Political rights consist in the power to par- ticipate, directly or Indirectly, in the estab- lishment or administration of government such as the right of citizenship, that of suf- frage, the right to hold public office, and the right of petition. See Black Const Law (3d Ed.) 524 ; Wlnnett v. Adams, 71 Neb. 817, 99 N. W. 681. -

Personal rights Is a term of rather vague import but generally It may be said tt> mean the right of personal security, comprising those of life, limb, body, health, reputation, and the right of personal liberty.

As an adjective, the term “right” means Just morally correct, consonant with ethical

“Right” Is used In law, as well as in eth- ics, as opposed to "wrong.” Thus, a person may acquire a title by wrong.

The concrete sense anticipates Hohfeld's analysis: 'rights' resolve into claim-rights, privileges, powers, and immunities, each with its correlative.

[Deuteronomy 16:20, KJV]

That which is altogether just shalt thou follow, that thou mayest live, and inherit the land which the LORD thy God giveth thee.

Why: Right in the abstract is justice, ethical correctness, consonance with law's moral principles. The verse commands it outright: follow justice altogether — the abstract right as a duty.

[Qur'an 4:135, Yusuf Ali]

O ye who believe! stand out firmly for justice, as witnesses to Allah, even as against yourselves, or your parents, or your kin

Why: The second tradition's witness on the same abstract right: stand firmly for justice as witnesses to Allah, even against self, parents, and kin — justice owed impartially, which is what 'right' means.

RIGHT OF WAY.

The right of passage or of way is a servitude Imposed by law or by convention, and by virtue of which one has a right to pass on foot, or horseback, or

in a vehicle, to drive beastB of burden or carts, through the estate of another. When this servitude results from the law, the ex- ■ ercise of it is confined to the wants of the person who has it. When it is the result of a contract, its extent and the mode of using It is regulated by the contract Civ. Code La. art 722.

"Right of way," in its strict meaning, is the nght of passage over another man's ground ; and in its legal and generally accepted meaning, in reference to a railway, it is a mere easement in the lands of others, obtained by lawful con- demnation to public use or by purchase. It would be using the term in an unusual sense, by applying it to an absolute purchase of the fee-simple of lands to be used for a railway or any other kind of a way. Williams v. Western Union Ry. Co., 50 Wis. 76, 5 N. W. 482. And see Kripp v. Curtis, 71 Cal. 62, 11 Pac. 879; Johnson v. Lewis, 47 Ark. 66, 2 S. W. 329; Bodfish v. Bodfish, 105 Mass. 317 ; New Mex- ico v. RIGHT TO BEGIN.

On the hearing or trial of a cause, or the argument of a de- murrer, petition, etc., the right to begin is the right of first addressing the court or jury. RIGHT TO REDEEM.

The term “right of redemption,” or “right to redeem,” is familiarly used to describe the estate of the debtor when under mortgage, to be sold at -auction, in contradistinction to an absolute estate, to be set off by appraisement It would- be more consonant to the legal char- acter of this interest to call it the “debtor’s estate subject to mortgage.” White v. [Law] — Law

RIVER.

A natural stream of water, of greater volume than a creek or rivulet, flow- ing in a more or less permanent bed or chan- nel, between defined banks or walls, with a current which may either be continuous in one direction or affected by the ebb and flow of the tide. See Howard v. Ingersoll, 13 How. 391, 14 L. Ed. 189 ; Alabama v. Georgia, 23 How. 513, 16 L. Ed. 556; The Garden City (D. C.) 26 Fed. 772; Berlin Mills Co. v. Wentworth's Location, 60 N. N. 627 ; Chamberlain v. Hemingway, 63 Conn. 1, 27 Atl. 239, 22 L. R. A. 45, 38 Am. St. Rep. 330.

Rivers are public or private; and of public rivers some are navigable and others not. The common-law distinction is that naviga- ble rivers are those only wherein the tide ebbs and flows. Bnt, in familiar usage, any river is navigable which affords passage to ships and vessels, Irrespective of its being affected by the tide.

ROLL.

A schedule of parchment which mny be turned up with the hand in the form of a pipe or tube. Jacob.

A schedule or sheet of parchment on which legal proceedings are entered. Thus, in Eng- lish practice, the roll of parchment on which the Issue Is entered is termed the “issue roll.” So the rolls of a manor, wherein the names, rents, and services of the tenants are copied and enrolled, are termed the “court rolls." There are also various other rolls; as those which contain the records of the court of chancery, those which contain the registers of the proceedings of old parliaments, called “rolls of parliament,” etc. Brown.

In English practice, there were formerly a

great variety of these rolls, appropriated to the different proceedings; such as the war- rant of attorney roll, the process roll, the recognizance roll, the imparlance roll, the plea roll, the issue roll, the judgment roll, the scire facias roll, and the roll of proceed- ings on writs of error. 2 Tldd, Pr. 729, 730.

In modern practice, the term is sometimes used to denote a record of the proceedings of a court, or public office. Thus, the “judg- ment roll” Is the file of records comprising the pleadings In a case, and all the other pro- ceedings up to the judgment, arranged in order. In this sense the use of the word has survived Its appropriateness ; for such rec- ords are no longer prepared in the form of a roll.

BOHAN LAW.

This term, in a general sense, comprehends all the laws which pre- vailed among the Romans, without regard to the time of their origin, including the col- lections of Justinian.

In England and America, it appears to be customary to use the phrase, indifferently with “the civil law,” to designate the whole system of Roman Jurisprudence, including the Corpus Juris Civttis; or, if any distinc- tion is drawn, the expression “civil law” de- notes the system of jurisprudence obtaining in those countries of continental Europe which have derived their juridical notions and principles from the Justinian collection, while “Roman law” is reserved as the proper appellation of the body of law developed un- der the government of Rome from the earliest times to the fall of the empire.

The Carthusians, Bernardines, and some other religious per- sons were exempt. Gibbon remarks that when the necessity for this tax no longer existed, the church still clung to it as tod lucrative to be abandoned, and thus arose the tithing of ecclesiastical benefices for the pope or other sovereigns. A contract between two parties, called, respectively, the “seller” (or vendor) and the “buyer,” (or purchaser,) by which the former, in consideration of the payment or promise of payment of a certain price in money, transfers to the latter the title and the possession of an object of property. See Pard. Droit Commer. 5 6; 2 Kent*, Comm. 863; Poth. Cont Sale, { 1.

Sale is a contract by which, for a pecuni- ary consideration called a “price,” one trans- fers to another an interest in property. Civil Code Cal. i 1721.

The contract of sale is an agreement by which one gives a thing for a price in cur- rent money, and the other gives the price in order to have the thing itself. Three cir- cumstances concur to the perfection of the contract, to-wit, the thing sold, the price, and the consent. Civil Code La. art. 2439.

A transmutation of property from one man to another in consideration of some price or recom- pense in value. 2 Bl. Comm. 446.

“Sale” is a word of precise legal import, both at law and in equity. It means, at all times, a contract between parties to give and to pass rights of property for money, which the buyer pays or promises to pay to the seller for the thing bought and sold. See Butler v. Thomson. 92 U. S. 414, 23 L, Ed. 684; Ward v. State, 45 Ark. 353 ; Williamson v. Berry, 8 How. 544. 12

L. Ed. 1170; White v. Treat (C. C.) 100 Fed. 291 ; Iowa v. McFarland, 110 U. S. 471, 4 Sup. Ct. 210. 28 U Ed. 198; Goodwin v. Kerr, SO Mo. 281; State v. Wentworth, 35 N. H. 443; Com. v. Packard, 5 Gray (Mass.) 103; Clemens v. Davis. 7 Pa. 264; Tompkins v. Hunter, 149

N. X. 117, 43 N. E. 532.

Synonyms. The contract of “sale” is distinguished from “barter” (which applies only to goods) and “exchange,” (which is used of both land and goods,) in that both the latter terms denote a commutation of property for property ; i. e., the price or con- sideration is always paid in money if the transaction is a sale, but, if it is a barter or exchange, it is paid in specific property sus- ceptible of valuation. “Sale” differs from “gift” in that the latter transaction involves no return or recompense for the thing trans- ferred. But an onerous gift sometimes ap- proaches the nature of a sale, at least where the charge it imposes is a payment of money. “Sale” is also to be discriminated from “bail- ment;” and the difference is to be found in the fact that the contract of bailment always contemplates the return to the bailor of the specific article delivered, either in its origi- nal form or in a modified or altered form, or the return of an article which, though not identical, is of the same class, and is equiva- lent. But sale never involves the return of the article itself, but only a consideration in money. This contract differs also from “accord and satisfaction because in the latter the object of transferring the property is to compromise and settle a claim, while the object of a sale is the price given.

— Absolut* and conditional sales. An ab- solute sale is one where the property in chat- tels passes to the buyer upon the completion of the bargain between the parties. Truax v. Par- vis, 7 Houst. (Del.) 330, 32 Atl. 227. A condi- tional sale is one m which the transfer of title is made to depend on the performance of a con- dition ; or a purchase for a price paid or to

be paid to become absolute on a particular event, or a purchase accompanied by an agreement to resell upon particular terms. Poindexter v. Mc- Cannon, 16 N. C. 373, 18 Am. Dec. 591; Crimp v. McCormick Const. Co., 72 Fed. 366, 18 C. C.

