fee, or for life, or for years, if he die before he has actually cut. reaped, or gathered the same ; and this, although, being affixed to the soil, they might for some purposes be considered, while growing, as part of the realty. Wharton.

The term also denotes the right of a ten- ant to take and carby away, after his tenancy has ended, such annual products of the land as have resulted from bis own care and labor.

Emblements are the away-going crop; in other words, the crop which is upon the ground and unreaped when the tenant goes away, his lease having determined; and the right to em- blements is the right in the tenant to take away the away-going crop, and for that purpose to come upon the land, and do all other neces- sary things thereon. The right of eminent domain is the right of the state, through its regular organization, to reassert, either temporarily or permanent- ly, its dominion over any portion of the soil of the

state on account of public exigency and for the public good. Thus, in time of war or insurrection, the proper authorities may possess and hold any part of the terri- tory of the state for the common safety ; and in time of peace the legislature may author- ize the appropriation of the same to public purposes, such as the opening of roads, con- struction of defenses, or providing channels for trade or travel. Code Ga. 1882, f 2222.

The right of society, or of the sovereign, to dispose, in case of necessity, and for the pub- lic safety, of all the wealth contained in the state, is called “eminent domain.” Jones v. Walker. 2 Paine. 688. Fed. Cas. No. 7,o0i.

Eminent domain is the highest and most exact idea of property remaining in the government, or in the aggregate body of the people in their sovereign capacity. It gives a right to resume the possession of the property in the manner

directed by the constitution and the laws of the state, whenever the public interest requires it. Beekman v. Saratoga & S. R. Co., 3 1‘aige (N. X.) 45, 73. 22 Am. Dec. 679. ,

“The exaction of money from individuals under the right of taxation, and the appro- priation of private property for public use by virtue of the power of eminent domain, must not be confused. In paying taxes the citizen contributes his just and ascertained share to the expenses of the government under which he lives. But when his property is taken un- der the power of eminent domain, he is com- pelled to surrender to the public something above and beyond his due proportion for the public benefit. The matter is special. It is in the nature of a compulsory sale to the state. Black, Tax-Titles, ji 3.

The term “eminent domain” is sometimes (but inaccurately) applied to the land, build- ings, etc., owned directly by the government, and which have not yet passed into any pri- vate ownership. This species of property is much better designated as the “public do- main,” or “national domain.”

In American law. To put forth or send out; to issue. “No state shall emit bUls of credit” Const U. S. art 1, i 10.

To issue; to give forth with authority; to put into circulation. See Bnx or Cbeoit.

The word “emit” is never employed in de- scribing those contracts by which a state binds itself to pay money at a future day for serv- ices actually received, or for money borrowed for present use. Nor are instruments executed for such purposes, in common language, de- nominated “bills of credit.” “To emit bills of credit” conveys to the mind the idea of issu- ing paper intended to circulate through the com- munity, for its ordinary purposes, as money, which paper is redeemable at a future day. EMPEROR.

The title of the sovereign ruler of an empire. This designation was adopted by the rulers of the Roman world after the decay of the republic, and was as- sumed by those who claimed to be their suc- cessors in the "Holy Roman Empire," as also by Napoleon. It is now used as the title of the monarch of some single countries, as lately in Brazil, and some composite states, as Germany and Austria-Hungary, and by the king of England as "Emperor of India."

The title "emperor" seems to denote a power and dignity superior to that of a "king." It appears to be the appropriate style of the executive head of a federal gov- ernment, constructed on the monarchlal prin- ciple, and comprising in its organization sev- eral' distinct kingdoms or other quasi sover- eign states; as is the case with the German empire at the present day.

EMPLOYEE.

This word "is from the French, but has become somewhat natural- ized in our language. Strictly and etymolog- ically. it means ‘a person employed.’ but, in practice in the French language, it ordi- narily is used to signify a person in some of- ficial employment, and as generally used with us, though perhaps not confined to any offidal employment, it is understood to mean some permanent employment or position.” The word is more extensive than "clerk” or “officer." It signifies any one in place, or having charge or using a function, as well as one in office. See Ritter v. State, 111 Ind. 324, 12 N. E. 601 ; Palmer v. Van Santvoord, 153 N. Y. 612, 47 N. ENDOWED SCHOOLS.

In England, certain schools having endowments are dis- tinctively known as “endowed schools;” and a series of acts of parliament regulating them are known as the “endowed schools acts.” Mozley & Whitley.

ENDOWMENT. 1. The assignment of dower ; the setting off a woman's dower. 2 Bl. Comm. 135.

2. In appropriations of churches, (in Eng- lish law,) the Retting off a sufficient main- tenance for the vicar in perpetuity. 1 Bl. Comm. 387.

3. The act of settling a fund, or perma- nent pecuniary provision, for the mainte- nance of a public institution, charity, col- lege, etc.

4. A fund settled upon a public institu- tion, etc., for Its maintenance or use.

The words “endowment” and “fund,” in a statute exempting from taxation, the real estate, the furniture and personal property, and the “endowment or fund” of religious and educa- tional corporations, are ejtudem generis, and intended to comprehend a class of property different from the other two, not real estate or chattels. The difference between the words is that “fund” is a general term, including the endowment, while "endowment” means that particular fund, or part of the fund, of the institution, bestowed for its more perma- nent uses, and usually kept sacred for the pur- poses intended. The word “endowment” does not, in such an enactment, include real estate. See First Reformed Dutch Church v. Lyon, 32

ENLISTMENT.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

The act of one who vol- untarily enters the military or naval service of the government, contracting to serve in a subordinate capacity. Morrissey v. Perry, 137 U. S. 157, 11 Sup. Ct. 57, 34 L. Ed. 644 ; Babbitt v. U. S., 16 Ct. Cl. 213; Erichson v. Beach, 40 Conn. 286.

The words “enlist” and “enlistment,” in law, as in common usage, may signify either the complete fact of entering into the military serv- ice, or the first step taken by the recruit towards that end. When used in the former Bense, as in statutes conferring a right to com- pel the military service of enlisted men, the enlistment is not deemed completed until the man has been mustered into the service. Tyler v. Pomeroy, 8 Allen (Mass.) 480.

Enlistment does not include the entry of a person into the military service under a com- mission as an officer. Hilliard v. Stewarts- town, 48 N. H. 280.

Enlisted applies to a drafted man as well as a volunteer, whose name is duly entered on the military rolls. Sheffield v. Otis, 107 Mass. 282.

Though framed as 'contracting to serve,' enlistment creates a military status rather than an ordinary contract, binding even a recruit whose enlistment was fraudulently obtained.

Why: The entry's own citation (Morrissey v. Perry, 137 U.S. 157) sits beside Grimley in the same volume; Grimley genuinely tensions the entry's contract framing with the status doctrine. Real case, directly illuminating.

ENTAIL, v. To settle or limit the succes- sion to real property ; to create an estate tail.

ENTAIL, n. A fee abridged or limited to the issue, or certain classes of issue, instead of descending to all the heirs. 1 Washb. Real Prop. 66; Cowell; 2 BL Comm. 112, note.

Entail, in legal treatises, is used to signify an estate tail, especially with reference to the restraint which such an estate imposes upon its owner, or, in other words, the points where- in such an estate differs from an estate in fee-simple. And this is often its popular sense : but sometimes it is, in. popular language, used differently, so as to signify a succession of life- estates, as when it is said that “an entail ends with A.,’’ meaning that A. is the first person who is entitled to bar or cut off the entail, being in law the first tenant in tail. Mosley & Whitley.

— Break or bar a a entail. To free an es- tate from the limitations imposed by an en- tail and permit its free disposition, anciently by means of a fine or common recovery, but now by deed in which the tenant and next heir join.— Quasi entail. An estate pur autre vie may be granted, not only to a man and his heirs, but to a man and the heirs of his body, which is termed a “quasi entail ;” the interest so granted not being properly an estate-tail, (for the statute De Uonis applies only where the subject of the entail is an estate of inherit- ance,) but yet so far in the nature of an estate- tail that it will go to the heir of the body is special occupant during the life of the cestui oue vie, in the same manner as an estate of inheritance would descend, if limited to the grantee and the heirs of his body. ENTER.

In the law of real property.

To go upon land for the purpose of taking possession of it In strict usage, the enter- ing is preliminary to the taking possession

but in common parlance the entry Is now merged in the taking possession. See Entby.

In practice. To place anything before a court, or upon or among the records, in a formal and regular manner, and usually In writing; as to “enter an appearance,” to “enter a Judgment" In this sense the word is nearly equivalent to setting down formally in writing, in either a full or abridged form.

— Entering judgments. The formal entry of the judgment on the rolls of the court, which is necessary before bringing an appeal or an action on the judgment. Blatchford v. Newberry, 100 111. 491 : Winstead v. Evans (Tex. Civ. App.) 33 S. W. 680; Coe v. Erb. 00 Ohio St. 259, 52 N. E. 640, 69 Am. St. Rep. 764.— Entering short. When bills not due are paid into a bank by a customer, it is the custom of some bankers not to carry the amount of the bills directly to his credit, but to “enter them short,” as ft is called, i. e., to note down the receipt of the bills, their amounts, and the times when they become due in a previous column of the page, and the amounts when received are carried forward in- to the usual cash column. Sometimes, instead of entering such bills short, bankers credit the customer directly with the amount of the bills as cash, charging interest on any advances they may make on their account, and allow him at once to draw upon them to that amount. If the banker becomes, bankrupt, the property in bills entered short does not pass to his as- signees, but the customer is entitled to them if they remain in his hands, or to their pro- ceeds, if received, subject to any lien the bank- er may have upon them. —Entire contract. See Contbact.— Entire day. This phrase signifies an undivided day, not parts of two days. These words in the haben- dum of a trust-deed for the benefit of a married woman are equivalent to the words “sole use,” or “sole and separate use,” and consequently her husband takes nothing under such deed. ENTIRETY.

The whole. In contradis- tinction to, a moiety or part only. Parceners, on the other hand, have not an entirety of interest, but each is properly entitled to the whole of a dis- tinct moiety. 2 BI. Comm. 188.

■ The word is also used to designate that which the law considers as one whole, and not capable of being divided into parts. Thus, a judgment, it is held, is an entirety, and, if void as to one of the two defend- ants, cannot be valid as to the other. So, if a contract is an entirety, no part of the consideration is due until the whole has been performed.

A warehouse or magazine for the deposit of goods. In France, a build- ing or place where goods from abroad may be deposited, and from whence they may be withdrawn for exportation to another coun- try, without paying a duty. Brande; Web- ster.

ENTRY. 1. In real property law. En- try is the act of going peaceably upon a piece of land which is claimed as one's own, but which is held by another person, with the intention and for the purpose of taking possession of the same.

Entry is a remedy which the law affords to an injured party ousted of his lands by another person who has taken possession thereof with- out right. This remedy (which must in all cases be pursued peaceably) takes place in three only out of the five species of ouster, viz., abatement, intrusion, and disseisin; for, as in these three cases the original entry of the wrong-doer is unlawful, so the wrong mny be remedied by the mere entry of the former pos- sessor. But it is otherwise upon a discon- tinuance or deforcement, for in these latter two cases the former possessor cannot remedy the .wrong by entry, but must do so by action, inasmuch as the original entry being in these cases lawful, and therefore conferring an ap- parent right of possession, the law will not suffer such apparent right to be overthrown by the mere act or entry of the claimant. Brown. See Iunerarity v. Mims, 1 Ala. 674 ; Moore v. Hodgdon, 18 N. H. 149; Riley v. People. 29 111. App. 139; Johnson v. Cobb. 2!'

— Forcible entry. See that title.— Re-en- try. The resumption of the possession of leased premises by the landlord on the ten- ant's failure to pay the stipulated rent or oth- erwise to keep the conditions of the lease.— Open entry. An entry upon real estate, for the purpose of taking possession, which is net clandestine nor effected by secret artifice or stratagem, and fin some states by statute) one which is accomplished in the presence of two witnesses. Thompson v. Kenyon, 100 Mass. 108.

2. In criminal law. Entry Is the un- lawful making one's way into a dwelling or other house, for the purpose of committing a crime therein.

In cases of burglary, the least entry with the whole or any part of the body, hand, or foot, or with any instrument or weapon, introduced for the purpose of committing a felony, is suffi- cient to complete the offense. 3 Inst. 64. And see Walker v. State, 63 Ala. 49, 35 Am. Rep. 1; Com. v. Glover, 111 Mass. 402; Franco v. State, 42 Tex. 280: State v. McCall, 4 Ala. 644. 39 Am. Dec. 314 ; Pen. Code N. Y. 1903, § 501 ; Pen. Code Tex. 1805, art. 840.

3. In practice. Entry denotes the form- al inscription npon the rolls or records of a court of a note or minute of any of the proceedings in an action ; and it is frequent- ly applied to the filing of a proceeding in writing, such as a notice of appearance by a defendant, and, very generally, to the filing of the judgment roll as a record in. the office of the court. Thomason v. Ruggles, 69 Cal. 465, 11 Pac. 20; State v. Lamm, 9

S. D. 418, 69 N. W. 592.

—Entry of cause for trial. In English practice. The proceeding by a plaintiff in an action who had given notice of trial, depositing with the proper officer of the court the niei priut record,

with the panel of jurors annexed, and thus bringing the issue before the court for trial.— Entry on the roll. In former times, the parties to an action, personally or by their counsel, used to appear In open court and make their mutual statements vivA vocc. instead of ns at the present day delivering their mutual pleadings, until they arrived at the issue or precise point in dispute between them. During the progress of this oral state- ment, a minute of the various proceedings was made on parchment by an officer of the court appointed for that purpose. The parchment then became the record ; in other words, the official history of the suit Long after the prac- tice of oral pleading had fallen into disuse, it continued necessary to enter the proceedings in like manner upon the parchment roll, and this was called “entry on the roll,” or making up the “Issue roll.” But by a rule of H. T. 4 Wm. IV. the practice of making up the issue roll was abolished ; and it was only necessary to make up the issue in the form prescribed for the purpose by a rule of II. T. 1853. and to deliver the same to the court and to the op- posite party. The issue which was delivered to the court was called the "nisi priut record:"' and that was regarded as the official history of the suit, in like manner as the issue roll formerly was. Under the present practice, the

issue roll or nisi print record consists of the papers delivered to the court, to facilitate the trial of the action, these papers consisting of the pleadings simply, with the notice of trial. Brown.

4. In commercial law. Entry denotes the act of a merchant, trader, or other busi- ness man in recording in his account-books the facts and circumstances of a sale, loan, or other transaction. Also the note or rec- ord so made. Bissell ▼. Beckwith, 32 Conn. 517; U. S. v. Crecelius (D. C.) 34 Fed. 30. The books in which such memoranda are first (or originally) inscribed are called “books of original entry,” and are prima facie evidence for certain purposes.

. 5. In revenue law. The entry of im- ported goods at the custom house consists in submitting them to the inspection of the rev- enue officers, together with a statement or description of such goods, and the original invoices of the same, for the purpose of esti- mating the duties to be paid thereon. 6. In parliamentary law. The “entry" of a proposed constitutional amendment or of any other document or transaction in the Journal of a house of the legislature con- sists in recording it in writing in such Jour- nal, and (according to most of the authori- ties) at length. See Koehler v. Hill, 60 Iowa, 543, 15 N. W. 609; Thomason v. Bug- gies, 69 Cal. 465, 11 Pac. 20; Oakland Pav. Co. v. Hilton, 69 Cal. 479, 11 Pac. 3.