A. 595; Churchill v. Demeritt. 71 N. H. 110, 61 Atl. 254; Van Allen v. Francis, 123 Cal. 474, 56 Pac. 339. Conditional sales are distin- guishable from mortgages. They are to be tak- en strictly as independent dealings between strangers. A mortgage is a security for a debt, while a conditional sale is a purchase for a price paid, or to. be paid, to become absolute on a particular event ; or a purchase accompanied by an agreement to resell upon particular terms. Turner v. Kerr, 44 Mo. 429; Crane v. Bon- nell, 2 N. J. Eq. 264; Weathersly v. Weathers- ly, 40 Miss. 462. 90 Am. Dec. 344; Hopper v. Smyser, 90 Md. 363, 45 Atl. 206.— BUI of sale. See Bill. — Executed and executory sales. An executed sale is one which is final and com- plete in all its particulars and details, nothing remaining to be done by either party to effect an absolute transfer of the subject-matter of the sale. An executory sale is an incompleted sale; one which has been definitely agreed on as to terms and conditions, but which has not yet been carried into full effect in respect to some of its terms or details, as where it remains to determine the price, quantity, or identity of the thing sold, or to pay installments of purchase- money, or to effect a delivery. See McFadden v. Henderson, 128 Ala. 221, 29 South. 640; Fogel v. Brubaker, 122 Pa. 7, 15 Atl. (502 ; Smith v. Barron County Sup’rs, 44 Wis. 691. — Forced sale. A sale made without the con- sent or concurrence of the owner of the proper- ty, but by virtue of judicial process, such as a writ of execution or an order under a decree of foreclosure.— Fraudulent sale. One made for the purpose of defrauding the creditors of the owner of the property, by covering up or remov- ing from their reach and converting into cash property which would be subject to the satisfac- tion of their claims.— Judicial sale. A judicial sale is one made under the process of a court having competent authority to order it, by an officer duly appointed and commissioned to sell, as distinguished from a sale by an owner in virtue of his right of property. A name sometimes applied to that form of condi- tional sale in which the goods are placed in the possession of the purchaser subject to his ap- proval, the title remaining in the seller until they are either accepted or rejected by the ven- dee.— Private sale. One negotiated and con- cluded privately between buyer and seller, and not made by advertisement and public outcry or auction. See Barcello v. Hapgood, 118 N. C. 712, 24 S. E. 124.— Public sale. A sale made in pursuance of a notice, by auction or public outcry. Itobins v. Bellas, 4 Watts (Pa.) 258. — Sale an4 return. This is a species of con- tract by which the seller (usually a manufactur- er or wholesaler) delivers a quantity of goods to the buyer, on the understanding that, if the lat- ter should desire to retain or use or resell any portion of such goods, he will consider such part as having been sold to him. and will pay their price, and the Iwlance he will return to the sell- er, or hold them, as bailee, subject to his order.'

SANCTION.

In the original sense of the word, a “sanction” is a penalty or punish- ment provided as a means of enforcing obe- dience to a law. In jurisprudence, a law is

said to have a sanction when there is a state which will intervene if it is disobeyed or dis- regarded. Therefore international law has no legal sanction. Sweet

In a more general sense, a “sanction” has been defined as a conditional evil annexed to a law to produce obedience to that law ; and, in a still wilder sense, a “sanction" means simply an authorization of anything. Occa- sionally, “sanction" is used (e. g., in Roman law) to denote a statute, the part (penal clause) being used to denote the -whole. Brown.

SATISFIED TERM.

SAVING CLAUSE.

A saving clause in a statute is an exception of a special thing out of the general things mentioned in the stat- ute ; it is ordinarily a restriction in a repeal- ing act, which is intended to save rights, pending proceedings, penalties, etc., from the annihilation which would result from an un- restricted repeal. State v. St. Louis, 174 Mo. 125, 73 S. W. 623, 61 L. R. A. 093 ; Clark Thread Co. v. Kearney Tp., 50 N. J. Law, 50, 25 AU. 327. TIONS. A creditor is said to "save the statute of limitations" when he saves or pre- serves his debt from being barred by the operation of the statute. Thus, in the case of a simple contract debt, if a creditor com- mence an action for Its recovery within six years from the time when the cause of ac- tion accrued, he will be in time to save the statute. SEAWORTHINESS.

In marine insur- ance. A warranty of seaworthiness means that the vessel is competent to resist the

Ordinary attacks of wind and weather, and Is competently equipped and manned for the voyage, with a sufficient crew, and with suf- ficient means to sustain them, and with a captain of general good character and naut- ical skill. 3 Kent, Comm. 287.

A warranty of seaworthiness extends not only to the condition of the structure of the ship itself, but requires that it be properly laden, and provided with a competent mas- ter, a sufficient number of competent officers and seamen, and the requisite appurtenances and equipments, such as ballast, cables aud anchors, cordage and sails, food, water, fuel, and lights, and other necessary or proper stores and implements for the voyage. Civil Code Cal. § 2684.

The term “seaworthy" is somewhat equivocal. In its more literal sense, it signifies capable of navigating the sea; but, more exactly, it im- plies a condition to be and remain in safety, in the condition she is in, whether at sea, in port, or on a railway, stripped and under repairs. If, when the policy attaches, she is in a suitable place, and capable, when repaired and equipped, of navigating the sea, she is seaworthy. But where a vessel is warranted seaworthy for a specified voyage, the place and usual length hieing given, something more is implied than mere physical strength and capacity; she must be suitably officered and

manned, supplied with provisions and water, and furnished with charts and instruments, and, especially in time of war, with documents necessary to her security against hostile capture. The term “seaworthy, as used in the law and practice of insurance, does not mean, as the tern would seem to im- ply, capable of going to sea or of being navi- gated on the sea ; it imports something very different, and much more, viz., that she is sound, staunch, and strong, in all respects, and equipped, furnished, and provided with officers and men, provisions and documents, for a cer- tain service. In a policy for a definite voyage, the term “seaworthy” means “sufficient for such a vessel and voyage.” Capen v. Washington Ins. Co., 12 Cush. (Mass.) 517, 530.

An insurrectionary move- ment tending towards treason, but wanting an overt act; attempts made by meetings or speeches, or by publications, to disturb the tranquillity of the state.

The distinction between "sedition” and “trea- son” consists in this: that though the ultimate object of sedition is a violation of the public peace, or at least such a course of measures as evidently engenders it, yet it does not aim at direct and open violence against the laws or the subversion of the constitution. Alia. Crim. Law, 580.

SEIGNIORY.

In English law. A lord- ship; a manor. The rights of a lord, as such, in lands.

This is the strict technical expression used to describe the ownership in “an estate in fee-simple in possession in a corporeal here- ditament.” The word “seised” is used to express the "seisin” or owner’s possession of a freehold property ; the phrase “In de-’ mesne,” or “In his demesne,” (in dominico suo) signifies that he is seised as owner of the land itself, and not merely of the seig- niory or services ; and the concluding words, “as of fee,” Import that he is seised of an estate of inheritance in fee-simple. Possession with an Intent on the part of him who holds it td claim a freehold inter- est. Towle v. Ayer, 8 N. H. 58; Ferguson v. Wltsell, 5 Rich. Law (S. C.) 280, 57 Am. Dec. 744 ; McNitt v. Turner, 16 Wall. 361, 21

L. Ed. 341; Desbong v. Deshong, 186 Pa. 227, 40 Atl. 402, 65 Am. St. Rep. 855.

Upon the introduction of the feudal law into England, the word “seisin” was applied only to the possession of an estate of freehold, in contradistinction to that precarious kind of possession by which tenants in villeinage held their lands, which was considered to be the pos- session of those in whom the freehold continued. The word still retains its original signification, being applied exclusively to the possession of land of a freehold tenure, it being inaccurate to use the word as expressive of the possession of leaseholds or terms of years, or even of copy- holds. Brown.

Under our law, the word “seisin” has no accu- rately defined technical meaning. At common law, it imported a feudal investiture of title by actual possession. With us it has the force of possession under some legal title or right to hold. This possession, so far as possession

alone is involved, may be shown by parol ; but, if it is intended to show possession under a legal title, then the title must be shown by proper conveyance for that purpose. Ford v. Garner, 49 Ala. 603.

Every person in whom a seisin is required by any of the provisions of this chapter shall be deemed to have been seised, if be may have had any right, title, or interest in the inheritance. Code N. C. 1883, { 1281, rule 12.

— Actual seisin means possession of the free- hold by the pedis positio of one's self or one's tenant or agent, or by construction of law, as in the case of a state grant or a conveyance un- der the statutes of uses, or (probably) of grant or devise where there is no actual adverse pos- session ; it means actual possession as distin- guished from constructive possession or posses- sion in law. Carpenter v. Garrett, 75 Va. 129, 135; Carr v. Anderson, 6 App. Div. 6, 39 N.

Y. Supp. 7 46. — Constructive seisin. Seisin in law where there is no seisin in fact ; as where the state issues a patent to a person who never takes any sort of .possession of the lands granted, he has constructive seisin of all the land in bis grant, though another person is at the time in actual possession. Garrett v. Ram- sey, 26 W. Va. 351. — Covenant of seisin. See Covenant.— Equitable seisin. A seisin which is analogous to legal seisin ; that is, seisin of an equitable estate in land. Thus a mortgagor is said to have equitable seisin of the land by receipt of the rents. Sweet.— Livery of seisin. Delivery of possession ; called, by the feudists, “investiture.”— Primer seisin. In English law. The right which the king had, when any of Mb tenants died seised of a knight's fee, to receive of the heir, provided he were of full age, one whole year's profits of the lands, if they were in immediate possession ; and half a year’s profits, if the lands were in reversion, expectant on an estate for life. 2

Bl. Comm. 66. — Quasi seisin. A term applied to the possession which a copyholder has of the land to which he has been admitted. The free- hold in copyhold lands being in the lord, the copyholder cannot have seisin of them in the proper sense of the word,- but he has a custom- ary or quasi seisin analogous to that of a free- holder. Williams. Seis. 126; Sweet.— Seisin in deed. Actual possession of the freehold; the same as actual seisin or seisin in fact. Vanderheyden v. Crandall, 2 Denio (N. Y.) 21; Backus v. McCoy, 3 Ohio, 221. 17 Am. Dec. 585; Tate v. Jay, 31 Ark. 579.— Seisin in fact. Possession with intent on the part of him who holds it to claim a freehold interest ; the same as actual seisin. As opposed to a joint action, this term signifies an action brought for himself alone by each of several complain- ants who are all concerned in the same trans- action, but cannot legally join in the suit.— Separate demise in ejectment. A demise in a declaration in ejectment used to be termed a “separate demise” when made by the lessor separately or individually, as distinguished from a demise made jointly by two or more persons, which was termed a “joint demise.” No such demise, either separate or joint, is now neces- sary in this action. SERF.

In the feudal polity, the serfs were a class of persons whose social con- dition was servile, and who were bound to labor and onerous duties at the will of their lords. They differed from slaves only in that they were bound to their native soil, in- stead of being the absolute property of a master.

SERJEANT.

The same word etymologic- ally with “sergeant,” but the latter spelling Is more commonly employed In the designa- tion of military and police officers, (see Seh- geant,) while the former Is preferred when the term Is used to describe certain grades of legal practitioners and certain officers of legislative bodies. See infra.

— Common Serjeant. A judicial officer at- tached to the corporation of the city of London, who assists the recorder in disposing of the criminal business at the Old Bailey sessions, or central criminal court. Brown.— Serjeant at arms. An executive officer appointed by, and attending on, a legislative body, whose prin- cipal duties are to execute its warrants, pre- serve order, and arrest offenders.— Serjeant at law. A barrister of the common-law courts of high standing, and of much the same rank as a doctor of law is in the ecclesiastical courts. These serjeants seem to have derived their title from the old knights templar, (among whom there existed a peculiar class under the denomination of “friret serge a*,’’ or "fratres servientes") and to have continued as a separ- ate fraternity from a very early period in the history of the legal profession. The barristers who first assumed the old monastic title were those who practiced In the court of common pleas, and until a recent period (the 25th of April, 1834, 9 ft 10 Viet. c. 54) the serjeants at law always had the exclusive privilege of practice in that court. Every judge of a com- mon-law court, previous to his elevation to the bench, used to be created a serjeant at law; but since the judicature act this Is no longer necessary. Brown.— Serjeant of the mace. In English law. An officer who attends the lord mayor of London, and the chief magistrates of other corporate towns. Holrhouse.— Serjeants’ Ian. — Involuntary servitude. See Involun- tary .—Penal servitude. In English criminal law, a punishment which consists in keeping the offender, in confinement and compelling him to labor.

2. A charge or burden resting upon one estate for the benefit or advantage of an- other ; a species of Incorporeal right derived from the civil law (see Servitus) and closely •corresponding to the “easement” of the com- mon-law, except that “servitude” rather has

relation to the burden or the estate burden- ed, while “easement” refers to the benefit or advantage or the estate to which it ac- crues. See Neills v. Munson, 24 Hun (N. Y.) 576 ; Rowe v. NaUy, 81 Md. 367, 32 Atl. 198 ; Los Angeles Terminal Land Co. v. Muir, 136 Cal. 36, 68 Pac. 308; Launder v. Francis, 23 Mo. 184; Rltger v. Parker, 8 Cush. (Mass.) 145, 54 Am. Dec. 744; Kief- fer v. Imhoff, 26 Pa. 438.

The term “servitude,” in its original and popular sense, signifies the duty of service, or rather the condition of one who is liable to the performance of services. The word, how- ever, in its legal sense, is applied figuratively to. things. When the freedom of ownership in land is fettered or restricted, by reason of some person, other than the owner thereof, having some right therein, the land is said to “serve” such person. The restricted condi- tion of the ownership or the ripht which forms the subject-matter of the restriction is termed a "servitude.” and the land so burdened with another’s right is termed a “servient tenement,” while the land belonging to the person enjoying the right is called the “dominant tenement.” The word "servitude” may be said to have both a positive and a negative signification ; in the former sense denoting the restrictive right be- longing to .the entitled party ; in the latter, the restrictive duty entailed upon the proprietor or possessor of the servient land. Brown.

Classification. All servitudes which af- fect lands may be divided into two kinds, — personal and real. Personal servitudes are those attached to the person for whose benefit they are

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

established, and terminate with his life. This kind of servitude is of three sorts, — usufruct, use, and habitation. Real servitudes, which are also called “pred- ial” or “landed” servitudes, are those which the owner of an estate enjoys on a neigh- boring estate for the benefit of his own es- tate. They are called “predial” or "land- ed” servitudes because, being established for the benefit of an estate, they are rather due to the estate than to the owner personally. Civ. Code La. art. 646.

Real servitudes are divided, In .the civil law, into rural and urban servitudes. Rural servitudes are such as are established for the benefit of a lnnded estate ; such, for ex- ample, as a right of way over the servient tenement, or of access to a spring, a coal- mine, a sand-pit, or a wood that is upon It. Urban servitudes are such as are established for the benefit of one building over another. (But the buildings need not be in the city, as the name would apparently imply.) They are such as the right of supiwrt, or of view, or of drip or sewer, or the like. See Mackeld. Rom. Law, $ 316, et seq.

Servitudes are also classed as positive and negative. A positive servitude is one which obliges the owner of the servient estate to permit or suffer something to be done on his pro;>erty by another. A negative servitude Is one which does not bind the servient pro- prietor to permit something to be done upon his property by another, but merely restrains him from making a certain use of his prop- erty which would impair the easement en-

joyed by the dominant tenement See Rowe v. Nally, 81 Md. 367, 32 AU. 198.

SESSION.

The sitting of a court legis- lature, council, commission, etc., for the transaction of its proper business. Hence, the period of time, within any one day, dur- ing which such body is assembled In form, and engaged in the transaction of business, or, in a more extended sense, the whole space of time from Its first assembling to its pro- rogation or adjournment tine die.

Synonyms. Strictly speaking, the word “session,” as applied to a court of justice, is not synonymous with the word “term.” The “session" of a court is the time during which It actually sits for the transaction of judicial business, and hence terminates each day with the rising of the court. A “term” of court is the period fixed by law, usually embracing many days or weeks, during which it shall be open for the transaction of judicial business and during which it may bold sessions from day to day. But this distinction is not always observed, many authorities using the two words interchangeably. See Lipari v. State, 19 Tex. App. 433; Stefani v. State, 124 Ind. 3. 24

SHAVE.

While “shave” is sometimes used to denote the act of obtaining the prop- erty of another by oppression and extortion, it may be used in an Innocent sense to de- note the buying of existing notes and other securities for money, at a discount. Hence to charge a man with using money for shav- ing is not libelous’ per se. See Stone v. Cooper, 2 Denlo (N. Y.) 301 ; Trentham v, Moore, 111 Tenn. 346, 76 S. W. 904; Bron- son v. Wiman, 10 Barb. SHELLET’S CASE, RULE IN.

“When the ancestor, by any gift or conveyance, tak- eth an estate of freehold, and in the same gift or conveyance an estate is limited, ei- ther mediately or immediately, to his heirs in fee or in tall, the ‘heirs' are words of lim- • Ration of the estate, and not words of pur- chase.” I Coke, 164.

Intimately connected with the quantity of estate which a tenant may hold in realty is the antique feudal doctrine generally known as the “Rule in Shelley's Case,” which is reported by Lord Coke in 1 Coke, 936, (23 Ellz. in O. B.) This rule was not first laid down or established in that case, but was then simply admitted in argument as a well- founded and settled rule of law, and has al- ways since been quoted as the “Rule in Shel- ley’s Case." In English law. The sheriff is the prin- cipal officer in every county, and has the transacting of the public business of the county. He is an officer of great antiquity, and was also called the "shire-reeve," "reeve," or "bailiff." He is called in Latin "vice- cornea," as being the deputy of the earl or comes, to whom anciently the custody of the shire was committed. The duties of the sheriff principally consist in executing writs, precepts, warrants from justices of the peace for the apprehension of offenders, etc. Brown.

In Scotch law. The office of sheriff dif- fers somewhat from the same office under the English law, being, from ancient times, an office of important judicial power, as well as ministerial. The sheriff exercises a juris- diction of considerable extent, both of civil and criminal character, which is, in a proper sense, Judicial, in addition to powers resem- bling those of an English sheriff. SHIP, n. A vessel of any kind employed In navigation. In a more restricted and more technical sense, a three-masted vessel navigated with sails.

Nautical men apply the term “ship” to distin- guish a vessel having three masts, each con- sisting of a lower mast, a topmast, and a top- gallant most, with their appropriate rigging. In familiar language, it is usually employed to distinguish any large vessel, however- rig- ged. SHORE.

Land on the margin of the sea, or a lake or river.

In common parlance, the word "shore" is understood to mean the line that separates the tide-water from the land about it, wher- ever that line may be, and in whatever stage of the tide. The word "shore," in its legal and technical sense, indicates the lands ad- jacent to navigable waters, where the tide flows and reflows, which at high tides are submerged, and at low tides are bare. Shiv- ely v. Bowlby, 152 U. S. 1, 14 Sup. Ct.' 548, 38 L. Ed. 331 ; Mather v. Chapman, 40 Conn. 400, 16 Am. Rep. 46 ; U. S. v. Pacheco, 2 Wall. 590, 17 L. Ed. 865 ; Harlan & Hollings- worth Co. v. Sea-shore is that space of land over which the waters of the sea spread in the highest water, during the winter season. Civ. Code La. art 451.

When the sea-shore is referred to as a bound- ary, the meaning must be understood to be the margin of the sea in its usual and ordinary state ; the ground between the ordinary high- water mark and low-water mark is the shore. Hence a deed of land bounded at or by the ''shore" will convey the flats as appurtenant/ Storer v. Freeman, 6 Mass. 435, 4 Am. Dec. 155.

—Slander of title. This’ is a statement of something tending to cut down the extent of title to some estate vested in the plaintiff. Such statement, in order to be actionable, must be false and malicious ; i. c., both untrue and done on purpose to injure the plaintiff. Dam- age must also have resulted from the state- ment. Brown. "Don't believe the hype!" — Black's: a slanderer "maliciously and without reason imputes a crime or fault to another of which he is innocent." The track is Public Enemy's answer to false press narratives about the group — a rebuttal to slanderers — and the hook instructs the listener's defense: disbelieve false public imputations.

Why: The song's subject is literally defamation — false public claims imputing faults to persons; the hook is verbatim-certain. It genuinely illuminates the act of slandering and the defense against it.

SLAVE.

"You see it's leaders and it's followers / But I'd rather be a dick than a swallower" — Black's: "the traffic in slaves, or the buying and selling of slaves for profit." "New Slaves" argues the trade continues in modern form: consumerism, coercive contracts, and the prison-industrial complex ("They tryna lock niggas up, they tryna make new slaves"; "I know that we the new slaves"). The refrain is the refusal of the follower's — the slave's — role.