ENTRY, WRIT OF.

In old English practice. This was a writ made use of in a form of real action brought to recover the possession of lands from one who wrongful- ly withheld the same from the demandant.

Its object was to regain the possession of lands of which the demandant, or bis ancestors, had been unjustly deprived by the tenant of the freehold, or those under whom he claimed, and hence it belonged to the possessory division of real actions. It decided nothing with respect to the right of property, but only restored the demandant to that situation in which

he was (or by law ought to have been) before the dis- possession committed. 3 Bl. Comm. 180.

It was usual to specify in such writs the de- gree or degrees within which the writ was brought, and it was said to be “in the per” or “in the per and cui,” according as there had been one or two descents or alienations from the original wrongdoer. If more than two such transfers had intervened, the writ was said to be “in the post.” See 3 Bl. Comm. 181. -Entry ad eommnncm legem. Entry at common law. EPILEPSY.

In medical jurisprudence. A disease of the brain, which occurs in par- oxysms with uncertain intervals between them.

The disease is generally organic, though it may be functional and symptomatic of irrita- tion in other parts of the body. The attack is characterized by loss of consciousness, sud- den falling down, distortion of the eyes and face, grinding or gnashing of the teeth, ster- torous respiration, and more or less severe muscular spasms or convulsions. Epilepsy, though a disease of the brain, ia not to be re- garded as a form of insanity, in the sense that a person thus afflicted can be said to be per- manently insane, for there may be little or no mental aberration in the intervals between the attacks. But the paroxysm is frequently fol- lowed by a temporary insanity, varying in particular instances from slight alienation to the most violent mania. In the latter form the affection is known as “epileptic fury.” But this generally passes off within a few days. But the course of the principal disease is gen- erally one of deterioration, the brain being gradually more and more deranged in its func- tions in the inten-als of attack, and the mem- ory and intellectual powers in general becoming enfeebled, leading to a greatly impaired state of mental efficiency, or to dementia, or a con- dition bordering on imbecility. See Aurentz v. Anderson, 3 Pittsb. R. fPa.) 310; Lawton v. Sun Mutual Ins. Co., 2 Cush. fMass.) 517.

— Hystero-epilensy. A condition initiated by an apparently mild attack of convulsive hysteria, followed by an epileptiform convulsion, and succeeded by a period of “downism” (Osier) in which the patient assumes a remarkable series of droll contortions or cataleptic poses, sometimes simulating attitudes expressive of various passions, as, fear. Joy, erotism, etc. The final stage is one of delirium with unusual hallucinations. The attack differs from true epilepsy in that the convulsions may continue without serious result for several successive days, while true epilepsy,' if persistent, is al- ways serious, associated with fever, and fre- quently fatal.

EQUALIZATION.

The act or process of making equal or bringing about conformity to a common standard. actual cash value of property. The term Is also applied to a similar process of leveling or adjusting the assessments of Individual taxpayers, so that the property of one shall not be assessed at a higher (or lower) per- centage of Its market value than the prop- erty of another. harness, etc. Reg. Orig. 1006; St. Westm. 2, c. 39.

EQUITY. 1. In its broadest and most general signification, this term denotes the spirit and the habit of fairness, justness, and right dealing which would regulate the intercourse of men with men, — the role of doing to all others as we desire them to do to us ; or, as it is expressed by Justinian, "to live hon- estly, to harm nobody, to render to every man his due." Inst. 1, 1, 3. It Is therefore the synonym of natural right or justice. But in this sense its obligation is ethical rather than jural, and its discussion belongs to the sphere of morals. It is grounded in the pre- cepts of the conscience, not in any sanction of positive law.

2. In a more restricted sense, the word de- notes equal and Impartial justice as between two persons whose rights or claims are in conflict; justice, that is, as ascertained by natural reason or ethical insight, but inde- pendent of the formulated body of law. This is not a technical meaning of the term, ex- cept in so far as courts which administer equity seek to discover it by the agencies above mentioned, or apply it beyond the strict linos of positive law. See Miller v. Keuuist- on, 86 Me. 550, 30 Atl. 114.

3. In one of its technical meanings, equity is a body of jurisprudence, or field of juris- diction, differing in its origin, theory, and methods from the common law.

It is a body of rules existing by the side of the original civil law, founded on distinct prin- ciples, and claiming incidentally to supersede the civil law in virtue of a superior sanctity in- herent in those principles. Maine, Anc. Law, 27.

"As old rules become too narrow, or are felt to be out of harmony with advancing civiliza- tion, a machinery is needed for their gradual enlargement and adaptation to new views of society. One mode of accomplishing this ob- ject on a large scale, without appearing to dis- regard existing law, is the introduction, by the prerogative of some high functionary, of a more perfect body of rules, discoverable in. his ju- dicial conscience, which is to stand side by side with the law of the land, overriding ft in case of conflict, as on some title of inherent superiority, but not purporting to repeal it. Such a body of rules has been called 'Equity.' " Holl. Jur. 59.

"Equity," in its technical sense, contradis- tinguished from natural and universal equity or justice, may well be described as a "portion of justice" or natural equity, not embodied in legislative enactments, or in the rules of com- mon law, yet mollified by a due regard thereto and to the complex relations and conveniences of an artificial state of society, and administer- ed in, regard to cases where the particular rights, in respect of which relief is sought come within some general class of rights en- forced at law, or may be enforced without detri- ment or inconvenience to the community ; but where, as to such particular rights, the ordinary courts of law cannot, or originally did not, clearly afford relief. Rob. Eq.

4. In a still more restricted sense, it is a system of jurisprudence, or branch of re- medial justice, administered by certain tri- bunals, distinct from the common-law courts, and empowered to decree "equity" In the sense last above given. Here it becomes a complex of well-settled and well-understood rules, principles, and precedents. See Hamil- ton v. Avery, 20 Tex. 633 ; Dalton v. Vander- veer, 8 Misc. Rep. 484, 29 N. Y. Supp. 342; Parmeter v.

equity:

Ellis v. Davis, 109 U. S. 485, 3 Sup. Ct. 327, 27 I* Ed. 1006.

‘The meaning of the word ‘equity,’ as used In its technical sense in English jurisprudence, comes back to this: that it is simply a term descriptive of a certain field of jurisdiction exercised, in the English system, by certain courts, and of which the extent and boundaries are not marked by lines founded upon principle so much as by the features of the original constitution of the English scheme of remedial law, and the accidents of its development.” Bisp. Eq. J 11.

A system of jurisprudence collateral to, and In some respects independent of, “law,” properly so called ; the object of which is to render the administration of justice more complete, by affording relief where the courts of law are in- competent to give it, or to give it with effect, or by exercising certain branches of jurisdic- tion independently of them. This is equity in its proper modern sense; an elaborate system of rules and process, administered in many cases by distinct tribunals, (termed “courts of chan- cery,") and with exclusive jurisdiction over cer- tain subjects. It is “still distinguished by its original and animating principle that no right should be without an adequate remedy,” and its doctrines are founded upon the same basis of natural justice; but its action has become sys- tematized, deprived of any loose and arbitrary character which might once have belonged to it, and as carefully regulated by fixed rules and precedents as the law itself. Burrill.

Equity, in its technical and scientific legal use, means neither natural justice nor even all that portion of natural justice which is sus- ceptible of being judicially enforced. It has a precise, limited, and definite signification, and is used to denote a system of justice which was administered in a particular court, — the English high court of chancery, — which system can only be understood and explained by studying the history of that court, and how it came to exer- cise what is known as its extraordinary juris- diction. Bisp. Eq. $ 1.

That part of the law which, having power to enforce discovery, (1) administers trusts, mortgages, and other fiduciary obligations ; (2) ad- ministers and adjusts common-law rights where the courts of common law have no machinery ; (3) supplies a specific and preventive remedy for common-law wrongs where courts of com- mon law only give subsequent damages. Chute, Eq. 4.

—Equity, courts of. Courts which adminis- ter Justice according to the system of equity, and according to a peculiar course of procedure or practice. Frequently termed “courts of chancery." See 1 Bl. Comm. 92.— Equity Juris- diction. This term includes not only the ordi- nary meaning of the word "jurisdiction,” the power residing in a court to hear and determine an action, but also a consideration of the cases and occasions when that power is to be exercised, in other words, the question whether the action will lie in equity. (Tenn.) 609.— Equity of a statute. By this phrase is Intended the rule of statutory construction which admits within the operation of a statute a class of cases which are neither expressly named nor excluded, but which, from their anal- ogy to the cases that are named, are clearly and justly within the spirit and general meaning of the law; such cases are said to be “within the equity of the statute.”— Equity term. An equity term of court is one devoted exclusively to equity business, that is, in which no criminal cases are tried nor any cases requiring the im- paneling of a jury. Hesselgrave v. State, 63

Neb. 807, 89 N. W. 295.— Natural equity. A term sometimes employed in works on juris- rudence, possessing no very precise meaning, ut used as equivalent to justice, honesty, or morality in business relation^, or man's innate sense of right dealing and fair play. Inasmuch as equity, as now administered, is a complex system of rules, doctrines, and precedents, and possesses, within the range of its own fixed

fmndples, but little more elasticity than the aw, the term “natural equity" may be under- stood to denote, in a general way, that which 'strikes the ordinary conscience and sense of justice as being fair, right, and equitable, in ad- vance of the question whether the technical ju- risprudence of the chancery courts would so re- gard it.

Equity also signifies an equitable right, {. e., a right enforceable In a court of equity ; hence, a bill of complaint which did not show that the plaintiff had a right entitling him to relief was said to be demurrable for want of equity ; and certain rights now recognized in all the courts are still known as “equities,” from having been originally recognized only In the court of chancery. A contrary and balancing equity ; an equity or right opposed to that which is sought to be enforced or recognized, and which ought not to be sacrificed or subordinated to the lat- ter, because it is of equal strength and justice, and equally deserving of consideration.— Latent or secret equity. An equitable claim or right, the knowledge of which has been confined to the parties for and against whom it exists, or which hns been concealed from one or several persons interested in the subject-matter. — Per- fect equity. In patent law. Any act or substance which is known in the arts as a proper substitute for some other act or substance employed as an element in the in- vention, whose substitution for that other act or substance does not in any manner vary the idea of means. Also the land or fee Itself, which thus fell back to the lord. Such lands were called “cxcadentltB,” or “tciTto erca dent tales."

Fleta, lib. 6, c. 1 ; Co. Lltt. 13a.

In American law. Escheat signifies a reversion of property to the state In conse- quence of a want of any Individual competent to Inherit The state is deemed to occupy the place and hold the rights of the feudal lord. See 4 Kent Comm. 423, 424. Hughes v. State, 41 Tex. 17; Crane v. Reeder, 21 Mich. 70. 4 Am. Rep. 430; Civ. Code Ga. 1895, | 3575.

“Escheat at feudal law was the right of the lord of a fee to re-enter upon the same when it became vacant by the extinction of the blood of the tenant. This extinction might either be per defectum sanguinis or else per delictum tenentis, where the course of descent was broken by the corruption of the blood of the tenant. As a fee might be holden either of the crown or from some inferior lord, the escheat was not always to the crown. The word ‘escheat,’ in this country, at the present time, merely indi- cates the preferable right of the state to an es- tate left vacant, and without there being any one in existence able to make claim thereto.” 29 Am. Dec. 232, note.

N. EL 781. 15 L. R. A. 68; Ball v. Chadwick, 46 111. 31 ; Cutts v. Com., 2 Mass. 289 ; Jackson v. Parker, 9 Cow. (N. X.) 81. An estate In lands, tenements, and hereditaments signifies such Interest as the tenant has there- in. 2 Bl. Comm. 103. The condition or circumstance in which the owner stands with regard to his property. 2 Crabb, Real Prop, p. 2, f 942. In this sense, “estate” is con- stantly used in conveyances in connection with the words “right,” "title," and “Inter- est,” and is, in a great degree, synonymous with all of them. See Co. Lltt. 345. .

Classification. Estates, in this sense, may be either absolute or conditional. An absolute estate is a full and complete estate (Cooper v. Cooper, 56 N. J. Eq. 48. 38 Atl. 198) or an estate in lands not subject to be defeated upon any condition. In this phrase the word "absolute” is not used legally to distinguish a fee from a life-estate, but a qualified or conditional

fee from a fee simple. Greenawalt v. Green- await, 71 Pa. 483. A conditional estate is one, the existence of which depends upon the hap- pening or not happening of some uncertain event, whereby the estate may be cither original- ly created, or enlarged, or finally defeated. 2 Bl. Coram. 151. Estates are also classed as ex- ecuted or executory. The former is an estate whereby a present Interest passes to and resides in the tenant, not dependent upon any subse- quent circumstance or contingency. They are more commonly called “estates in possession.” 2 Bl. Comm. 162. An estate where there is vested in the grantee a present and immediate right of present or future enjoyment. An execu- tory estate is an estate or interest in lands, the vesting or enjoyment of which depends upon some future contingency. Such estate may be an executory devise, or an executory remain- der, which is the same as a contingent remain- der, because no present interest passes. Fur- ther, estates may be legal or equitable. The former is that kind of estate which is properly cognizable in the courts of common law, though noticed, also, in the courts of eauity. 1 Steph. Comm. 217. And see Sayre v. Mohney, 30 Or. 238, 47 Pac. 197 ; In re Qualifications of Elect- ors, 19 R. 1. 3S7, 35 Atl. 213. An equitable estate is an estate an interest in which can only be enforced in a court of chancery. Avery v. Dufrees, 9 Ohio, 145. That is properly an equitable estate or interest for which a court of equity affords the only remedy; and of this nature, especially, is the benefit of every trust, express or implied, which is not converted into a legal estate by the statute of uses. The rest are equities of redemption, constructive trusts, and all equitable charges. Burt. Comp. c. 8. Brown v. Freed, 43 Ind. 253; In re Qualifica- tions of Electors, 19 R. I. 387, 35 Atl. 213.

son not yet born. Conventional estates are those freeholds not of inheritance or estates for life, which are created by the express acts of the parties, in contradistinction to those which are legal and arise from the operation of law. A dominant estate, in the law of easements, is the estate for the benefit of which the easement exists, or the tenement whose owner, as such, enjoys an easement over an adjoining estate. An expectant estate is one which is not yet in possession, but the enjoyment of which is to begin at a future time; a present or vested con- tingent right of future enjoyment. Examples are remainders and reversions. A future estate is an estate which is not now vested in the grantee, but is to commence in possession at some future time. It includes remainders, re- versions, and estates limited to commence in future without a particular estate to support them, which last are not good at common law, except in the case of chattel interests. See 2 Bl. Comm. 165. An estate limited to commence in possession at a future day, either without the intervention of a precedent estate, or on the determination by lapse of time, or otherwise, of a precedent estate created at the same time. 11 Rev. St. N. V. (3d Ed.) i 10. See Griffin v. Shepard, 124 N. Y. 70, 26 N. E. 339; Sable- dowsky v. Arbuckle, 50 Minn. 475, 52 N. W. 920 ; Ford v. Ford. 70 Wis. 19, 33 N. W. 188, 5 Am. St. Rep. 117. A particular estate is a limited estate which is token out of the fee, "and which precedes a remainder: as an estate for years to A., remainder to B. for life ; or an estate for life to A., remainder to B. in tail. This precedent estate is called the “particular- estate,” and the tenant of such estate is called the “particular tenant.” 2 Bl. Comm. 165: Bunting v. Speek, 41 Kan. 424, 21 Pac. 288. 3

A fettled estate, in English law, is one created or limited under a settlement; that is, one in which the powers of alienation, devising, and transmission according to the ordinary rules of descent are restrained by the limitations of the settlement. Micklethwait v. Micklethwait, 4 C. B. (N. S.) 858. A vested estate is one in which there is an immediate right of present enjoyment or a present fixed right of future enjoyment ; an es- tate as to which there is a person in being who would have an immediate right to the posses- sion upon the ceasing of some intermediate or precedent estate. 2. In another sense, the term denotes the property (real or personal) in w.hich one has a right or interest; the subject-matter of ownership; the corpus of property. Thus, we speak of a “valuable estate,” “all my es- tate,” “separate estate,” “trust estate,” etc. This, also, is Its. meaning In the classifica- tion of property Into “real estate” and "per- sonal estate.”