Render therefore to all their dues: tribute to whom tribute is due; custom to whom custom; fear to whom fear; honour to whom honour.

Why: Smuggling is defrauding the revenue by evading customs duties; the verse names 'custom' among the dues that must be rendered — the very obligation the offense evades.

services of husbandry to be performed by the tenant to the lord of the fee. "Socage," in its most general and ex- tensive signification, seems to denote a ten- ure by any certain and determinate service. And in this sense it Is by the ancient writers constantly put In opposition to tenure by chivalry or knight-service, where the render was precarious and uncertain. Socage is of two sorts, — free socage, where the services are not only certain, but honorable ; and vil- lein socage, where the services, though cer- tain, are of baser nature. Such as hold by the former tenure are also called in Glanvil and other authors by the name of "liberi sokemanni," or tenants in free socage. By the statute 12 Car. 2, c. 24, all the tenures by knight-service were, with one or two im- material exceptions, converted into free and common socage. See Cowell; Bract. 1. 2, c. 35; 2 Bl. SODOMY.

In criminal law. The crime of unnatural sexual connection; so named from Its prevalence In Sodom. See Gene- sis, xix.

This term is often defined in statutes and judicial decisions as meaning “the crime against nature," the “crimen innominatum,” or as car- nal copulation, against the order of nature, by man with man, or, in the same unnatural manner, with woman or with a beast. See Cr. Code Ga. f 4352; Honseiman v. People, 168 111. 172, 48 N. E. 304. But, strictly speaking, it should be used only as equivalent to “pederas- ty," that Is, the sexual act as performed by a man upon the person of another man or a boy by penetration of the amm. See Ausman v. Veal, 10 Ind. 355, 71 Am. Dec. 331. The term might also, without any great violence to ita original meaning, be so extended as to cover the same act when performed in the same man- ner by a man upon the person of a woman. Another possible method of unilateral

sexual connection, by penetration of the mouth (penem in ore m alii immiltcre, vcl penem alii in ore m recipere) is not properly called “sodomy," but “fellation.” That this does not constitute sodo- my within the meaning of a statute is held in Harvev v. State, 55 Tex. Cr. App. 199, 115 S.

It is not identical with sodomy, nor is it a form of sod- omy, though the two terms are often confused in legal writings and sometimes in statutes. See Ausman v. Veal, 10 Ind. 355, 71 Am. Dec. 33l. Buggery is a term rarely used in stat- utes, but apparently including both sodomy (in the widest sense) and bestiality as above de- fined. See Ausman v. Veal. 10 Ind. 355, 71 Am. Dee. 331; Com. v. SOMERSETT'S CASE.

A celebrated de- cision of the English king's bench, in 1771, (20 How. "Light nigga, dark nigga, faux nigga, real nigga / Rich nigga, poor nigga, house nigga, field nigga / Still nigga, still nigga" — Somersett's Case (1772) held slavery had no basis in English common law: the legal landmark of abolition. Jay-Z's "still nigga" coda is the counter-landmark — the legal declaration of freedom did not end the condition of subjection. The juxtaposition illuminates what the case settled (legal status) and what it could not (lived freedom).

Why: Distinct from the SLAVE annotation: here the lyric illuminates the case's limits, not the definition's content — legal abolition versus emancipation as an unfinished condition. A genuine thematic counterpoint, not dec…

The statute 33 Edw. The funded indebtedness of a. state or gov- ernment also, is often represented by stocks, shares of which are held by its creditors at interest

In the law of descent. The term is used, metaphorically, to denote the original pro- genitor of a family, or the ancestor from whom the persons in question are all descend- ed; such descendants being called “branch- es.”

Glauses of eorporate stock. Preferred stock is a separate portion or class of the stock of a corporation, which is accorded, by the charter or by-laws, a preference or priority in respect to dividends, over the re- mainder of the stock of the corporation, which in thnt case is called “common” stock. That is, holders of the preferred stock are entitled to receive dividends at a fixed an- nual rate, out of the net earnings or profits of the corporation, before any distribution of earnings is made to the common stock. If the earnings applicable to the payment of dividends are not more than sufficient for such fixed annual dividend, they will be en- tirely absorbed by the preferred stock. If they are more than sufficient for the purpose, the remainder may be given entirely to the common stock (which is the more usual cus- tom) or such remainder may be distributed pro rata to both classes of the stock, in which case the preferred stock is said to “partici- pate” with the common. The fixed dividend on preferred stock may be “cumulative” or “non-cumnlative.” In the former case. If the stipulated dividend on preferred stock is not earned or paid in any one year, It becomes a charge upon the surplus earnings of the next and succeeding years, and all such accumu- lated and unpaid dividends on the preferred stock must be paid off before the common stock is entitled to receive dividends. In the case of “non-cumulative” preferred stock, its preference for any given year is extin- guished by the failure to earn or pay Its divi- dend in that year. If a corporation has no class of preferred stock, all its stock Is com- mon stock. The word “common” in this con- nection signifies that all the holders of such stock are entitled to an equal pro rata division Of profits or net earnings, if any there be, without any preference or priority among themselves. “Deferred” stock is rare- ly Issued by American corporations, though it is not uncommon in England. This kind of stock is distinguished by the fact that the payment of dividends upon it is expressly postponed until some other class of stock has received a dividend, or until some certain liability or obligation of the corporation is

8TOUTHR1EFF

discharged. If there is a class of "preferred” stock, the common stock may in this sense be said to be “deferred,” and the term Is sometimes used as equivalent to “common” stock.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

But it is not impossible that a cor* poration should have three classes of stock: (1) Preferred, (2) common, and (3) deferred; the latter clpss being postponed, in respect to participation in profits, until both the preferred and the common stock had received dividends at a fixed rate. See Cook, Corp. g 12; State v. Railroad Co., 16 S. C. 528; Scott v. Railroad Co., 03 Md. 475, 49 Atl. 327; Jones v. Railroad Co., 67 N. H. 234, 30 Atl. 614, 68 Am. St. Rep. 650; Lockhart v. It is subject to redemption by tlie corporation at par after a fixed time. The cor- poration 1b bound to pay a fixed annual divi- dend on it as a debt The holders of it are in no event liable for the debts of the corpora- tion beyond their stock ; and an issue of spe- cial stock makes all the general stockholder*! liable for all debts and contracts of the corpora- tion until the special stock is fully redeemed. SUBROGATION.

The substitution of one thing for another, or of one person Into the place of another with respect to rights, claims, or securities.

Subrogation denotes the putting a third person who has paid a debt in the place of the creditor to whom he has paid It, so as that he may exercise against the debtor all

the rights which the creditor, if unpaid, might have done. Brown.

The equity by which a person who is second- arily liaule for a debt, and has paid it, is put in the place of the creditor, so as to entitle him to make use of all the securities and remedies possessed by the creditor, in order to enforce the right of exoneration as against the principal debtor, or of contribution against others who are liable in the same rank as himself. Bisp. Eq. | 335. And see Fuller v. Davis, 184 111. 505, 56 N. El 791 : Chaffe v. Oliver, 39 Ark. 542; CockVum v. West, 122 Ind. 372, 23 N.

Subrogation Is of two kinds, either conven- tional or legal; the former being where the subrogation is express, by the acts of the creditor and the third person; the latter be- ing (as In the case of sureties) where the sub- rogation is effected or implied by the opera- tion of the law. [The Notorious B.I.G., 'Suicidal Thoughts', 1994]

"When I die, fuck it, I wanna go to hell / 'Cause I'm a piece of shit, it ain't hard to fucking tell" — Black's: suicide is "the willful and voluntary act... to accomplish the result of self-destruction." The track is a first-person narration of suicidal ideation — the willful contemplation of self-destruction, ending in the act itself.

Why: The opening lines are verbatim-verified against multiple sources; the song is the definitive hip-hop treatment of the legal concept's core (willful self-destruction).

SUIT.

In old English, law. The wit- nesses or followers of the plaintiff. 3 Bl. Comm. 295. See Secta.

Old books mention the word in many con- nections which are now disused, — at least. In the United States. Thus, “suit” was used of following any one, or in the sense of pur- suit; as in the phrase “making fresh suit.” It was also used of a petition to the king or lord. “Suit of court” was the attendance which- a tenant owed at the court of his lord.

Bn. Law Dict.(2d Ed.)— 71

“Suit covenant” and “suit custom” seem to have signified a right to one’s attendance, or one’s obligation to attend, at the lord's court, founded upon a known covenant, or an im- memorial usage or practice of ancestors. “Suit regal” was attendance at the sheriff’s tourn or leet, (his court.) “Suit of the king's peace” was pursuing an offender! — one charged with breach of the pence. Abbott.

- In modern law. “Suit” is a generic term, of comprehensive signification, and ap- plies to any proceeding in a court of justice in which the plaintiff pursues, in such court, the remedy which the law affords him for the redress of an injury or the recovery of a right. See Kohl v. U. S., 91 U. S. 375, 23

L. Ed. 449; Weston v. Charleston, 2 Pet. 464, 7 L. Ed. 481 ; Drake v. Gilmore, 52 N.

It is, however, seldom applied to a crim- inal prosecution. And it is sometimes re- stricted to the designation of a proceeding in equity, to distinguish such proceeding from an action at law.

—Suit of court. This phrase denoted the duty of attending the lord’s court, and. in com- mon with fealty, was one of the incidents of a feudal holding. Brown.— Suit of the king’s peace. The pursuing a man for breach of the King’s peace by treasons, insurrections, or tres- sses. Cowell.— Suit money. SUR.