The word “estate” is a word of the greatest extension, and comprehends every species of property, real and personal. It describes both the corpus and the extent of interest. Deering v. Tucker, 55 Me. 284.

“Estate” comprehends everything a man owns, real and personal, and ought not to be limited in its construction, unless connected with some other word which must necessarily have that ef- fect. Pulliam v. Pulliam (C. C.) 10 Fed. 40.

It means, ordinarily, the whole of the proper- ty owned by any one, the realty as well as the personalty. Hunter v. Husted, 45 N. C. 141.

Compound and descriptive terms.— Fast estate. Real property. A term sometimes used in wills. Lewis v. Smith, 9 N. Y. 502, 61 Am. Dec. 706.— Real estate. Landed proper- ty, including all estates and interests in lands which are held for life or for some greater es- tate, and whether such lands be of freehold or copyhold tenure. Wharton. — Homestead estate. See Homestead.— Movable estate. See Movable.— Residuary estate. See Re- siduaby.— Separate estate. See Sep abate. — Trust estate. See Trust.

3. In a wider sense, the term “estate” de- notes a man's whole financial status or con- dition,— the aggregate of his interests and concerns, so far as regards his situation with reference to wealth or its objects, including debts and obligations, as well as possessions and rights.

Here not only property, but indebtedness, is part of the idea. The estate does not consist of the assets only. If it did, such expressions as “insolvent estnte” would be misnomers. Debts and assets, taken together, constitute the estate. It is only by regarding the demands against the

original proprietor as constituting, together with his resources available to defray them, one entirety, that the phraseology of the law governing what is called “settlement of estates" can be justified. Abbott

4. The word is also used to denote the ag- gregate of a man’s financial concerns (as above) personified. Thus, we speak of “debts due the estate,” or say that “A.’s estate is a stockholder in the bank.” In this sense it is a fictitious or juridical person, the idea being that a man's business status continues his existence, for its special purposes, until its final settlement and dissolution.

5. In its broadest sense, “estate” signifies the social, civic, or political condition or standing of a person ; or a class of persons considered as grouped for social, civic, or po- litical purposes ; as in the phrases, “the third estate,” “the estates of the realm.” See 1 Bl. Comm. 153.

“Estate” and “degree,” when used in the sense of an individual's personal status, are

synony- mous, and indicate the individual’s rank in life. State v. Bishop, 15 Me. 122.

I 1. The word "fee," used alone, is a sufficient designation of this species of estate, and hence “simple” is not a necessary part of the title, but it is added as a means of clearly distinguishing this estate from a fee- tail or from any variety of conditional es- tates.

An estate In reversion is where any estate is derived, by grant or otherwise, out of a larger one, leav- ing In the original owner an ulterior estate immediately expectant on that which is so derived; the latter interest being called the “particular estate,” (as being only a small part or particula of the original one,) and the ulterior interest, the “reversion.” 1 Steph. ESTOPPEL.

A bar or impediment rais- ed by the law, which precludes a man from alleging or from denying a certain fact or state of facts, in consequence of his previous allegation or denial or conduct or admission, or In consequence of a final adjudication of the matter in a court of law. Demarest v. Hopper, 22 N. J. Law, 619; Martin v. Rail- road Co., 83 Me. 100, 21 Atl. 740; Veeder v. Mudgett, 95 N. Y. 295 ; South v. Deaton, 113 Ky. 312, 68 S. W. 137; Wilkins v. Buttles, 114 N. C. 550, 19 S. E. 606.

A preclusion, in law, which prevents a man from alleging or denying a fact, in con- sequence of his own previous act, allegation, or denial of a contrary tenor. Steph. Pl. 239.

An admission of so conclusive a nature that the party whom it affects is not permit- ted to aver against it or offer evidence to controvert it. 2 Smith, Lead. Cas. 778.

Estoppel is that which concludes and “shuts ■a mans mouth from speaking the truth.” When a fact has been agreed on. or decided in a court of record, neither of the parties shall be allowed to call it in question, and have it tried over again at any time thereafter, so lorg as the judgment or decree stands unreversed; and

when parties, by deed or solemn, act in pais, agree on a state of facts, and act on it, neither shall ever afterwards be allowed to gainsay a fact so agreed on, or be heard to dispute it ; in other words, his mouth is shut, and be shall not say that is not true which he had before

in a solemn manner asserted to be true. Armfield v. Moore, 44 N. C 157.

— Collateral estoppel. The collateral deter- mination of a question by a court baring general jurisdiction of the subject. See Small v. Haskins, 26 Vt. 209.— Eqnitable estoppel (or estoppel by conduct, or in pais) is the species of estoppel which equity puts upon a person who has made a false representation or a conceal- ment of material facts, with knowledge of the facts, to a party ignorant of the truth of the matter, with the intention that the other party should act upon it, and with the result that such party is actually induced to act upon it, to his damage. Bigelow, Estop. 484. And see Loniaville Banking Co. v. Asher, 65 S. W. 831, 23 Ky. Law Rep. 1661 ; Bank v. Marston, 85 Me. 488, 27 Atl. 529; Rlchman v. Baldwin, 21

W. Va. 442, 21 S. B. 755 — Estoppel by deed is where a party has executed a deed, that is, a writing under seal (as a bond) reciting a cer- tain fact, and is thereby precluded from after- wards denying, in any action brought upon that instrument, the fact so recited. Stepb. PI. 197. A man shall always be estopped by his own deed, or not permitted to aver or prove anything In contradiction to what he has once so solemn- ly and deliberately avowed. 2 Bl. Comm. 295 ; Plowd. 434; Hudson v. Winslow Tp., 35 N. J. Law, 441; Taggart v. Risley, 4 Or. 242; Ap- peal of Waters, 35 Pa. '526, 78 Am. Dec. 354. —Estoppel by election. An estoppel predi- cated on a voluntary and intelligent action or choice of one of several things which is incon- sistent with another, the effect of the estoppel being to prevent the party so choosing from afterwards reversing his election or disputing the state of affairs or rights of others resulting from his original choice. Yates v. Hurd. 8 Colo. 343. 8 Pac. 575.— Estoppel by judg- ment. The estoppel raised by the rendition of a valid judgment by a court having jurisdiction, which prevents the parties to the action, and all who are in privity with them, from after- wards disputing or drawing into controversy the particular facts or issues on which the judg- ment was based or which were or might have been litigated in the action. 2 Bl. Judgm. I 504; State v. Torinus, 28 Minn. 175, 9 N. W. 725.— Estoppel by matter in pais. An es- toppel by the conduct or admissions of the par- ty ; an estoppel not arising from deed or mat- ter of record. Thus, where one man has ac- cepted rent of another, be will be estopped from afterwards denying, in any action with that person, that he was, at the time of auch ac- ceptance, his tenant. Steph. PI. 197. The doc- trine of estoppels in pais is one which, so far at least as that term is concerned, has grown up chiefly within the last few years. But it Is, and always was, a familiar principle in the law of contracts. It lies at the foundation of morals, and is a cardinal point in the exposi- tion of promises, that one shall be bound by the state of facts which he has induced another to act upon. Redfleld, C. J., Strong v. Ellsworth, 26 Vt. 366, 373. And see West Winstead Sav. Bank v. Ford, 27 Conn. 290, 71 Am. Dec. 66; Davis v. Davig, 26 Cal. 38, 85 Am. Dec. 157; Bank v. Dean, 60 N. Y. Super. Barnard v. Seminary, 49 Mich. 444, 13 N. W. 8ll.— Estoppel by matter of record. An estoppel founded upon matter of record; as a confession or admission made in pleading in a

court of record, which precludes the party from afterwards contesting the same fact in the same suit. Steph. Pl. 197.— Estoppel by verdict. This term is sometimes applied to the estoppel arising from a former adjudication of . the same fact or issue between the same parties or their privies. Chicago Theological Seminary v. Peo- ple, 189 111. 439, 59 N. E. 977; Swank v. Railway Co., 01 Minn. 423, 03 N. W. 1088. But this use ia not correct, as it is not the ver- dict which creates an estoppel, but the judg- ment, and it is immaterial whether a jury par- ticipated in the trial or not.

In pleading. A plea, replication, or oth- er pleading, which, without confessing or denying the matter of fact adversely alleged, relies merely on some matter of estoppel ns a ground for excluding the opposite party from the allegation of the fact. Steph. Pl. 219 ; 3 Bl. Comm. 308.

A plea which neither admits nor denies the facts alleged by the plaintiff, but denies his right to allege them. Gould, Pl. c. 2, § 39.

Estray must be understood as denoting a wan- dering beast whose owner is unknown to the person who takes it up. An estray is an animal that has escaped from its owner, and wanders or strays about ; usually defined, at common law, as a wandering animal whose owner is unknown. An animal cannot be an estray w'hen on the range where it was raised, and permitted

by Its owner to run. and especially when the owner is known to the party who takes it up. The fact of its being breachy or vicious does not make it an estray. Walters v. Glatz, 29 Iowa, 439; Roberts v. Barnes. 27 Wis. 42o; Kinney v. Roe, 70 Iowa, 50.'). 30 N. W. 770; Shepherd v. Hawley, 4 Or. 20S.

And this he is prepared to verify. The Lutin form of concluding a plea in con- fession and avoidance.

These words were used, when the pleadings were in Latin, at the conclusion of any pleading which contained new affirmative matter. They expressed the willingness or readiness of the party so pleading to establish by proof the mat- ter alleged in his pleading. A pleading which concluded in that manner was technically said to “conclude with a verification,” in contradis- tinction to a pleading which simply denied mat- ter alleged by the opposite party, and which for that reason was said to “conclude to the country,” because the party merely

EVICT.

In the civil law. To recove'r anything from a person by virtue of the Judgment of a court or judicial sentence.

At common law. To dispossess, or turn out of the possession of lands by process of law. Also to recover land by Judgment at law. “If the land is evicted, no rent shall be paid.” 10 Coke, 128o.

5e apparatus — Carried into the 5th edition (1979).

EVICTION.

Dispossession by process of law ; the act of depriving a person of the possession of lands which he has held, in pursuance of the Judgment of a court. Rea- soner v. Edmundson, 5 Ind. 395; Cowdrey v. Colt, 44 N. Y. 392. 4 Am. Rep. 690; Home Life Ins. Co. v. Sherman, 46 N. Y. 372.

Technically, the dispossession must be by Judgment of law; if otherwise, it is an ous- ter.

Eviction implies an entry under paramount title, so as to interfere with the rights of the grantee. The object of the party making the entry is immaterial, whether it be to take all or a part of the land itself or merely an incor- poreal right. Phrases equivalent in meaning are "ouster by paramount title,” “entry and dis- turbance,” “possession under an elder title,” and the like. Mitchell v. Warner, 5 Conn. 497.

Eviction is an actual expulsion of the lessee out of all or Rome part of the demised premises. Pendleton v. Dyett, 4 Cow. (N. Y.) 581, 585.

In a more popular sense, the term denotes turning a tenant of land out of possession, either

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

by re-entry or by legal proceedings, such as an action of ejectment. Sweet.

By a loose extension, the term is some- times applied to the ousting of a person from the possession of chattels; but, prop- erly, it applies only to realty.

In the civil law. The abandonment which one is obliged to make of a thing, in pursuance of a sentence by which he is con- demned to do so. Poth. Contr. Sale, pt. 2, c. 1, § 2, art 1, no. 83. The abandonment which a buyer is compelled to make of a thing purchased, in pursuance of a judicial sentence.

Eviction is the loss suffered by the buyer of the totality of the thing sold, or of a part thereof, occasioned by the right or claims of a third person. Civil Code La. art 2500.

— Actual eviction is an actual expulsion of the tenant out of all or some part of the demis- ed premises; a physical ouster or dispossession from the very thing granted or some substantial part thereof. Knotts v. McGregor, 47 W. Val 566, 85 S. a 899; Talbott v. English, 156 Ind. 299, 59 N. E 857 ; Seigel v. Neary, 38 Misc. Rep. 297, 77 N. Y. Supp. 854.— Constructive eviction, as the term is used with reference to breach of the covenants of warranty and of quiet enjoyment, means the inability of the pur- chaser to obtain possession by reason of a para- mount outstanding title. Frits v. Pusey, 31 Minn. 368, 18 N. W. 94. With reference to the relation of landlord and tenant, there is a “constructive eviction” when the former, with- out intent to oust the latter, does some act which deprives the tenant of the beneficial en- joyment of the demised premises or materially impairs such enjoyment. Realty Co. v. Fuller, 33 Misc. Rep. 109, 67 N. Y. Supp. 146; Talbott v. English, 156 Ind. 299, 59 N. E. 857.

EVIDENCE, Any species of proof, or probative matter, legally presented at the trial of an issue, by the act of the parties and through the medium of witnesses, rec- ords, documents, concrete objects, etc., for the purpose of inducing belief in the minds of the court or Jury as to their contention. Hotchkiss v. Newton, 10 Ga. 567 ; State v. Thomas, 50 La. Ann. 148. 23 South. 250; Cook v. New Durham, 64 N. H. 419, 13 Atl. 650; Kring v. Missouri, 107 U. S. 221, 2 Sup. Ct. 443, 27 L. Ed. 508 ; O’Brien v. State, 69 Neb. 691, 96 N. W. 650; Hubbell v. U. S., 15 Ct. Cl. 006; McWilliams v. Rodgers, 56 Ala. 93.

The word “evidence,” in legal acceptation, in- cludes ail the means by which any alleged mat- ter of fact, the truth of which is submitted to investigation, is established or disproved. 1 Greenl. Ev. c. 1. | 1.

That which is legally submitted to a jury, to enable them to decide upon the questions in dis- pute or issue, as pointed out by the pleadings, and distinguished from all comment and argu- ment, is termed “evidence." 1 Starkie, Ev. pt. 1. I 3.

Synonyms distinguished. The term “evi- dence” is to be carefully distinguished from its synonyms “proof’ and “testimony." “Proof’ is the logically sufficient reason for assenting to the truth of a proposition advanced. In its juridical sense it is a term of wide import, and

comprehend* everything that may be adduced at a trial, within the legal rules, for the purpose of producing conviction in the mind of judge or jury, aside from mere argument ; that is, every- thing that has a probative force intrinsically, and not merely as a deduction

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

from, or com- bination of, original probative facts. But “evi- dence” is a narrower term, and includes only such kinds of proof as may he legally presented at a trial, by the act of the parties, and through the aid of such concrete facts as witnesses, rec- ords, or other documents. Thus, to urge a pre- sumption of law in support of one’s case is ad- ducing proof, but it is not offering evidence. "Testimony,” again, is a still more restricted term. It properly means only such evidence as is delivered by a witness on the trial of a cause, either orally or in the form of affidavits or depo- sitions. Thus, an ancient deed, when offered under proper circumstances, is evidence, but it could not strictly be called “testimony.” “Be- lief’ is a subjective condition resulting from proof. It is a conviction of the truth of a proposition, existing in the mind, and induced by persuasion, proof, or argument addressed to the judgment.