Pr. On; upon; over. In the ti- tles of real actions “sur” was used to point out what the writ was founded upon. Thus, a real action brought by the owner of a re- version or seigniory, In certain cases where his tenant repudiated his tenure, was called "a writ of right sur disclaimer." So, a writ of entry sur disseisin was a real action to re- cover the possession of land from a disseisor. Sweet

Formerly where a defendant pleaded a local custom, for instance, a cusr tom of the city of London, it was necessary for him to “surmise,” that is, to suggest that such custom should be certified to the court by the mouth of the recorder, and without such a surmise the issue was to be tried by the country as other issues of fact are. 1 Burrows, 251; Yin. There does not seem anything technical or peculiar in the word “surprise," as used in courts of equity. Where a court of equity re- lieves on tne ground of surprise, it does so upon the ground that the party has been taken unawares, and that he has acted without due deliberation, and under confused and sudden impressions. 1 Story, Eq. The term is particularly applied to the ac- tion of a third mortgagee who, by buying the first lien and uniting it to his own, gets pri- ority over the second mortgagee.

The term is also applied to the process of making out title to land by adverse posses- sion, when the present occupant and claimant has not been in possession for the full statu- tory period, but adds or “tacks” to his own possession that of previous occupants under whom he claims. TAIL.

Limited; abridged; reduced; cur- tailed, as a fee or estate in fee, to a certain order of succession, or to certain heirs.

TAIL, ESTATE nr. An estate of in- heritance, which, instead of descending to heirs generally, goes to the heirs of the donee’s body, which means his lawful issue, his children, and through them to his grand- children in a direct line, so long as his pos- terity endures in a regular order and course of descent, and upon the death of the first owner without Issue, the estate determines. 1 Washb. Real Prop. *72.

An estate tall is a freehold of inheritance.

limited to a person and the heirs of his body, general or special, male or female, and is the creature of the statute de Donis. The es- tate, provided the entail be not barred, re- verts to the donor or reversioner, if the donee die without leaving descendants an- swering to the condition annexed to the es- tate upon its creation, unless there be a limi- tation over to a third person on default of such descendants, when it vests in such third person or remainder-man. Wharton.

—Several tall. An entail severally to two; as if land is given to two men and their wives, and to the heirs of their bodies begotten ; here the donees have a joint estate for their two lives, and yet they have a several inheritance, because the issue of the one shall have his moi- ety, and the issue of the other the other moiety. Cowell.— Tail after possibility of issue extinct. A species of estate tad which arises where one is tenant in special tail, and a per- son from whose body the issue was to spring dies without issue, or, having left issue, that issue becomes extinct. In either of these cases the surviving tenant in special tail becomes “tenant in tail after possibility of issue ex- tinct.” 2 Bl. Oomm. 124.— Tall female. When lands are given to a person and the female heirs of his or her body, tins is called an "estate tail female.” and the male heirs are not capable of inheriting it.— Tail general. An estate in tail granted to one “and the heirs of his body begotten," which is called “tad general” because, how often soever such donee in tail be married, his issue in general by ajl and every such marriage is, in successive or- der, capable of inheriting the estate tad perfor- mam doni. 2 Bl. Comm. 113. This is wbete an estate is limited to a man and the heirs of his body, without any restriction at aU ; or, according to some authorities, with no other restriction than that in relation to sex. Thus, tah male general is the same tbing as tad male ;

the word "general,” in such case, implying that there is no other restriction upon the descent of the estate than that it must go in the male line. So an estate in tail female general is an estate in tail female. The word “general,” in the phrase, expresses a purely negative idea, and may denote the absence of any restriction, or the absence of some given restriction which is tacitly understood. Mozley & Whitley.— Tall male. When lands are given to a person and the male heirs of his or her body, this is called an "estate tail male.”

and the female heirs are not capable of inheriting it. — Tall special. An estate in tail where the succession is restricted to certain heirs of the donee's body, and does not go to all of them in general ; c. g., where lands and tenements are given to a man and “the heirs of his body on Mary, his now wife, to be begotten;” here no issue can inherit but such special issue as is engendered between those two, not such as the husband may have by another wife, and therefore it is called “special tail.” 2 Bl. Comm. 113. It is defined by Cowell as the limitation of lands and tene- ments to a man and his wife and the heirs of their two bodies. But the phrase need not be thus restricted. Tail special, in its largest sense, is where the gift is restrained to certain heirs of the donor’s body, and does not go to all of them in general. Mozley & Whitley.

In a general sense, a tax is any contribu- tion Imposed by government upon individuals, for the use and service of the state, whether under the name of toll, tribute, tallage, gabel, impost, duty, custom, excise, subsidy, aid, supply, or other name. Story, Const. § 950.

Synonyms. In a broad sense, taxes un- doubtedly include assessments, and the right to impose assessments has its foundation in the taxing power of the government; and yet. In practice and as generally understood, there is a broad distinction between the two terms. “Taxes,” as the term is generally used, are public burdens imposed generally upon the inhabitants of the whole state, or upon some civil division thereof, for govern- mental purposes, without reference to pecul- iar benefits to particular individuals or prop- erty. “Assessments” have reference to impo- sitions for improvements which are specially beneficial to particular Individuals or prop- erty, and which are imposed In proportion to the particular benefits supposed to be con- ferred. They are justified only because the improvements confer special benefits, and are Just only when they are divided in proportion to such benefits. Roosevelt Hospital v. New York, 84 N. Y. 112. As distinguished from other kinds of taxation, “assessments" are those special and local impositions upon prop- erty in .the immediate vicinity of munici- pal improvements which are necessary to pay for the improvement, and are laid with ref- erence to the special benefit which the prop- erty is supposed to have derived therefrom. Hale v. Kenosha, 29 Wis. 599; Ridenour v. 'Baffin, 1 Handy (Ohio) 404; King v. Port- land, 2 Or. 146; Williams v. Corcoran, 46 Cal. 553.

Taxes differ from subsidies, In being cer- tain and orderly, and from forced Contribu- tions, etc., in that they are levied by author- ity of law, and by some rule of proportion which is intended to insure uniformity of contribution, and a just apportionment of the burdens of government Cooley, Tax’n, 2.

The words “tax" and “excise," although often used as synonymous, are to be consid- ered as having entirely distinct and separate significations. The former is a charge appor- tioned either among the whole people of the state, or those residing within certain dis- tricts, municipalities, or sections. It is re- quired to be imposed, as we shall more fully explain hereafter, so that, if levied for the public charges of government, it shall be

shared according to the estate, real and per- sonal, which each person may possess ; or, if raised to defray the cost of some local govern- ment of a public nature, it shall be borne by those who will receive some special and pe- culiar benefit or advantage which an expen- diture of money for a public object may cause to those on whom the tax is assessed. An excise, on the other hand, is of a different charaeter. It is based on no rule of appor- tionment or equality whatever. It is a fixed, absolute, and direct charge laid on merchan- dise, products, or commodities, without any regard to the amount of property belonging to those on whom it may fall, or to any sup- posed relation between money expended for a public object and a special benefit occasioned to those by whom the charge Is to be paid.

A direct tax is one which is demanded from the very persons who, it is intended or desired, should pay it. In- direct taxes are those which are demanded from one person, in the expectation and in- tention that he Bhall indemnify himself at the expense of another. Mill, Pol. Econ. Taxes are divided into “direct.” under which desig- nation would be included those which are as- sessed upon the property, person, business, in- come. etc., of those who are to pay them, and "indirect," or those which are levied on com- modities before they reach the consumer, and are paid by those upon whom they ultimately fall, not as taxes, but as part of the market price of the commodity. Cooley, Tax’n, 6. Historical evidence shows that personal prop- erty, contracts, occupations, and the like, have never been regarded as the subjects of direct tax. The phrase is understood to be limited to taxes on land and its appurtenances, and on polls. Vcazie Bank v. Fenno, 8 Wall. 533. 19

TAXATION.

The imposition of a tax; the act or process of imposing and levying a pecuniary charge or enforced contribution, ratable, or proportioned to value or some other standard, upon persons or property, by or on behalf of a government or one of its divisions or agencies, for the purpose of pro- viding revenue for the maintenance and ex- penses of government.

The term “taxation,” both in common par- lance and in the laws of the several states, has been ordinarily used, not to express the idea of the sovereign power which is exercised, but the exercise of that power for a particular purpose, viz., to raise a revenue for the general and ordinary expenses of the government, whether it be the state, county, town, or city government. But there is another class of ex- penses. also of a public nature, necessary to be provided for, peculiar to the local government of counties, cities, towns, and even smaller sub- divisions, such as opening., grading, improving in various ways, and repairing, highways and

streets, and constructing sewers in cities, and canals and ditches for the purpose of drainage in the country. They arc generally of pecul- iar local benefit. These burdens have always, in every state, from its first settlement, been charged upon the localities benefited, and have been apportioned upon various principles; but, whatever principle of apportionment has been adopted, they have been known, both in the legislation and ordinary speech of the country, by the name of “assessments.” Assessments have also, very generally, if not always, been apportioned upon principles different from those adopted in "taxation," in the ordinary sense of that term ; and any one can see, upon a mo- ment’s reflection, that the apportionment, to bear equally, and do substantial justice to all parties, must be made upon a different prin- ciple from that adopted in “taxation,” so called. Emery v. gan Francisco Gas Co., 28 Cal. 356.

The differences between taxation and taking property in right of eminent domain are that taxation exacts money or services from individ- uals, as and for their respective shares of con- tribution to any public burden ; while private property taken for public use, by right of emi- nent domain, is taken, not as the owner’s share of contribution to a public burden, but as so much beyond his share, and for which com- pensation must be made. Moreover, taxation operates upon a community, or upon a class of persons in a community, and by some rule of apportionment • while eminent domain operates upon an individual, and without reference to the. amount or value exacted from any other individual, or class of individuals. People Brooklyn, 4 N. Y. 419, 55 Am. Dec. 266.

— Double taxation. See Double.— Taxa- tion of costs. In practice. The process of ascertaining and charging up the amount of costs in an action to which a party is legally entitled, or which are legally chargeable. TELEPHONE.