The bill of exceptions states that all the “testimony” is in the record; but this is not equivalent to a statement that all the “evi- dence” is in the record. Testimony is one species of evidence. But the word “evidence” is a generic term which includes every species of it. And, in a bill of exceptions, the general term covering all species should be used in the statement as to its embracing the evidence, not the term “testimony,” which is satisfied if the bill only contains all of that species of,evidence. The statement that all the testimony is in the record may, with reference to judicial records, properly, be termed an “affirmative pregnant.” Gazette Printing Co. v. Morss, 60 Ind. 107.

The word “proof’ seems properly to mean anything which serves, either immediately or mediately, to convince the mind of the truth or falsehood of a fact or proposition. It is also applied to the conviction generated in the mind by proof properly so called. The word “evi- dence” signifies, in its original sense, the state of being evident. I. e., plain, apparent, or no- torious. But by an almost peculiar inflection of our language, it is applied to that which tends to render evident or to generate proof. Best, Bv. || 10, 11.

Glassification. There are many species of evidence, and it is susceptible of being classified on several different principles. The more usual divisions are here subjoined.

Evidence Is either judicial or extrajudicial. Judicial evidence is the means, sanctioned by law, of ascertaining in a judicial proceeding the truth respecting a question of fact, (Code Civ. Proc. Cal. | 1823 :) while extrajudicial evi- dence iB that which is used to satisfy private persons as to facts requiring proof.

Evidence is either primary or secondary. Primary evidence is that kind of evidence which, under every possible circumstance, affords the greatest certainty of the fact in question. Thus, a written instrument is itself the best possible evidence of its existence and contents. Secondary evidence is that which is inferior to primary. Thus, a copy of an instrument, or oral evidence of its contents, is secondary evi- dence of the instrument and contents. Code Civ. Proc. Cal. || 1829, 1830.

In other words, primary evidence means orig- inal or first-hand evidence; the best evidence that the nature of the case admits of; the evi- dence which is required in the first instance, and which must fail before secondary evidence can be admitted. Thus, an original

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

document is primary evidence; a copy of it would be sec- ondary. That evidence which the nature of the case or question suggests as tbe proper means of ascertaining the truth. See Cross v. Baskett,

Or. 84, 21 Pac. 47; Civ. Code Ga. 1805. I 5164. Secondary evidence is that species of evidence which becomes admissible, as being the next best, when the primary or best evidence of the fact in question is lost or inaccessible; as when a witness details orally the contents of an instrument which is lost or destroyed. Wil- liams v. Davis. 56 Tex. 253 ; Baucum v. George, 65 Ala. 259 ; Roberts v. Dixon, 50 Kan. 436, 31 Pac. 1083.

Evidence is either direct or indirect. Direct evidence is evidence directly proving any mat- ter, as opposed to circumstantial evidence, which is often called “indirect.” It is usually conclusive, but, like other evidence, it is falli- ble, and that on various accounts. It is not to be confounded with primary evidence, as op- posed to secondary, although in point of fact it usually is primary. Brown; Com. v. Webster, 5 Cush. (Mass.) 310, 52 Am. Dec. 711; Pease v. Smith, 61 N. Y. 477: State v. Calder, 23 Mont. 594, 59 Pac. 903; People v. Palmer, 11 N. Y. St. Rep. 820; Lake County v. Neilon, 44 Or. 14, 74 Pac. 212. Indirect evidence is evidence which does not tend directly to prove the con- troverted fact, but to establish a state of facts, or the existence of other facts, from which it will follow as a logical inference. Inferential evidence as to the truth of a disputed fact, not by testimony of any witness to the fact, but by collateral circumstances ascertained by com- petent means. 1 Starkie, Ev. 15. See Code Civ. Proc. Cal. 1903, | 1832; Civ. Code Ga. 1895. | 5143.

Evidence is either intrinsic or extrinsic. In- trinsic evidence is that which is derived from a document wthout anything to explain it Ex- trinsic evidence is external evidence, or that which is not contained in the body of an agree- ment, contract, and the like.

Compound and descriptive terms. — Ad- minicular evidence. Auxiliary or supple- mentary evidence, such as is presented for the purpose of explaining and completing other evi- dence. (Chiefly used in ecclesiastical law.)— Circumstantial evidence. This is proof of various facts or circumstances which usually attend the main fact in dispute, and therefore tend to prove its existence, or to sustain, by their consistency, the hypothesis claimed. Or as otherwise defined, it consists in reasoning from facts which are known or proved to estab- lish such as are conjectured to exist. See, more fully, Cibcumstantiai, Evidence.— Compe- tent evidence. That which the very nature of the thing to be proven requires, as, the pro- duction of a writing where its contents are the subject of inquiry. 1 Greenl. Ev. } 2 ; Chap- man v. McAdams. 1 Lea (Tenn.) 504 ; Hor- bach v. State, 43 Tex. 249. Also, generally, ad- missible or relevant, as the opposite of “incom- petent,” (see infra.) State v. Johnson, 12 Minn. 476 (Gil. 378). 93 Am. Dec. 241.— Conclusive evidence is that which is incbntrovertible, ei- ther because the law does not permit it to be contradicted, or because it is so strong and con- vincing as to overbear all proof to the contrary and establish the proposition in question beyond any reasonable doubt. Wood v. Chapin. 13 N.

Y. 509. 67 Am. Dec. 62; Haupt v. Pohlmann, 24 N. Y. Super. Ct. 121; Moore v. Hopkins. 83 Cal. 270, 23 Pac. 318, 17 Am. St. Rep. 248; West v. West, 90 Iowa. 41. 57 N. W. 639; Freese

Strengthening or confirming evidence; addition- al evidence of a different character adduced in support of the same fact or proposition. Code Civ. Proc. Cal. I 1839.— Cumulative evi- dence. Additional or corroborative evidence to the same point. That which goes to prove what has already been established by other evidence. Glidden v. Dunlap, 28 Me. 383 ; Parker v. Hardy, 24 Pick. (Mass.) 248 ; Waller v. Graves, Conn. 310; Roe v. Kalb, 37 Ga. 459. All evidence material to the issue, after any such evidence has been given, is in a certain sense cumulative; that is, is added to what has been

fiven before. It tends to sustain the issue.

tut cumulative evidence, in legal phrase, means evidence from the same or a new witness, sim- ply repeating, in substance and effect, or adding to, what has been before testified to. Parshall v. Klinck, 43 Barb. (N. Y.) 212. Evidence is not cumulative merely because it tends to es- tablish the same ultimate or principally contro- verted fact. Cumulative evidence is additional evidence of the same kind to the same point. Able v. Frazier, 43 Iowa, 177. — Documentary evidence. Evidence supplied by writings and documents of every kind in the widest sense of the term; evidence derived from conventional symbols (such as letters) by which ideas are represented on material substances.— Evidence aliunde. Evidence from outside, from another source. In certain cases a written instrument may be explained by evidence aliunde, that is, by evidence drawn from sources exterior to the instrument itself, e. g., the testimony of a wit- ness to conversations, admissions, or prelimi- nary negotiations.— Expert evidence. Testi- mony given in relation to some scientific, tech- nical, or professional matter by ejperts, i. e., persons qualified to speak authoritatively by reuson of their special training, skill, or fa- miliarity with the subject. — Extraneous evi- dence. With reference to a contract, deed, will, or any writing, extraneous evidence is such as is not furnished hy the document itself, but is derived from outside sources; the same as evidence aliunde. (See supra.)— Hearsay evidence. Evidence not proceeding from the personal knowledge of the witness, but from the mere repetition of what he has heard others say. See, more fully. Hearsay. — Incompe- tent evidence. Evidence which is not admis- sible under the established rules of evidence; evidence which the law does not permit to be presented at all, or in relation to the particular matter, on account of lack of originality or of some defect in the witness, the document, or the nature of the evidence itself. Texas Brew- ing Co. v. Dickey (Tex. Civ. App.) 43 S. W. 578; Bell v. Bumstead, 60 Hun, 580. 14 N. Y. Supp. 697; Atkins v. Elwell. 45 N. Y. 757; People v. Mullings, 83 Cal. 138, 23 Pac. 229, 17 Am. St. Rep. 223.— Inculpatory evidence. Criminative evidence; that which tends, or is intended, to establish the guilt of the accused. — Indispensable evidence. That without which a particular fact cannot be proved. Code Civ. Proc. Cal. 1903, § 1836; Ballinger’s Ann. Codes & St. Or. 1901, § 689. — Legal evidence. Y. Supp. 507.— Mathematical evidence. Demonstrative evidence ; such as establishes its conclusions with absolute necessity and certainty. It is used in contradistinction to moral evidence.— Moral evidence. As oppos- ed to "mathematical" or "demonstrative" evi- dence, this term denotes that kind of evidence which, without developing an absolute and necessary certainty, generates a high degree of probability or persuasive force. It is founded upon analogy or induction, experience of the ordinary course of nature or the sequence of

events, and the testimony of men.— Newly-dls- covered evidence. Evidence of a new and material fact, or new evidence in relation to a fact in issue, discovered by a party to a cause after the rendition of a verdict or judgment therein. In re McManus, 35 Misc. Oral or verbal evidence; that which is given by word of mouth; the ordinary kind of evidence, given by witnesses in court. 3 Bl. Comm. 369. (See supra.)— Partial evidence is that which goes to establish a detached fact, in a series tending to the fact in dispute. It may be received, sub- ject to be rejected as incompetent, unless con- nected with the fact in dispute by proof of other facts; for example, on an issue of title to real property, evidence of the continued possession of a remhte occupant is partial, for it is of a detached fact, which may or may not be after- wards connected with the fact in dispute. Code Civ. Proc. Cal. § 1834. — Positive evidence. Direct proof of the fact or point in issue; evi- dence which, if believed, establishes the truth or falsehood of a fact in issue, and does not arise from any presumption. of cause and effect and observation of human conduct; the proof of facts from which, with more or less certainty, according to the experience of mankind of their more or less universal connec- tion, the existence of other facts can be deduced. In this sense the term is nearly equivalent to “circumstantial" evidence. See 1 Starkie, Ev. 558; 2 Saund. Pl. & Ev. 673; Civ. Code Ga. 1895, $ 5143; Davis v. Curry, 2 Bibb (Ky.) 239: Horbach v. An inference or presumption of law, affirmative or negative of a fact, in the ab- sence of proof, or until proof can be obtained or produced to overcome the inference. People v. Thaeher, 1 Thomp. & C. <N. Y.) 167.— Prob- able evidence. Presumptive evidence iB so called, from its foundation in probability— Real evidence. Evidence furnished by things themselves, on view or inspection, as distin- guished from a description of them by the mouth of a witness ; e. g., the physical appear- ance of a person wben exhibited to the jury, marks, scars, wounds, finger-prints, etc., also the weapons or implements used in the commis- sion of a crime, and other inanimate objects, and evidence of the physical appearance of a place (the scene of an accident or of the com- mission of a crime or of property to be taken under condemnation proceedings) as obtained by a jury when they are taken to view it— Re- butting evidence. Such evidence as relates to, or bears directly upon, the point or fact in is- sue, and proves or has a tendency to prove the proposition alleged; evidence which conduces to prove a pertinent theory in a case. Necessitas non habet legem — "Necessity has no law."

Why: Genuine classical maxim; the classical root of the legal doctrine of necessity. The entry's phrases (ex necessitate legis, ex necessitate rei) are instances of it. Zero invention risk.

EX OFFICIO.

From office; by virtue of the office; without any other warrant or appointment than that resulting from the holding of a particular office. Powers may be exercised by an officer which are not spe- cifically conferred upon him, but are neces- sarily implied in his office; these are ex officio. Thus, a judge has ex officio the pow- ers of a conservator of the peace. Courts are bound to notice public statutes judicially and ex officio.

EX PARTE.

On one side only; by or for one party; done for, In behalf of, or on the application of, one party only. A Judicial proceeding, order, injunction, etc., Is said to be ex parte when it Is taken or granted at the Instance and for the benefit of one party only, and without notice to, or contestation by, any person adversely Interested.

"Ex parte," In the heading of a reported case, signifies that the name following is that of the party upon whose application the case is heard.

In its primary sense, ex parte, as applied to an application in a judicial proceeding, means that it is made by a person who is not a party to the proceeding, but who has an interest in the matter which entitles him to make the ap- plication. Thus, in a bankruptcy proceeding or an administration action, an application by A. B., a creditor, or the like, would be described as made “ex parte A. B.,” t. «., on the part of

A. B.

In its more usual sense, ex parte means that an application is made by one party to a pro- ceeding in the absence of the other. Thus, an ex parte injunction is one granted without the opposite party having had notice of the applica- tion. It would not be called “ex parte" if he had proper notice of it, and chose not to appear to oppose it. Sweet.

EX POST FACTO LAW.

A law passed after the occurrence of a fact or commission of an act, which retrospectively changes the legal consequences or relations of such fact or deed. By Const. U. S. art. 1, | 10, the states are forbidden to pass "any ex post facto law.” In this connection the phrase has a much narrower meaning than 'its lit- eral translation would Justify, as will appear from the extracts given below.

The phrase "ex post facto," in the constitu- tion. extends to criminal and not to civil cases.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

And under this head is included: (1) Every law that makes an action, done before the passing of the law, and which was innocent when done, criminal, and punishes such action. (2) Every law that aggravates a crime, or makes it great- er than it was when committed. (3) Every law that changes the punishment, and inflicts a greater punishment than the law annexed to the crime when committed. (4) Every law that alters the legal rules of evidence, and receives less or different testimony than the law required at the time of the commission of the offense, in order to convict the offender. All these, and similar laws, are prohibited by the constitution. But a law may be ex post facto, and still not amenable to this constitutional inhibition ; that

is, provided it mollifies, instead of aggravating, the rigor of the criminal law. Boston v. Cummins. 16 Ga. 102. 60 Am. Dec. 717 ; Cummings v. Missouri, 4 Wall. 277, 18 L. Ed. 356 ; U. S. v. Hall, 2 Wash. C. C. 366, Fed. Cas. No. 15,285; Woart v. Winnick, 3 N. H. 473. 14 Am. Dec. 384: Calder v. Bull, 3 Dali. 390, 1

L. Ed. 648 ; 3 Story, Const. 212.

An ea post facto law is one which renders an act punishable, in a manner in which it was not punishable when committed. Such a law may inflict penalties on the person, or pecuniary pen- alties which swell the public treasury. The legislature is therefore prohibited from passing a law by which a man’s estate, or any part of

it, shall be seised for a crime, which was not declared, by some previous law, to render him liable to such punishment. Fletcher v. Peck, 6 Cranch, 87. 138, 3 L. Ed. 162.

The plain and obvious meaning of this pro- hibition is that the legislature shall not pass any law, after a fact done by any citizen, which shall have relntion to that fact, so as to pun- ish that which was innocent when done ; or to add to the punishment of that which was criminal; or to increase the malignity of a crime ; or to retrench the rules of evidence, so as to make conviction more easy. This definition of an ex post facto law is sanctioned by long usage. Strong v. State, 1 Black! (Ind.) 196.

The term "ex post facto law,” in the United States constitution, cannot be construed to include and to prohibit the enacting any law aft- er a fact, nor even to prohibit the depriving a citizen of a vested right to property. Calder v. Bull, 3 Dali. 386, 1 L. Ed. 648.

"Ex post facto" and "retrospective” are not convertible terms; The latter is a term of wid- er signification than the former and includes it. Ail ex post facto laws are necessarily retrospective, but not e converso. A curative or confirmatory statute is retrospective, but not ea post facto. Constitutions of nearly all the states contain prohibitions against ex post facto laws, but only a few forbid retrospective legis- lation in specific terms. Black, Const. Probib. IS 170, 172, 222.

Retrospective laws divesting vested rights are impolitic and unjust; but they are not "ea post facto laws,” within the . meaning of the constitution of the United States, nor repugnant to any other of its provisions; and, If not re- pugnant to the state constitution, a court can- not pronounce them to be void, merely because in their judgment they are contrary to the. prin- ciples of natural justice. Albee v. May, 2 Paine, 74. Fed. Cas. No. 134.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

Every retrospective act is not necessarily an ex post facto law. That phrase embraces only such laws as impose or affect penalties or for- feitures. Locke v. New Orleans, 4 Wall. 172, 18 L. Ed. 834.

Retrospective laws which do not impair the obligation of contracts, or affect vested rights, or partake of the character of ea post facto laws, are not prohibited by the constitution. Bay v. Gage, 36 Barb. (N. X.) 447.

EXCEPTION.

In practice. A formal objection to the action of the court, during the trial of a cause, in refusing a request or overruling an objection; implying that the party excepting does not acquiesce in the de- cision of the court, but will seek to procure its reversal, and that he means to save the benefit of his request or objection in some future proceeding. Snelllng v. Tetter, 25 App. Div. 590, 49 N. Y. Supp. 917; People ▼. Torres, 38 Cal. 142; Norton v. Livingston, 14 8. C. 178 ; Kline v. Wynne, 10 Ohio St. 228.

It is also somewhat used to signify other objections in the course of a suit; for ex- ample, exception to bail is a formal objection that special bail offered by defendant are in- sufficient. 1 Tidd, Pr. 255.

An exception is an objection upon a matter of law to a decision made, either before or after judgment, by a court, tribunal, judge, or other judicial officer, in an action or pro- reeding. The exception must be taken at the time the decision is made. Code Civ. Proc. Cal. | 640.

In admiralty and equity practice. An

exception is a formal allegation tendered by a party that some previous pleading or proceeding taken by the adverse party is insuf- ficient Peck v. Osteen, 37 Fla. 427, 20 South. 649; Arnold v. Slaughter, 36 W. Va. 589, 15

S. E. 250.

Ia statutory law. An exception in a statute is a clause designed to reserve or ex- empt some Individuals from the general class of persons or things to which the language of the act in general attaches.

An exception differs from an explanation, which, by the use of a videlicet, proviso, etc., is allowed only to explain doubtful clauses prece- dent, or to separate and distribute generals into particulars. Cutler v. Tufts, 3 Pick. (Mass.)

Ia contracts. A clause in a deed or other conveyance by which the grantor excepts something out of that which he granted be- fore by the deed. Morrison v. Bank, 88 Me. 155, 33 Atl. 782; Gould v. Glass, 19 Barb. (N. Y.) 192; Coal Creek Min. Co. v. Heck, 83 Tenn. 497; Winston v. Johnson, 42 Minn. 398, 45 N. W. 958; Bryan v. Bradley, 16 Conn. 482; Rich v. Zeilsdorff, 22 Wis. 547, 99 Am. Dec. 81.

The distinction between an exception and a reservation is that an exception is always of part of the thing granted, and of a thing in esse; a reservation is always of a thing not in esse, but newly created or reserved out of the land or tenement demised. Co. Lift. 47a; 4

Kent, Comm. 468. It has been also said that there is a diversity between an exception and a saving, for an exception exempts clearly, bnt a saving goes to the matters touched, and does not exempt. Plowd. 361.

In the civil law. An exceptio or plea. Used in this sense in Louisiana.

Declinatory exceptions are such dilatory exceptions as merely decline the jurisdiction of the judge before whom the action is brought Code Proc. La. 334.

Dilatory exceptions are such as do not tend to defeat the action, bnt only to retard its progress.

Peremptory exceptions are those which tend to the dismissal of the action.

—Exception to hail. An objection to the special bail pnt in by the defendant to an ac- tion at law made by the plaintiff on grounds of the insufficiency of the bail. 1 Tidd, Pr. 255.

The distinction between a Rale and exchange of property is rather one of shadow than of substance. In both cases the title to property ia absolutely transferred ; and the same rules •of law are applicable to the transaction, wheth- er the consideration of the contract is

The words "tax” and "excise,” although often used as synonymous, are to be considered as having entirely distinct and separate significa- tions, under Const. Mass. c. 1, f 1, art. 4. The former is a charge apportioned either among

Excusable

the whole people of the state or those residing within certain districts, municipalities, or sec- tions. It is required to be imposed, so that, if levied for the public charges of government, it shall be shared according to the estate, real and personal, which each person may possess; or, if raised to defray the cost of some local im- provement of a public nature, it shall be borne by those who will receive some special and peculiar benefit or advantage which an- expendi- ture of money for a public object may cause to those on whom the tax is assessed. An excise, on the other hand, is of a different character. It is based on no rule of apportionment or equal- ity whatever. It is a fixed, absolute, and di- rect charge laid on merchandise, products, or commodities, without any regard to the amount of property belonging to those on whom it may fall, or to any supposed relation between money expended for a public object and a special ben- efit occasioned to those by whom the charge is to be paid. Oliver v. Washington Mills, 11 Allen (Mass.) 288.

The term Is also extended to the Imposi- tion of public charges, in the nature of taxes, upon other subjects than the manufacture and sale of commodities, such as licenses to pursue particular callings, the franchises of corporations and particularly the franchise of corporate existence, and the inheritance or succession of estates. Pollock v. Farmers’ L. & T. Co., 158 U. S. 601, 15 Sup. Ct. 912, 39

EXPLOSION.

A sudden and rapid com- bustion, causing violent expansion of the air, and accompanied by a report

The word “explosion" is variously used in or- dinary speech, and is not one that admits of exact definition. Every combustion of an ex- plosive substance, whereby other property is ig- nited and consumed, would not be an ‘‘explo- sion,” within the ordinary meaning of the term. It is not used as a synonym of "combustion.” An explosion may be described generally as a sudden and rapid combustion, causing violent expansion of the air. and accompanied by a re- port But the rapidity of the combustion, the violence of the expansion, and the vehemence of the report vary in intensity as often as the oc- currences multiply. Hence an explosion is an idea of degrees; and the true meaning of the word, in each particular case, must be settled, not by any fixed standard or accurate measure- ment bnt by the common experience and no- tions of men in matters of that sort Insurance Co. v. FABRICATE.

To fabricate evidence Is to arrange or manufacture circumstances or indicia, after the fact

committed, with the purpose of using them as evidence, and of deceitfully making them appear as if acci- dental or undesigned; to devise falsely or contrive by artifice with the intention to de- ceive. Such evidence may be wholly forged and artificial, or it may consist in so warping and distorting real facts as to create an erro- neous impression in the minds of those who observe them and then presenting such im- pression as true and genuine.

— Fabricated evidence. Evidence manufac- tured or arranged after the fact, and either wholly false or else warped and discolored by artifice and contrivance with a deceitful intent. See supra.— Fabricated fact. In the law of tvidence. A fact existing only in statement, without any foundation in truth. An actual or genuine fact to which a false appearance has been designedly given; a physical object placed in a false connection with another, or with a person on whom it is designed to cast suspicion.

[Law: the armchair rule of will construction]

Ordering probate 'in fac simile' so the court can read the testator's meaning from the paper's very appearance is the probate form of the armchair rule: the court seats itself in the testator's chair and weighs every surrounding circumstance.

Why: The entry's practice — let appearance illuminate meaning — is exactly what the armchair rule requires courts to do when construing wills. The doctrine genuinely illuminates the procedure, and vice versa.

FACE.

The face of an instrument is that which is shown by the mere language em- ployed, without any explanation, modifica- tion, or addition from extrinsic facts or evi- dence. Thus, if the express terms of the paper disclose a fatal legal defect, it is said to be “void on its face.”

Regarded as an evidence of debt, the face of an Instrument is the principal sum which it expresses to be due or payable, without any additions in the way of interest or costs. Thus, the expression "the face of a Judg- ment” means the sum for which the judg- ment was rendered, excluding the Interest accrued thereon. Osgood v. Brlngolf, 32 Iowa, 265.

[Law: facial invalidity — an instrument disclosing a fatal defect in its own terms is void on its face]

FACT.

A thing done; an action per- formed or an Incident transpiring; an event or circumstance; an actual occurrence.

In the earlier days of the law “fact” was used almost exclusively in the sense of “ac- tion” or “deed;” but, although this usage survives, in some such phrases as “accessary before the fact,” it has now acquired the broader meaning given above.

A fact is either a state of things, that is, an existence, or a motion, that is, an event. 1 Benth. Jud. Ev. 48.

Ia the law of evidence. A circumstance, event or occurrence as it actually takes or took place; a physical object or appearance, as it actually exists or existed. An actual and absolute reality, as distinguished from mere supposition or opinion; a truth, as dis- tinguished from fiction or error. Burrlll, Ore. Ev. 218.

“Pact” is very frequently used in opposi- tion or contrast to "law.” Thus, questions of fact are for the Jury ; questions of law for the court So an attorney at law is an of- ficer of the courts of Justice ; an attorney in fact is appointed by the written authoriza- tion of a principal to manage business affairs usually not professional. Fraud in fact con- sists in an actual intention to defraud, car- ried into effect ; while fraud imputed by law arises from the man’s conduct in its neces- sary relations and consequences.

The word Is much used in phrases which con- trast it with law. Law is a principle; fact is an event. Law is conceived ; fact is actual. Law is a rule of duty : fact is that which has been according to or in contravention of the rule. The distinction is well illustrated in the rule that the existence of foreign laws is matter Of fact. Within the territory of its jurisdiction, law operates as an obligatory rule which judges must recognize and enforce ; but, in a tribunal

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

outside that jurisdiction, it loses its obligatory force and its claim to judicial notice. The fact that it exists, if important to the rights of par- ties, must be alleged and proved the same as the actual existence of any other institution. Abbott.

The terms “fact” and “truth” are often used in common parlance as synonymous, but, as employed in reference to pleading, they are widely different. A fact in plead- ing is a circumstance, act, event, or incident; a truth is the legal principle which declares or governs the facts and their operative ef- fect Admitting the facts stated in a com- plaint the truth may be that the plaintiff is not entitled, upon the face of his complaint to what he claims. The mode in which a defendant sets up that truth for his protec- tion Is a demurrer. Drake v. Cockroft, 4 E.

[Law: U.S. Const. amend. VII — right of trial by jury]

The entry's central contrast — 'questions of fact are for the jury; questions of law for the court' — is preserved by the Seventh Amendment's guarantee of jury trial in suits at common law.

Why: The entry states the fact/law division as the operating rule; the Seventh Amendment is the constitutional guarantee that keeps that division alive in federal civil cases. The link is the entry's own closing sentence.

[Maxim: Facta sunt potentiora verbis — deeds are more powerful than words]

The entry itself preserves the maxim 'Facta sunt potentiora verbis' — deeds are more powerful than words — and anchors a second maxim to 12 Coke 124.

Why: The maxim is quoted verbatim in the entry; Black's maxims are within the Law well's sources ('maxims' listed in the brief's citation forms). The annotation records the genuine maxim the entry carries, not a paraphrase.

[Maxim: Facta sunt potentiora verbis]

Classical maxim: Facta sunt potentiora verbis — 'Deeds are more powerful than words.'

Why: The maxim is quoted in the entry itself and is the classical wisdom content of the headword; citing it verbatim is safe because the entry supplies the form.

[Walter Scott, Ivanhoe, 1819]

Novel passage (paraphrase): the tournament at Ashby, where knights break lances before the lists — the canonical fictional rendering of 'facta armorum,' feats of arms. (paraphrase)

Why: The entry glosses facta armorum as jousts or tournaments; Ivanhoe's Ashby tournament is the famous literary depiction. Plot paraphrase, no invented dialogue.

[Law: Banks v. Goodfellow (1870) — the leading testamentary-capacity test]

Capacity to make a will — the entry's 'factio activa' — is tested by the classic rule: the testator must understand the nature of the act, the extent of his property, and the claims of those he might benefit.

Why: The entry defines the capacity itself, citing the Institutes; Banks v. Goodfellow is the landmark statement of what that capacity requires in the common-law world. The case and its test are certain.

FACTO.

In fact; by an act; by the act or fact Ipso facto, by the act itself ; by the mere effect of a fact, without anything su- peradded, or any proceeding upon It to give it effect 3 Kent, Comm. 55, 58.

FACTOR. 1. A commercial agent em- ployed by a principal to sell merchandise consigned to him for that purpose, for and In behalf of the principal, but usually In his own name, being intrusted with the posses- sion and control of the goods, and being re- munerated by a commission, commonly called “factorage.” Howland v. A factor Is an agent who, In the pursuit of an Independent calling, Is employed by an- other to sell property for him, and Is vested by the latter with the possession or control of the property, or authorized to receive pay- ment therefor from the purchaser. Synonyms. A factor differs from a “bro- ker” in that he is intrusted with the possession, management, and control of the goods, (which gives him a special property in them,) while a broker acts as a mere intermediary without con- trol or possession of the property ; and further, a factor is authorized to buy and sell in his own name, as well as in that of the principal, which a broker is not. [Axiom: failure of consideration defeats enforcement]

Failure of consideration — consideration once good that 'has since become worthless or has ceased to exist' — defeats enforcement of the promise it supported.

Why: The entry's own definition (Shirk v. Neible and others) states the rule; the annotation states it as the standing contract principle. No citation invented; the principle is the entry's own doctrine distilled.

FAINT PLEADER.

A fraudulent, false, or collusive manner of pleading to the de- ception of a third person.

FAIR, ». In English law. A greater species of market; a privileged market. It is an incorporeal hereditament, granted by royal patent, or established by prescription presupposing a grant from the crown.

In the earlier English law, the franchise to hold a fair conferred certain important privi- leges; and fairs, as legally recognized institu- tions, possessed distinctive legal characteris- tics. Most of these privileges and characteris- tics, however, are now obsolete. In America, fairs, in the ancient technical sense, are un- known, and, in the modern and popular sense, they are entirely voluntary and non-legal, and

transaction* arising in or jn connection with them are subject to the ordinary rules govern- ing sales, etc.

FAIR, ad). Just; equitable; even-hand- ed ; equal, as between conflicting interests.

—Fair abridgment. In copyright law. [Law: Fed. R. Civ. P. 11 — good-faith, non-frivolous pleadings; sanctions]

Fraudulent, false, or collusive pleading 'to the deception of a third person' is met by the modern rule that pleadings must be signed in good faith and non-frivolous, on pain of sanctions.

Why: The entry names the abuse (collusive pleading to deceive); Rule 11 is the procedural rule that polices exactly that abuse — sham and bad-faith pleading. Direct functional match.

FAIRLY.

• Justly; rightly; equitably. With substantial correctness.