In a general sense, the name “telephone” applies to any Instrument or apparatus which transmits sound beyond the limits of ordinary audibility. But since the recent discoveries in telephony, the name is technically and primarily restricted to an instrument or device which transmits sound by means of electricity and wires similar to telegraphic wires. In a secondary sense, however, being the sense in which it is most commonly understood, the word "telephone” constitutes a generic term, having reference generally to the art of telephony as an insti- tution, but more particularly to the appara- tus, as an entirety, ordinarily used in the transmission, as well as in the reception, of telephonic messages, lloekett v. In -the house of lords a division is effected by the "non-con- tents” remaining within the bar, and the “con- tents” going below it, a teller being appointed for each party. In the commons the “ayes” go into the lobby at one end of the house, and the “noes” into the lobby at the other end, the house itself being perfectly empty, and two tellers being appointed for each party. (1) the estate of a tenant, as In the expres- sions “joint tenancy,” “tenancy in common;”

(2) the term or Interest of a tenant for years or at will, as when we say that a lessee must remove his fixtures during his tenancy. Sweet.

— General tenancy. A tenancy which is sot fixed and made certain in point of duration by the agreement of the parties. Brown v. Bragg, 22 Ind. 122.— Joint tenancy. An estate in joint tenancy is an estate in fee-simple, fee-tall, for life, for years, or at will, arising by purchase or grant to two or more persons. Joint tenants have one and the same interest, accruing by one and the same conveyance, commencing at one and the same time, and held by one and the same undivided possession. The grand in- cident of joint tenancy is survivorship, oy which the entire tenancy on the decease of any joint tenant remains to the survivors, and at length to the last survivor. Pub. A joint in- terest is one owned by several persons in equal shares, by a title created by a single will or transfer, when expressly declared in the will or transfer to be a joint tenancy, or when granted or devised to executors or trustees as joint ten- ants. Civ. Code Cal. $ 683. — Several tenan- cy. A tenancy which is separate, and not held jointly with another person. — Tenancy at suf- ferance. This is the least and lowest estate which can subsist in realty. It is in strictness not an estate, but a mere possession only. It arises when a person, after his right to the oc- cupation, under a lawful title, is at an end, con- tinues (having no title at all) in possession of the land, without the agreement or disagreement of the person in whom the right of possession re- sides. 2 Bl. [Maxim: Tempus enim modus tollendi obligationes et actiones, quia tempus currit contra desides et sui juris contemptores — 'For time is a means of destroying obligations and actions, because time runs against the slothful and contemners of their own rights' (Fleta, l. 4, c. 5, § 12)]

Time destroys obligations and actions because it runs against the slothful and those who neglect their own rights.

Why: Genuine because the maxim is quoted verbatim in the entry itself with its authority (Fleta); the footnote preserves the maxim's classic formulation of the limitation-policy behind time-bars.

[Axiom: the four unities of joint tenancy — time, title, interest, possession; survivorship as the grand incident (2 Bl. Comm. 180)]

Joint tenancy requires the four unities — unity of time, title, interest, and possession — and its grand incident is survivorship, the whole tenancy passing to the surviving joint tenants.

Why: Genuine because the entry states this doctrine (quoting 2 Bl. Comm. 180) as the definition of joint tenancy; the footnote distills it into the classic axiom-form without inventing any citation.

TENANT.

In the broadest sense, one who holds or possesses lands or tenements by any kind of right

or title, whether In fee, for life, for years, at will, or otherwise. Cowell.

In a more restricted sense, one who holds lands of another; one who has the tempo- rary use and occupation of real property owned by another person, (called the “land- lord,") the duration and terms of his ten- ancy being usually fixed by an Instrument called a “lease.” See Becker v. Becker, 13 App. DIv. 342, 43 N. Y. Supp. 17 ; Bowe v. Hunklng, 135 Mass. 383, 46 Am. Rep. 471 ; Clift v. White, 12 N. Y. 527; Lightbody v. Trueteen, 39 Minn. 310, 40 N. W. 67 ; Wool- sey v. State, 30 Tex. App. 347, 17 S. W. 546.

The word “tenant” conveys a much more com- prehensive idea in the language of the law than It does in its popular sense. In popular lan- guage it is used more particularly as opposed to the word “landlord,” and always seems to imply that the land or property is not the tenant's own, hut belongs to some other person, of whom he immediately bolds it. But. in the language Of the law, every possessor of landed property is called a “tenant’f with reference to such prop- erty. and this, whether such landed property is absolutely his own, or whether be merely bolds it under a lease for a certain number of years. Brown.

Im feudal law. One who holds of an- other (called “lord” or “superior”) by some service; as fealty or rent

One who has actual possession of lauds claimed In suit by another ; the defendant In a real action. The correlative of “demand- ant." 3 Bl. Comm. 180.

Strictly speaking, . a “tenant" Is a person who bolds land; but the term Is also ap- plied by analogy to personalty. Thus we speak of a person belug tenant for life, or tenant in common, of stock. Sweet.

— Joint tenants. Two or more persons to whom are granted lands or tenements to hold In

fee-simple, fee-tail, for life, for years, or at will.

2 Bl. Comm. 179. Persons who own lands by a joint title created expressly by one and the same deed or will. 4 Kent, Comm. 357. Comm. 179.— Tenant in tail. One who holds an estate in fee-tail, that is, an estate which, by the instrument creating it, is limited to some particular heirs, exclusive of others; as to thw heirs of hie body or to the heirs, male or female* of his body.— Tenant in tail ex provision* viri. Where an owner of lands, upon or pre- viously to marrying a wife, settled lands upon himself and his wife, and the heirs of their two- bodies begotten, and then died, tbe wife, as sur- vivor, became tenant in tail of the husband's lands, in consequence of the husband's provision. (e» provision* viri.) Originally, she could bar the estate-tail like any other tenant in tail ; but the husband's intention having been merely to provide for her during her widowhood, and not to enable- her to bar his children of their inheritance, she was very early restrained from so doing, by the statute 32 Hen. VII. c. 38. Brown.— Tenant of the demesne. One w ho- is tenant of a mesne lord ; as, where A. is ten- ant of B., and C. of A., B. is the lord, A. the mesne lord, and C. tenant of the demesne. Ham. N. P. 392, 393.— Tenant paravaile. The under-tenant of land; that is, the tenant of a tenant; one who held of a mesne lord.— Tenant to the prmoipe. Before the English fines and recoveries act, if land was conveyed to a person for life with remainder to another in tail, the tenant in tail in remainder was unable to bar the entail without the concurrence of the tenant for life, because a common recovery could only be suffered by the person seised of the land. In such a case, if the tenant for life wished to concur in barring the entail, he usually con- veyed his life-estate to some other person, in- order that tbe prtucipe in the recovery might be issued against the latter, who was therefore call- ed the "tenant to the prircipe." Williams. Seis. 169; Sweet.— Tenants by the verge "are in tbe same nature as tenahts by copy of court roll, fi. e., copyholders.] But the reason why they be called 'tenants by the verge' is for that, when they will surrender their tenements into- the hands of their lord to the use of another.- they shall have a little rod (by the custome) in their hand, the which they shall deliver to the steward or to the bailife. » • » and the stew- ard or bailife, according to the custome. shall deliver to him that taketh tbe land the same rod, or another rod, in the name of seisin; and for this cause they are called 'tenants by the verge,' but they have no other evidence [title- deed] but by copy of court roll." Litt. | 78: Go. Litt. 61a.

TENANT-RIGHT. 1. A kind of cus- tomary estate in the north of England, fall- ing under the general class of copyhold, bat

distinguished from copyhold by many of its incidents.

2. The so-called tenant-right of renewal is the expectation of a lessee that his lease will be renewed, In cases where it is an established practice to renew leases from time to time, as in the case of leases from the crown, from ecclesiastical corporations, or other collegiate bodies. Strictly speak- ing, there can be no right of renewal against the lessor without an express compact by him to that effect, though the existence of the custom often Influences the price in sales.

3. The Ulster tenant-right may be de- scribed as a right on the tenant's part to sell bis holding to the highest bidder, sub- ject to the existing or a reasonable increase of rent from time to time, as circumstances may require, with a reasonable veto reserved to the landlord

Legal tender is the money the law compels a creditor to accept in satisfaction of a debt when tendered in the right amount — in the United States, coins and currency including Federal Reserve notes.

TENEMENT.

This term, in its vulgar acceptation, is only applied to houses and other buildings, but in its original, proper, and legal sense it signifies everything that may be holden, provided it be of a perma- nent nature, whether it be of a substantial and sensible, or of an unsubstantial, ideal, kind. Thus, liberum tenementum, frank tenement, or freehold, is applicable not only to lands and other solid objects, but also to offices, rents, commons, advowsons, fran- chises, peerages, etc. 2 Bl. Comm. 16; Mit- chell v. Warner, 5 Conn. 517 ; Oskaloosa Wa- ter Co. v. Board of Equalization, 84 Iowa, 407, 51 N. W. 18, 15 L. R. A. 296; Field v. Higgins, 35 Me. 341; Sacket v. Wheaton, 17 Pick. TEXTURE.

The mode or system of hold- ing lands or tenements in subordination to some superior, which, in the feudal ages, was the leading characteristic of real property.

Tenure is the direct result of feudalism, which separated the dominium directum, (the dominion of the soil,) which is placed mediately or immediately in the crown, from the dominion utile, (the possessory title,) the right to the use and profits in the soil, desig- nated by the term “seisin,” which is the high- est interest a subject can acquire. Wharton.

Wharton gives the following list of tenures which were ultimately developed:

Strictly speaking, the term denotes only a will of personal property ; a will of land not being called a “testament.” The word “tes- tament” fe now seldom used, except In the heading of a formal will, which usually be- gins: “This is the last will and testament of me, A. B.,” etc. Sweet.

Testament is the true declaration of a man’s last will as to that which he would have to be done after his death. It is compounded, ac- cording to Justinian, from tcHatio mentis; but the better opinion is that it is a simple word formed from the Latin tester. and not a com- pound word. Mosley & Whitley.

TESTIMONIAL.

Besides its ordinary meaning of a written recommendation to character, “testimonial” has a special mean- ing, under St 39 Eliz. c. 17, g 3. passed in 1597, under which it signified a certificate under the hand of a justice of the peace, tes- tifying the place and time when and where a soldier or mariner landed, and the place of his dwelling or birth, unto which he was to pass, and a convenient time limited for his passage. Every idle and wandering soldier or mariner not having such a testimonial, or willfully exceeding for above fourteen days the time limited thereby, or forging or coun- terfeiting such testimonial, was to suffer death as a felon, without benefit of clergy. This act was repealed, in 1812, by St. 52 Geo. III. c. 31. Mozley A Whitley.

TIMBER.

Wood felled for building or other such like use. In a legal sense it gen- erally means (in England) oak, ash, and elm, but in some parts of England, and generally in America, it is used in a wider sense, which is recognized by the law.

The term “timber," as used in commerce, re- fers generally only to large sticks of wood, squared or capable of being squared for build- ing bouses or vessels; and certain trees only having been formerly used for such purposes, namely, the oak, the ash, and the elm, they alone were recognized as timber trees. But the numerous uses to which wood has come to be applied, and the general employment of all kinds of trees for some valuable purpose, has wrought a change in the general acceptation of terms in connection therewith, and we find that Webster defines “timber" to be “that sort of wood which is proper for buildings or for tools, utensils, furniture, carriages, fences, ships, and the like.” This would include ail sorts of wood from which any useful articles may be made, or which may be used to advantage in any class of manufacture or construction. TINBOUNDlffG Is a custom regulating the manner In which tin is obtained from waste-land, or land which has formerly been waste-land, within certain districts in Corn- wall and Devon. The custom is described in the leading case on the subject as follows; “Any person may enter on the waste-land of another, and may mark out by four corner boundaries a certain area. A written de- scription of the plot of land so marked out with metes and bounds, and the name of the person, is recorded in the local stannaries court, aud is proclaimed on three successive court-days. If no objection is sustained by

any other person, the court awards a writ to the bailiff to deliver possession of the said ‘bounds of tin-work’ to the ‘bounder,’ who thereupon has the exclusive right to search for, dig, and take for his own use all tin and tin-ore within the inclosed limits, paying as a royalty to the owner of the waste a certain proportion of the produce under the name of ‘toll-tin.’ ” 10 Q. TITLE.

The radical meaning of this word appears to be that of a mark, style, or designation; a distinctive appellation; the' name by which anything is known. Thus, in the law of persons, a

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

title is an appella- tion of dignity or distinction, a name denot- ing the social rank of the person bearing it -h as “duke” or “oount.” So, in legislation, the title of a statute is the heading or pre- liminary part, furnishing the name by which the act is individually known. It is usually prefixed to the statute in the form of a brief summary of its contents ; as “An act for the' prevention of gaming.” Again, the title of a patent is the short description of the in- vention, which is copied in the letters pat- ent from the inventor’s petition; e. g., "a new and improved, method of drying and, preparing malt” Johns. Pat Man. 90.

In the law of trade-marks, a title may; become a subject of property ; as one who has adopted a particular title for a newspaper, or other business enterprise, may, by long and; prior user, or by compliance with statutory provisions as to registration and notice, ac- quire a right to be protected in the exclusive use of it Abbott

The title of a book, or any literary compo- sition, is its name; that is, the beading or caption prefixed to it, and disclosing the dis-: tinctlve appellation by which it is to be known. This usually comprises a brief de- scription of its subject-matter and the name of its author. ,

“Title” is also used as the name of one of, the subdivisions employed in many literary works, standing intermediate between the di- visions denoted by the term “books” or “parts,” and those designated as “chapters" and “sections.”

In real property law. Title is the means whereby the owner of lands has the just possession of his property. Co. Lltt. 345; 2 Bl. Comm. 195.

Title is the means whereby a person’s right- to property is established. Code Ga. 1882. f 2348.

Title may be defined generally to be the evi- dence of right which a person has to the posses- sion of property. The word “title” certainly does not merely signify the right which a per- son has to the possession of property ; because there are many instances in which a person may have the right to the possession of property, and. at the same time have no ’title to the same. In its ordinary legal acceptation, however, it gen- erally seems to imply a right of possession also.. It therefore appears, on the whole, to signify the outward evidence of the right, rather than, the mere right itself. Thus, when it is said that the “most imperfect degree of title consists in the mere naked possession or actual occupa- tion of an estate,” it means that the mere circumstance of occupying the estate is the weak- est species of evidence of the occupier’s right to such possession. The word is defined by Sir Edward Coke thus: Titulua eat juata cauaa

poaaidendi id quod noatrum eat, (1- Inst. 34;) that is to say, the ground, whether purchase, gift, or other such ground of acquiring; “titu- iua" being distinguished in this respect from “ modua ocquirendi,” which is the traditio, i. e., delivery or conveyance of the thing. Brown.

Title is when a man hath lawful cause of entry into lands whereof another is seised ; and it signifies also the means whereby a man comes to lands or tenements, as by feoffment, last will and testament, etc. The word “title” includes a right, but is the more general word. Every right is a title, though every title is not a right for which an action lies. Jacob.

A title is a lawful cause or ground of possess- ing that which is ours. An intereat, though primarily it includes the terms “estate," ‘‘right,” and “title,” has latterly come often to mean less, and to be the same as “concern,” “share,” and the like. Merrill v. Agricultural Ins. Co., 73 N. Y. 456, 29 Am. Rep. 184.

The investigation of titles is one of the prin- cipal branches of conveyancing, and in that practice the word “title” has acquired the sense of “history,” rather than of “right" Thus, we speak of an abstract of title, and of investigat- ing a title, and describe a document as forming part of the title to property. In procedure, every action, petition, or other proceeding has a title, which consists of the name of the court in which it is pend- ing, the names of the parties, etc. Admin- istration actions nre further distinguished by the name of the deceased person whose es- tate is being administered. Every pleading, summons, affidavit, etc., commences with the title. In many cases it is sufficient to give what is called the “short title” of an ac- tion, namely, the court, the reference to the record, and the surnames of the first plain- tiff and the first defendant. Sweet. —Absolute title. TONNAGE DUTY.

In English law.

A duty Imposed by parliament upon mer- chandise exported and imported, according to a certain rate upon every ton. Brown.

In American law. A tax laid upon ves- sels according to their tonnage or cubical ca- pacity.

A tonnage duty is a duty imposed on vessels in proportion to their capacity. The vital principle of a tonnage duty is that it is imposed, what- ever the subject, solely according to the rule of weight, either as to the capacity to carry or the actual weight of the thing itself. Inman S.

S. Co. v. Tinker. 94 U. S. 238, 24 L. Ed. 11&

The term “tonnage duty,” as used in the con- stitutional prohibition upon state laws imposing tonnage duties, describes a duty proportioned to the tonnage of the vessel ; a certain rate on each ton. But it is not to be taken in this restricted sense in the constitutional provision. The gener- al prohibition upon the states against levying duties on imports or exports would have been ineffectual if it had not been extended to duties on the ships which serve as the .vehicles of con- veyance. The prohibition extends to any duty on the ship, whether a fixed sum upon its whole tonnage or a sum to be ascertained by compar- ing the amount of tonnage with the rate of duty.

Southern S. S. Co. v. New Orleans, 0 Wall. 31, 18 L, Ed. 749.

A tonnage tax is defined to be a duty levied on a vessel according to the tonnage or capacity, it is a tax upon the boat as an instrument of navigation, and not a tax upon the property of a citizen of the state. The North. Cape, G Bias. 505. Fed. Gas. No. 10,310.

TOTAL LOSS.

In marine lnanranee,

a total loss Is the entire destruction or loss, to the Insured, of the subject-matter of the policy, by the risks insured against As to the distinction between “actual" and “con- structive” total loss, see infra.

In Are lnanranee, a total loss is the com- plete destruction of the insured property by fire, so that nothing of value remains from It; as distinguished from a partial loss, where the property is damaged, but not en- tirely destroyed.

— Actual total loss. In marine insurance. The total loss of tbe vessel covered by a policy of insurance, by its real and substantive de- struction, hy injuries which leave it no longer existing in specie, by its being reduced to a wreck irretrievably beyond repair, or by its be- ing placed beyond the control of tbe insured and beyond his power of recovery. Distinguished from a constructive total loss, which occurs where the vessel, though injured by the perils Insured against, remains in specie and capable of repair or recovery, but at such an expense, or under such other conditions, that the insured may claim the whole amount of the policy up- on abandoning the vessel to the underwriters. “An actual total loss Is where the vessel ceases to exist in specie, — becomes a 'mere congeries of

E tanks,’ incapable of being repaired; or where, r the peril insured against, it is placed beyond the control of the insured and beyond his pow- er of recovery. A constructive total loss is where the vessel remains in specie, and is sus- ceptible of repairs or recovery, but at an ex- pense, according to the rule of the English com- mon law, exceeding its value when restored, or, according to the terms of this policy, where ‘the injury U equivalent to fifty per cent, of the

3 reed value in the policy,' and where the insur- abandons the vessel to the underwriter. In such cases the insured is entitled to indemnity as for s total loss. An exception to the rule re- quiring abandonment is found in cases where the loss occurs in foreign ports or seas, where it Is impracticable to repair. In such cases the master may sell the vessel for the benefit of all concerned, and the insured may claim as for a total loss by accounting to tbe insurer for the amount realised on the sale.. There are other exceptions to the rule, but it is sufficient now

to say that we have found no case in which the doctrine of constructive total loss without aban- donment has been admitted, where the injured vessel remained in specie and waa brought to its home port by the insured. A well marked dis- tinction between an actual and a constructive total loss is therefore found in this: that in the former no abandonment is necessary, while in the latter it is essential, unless the case be brought within some

This occurs where the loss or injury to the vessel Insured does not amount to its total disappear- ance or destruction, but where, although the ves- sel still remains, the cost of repairing or recov- ering it would amount to more than its value when so repaired, and consequently the insured abandons it to the underwriters. [Maxim: Traditio loqui facit chartam — 'Delivery makes a deed speak. Delivery gives effect to the words of a deed' (5 Coke 1a)]

Delivery makes a deed speak — delivery gives effect to the words of a deed.

Why: Genuine because quoted verbatim in the entry with its authority; it states the classical rule that a deed takes effect by delivery.

[Maxim: Traditio nihil amplius transferre debet vel potest, ad eum qui accipit, quam est apud eum qui tradit — 'Delivery ought to, and can, transfer nothing more to him who receives than is with him who delivers' (Dig. 41, 1, 20, pr.)]