"Fairly" is not synonymous with ‘‘truly,*’ and “truly” should not be substituted for it in a commissioner’s oath to take testimony fairly. Language may be truly, yet unfairly, reported ; that is, an answer may be truly written down, yet in a manner conveying a different meaning from that intended and conveyed. And lan- guage may be fairly reported, yet not -in accord- ance with strict truth. Lawrence v. Finch, 17

The entry's own authority — Lawrence v. Finch, 17 N.J. Eq. 234 — holds that 'fairly' is not 'truly': testimony may be truly yet unfairly reported, and fairly yet not strictly true, fixing the commissioner's oath.

Why: The case is the entry's own citation and the whole entry is its holding; the annotation preserves that holding verbatim in substance. Allowed: authorities Black's itself cites.

A deed 'lawfully executed' is the sealed instrument at the root of conveyancing — and conveyances of land still require writing under the Statute of Frauds.

Why: The entry defines the deed; the statute is the standing formality rule that still governs the deed's principal subject, land. The link is the deed's continuing legal habitat.

[Law: recording acts — enrollment/registration protects bona fide purchasers]

The enrolled deed — a bargain and sale made matter of record — is the ancestor of the recording acts, under which enrollment protects the bona fide purchaser against later claims.

Why: 1 Keb. 568 (the entry's citation) is the old practice; the recording acts are its modern form, serving the same function: public notice through enrollment. Genuine lineage.

FAIT JTTRIDIQUE.

In French law. A juridical fact One of the factors or ele- ments constitutive of an obligation.

FAITH. 1. Confidence; credit; reliance. Thus, an act may be said to be done “on the faith” of certain representations.

2. Belief; credence; trust Thus, the con- stitution provides that “full faith and credit” shall be given to the judgments of each state in the courts of the others.

3. Purpose; Intent; sincerity; state of knowledge or design. This is the meaning of the word in the phrases “good faith” and “bad faith.”

right hand uplifted, that one will declare the truth. 1 Forb. Inst pt 4, p. 235.

'Faithfully' in an officer's bond imports punctilious discharge of duty — the same word the Constitution lays on the President: he 'shall take Care that the Laws be faithfully executed.'

Why: The entry's cases (State v. Chadwick and others) give the word its weight in bonds; the Take Care Clause is the most famous legal use of the identical term, imposing the identical duty — faithful execution of office....

The Spanish-law Falcidian fourth — one-fourth of the inheritance that could not be willed away from the heir — is the forced-heirship principle that survives in Louisiana, the Roman/Spanish law's American heir.

Why: The entry defines the inalienable heir's portion; Louisiana's forced-heirship articles are the genuine modern American form of that same Roman/Spanish rule. Same doctrine, living code.

In Roman law. A law on the subject of testamentary disposi- tion, enacted by the people in the year of Rome 714, on the proposition of the tribune Falcidius. By this law, the testator's right to burden his estate with legacies was sub- jected to an important restriction. It prescribed that no one could bequeath more than three-fourths of his property in legacies, and that the heir should have at least one-fourth of the estate, and that, should the testator violate this prescript, the heir may have the right to make a proportional deduction from each legatee, so far as necessary. Why: Same lineage as FALCIDIAN LAW: the entry's 'at least one-fourth' is the fixed share that Louisiana still reserves to forced heirs under the name legitime. Direct descent.

[Law: forgery and fraud statutes — modern forms of the crimen falsi]

The Scottish nominate crime of 'falsehood' — fraudulent imitation or suppression of truth to another's prejudice — is the common-law ancestor of the modern forgery and fraud offenses.

Why: The entry (2 Broun 77–78) traces the crime from writ-falsification to the modern name 'forgery'; the annotation notes where the offense now lives. The FALSI CRIMEN sub-entry states the same genus.

Why: Added because the song's subject is falsehood as the entry defines it: published untruth intended to deceive (false media, hype). The hook is not decorative — it is the song's thesis, a standing instruction to disbeli...

Showing an account's debit item to be false or erroneous is the equitable bill to surcharge and falsify — the chancery remedy for settling disputed accounts, cited in the entry itself through Story.

Why: The entry's authorities (Story; Phillips v. Belden; Pitt v. Cholmondeley) are the remedy's own sources; the annotation names the bill of which the entry describes the procedure. Internal to the entry's authorities.

Falsifying a court or public record — 'a high offense against public justice' in the entry — is a federal crime when the record is a federal one: concealment, removal, or mutilation of public records is punishable by fine and imprisonment.

Why: The entry notes England punishes it by 24 & 25 Vict. c. 98 and the United States 'generally, by statute'; § 2071 is the federal statute that does so. The entry's own framing invites the citation.

F ALSUS.

Let. False ; fraudulent ; er- roneous. Deceitful ; mistaken.

Falsa* in mo, falsa* in omnibus.

False in one thing, false in everything. Where a party is clearly shown to have em- bezzled one article of property, it is a ground of presumption that he may have embezzled others also. The Boston, I Sumn. 328, 856, Fed. Cas. No. 1,673; The Santissima Trini- dad, 7 Wheat. 339, 5 L. Ed. 454. This maxim is particularly applied to the testimony of a witness, who, if he is shown to have sworn falsely in one detail, may be considered un- worthy of belief as to all the rest of his evi- dence. Grimes v. State, 63 Ala. 1C8 ; Wilson v. Coulter, 29 App. DIv. 85, 51 N. Y. Supp. 804; White v. Dlsher, 67 Cal. 402, 7 Pac. 826.

The entry preserves the evidence maxim verbatim — 'Falsus in uno, falsus in omnibus' — false in one thing, false in all: a witness shown to have sworn falsely in one detail may be disbelieved as to the rest.

Why: Quoted with the entry's own cases (The Santissima Trinidad, 7 Wheat. 339; Grimes v. State); the maxim remains a standard jury instruction on witness credibility. Recorded, not paraphrased. [re-homed from 'FALSUS' to 'F ALSUS' (OCR headword / parser-merge artifact)]

FAMILY.

A collective body of persons who live in one house and under one head or management. .Tnrboe v. Jarboe, 106 Mo. App. 459, 79 S. W. 1162; Dodge v. Boston A

L. R. A. 318; Tyson v. Reynolds, 52 Iowa, 431, 3 N. W. 469.

A family comprises a father, mother, and children. In a wider sense, it may include domestic servants; all who live in one house under one head. In a still broader sense, a group of blood-relatives; all the relations who descend from a common ancestor, or who spring from a common root. See Civil Code I*, art. 3522, no. 16; 9 Ves. 323.

A husband and wife living together may constitute a "family," within the meaning of that word as used in a homestead law. Miller v. Finegan, 26 Fla. 29, 7 South. 140, 6 L. R. A. 813.

"Family," in its origin, meant "servants;" but. in its more modern and comprehensive

meaning, it signifies a collective body of persons living together in one house, or within the enrblagc, in legal phrase. Wilson ▼. Cochran, 31 Tex. 677, 98 Am. Dec. 653.

“Family” may mean children, wife and chil- dren, blood-relatives, or the members of the domestic circle, according to the connection in which the word is used. Spencer v. Spencer, 11 Paige (N. Y.) 159.

“Family.” in popular acceptation, includes parents, children, and servants, — all whose dom- icile or home is ordinarily in the same house and under the same management and head. In a statute providing that to gain a settle- ment in a town one must have “supported him- self and his family therein* for six years, it in- cludes the individuals whom it was the right of the head to control, and his duty to sup- port. The wife is a member of the family, within such an enactment. Cheshire v. Bur- lington, 31 Conn. 326.

—Family arrangement. A term denoting an agreement between a father and his chil- dren, or between the heirs of a deceased fa- ther, to dispose of property, or to partition it in a different manner than that which would result if the law alone directed it, or to divide np property without administration. In these cases, frequently, the mere relation of the par- ties will give effect to bargains otherwise with- out adequate consideration. 1 Chit. Pr. 67 ; 1 Turn. & R. 13.— Family Bible. [Maxim: Fatetur facinus qui judicium fugit — he who flees judgment confesses his guilt]

The entry's maxim — 'Fatetur facinus qui judicium fugit' (he who flees judgment confesses his guilt) — is the ancient root of the evidence rule that a defendant's flight may be shown as consciousness of guilt.

Why: Quoted verbatim (8 Inst. 14); the maxim is the classical statement of the flight-as-consciousness-of-guilt inference still given in criminal trials. The annotation records the maxim and its living evidentiary form.

[Stanley v. Illinois, 405 U.S. 645 (1972)]

The 'putative father' — the alleged father of an illegitimate child, one of the entry's own categories — won constitutional standing in the unwed-father cases: a state may not deny him a hearing on fitness before taking his children.

Why: The entry catalogs putative, step-, and adoptive fathers (Lind v. Burke; State v. Nestaval); Stanley is the landmark on the putative father's due-process rights. Certain of case, volume, page, year.

Why: The entry's definition is the doctrine's definition; UCC § 2-615 is its American sales-law form (commercial impracticability by supervening contingency). The link is definitional identity. [re-homed from 'FATUM' to 'FATOM' (OCR headword / parser-merge artifact)]

Why: The entry's authorities are the admiralty sources of the bay doctrine; the annotation names the doctrine's modern form. The entry is the doctrine's history; the cite is its present.

FAULT.

In the civil law. Negligence; want of care. An improper act or omission, injurious to another, and transpiring through negligence, rashness, or ignorance.

There are in law three degrees of faults,— the gross, the slight, and the very slight fault. The gross fault is that which proceeds from Inexcusable negligence or ignorance ; it is considered as nearly equal to fraud. The slight fault is that wnnt of care which a pru- dent man usually takes of his business. The very slight fault is that which is excusable, and for which no responsibility is incurred. Civil Code La. art. 3556, par. 13.

In American law. FEDERAX.

In constitutional law. A

term commonly used to express a league or compact between two or more states.

In American law. Belonging to the gen- eral government or union of the states. Founded on or organized under the constitu- tion or laws of the United States.

The United States has been ' generally styled, in American political and judicial writings, a “federal government” The term has not been imposed by any specific constitutional author- ity. but only expresses the general sense and opinion upon the nature of the form of govern- ment. In recent years, there is observable a disposition to employ the term “national” in speaking of the government of the Union. Nei- ther word settles anything as to the nature or powers of the government. “Federal” is some- what more appropriate if the government is considered a union of the states ; “national” is preferable if the view is adopted that the state governments and the Union are two dis- tinct systems, each established by the people directly, one for local and the other for national purposes. See United States v. Cruikshank, 92 U. S. 542, 23 L. Ed. 588; Abbott. —Federal courts. The courts of the United States. See Courts of tiie United States. —Federal government. former term denotes a league or permanent alliance between several states, each of which is fully sovereign and in- dependent, and each of which retains its full dignity, organization, and sovereignty, though yielding to the central authority a controlling power for a few limited purposes, such as ex- ternal and diplomatic relations. In this case, the component states are the units, with re- spect to the confederation, and the central gov- ernment acts upon them, not upon the individ- ual citizens. In a federal government, on the other hand, the allied states form a union,— not, indeed, to such an extent as to destroy their separate organization or deprive them of quasi sovereignty with respect to the adminis- tration of tlieif purely local concerns, but so that the central power is erected into a true state or nation, possessing sovereignty both ex- ternal and internal, — while the administration of national affairs is directed, and its effects felt, not by the separate states deliberating as units, but by the people of all. in their collec- tive capacity, as citizens of the nation. The distinction is expressed, by the German writers, by the use of the two words " Staatenbund" and "Bandesstaat the former denoting a league or confederation of states, and the latter a federal government, or state formed by means of a league or confederation.— Federal ques- tion. Cases arising under the constitution of the United States, acts of congress, or treaties, and involving their interpretation or applica- tion, and of which jurisdiction is given to the federal courts, are commonly described by the legal profession as cases involving a "federal question." FEE. 1. A freehold estate in lands, held of a superior lord, as a reward for services, and on condition of rendering some service in return for it. The true meaning of the word "fee" is the same ns that of "feud" or "fief," and In its original sense it is taken In con- tradistinction to "allodium," which latter is defined as a man's own land, which he pos- sesses merely in his own right, without ow- ing any rent or service to any superior. 2 Bl. N. Y. 491.

In modern English tenures, "fee" signifies an estate of inheritance, being the highest and most extensive interest which a man can have in a feud; and when the term is used simply, without any adjunct, ok in the form "fee-simple," it imports an absolute inher- itance clear of any condition, limitation, or restriction to particular heirs, but descend- ible to the heirs general, male or female, lin- eal or collateral. 2 Bl. It was called a "conditional fee," by reason of the con- dition expressed or implied in the donation of it that, if the donee died without such particu- lar heirs, the land should revert to the donor. 2 Bl. [Law: U.S. Const. amend. X — powers not delegated are reserved]

The entry's long discussion of 'federal' versus 'national' is the Federalist debate in miniature; the Constitution's answer is the reserved-powers rule — what is not granted is retained by the states or the people.

Why: The entry weighs whether the Union is a compact of states or a national government; the Tenth Amendment is the textual settlement of that question. The annotation gives the entry's debate its constitutional locus.

FEE-FARM.

This is a species of tenure, where land is held of another in perpetuity at a yearly rent, without fealty, homage, or other services than such as are specially com- prised in the feoffment. It corresponds very nearly to the “emphyteusis" of the Roman law.

Fee-farm is where an estate in fee is granted subject to a rent in fee of at least one-fourth of tbe value of the lands at the time of its reservation. Such rent appears to be called “fee-farm” because a grant of lands reserving so considerable a rent is indeed only letting lands to farm in fee-simple, instead of the usu- al method of life or years. 2 Bl. Comm. 43; 1 Steph. Coram. 676.

Fee-farms are lands held in fee to render for them annually the true value, or more or less; so called because a farm rent is reserved upon a grant in fee. Such estates are estates of in- heritance. They are classed among estates in fee-simple. No reversionary interest remains in the lessor, and they are therefore subject to tbe operation of the legal principles which forbid restraints upon alienation in all cases where no feudal relation exists between gran- tor and grantee. De Peyster v. Michael, 6

N. Y. 407. 57 Am. Dec. 470.'

Why: The entry (2 Bl. Comm. 43) describes the tenure; the ground rent is its genuine American descendant — fee conveyed, rent reserved in perpetuity. Same structure, living form.

FEE-SIMPLE.

In English law. A

freehold estate of inheritance, absolute and unqualified. It stands at the heed of estates as the highest In dignity and the most ample In extent; since every other kind of estate is derivable thereout, and mergeable therein. It may be enjoyed not only in land, but also in advowsons, commons, estovers, and other hereditaments, as well as in personalty, as an annuity or dignity, and also in an upper chamber, though the lower buildings and soil belong to another. Wharton.

In American law. An absolute or fee- simple estate is one in which the owner Is entitled to the entire property, with uncondi- tional power of disposition during bis life, and descending to his heirs and legal repre- sentatives upon bis death intestate. Code Ga. 1882, | 2246. And see Friedman v. Stein- er, 107 111. 131 ; Woodberry v. Matherson, 19

Fla. 785; Lyle v. Richards, 9 Serg. & R. (Fa.) 374; Loventbal v. Home Ins. Co., 112 Ala. 108, 20 South. 419, 33 L. R. A. 258, 57 Am. St Rep. 17 ; Dumont v. Dufore, 27 Ind. 267.

Fee-simple signifies a pure fee; an absolute es- tate of inheritance; that which a person holds inheritable to him and his heirs general forever. It is called “fee-simple.” that is, "pure,” be- cause clear of any condition or restriction to particular heirs, being descendible to the heirs general, whether male or female, lineal or col- lateral. It is the largest estate and most ex- tensive interest that can be enjoyed in land, being the entire property therein, and it con- fers an unlimited power of alienation. Haynes v. Bourn, 42 Vt. 686.

A fee-simple is the largest estate known to the law, and where no words of qualification or limitation are added, it means an estate in possession, and owned in severalty. It is un- doubtedly true that a person may own a re- mainder or reversion in fee. But such an es- tate is not a fee-simple; it is a fee qualified or limited. So. when a person owns in com- mon with' another, he does not own the entire fee,— a fee-simple; it is a fee divided or shared with another. Brackett v. Ridlon, 54 He. 426.

Absolute and conditional. A fee simple absolute is an estate which is limited absolute- ly to a man and his heirs and assigns forever, without any limitation or condition. Frisby v. Ballance, 7 111. 144. At the common law, an estate in fee simple conditional was a fee limit- ed or restrained to some particular heirs, ex- clusive of others. But the statute “De Donis” converted all such estates into estates tail. 2 Bl. Comm. 110.

FEB-TAIL.

An estate tall; an estate of Inheritance given to a man and the heirs of his body, or limited to certain classes of par- ticular heirs. It corresponds to the feuduin talliatum Qf the feudal law, and the idea Is believed to have been borrowed from the Ro- man law, where, by way of fidei commissa, lands might be entailed upon children and freedmeu and their

[Law: abolition of the fee tail — statutory conversion to fee simple in most states]

The estate tail — inheritance limited to the heirs of the body — has been abolished by statute in most American states, typically converted into a fee simple absolute.

FELONY.

In English law. Thjs term meant originally the state of having forfeited lands and goods to the crown upon convic- tion for certain offenses, and then, by transi- tion, any offense upon conviction for which such forfeiture followed, in addition to any other punishment prescribed by law ; as distinguished from a “misdemeanor,”, upon con- viction for which no forfeiture followed. All Indictable offenses are either felonies Or mis- demeanors, hut a material part of the dis- tinction is taken away by St 33 & 34 Vlct e. 23. which abolishes forfeiture for felony. Wharton

Ia American law. The term has no very definite or precise meaning, except in some cases where it is defined by statute. For the most part, the state laws, in describing any particular offense, declare whether or not it shall be considered a felony. Apart from this, the word seems merely to imply a crime of a graver or more atrocious nature than those designated as “misdemeanors.” U. S. v. Coppersmith (C. C.) 4 Fed. 205; Bannon v. U. S„ 156 D. Feneration — 'the gain of interest; the practice of increasing money by lending' — is usury in its root sense; the modern law's leading rate case lets national banks charge their home state's rate nationwide.

Also the deel or conveyance by which such corporeal hereditament is passed.

A feoffment originally meant the grant of a feud or fee; that is, a barony or knight's fee, for which certain services were due from the feoffee to the feoffor. This was the proper sense of the word ; but by custom it came aft- erwards to signify also a grant (with livery of seisin) of a free inheritance to a man and his heirs, referring rather to the perpetuity of the estate than to the feudal tenure. 1 Reeve, Eng. Law, 90, 91. It was for ages the only method (in ordinary use) for conveying the freehold of land in possession, but has now fallen in great measure into disuse, even in England, having been almost entirely supplanted by some of that class of conveyances founded on the statute law of the realm. 1 Steph. FEUDAL.

Pertaining to feuds or fees; relating to or growing out of the feudal sys- tem or feudal law; haying the quality of a feud, as distinguished from “allodial.”

—Feudal action*. An ancient name for real actions, or such as concern real property only. 3 Bl. Comm. 117.— Feudal law. The body of jurisprudence relating to feuds ; the real-property law of the feudal system ; the law ancient- ly regulating the property relations of lord and vassal, and the creation, incidents, and trans- mission of feudal estates. The body of laws and usages constituting the “feudal law” was orig- inally customary and unwritten, but a compila- tion was made in the twelfth century, called “Feodamm Consuetudines,” which has formed the basis of later digests. The feudal law pre- vailed over Europe from the twelfth to the four- teenth century, and was introduced into Eng- land at the Norman Conquest, where it formed the entire basis of the law of real property un- til comparatively modern times. Survivals of the feudal law, to the present day, so affect and color that branch of jurisprudence as to re- quire a certain knowledge of the feudal law in order to the perfect comprehension of modern tenures and rules of real-property law.— Feudal possession. The equivalent of “seisin” under the feudal system.— Feudal system. The system of fends. A political and social system which prevailed throughout Europe during the eleventh, twelfth, and thirteenth centuries, and is supposed to have grown out of the peculiar usages and policy of the Teutonic nations who overran the continent after the fall of the West- ern Roman Empire, as developed by the ex- igencies of their military domination, and possi- bly furthered by notions token from the Roman jurisprudence. It was introduced into. England,

in its completeness, by William I., A. D. 1085. though it may have existed in a rudimentary form among the Saxons before the Conquest. It formed the entire basis of the real-property law of England in medieval times; and surviv- als of the system, in modern days, so modify and color that branch of jurisprudence, both in England and America, that many of its princi- ples require for their complete understanding a knowledge of the feudal system. The feudal system originated in the relations of a military chieftain and his followers, or king and nobles, or lord and vassals, and especially their rela- tions as determined by the bond

established by a grant of land from the former to the latter. From this it grew into a complete and intricate complex of rules for the tenure and transmis- sion of real estate, and of correlated duties and services ; while, by tying men to the land and to those holding above and below them, it creat- ed a close-knit hierarchy of persons, and de- veloped an aggregate of social and political in- stitutions. FIGTIO.

In Roman law. A fiction; an assumption or supposition of the law.

“ Fictio ” in the old Roman law was properly a term of pleading, and signified a false aver- ment on the part of the plaintiff which the de- fendant was not allowed to traverse; as that the plaintiff was a Roman citizen, when in truth he was a foreigner. The object of the fiction was to give the court jurisdiction. Maine, Anc. Law, 25.

FICTION.

An assumption or supposition of law that something which Is or may be false is true, or that a state of facts exists

■which has never really taken place. New Hampshire Strafford Bank v. Cornell, 2 N.

H. 324 ; Hlbberd v. Smith, 07 Cal. 547, 4 Pac. 473, 56 Am. Rep. 726.

A fiction Is a rule of law which assumes as true, and will not allow to be disproved, something which is false, but not Impossible. Best, Ev. 419.

These assumptions are of an innocent or even beneficial character, and are made for the ad- vancement of the ends of justice. They secure this end chiefly by the extension of procedure from cases to which it is applicable to other cases to which it is not strictly applicable, the ground of inapplicability being some difference of an immaterial character. Brown.

Fictions are to be distinguished from pre- sumptions of law. By the former, something

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

known to be false or unreal is assumed as true; by the latter, an inference Is set up, which may be and probably is true, but which, at any rate, the law will not permit to be controverted.

Mr. Best distinguishes legal fictions from pre- sumptions juris et de jure, and divides them in- to three kinds, — affirmative or positive fictions, negative fictions, and fictions by relation. Best, Pres. p. 27, §24.

[Law: legal fictions — e.g., the fictitious parties in ejectment]

A fiction — 'something known to be false or unreal assumed as true' (Best, Ev. 419; Maine, Anc. Law) — is exemplified by the classic procedural fictions, such as the fictitious parties of the old action of ejectment, always bounded by 'fictio legis neminem laedit.'

Why: The entry theorizes the fiction (Maine); the annotation gives the textbook instance every law student meets. The instance genuinely illustrates the entry's theory.

FICTITIOUS.

Founded on a fiction ; hav- ing the character of a fiction ; false, feigned, or pretended.

— Fictitious action. An action brought for the sole purpose of obtaining the opinion of the court on a point of law, not for the settlement of any actual controversy between the parties. Smith v. Junction By. Co., 29 Ind. 551. — Ficti- tious mane. A counterfeit, feigned, or pre- tended name taken by a person, differing in some essential particular from his true name, (consisting of Christian name and patronymic,) with the Implication that it is meant to deceive or mislead. But a fictitious name may be us-d so long or under such circumstances as to be- come an “assumed” name, in which case it may become a proper designation of the individual for ordinary business and legal purposes. See Pollard v. Fidelity F. Ins. Co., 1 S. D. 570, 47 N. W. 1060: Carlock v. Cagnacci, 88 Cal. 600, 26 Pac. 597.— Fictitious plaintiff. A person appearing in the writ or record as the plaintiff in a suit, but who in reality does not exist, or who is ignorant of the suit and of the use of his name in it. It is a contempt of court to sue in the name of a fictitious party. See 4 Bl. Comm. 134.

[Law: U.S. Const. art. III — case or controversy; no advisory opinions]

The entry's 'fictitious action' — brought 'for the sole purpose of obtaining the opinion of the court on a point of law, not for the settlement of any actual controversy' (Smith v. Junction Ry.) — is the advisory opinion, which Article III courts may not give.

Why: The entry's definition is the advisory-opinion definition; the case-or-controversy requirement is the constitutional rule that bars it. Definitional identity.

[Law: fictitious-business-name (DBA) statutes — registration of assumed names]

The 'fictitious name' that by long use 'may become an assumed name' for 'ordinary business and legal purposes' (Pollard v. Fidelity; Carlock v. Cagnacci) is the subject of the fictitious-business-name (DBA) registration statutes.

FIDUCIARY.

The term Is derived from the Romau law, and means (as a noun) a person holding the character of a trustee, or a character analogous to that of a trustee, in respect to the trust and confidence involved In It and the scrupulous good faith and can- dor which it requires.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

Thus, a person 1§ a fiduciary who Is Invested with rights and powers to be exercised for the benefit of an- other person. Svanoe v. Jurgens, 144 111. 507, 33 N. E. 955; Stoll v. King, 8 How. Prac. (N. Y.) 299.

As an adjective It means of the nature of a trust ; having the characteristics of a trust ; analogous to a trust ; relating to or founded upon a trust or confidence.

— Fiduciary capacity. One is said to act in a "fiduciary capacity" or to receive money or contract a debt in a "fiduciary capacity," when the business which he transacts, or the money or property which he handles, is not his own or for his own benefit, but for the benefit of an- other person, as to whom he stands in a rela- tion implying and necessitating great confidence and trust on the one part and a high degree of good faith on the other part. The term is not restricted to technical or express trusts, but includes also such offices or relations as those of an attorney at law, a guardian, executor, nr broker, a director of a corporation, and a pub- lic officer. that he will restore it to him.— Fiduciary -Eo- lation. A relation subsisting betweeh two per- sons in regard to a business, contract, or piece of property, or in regard to the general business or estate of one of them, of such a charactes that each must repose trust and confidence in the other and must exercise a corresponding de- gree of fairness and good faith. Out of such St relation, the law raises the rule that neither party may exert influence or pressure upon thf other, take selfish advantage of his trust, or deal with the subject-matter of the trust in such a way as to benefit himself or prejudice the other except in the exercise of the utmost good faith and with the full knowledge and consent of that other, business shrewdness, hard bar- gaining, and astuteness to take advantage of the forgetfulness or negligence of another being totally prohibited as between persons standing in such a relation to each other. Examples of fiduciary relations are those existing between attorney and client, guardian and ward, priu’s cipal and agent, executor and heir, trustee and cestui quo trust, landlord and tenant, etc. . See Robins v. Hope. 57 Cal. 497 : Thomas v. Whit- ney. 186 111. 225. 57 X. EJ. 808; Central Nnt. Bank v. Connecticut Mivt. L. Ins. Co.. 104 U.

FILE, c. In practice. To put upon the files, or deposit in the custody or among the records of a court.

"Filing a bill” in equity is an equivalent expression to “commencing a suit.”

“To file” a paper, on the part of a party, is to place it in the official custody of the clerk. “To file,” on the part of the clerk, is to Indorse upon the paper the date of its reception, and retain it in his office, subject to inspection by whomsoever It may concern. Holman v. Chevaillier, 14 Tex. 339.

The expressions “filing” and “entering of rec- ord” are not synonymous. They are nowhere so used, but always convey distinct ideas. “Fil- ing” originally signified placing papers in order on a thread or wire for safe-keeping. In this country and at this day it means, agreeably to our practice, depositing them in due order in the proper office. Entering of record uniform- ly implies writing. Naylor v. Moody, 2 Blackf. Why: The entry states the rule with its cases; the annotation names the rule. The entry's own definition is the doctrine.

The finder — 'one who discovers and takes possession of another's personal property, which was then lost' (Kincaid v. Eaton) — takes title against all but the true owner: the chimney-sweep's jewel is the classic case.

Why: The entry defines the finder; Armory is the foundational finder-versus-all-but-the-true-owner decision. Certain of case and report.

W. 105.— General and special findings. Where issues of fact in a case are submitted to- the court by consent of parties to be tried with- out a jury, the "finding” is the decision of the court as to the disputed facts, and it may be either general or special, the former being a general statement that the facts are in favor of such a party or entitle him to judgment, the latter being a specific setting forth of the ulti- mate facts established by the evidence and which are determinative of the judgment which must be given. See Rhodes v. United States Nat Bank. 86 Fed. 514, 13 C. C. A. 012. 34 Ij. R. A. 742; Searcy County v. Thompson. 80 Fed. 94. 13 C. C. A. 349; Humphreys v. Third Nat. Bank, 75 Fed. 856, 21 C. C. It means, among other things, “a sum of mon- ey paid at the end, to make an end of a trans- action, suit, or prosecution; mulct; penalty.” In ordinary legal language, however, it means a sum of money imposed by a court according to law, as a punishment for the breach of some penal Btatute. Railroad Co. v. State, 22 Kan. 15.

It is not confined to a pecuniary punishment of an offense, inflicted by a court in the exercise of criminal jurisdiction. It has other meanings, and may include a forfeiture, or a penalty re- coverable by civil action. Hanscomb v. Russell, 11 Gray (Mass.) 373.

[Arnold v. Mundy, 6 N.J.L. 1 (1821) — the public-trust doctrine]

The entry's 'fish royal' — whale and sturgeon, the king's prerogative (1 Bl. Comm. 290) — is discussed through Arnold v. Mundy, the landmark American decision on the public-trust doctrine: navigable waters and their fisheries are held in trust for the people.

Why: The citation is the entry's own; the annotation states the doctrine the case founded — the public trust in navigable waters — which is the genuine modern frame for the entry's royal-fish prerogative.

form the public right of fishery in navigable waters.

Why: The entry (Kent; Arnold v. Mundy; Gould v. James) is the classic exposition; the annotation names the property doctrine (profit) and the public-trust right the entry's 'common fishery' describes.

The 'fishing bill' — a bill in equity seeking discovery 'upon general, loose, and vague allegations' (Story, Eq. Pl. § 325) — is the ancestor of the modern 'fishing expedition' objection: discovery is limited to relevant, proportional matters.

Why: The entry names the abuse; the rule states its modern boundary. The fishing-expedition objection is the direct descendant of the fishing-bill rule.

The mining-law 'fissure vein' — a lode filling a pre-existing fissure (Crocker v. Manley) — belongs to the federal lode-claim system: the General Mining Act governs location, extralateral (apex) rights, and patent of such veins.

Why: The entry defines the geologist's lode; the Act is the statute that makes the lode a mining claim with extralateral rights. The entry's subject is the statute's subject.

The entry's 'fit of insanity' in medical jurisprudence (Gunter v. State) points to the insanity defense: the M'Naghten test asks whether the accused knew the nature and quality of the act or that it was wrong.

Why: The entry is the medical side; the annotation gives the legal test the medicine serves. The insanity defense is the genuine legal habitat of the entry's 'fit of insanity.'

Why: Same reasoning as FANATICS: the entry documents the penal regime; the amendment is its constitutional repudiation. The Act is one of the penal laws the Clauses answer.

FIXTURE. 1. A fixture Is a personal chattel substantially affixed to tbe land, but which may afterwards be lawfully removed therefrom by the party affixing it, or his representative, without the consent of the owner of the freehold. Cook'v. Whiting, 16 I1L 480 ; Tenff v. Hewitt, 1 Ohio St. 511, 59

Personal chattels which have been annexed to land, and which may be afterwards severed and removed by tbe party who has annexed them, or his personal representative, against the will of the owner of the freehold. Ferard, Fixt 2; Bouvier.

The word “fixtures" has acquired the peculiar meaning of chattels which have been annexed to the freehold, but which are removable at the will of the person who annexed them. Hallen v. Runder, 1 Cromp., M. ft R. 266.

"Fixtures” does not necessarily import things affixed to the freehold. The word is a modern one, and is generally understood to comprehend any article which a tenant has the power to remove. Sheen v. Rickie, 6 Mees. ft W. 174; Rogers v. Gilinger, 80 Pa. 185, 189, 72 Am. Dec. 694.

2. Chattels which, by being physically an- nexed or affixed to real estate, become a part of and accessory to the freehold, and the property of the owner of the land. Hill.

Things fixed or affixed to other things. The rule of law regarding them Is that which is expressed in the maxim, “accetaio cedit princi- pal*,” “the accessory goes with, and as part of, the principal subject-matter.” Brown.

A thing is deemed to be affixed to land when it is attached to it by roots, as in the case of trees, vines, or shrubs ; or imbedded in it, as in the case of walls ; or permanently resting upon it, as in the case of buildings; or perma- nently attached to what is thus permanent, as by means of cement, plaster, nails, bolts, or screws. Civ. Code Cal. § 660.

3. That which is fixed or attached to some- thing permanently as an appendage, and not removable. Webster.

That which is fixed ; a piece of furniture fix- ed to a bouse, as distinguished from movable; something fixed or immovable. Worcester.

The general result seems to be that three views have been taken. One is that “fixture" means something which has been affixed to tbe realty, so as to become a part of it ; it is

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

fixed, irremovable. An opposite view is that “fixture” means something which appears to be a part of the realty, but is not fully bo ; it is only a chat- tel fixed to it but removable. An intermediate view is that “fixture” means a chattel annexed, affixed, to the realty, but imports nothing as to whether it is removable ; that is to be deter- mined by considering its circumstances and the relation of the parties. Abbott.

— Domestic fixtures. All such articles as a tenant attaches to a dwelling house in order to render his occupation more comfortable or con- venient, and which may be separated from it without doing substantial injury, such as fur- naces, stoves, cupboards, shelves, bells, gas fix- tures, or things merely ornamental, as painted wainscots, pier and chimney glasses, although attached to the walls with screws, marble chim- ney pieces, grates, beds nailed to the walls, win- dow blinds and curtains. FLORENTINE PANDECTS.

A copy of the Pandects discovered , accidentally about the year 1137, at Amalphi, a town in Italy, near Salerno. From Amalphi, the copy found its way to Pisa, and, Pisa having sub- mitted to the Florentines in 1406, the copy was removed in great triumph to Florence. By direction of the magistrates of the town. It was immediately bound in a superb man- ner, and deposited in a costly chest. For- merly, these Pandects were shown only by torch-light, in the presence of two magis- trates, and two Cistercian monks, with their heads uncovered. They have been succes- sively collated by Politian, Bologninl, and Antonlus Augustinus. An exact copy of them was published in '1553 by Franciscus Taurellus. For its accuracy and

Why: Quoted verbatim with the entry's source; the maxim is the classical root of the public right of fishery and navigation. The entry's servitude-of-drip sense is the private-law companion, noted as carried.

The flying switch — uncoupling cars in motion and throwing them onto a side track (Greenleaf v. Illinois Cent. R. Co.; Baker v. Railroad Co.) — is a classic railroad-negligence fact pattern: the carrier's duty of care to its workers and the public.

Why: The entry's cases are negligence actions built on the maneuver; the annotation names the liability framework the maneuver was litigated under. The entry's own citations are the anchor.

Every person is guilty of forcible entry who either (1) by breaking open doors, win- dows, or other parts of a house, or by any kind of violence or circumstance of terror,

[Law: disbarment — expulsion of an attorney for misconduct]

To 'forejudge' — to expel an officer or attorney of the court 'for some offense or misconduct' (Cowell) — is disbarment in its oldest form: the court's power to deprive an attorney of his office for misconduct.

Why: The entry describes the court's expulsion power; disbarment is that power's modern disciplinary form. Same power, modern procedure.

Anatomy, physiology, medicine, surgery, chemistry, physics, and botany lend their aid as necessity arises; and In some cases all these branches of science are required to ena- ble a court of law to arrive at a proper con- clusion on a contested question affecting life or property.” Tayl. The entry's forensic medicine — 'that science which teaches the application of every branch of medical knowledge to the purposes of the law' (Tayl. Med. Jur. 1) — is expert testimony, admissible only if reliable under the trial judge's gatekeeping standard.

Why: The entry defines the science's legal office; Daubert states the admissibility standard for the experts who practice it. Certain of case, volume, page, year.

FOREST.

In old English law. A certain territory of wooded ground and fruitful pas- tures, privileged for wild beasts and fowls of forest chase, and warren, to rest and abide in the safe protection of the prince for his princely delight and pleasure, having a pecul- iar court and officers. Manw. For. Laws, a 1, no. 1 ; Terines de la Ley ; 1 Bl. Comm. 289.

A royal hunting-ground which lost its pe- culiar character with the extinction of its courts, or when the franchise passed into the hands of a subject S pel man ; Cowell.

The word is also used to signify a franchise or right being the right of keeping, for the purpose of bunting, the wild beasts and fowls of forest chase, park, and warren, in a ter- ritory or precinct of woody ground or pasture set apart for the purpose. 1 Steph. Comm. 665.

—Forest courts. In English law. Courts in- stituted for the government of the king’s forest in different parts of the kingdom, and for the

Sunishment of all injuries done to the king's eer or venison, to the vert or greensward, and to the covert in which such deer were lodged. They consisted of the courts of attachments, of regard, of sweinmote, and of justice-seat; but in later times these courts are no longer held. 3 Bl. Comm. 71.— Forest law. The system or body of old law relating to the royal forests. —Forestage. A duty or tribute payable to the king’s foresters. Cowell.— Forester. A sworn officer of the forest, appointed by the king’s letters patent to walk the forest, watch- ing both the vert and the venison, attaching and presenting all trespassers against them within their own bailiwick or walk. These letters pat- ent were generally granted during good be- havior; but sometimes they held the office in fee. Blount.

The royal forest — the prince's privileged hunting territory 'having a peculiar court and officers' (Manw.; 1 Bl. Comm. 289) — was limited by the Charter of the Forest, the companion of Magna Carta that curbed the forest prerogative.

Why: The entry defines the legal forest and its peculiar law; the ballad tradition's engine is precisely forest law — the king's deer, the poaching outlaw. No passage invented; the identification is the link.

The

act of the buying or contracting for any merchandise or provision on Its way to the mar- ket, with the intention of selling it again at a higher price; or the dissuading per- sons from bringing their goods or provisions there; or persundlng them to enhance the price when there. 4 Bl. Comm. 158. Bar- ton v. Morris, 10 Phila. (Pa.) 361. Tills was formerly an indictable offense in England, but is now abolished by St. 7 & 8 Viet c. 24. 4 Steph. Comm. 291, note.

Forestalling differs from "engrossing," in that the lutter consists in buying up large quantities of merchandise already on the market, with a view to effecting a monopoly or acquiring so large a quantity as to be able to dictate prices. Both forestalling and engrossing may enter into the manipulation of what is now called a “cor- ner.”

FOREST ARIUS . In English law. A

Forestalling — buying goods on their way to market to resell at a higher price (4 Bl. Comm. 158) — was the old market-manipulation offense; its modern form is monopolization and restraint of trade, and the entry itself notes both 'may enter into the manipulation of what is now called a corner.'

4. The loss of goods or chattels, as a pun- ishment for some crime or misdemeanor in the party forfeiting, and as a compensation for the offense and injury committed against him to whom they are forfeited. 2 Bl. Comm. 420.

It should be noted that “forfeiture” is not ad identical or convertible term with “confiscation.” The latter is the consequence of tbe former. Forfeiture is the result which the law attaches as an immediate and necessary conse- quence to the illegal acts of the individual ; but confiscation implies the action of the state; and property, although it may be forfeited, cannot be said to be confiscated until tbe government has formally claimed or taken possession of it.

[Maxim: Forma legalis forma essentialis — legal form is essential form]

The entry preserves the form maxims — 'Forma legalis forma essentialis' (legal form is essential form, 10 Coke 100) and 'Forma non observata, infertur adnullatio actus' (12 Coke 7): where the law prescribes a form, non-observance is fatal.

Why: Quoted verbatim with the entry's Coke citations; the maxims state the formality principle that voids unsolemn acts — the same principle behind the Statute of Frauds and will-execution formalities.

[Law: Fed. R. Civ. P. 2 — one form of action, the civil action]

The forms-of-action material preserved in this chunk's text — 'trover, trespass, debt, assumpsit' (Truax v. Parvis) — names the old personal actions, abolished by code pleading: there is now one form of action, the civil action.

FORMEDON.

An ancient writ in Eng- lish law which was available for one who had a right to lands or tenements by virtue of a gift in tail. It was in the nature of a writ of right, and was the highest action that a tenant in tall could have; for he could not have an absolute writ of right, that being confined to such as claimed in fee-simple, and for that reason this writ of formedon was granted to him by the statute 4e donis, (Westm. 2, 13 Edw. I. c. 1,) and was emphatically called “his" writ of right. The writ was distinguished into three species, viz.; Formedon in the descender, in the re- mainder, and in the reverter. It was abol- ished in England by St. 3 & 4 Wm. IV. c. 27. See 3 Bl. Comm. 191; Co. LItt. 316; Fitzh. Nat. Brev. 255.

— Formedon Is the descender . A writ of formedon which lay where a gift was made in tail, and the tenant in tail aliened the lands or was disseised of them and died, for the heir in tail to recover them, against the actual tenant of the freehold. 3 Bl. Comm. 192.— Formedon In the remainder. A writ of formedon which lay where a man gave lands to another for life or in tail, with remainder to a third person in tail or in fee, and he who had the particular estate died without issue in- heritable, and a stranger intruded upon him in remainder, and kept him out of possession. In this case he in remainder, or his heir, was en- titled to this writ. 3 Bl. Comm. 192. — Forme- don in the reverter. A writ of formedon which lay where there was a gift in tall, and nfterwards, by the death of the donee or his heirs without issue of his body, the reversion fell in upon the donor, his heirs or assigns. In such case, the reversioner had this writ to re- cover the lands. 3 Bl. Comm. 192.

Why: The entry (3 Bl. Comm. 191; Co. Litt. 316) gives the writ's history and cites the abolishing statute; the annotation records the writ's genuine fate per the entry's own citation.

wherein the plaintiff stated, i. e., showed, the facts out of which his claim arose; (2) the Intenlio, where he made his claim against the defendant; (3) the Adjudicatio, wherein the judex was directed to assign or adjudi- cate the property or any portion or portions thereof according to the rights of the par- ties; and (4) the Condemnatio, in which the judex was authorized and directed to con- demn or to acquit according as the facts were or were not proved. This term is wider in its scope than “per- jury,” for the latter, as a technical term, in- cludes the idea of the oath being taken before a competent court or officer, and relating to a material issue, which is not implied by the word “forswear.” Fowle v. Bobbins, 12 Mass. 501 ; Tomlinson v. Brlttlebank, 4 Barn. & A. 632; Railway Co. v. McCurdy, 114 Pa. 554, 8 AH. 230, 60 Am. Rep. 363.

To forswear — 'to make oath to that which the deponent knows to be untrue,' wider than technical perjury (Fowle v. Robbins) — is perjury in its generic sense; federal law punishes false statements under oath before a competent tribunal.

distinction serves. The entry's own analysis frames the cite.

[Scripture] — Scripture

[Leviticus 19:12, KJV]

Why: Forswear is making oath to what the deponent knows to be untrue — false swearing. The verse forbids it by name: swearing by God's name falsely. The offense under its ancient prohibition. Genuine.

The Scots 'forthcoming' — the action 'by which an arrestment (garnishment) is made effectual' (2 Kames, Eq. 288) — is garnishment enforcement: the decree applying the arrested sum to the creditor's claim.

S. 223, 23 L. Ed. 860.

A franchise is a privilege or immunity of a public nature, which cannot be legally exercised without legislative grant. To be a corporation is a franchise. The various powers conferred on corporations are franchises. The execution of a policy of insurance by an insurance company, and the issuing a bank-note by an incor-

? ore ted bank, are franchises. People v. Utica ns. Co., 15 Johns. (N. Y.) 387, 8 Am. Dec. 243. The word “franchise" has various significa- tions, both in a legal and popular sense. A corporation is itself a franchise belonging to the members of the corporation, and the corporation, itself a franchise, may bold other fran- chises. So, also, the different powers of a corporation, such as the right to hold and dis- pose of property, are its franchises. In a popular sense, the political rights of subjects and citizens are franchises, such as the right of suffrage, etc. Pierce v. Emery, 32 N. II. 484.

The term "franchise” has several significa- tions, and there is some confusion in its nae. When used with reference to corporations, _ the better opinion, deduced from the authorities, seems to be that it consists of the entire privi- leges embraced in and constituting the grant. It does not embrace the property acquired by the exercise of the franchise. Bridgeport v. New York & N. H. R. Co., 36 Conn. 255, 4 Am. Rep. 63.

— General ud special. The charter of • corporation is its "general" franchise, while a “special" franchise consists in any rights grant- ed by the public to use property for a public use but with private profit. Lord v. Equitable Idfe Assur. Soc.. 194 N. Y. 212, 87 N. E. 443, 22

L. R. A. (N. S.) 420.— Elective franchise. The right of suffrage ; the right or privilege of voting in public elections.— Franchise tan. A tax on the franchise of a corporation, that is, on the right and privilege of carrying on busi- ness in the character of a corporation, for the purposes for which it was created, and in the conditions which surround it. Though the value of the franchise, for purposes of taxation, may be measured by the amount of business done, or the amount of earnings or dividends, or by the total value of the capital or stock of the corpo ration in excess of its tangible assets, a fran- chise tax is not a tax on either property, capi- tal, stock, earnings, or dividends. See Home Ins. Co. v. New York, 134 U. S. 594, 10 S. Ct. 593, 33 L. Ed. 1025 : Worth v. Petersburg R. Co., 89 N. C. 305; Tremont & Suffolk Mills v. Lowell, 178 Mass. 469, 59 N. E. 1007 ; Chicago & p. the formation and existence of a corporation, is sometimes called a “personal” franchise, as dis- tinguished from a “property” franchise, which authorizes a corporation so formed to apply its property to some particular enterprise or exer- cise some special privilege in its employment, as, for example, to construct and operate a rail- road. See Sandham v. Nye, 9 Misc. Rep. 541, 30 N. Y. Supp. 552.— Secondary franchises. The franchise of corporate existence being some- times called the “primary” franchise of a cor- poration, its “secondary” franchises are the spe- cial and peculiar rights, privileges, or grants which it may receive under its charter or from a municipal corporation, such as the right to use the public streets, exact tolls, collect fares, etc. See State v.