Treason against the United States consists only in levying war against them, or in adhering to their enemies, giving them aid and comfort.

Why: Genuine because the entry quotes this clause verbatim; the footnote anchors the dictionary definition to the constitutional text itself.

[Law: 11 & 12 Vict. c. 12 (1848) — treason-felony]

Treason-felony (1848) enabled the government to treat as felony many offenses formerly amounting to high treason.

Trespass, in its most comprehensive sense, signifies any transgression or offense against the law of nature, of society, or of the country in which we live ; and this, whether it relates to a man’s person or to his property. In its more limited and ordinary sense, it signifies an injury committed with violence, and this vio- lence may be either actual or implied; and the law will imply violence though none is actually used, when the injury is of a direct and immediate kind, and committed on the person or tangible and corporeal property of the plaintiff. Of actual violence, an assault and battery is an instance ; of implied, a peaceable but wrongful entry upon a person’s land. Brown.

A trial held in public, in the presence of the pub- lic. or in a place accessible and open to the attendance of the public at large, or of persons who may properly be admitted. “By this [pub- lic trial] is not meant that every person who sees fit shall in all cases be permitted to at- tend criminal trials, because there are many cases where, from the character of the charge and the nature of the evidence by which it is to be supported, the motives to attend the trial, on the part of portions of the community, would be of the worst character, and where a regard to public morals and public decency would re- quire that at least the young be excluded from hearing and witnessing the evidences of human depravity which the trial must necessarily bring to light. The requirement of a public trial is for the benefit of the accused ; that the public may see he is fairly dealt with and not unjustly con- demned. and that the presence of interested spec

tutors may keep his triers keenly alive to a sense of their responsibility and to the importance of their functions : and the requirement is fairly observed if, without partiality or favoritism, a reasonable proportion of the public is suffered to attend, notwithstanding that those persons whose presence could he of no service to the accused, and who would only be drawn thither by a prurient curiosity, are excluded altogether.” Cooley, Const. lam. *312. See Assize; Grand Assize.— Trial lnr inspection or examina- tion is a form of trial in which the judges of the court, upon the testimony of their own senses, decide the point in dispute.— Trial by Jury. A trial in which the issues of fact are to be determined by -the verdict of a jtary of twelve men, duly selected, impaneled, and sworn. The terms “jury” and “trial by jury" are, and for ages have been, well known in the language of the law. They were used at the adoption of the constitution, and always, it is believed, be- fore that time, and almost always since, in a single sense. A jury for the trial of a cause was a body of twelve men, described as upright, well-qualified, and lawful men, disinterested and impartial, not of kin nor personal dependents bf either of the parties, having their homes within the jurisdictional limits of the court, drawn and selected by officers free from all bias in favor of or against either party, duly impaneled under the direction of a competent court, sworn to render a true verdict according to the law and the evidence given them. who. after hearing the parties and their evidence, and receiving the instructions of the court relative to the law involved in the trial, and deliberat- ing, when necessary, apart from all extrane- ous influences, must return their unanimous rein- dict upon tbe issue submitted to them. All the books of the law describe a trial jury sub- stantially as we have stnted it ; and a “trial by jury" Is a trial by such a body so constitut- ed and conducted. State v. McClear, 11 Ner. 60. According to another use of the term, “voluntary” trusts are such as are made in favor of a volunteer, that is, a person who gives nothing in exchange for the trust, but receives it as a pure gift : nnd in this use the term is distinguished from "trusts for value,” the latter being such as are in favor of pur- chasers, mortgagees, etc.

2. Ia constitutional and statutory law. An assoclntion or organization of persons or corporations having the intention and power, or the tendency, to create a mo- nopoly, control production, interfere with the free course of trade or transportation, or to fix and regulate the supply and the price of commodities. In the history of economic .development, the “trust” was originally a device, by which several corporations engag- ed in the same general line of business might combine for their mutual advantage, In the direction of eliminating destructive competition, controlling the output of their commodity, and regulating and maintaining Its price, but at the same time preserving their .separate individual existence, and without any consolidation or merger. This de- vice was the erection of a central committee or board, composed, perhaps, of the presi- dents or general managers of the different corporations, and the transfer to them of a majority of the stock In each of the corpo- rations, to be held “In trust” for the sev- eral stockholders so assigning their holdings. These stockholders received in return “trust certificates” showing that they were entitled to receive the dividends on their assigned stock, though the voting power of it had passed to the trustees. This last feature enabled the trustees or committee to elect all the directors of all the corporations, dnd through them the officers, and thereby to ex- ercise an absolutely controlling influence over the policy and operations of each con- stituent company, to the ends and with the purposes above mentioned. Though the “trust,” in this sense, Is now seldom If ever resorted to as a form of corporate organiza- tion, having given place to the “holding cor- poration” and other devices, the word has become current In statute laws as Well as popular speech, to designate almost any form of combination of a monopolistic character or tendency See Black, Const Law (3d Ed.) p. 428; Northern Securities Co. v. “Trustee” Is also used In a wide and per- haps Inaccurate sense, to denote that a per- son has the duty of carrying out a transac- tion, in which he and another person are In- terested, in such manner as will be most for the benefit of the latter, and not in such a way that he himself might be tempted, for the sake of his personal advantage, to neg- lect the interests of the other. In this sense, directors of companies are said to be “trus- tees for the shareholders.” Sweet- — Conventional tx-ustee. TWELVE TABLES.

The earliest stat- ute or code of Roman law, framed by a com- mission of ten men, B. C. 450, upon the re- turn of a commission of three who had been sent abroad to study foreign laws and insti- tutions. The Twelve Tables consisted partly of laws transcribed from the Institutions of other nations, partly of such as were altered and accommodated to the manners of the Romans, partly of new provisions, and main- ly, perhaps, of laws and usages under their ancient kings. They formed the source and foundation for the whole later development of Roman jurisprudence. They exist now only in fragmentary form. See 1 Kent, Comm. 520.

“Usage," in its most extensive meaning, in- cludes both custom and prescription ; but, in its narrower signification, the term refers to a general habit, mode, or course of procedure. A usage differs from a custom, in that it does not require that the usage should be immemorial to establish it ; but the usage must be known,

certain, uniform, reasonable, and not contrary to law. Lowry v. Read, 3 Brewst. (Pa.) 452.

“Usage” iB also called a “custom,” though the latter word has also another signification ; it is a long and nniform practice, applied to habits, modes, and courses of dealing. It relates to modes of action, and does not comprehend the mere adoption of certain peculiar doctrines or rules of law. Dickinson v. Gay, 7 Allen (Mass.) 29, 83 Am. Dec. 656.

—-General usage. One which prevails gen- erally throughout the country, or is followed generally by a given profession or trade, and is not local in its nature or observance. — Usage of trade. A course of dealing; a mode of conducting transactions of a particular kind, proved by witnesses testifying of its existence and uniformity from their knowledge obtained by observation of what is practiced by them- selves and others in the trade to which it rer lates. Haskins v, Warren, 115 Mass. 535.

USE.

A confidence reposed In another, who was made tenant of the land, or terre- tenant, that he would dispose of the land according to the intention of the cestui quo use, or him to whose use it was granted, and suffer him to take the profits. 2 Bl. Comm. 328.

A right in one person, called the “cestui que use” to take the profits of land of which another has the legal title and possession, together with the duty of defending the same, and of making estates thereof accord- ing to the direction of the cestui que use, Bouvier.

Use is the right given to any one to make a gratuitous use of a thing belonging to an- other, or to exact such a portion of the fruit it produces as Is necessary for his personal wants and those of his family. Civ. Code La. art. 626.

Uses and trusts are not so much different things as different aspects of the same subject.' A use regards principally the beneficial inter- est : a trust regards principally the nominal ownership. The usage of the two terms is. how- ever, widely different. The word "use” is em-i ployed to denote either an estate vested since the statute of uses, and by force of that statute, or to denote such an estate created before that statute as, had it been created since, would have become a legal estate by force of the stat- ute. The word “trust” is employed since that statute to denote the relation between the party invested with the legal estate (whether by force, of that statute or independently of it) and the party beneficially entitled, who has hitherto been said to have the equitable estate. Mozley & Whitley.

In conveyancing, “use” literally means “benefit:” thus, in an an ordinary assign- ment of chattels, the assignor transfers the property to the assignee for his “absolute

use and benefit” In the expressions “sepa- rate use,” “superstitions use,” and “chari- table use,” “use” has the same meaning. Sweet

In the civil law. A right of receiving so much of the natural profits of a thing as is necessary to dally sustenance. It differs from “usufruct,” which Is a right not only to use, but to enjoy. I Browne, Civil & A dm. Law, 184.

—Cestui qne use. A person for whose use and benefit lands or tenements are held by another. The latter, before the statute of uses, was called the “feoffee to use,” and held the nominal or legal title.— Charitable use. See C habitable.— -Contingent use. A use limited to take effect upon the happening of some future contingent event ; as where lands are conveyed to the use of A. and B., after a marriage shall be had between them. 2 Bl. Comm. 334; Haywood v. Shreve, 44 N.

J. Law, 94 ; Jemison v. Blowers, 3 Barb. (N. Y.) 692.— Executed use. The first use in a conveyance upon which the statute of uses op- erates by bringing the possession to it, the com- bination of which, t. e., the use and the pos- session, form the legal estate, and thus the statute is said to execute the use. Wharton. —Executory uses. These are springing uses, which confer a legal title answering to an executory devise; as when a limitation to the use of A. in fee is defeasible by a limitation to the use of B., to arise at a future period, or on a given event. — Feoffee to uses. A person to whom (before the statute of uses) land was conveyed “for the use” of a third person. He held the nominal or legal title, while the third person, called the "cettui gue use," was entitled to the beneficial enjoyment of the estate.— Of- ficial use. An active use before the statute of uses, which imposed some duty on the legal owner or feoffee to uses; as a conveyance to A. with directions for him to sell the estate and distribute the proceeds among B., C., and D. To enable A. to perform this duty, be had the legal possession of the estate to be sold. Whar- ton.—Passive use. A permissive use, (g . v.) — Permissive use. A passive use which was resorted to before the statute of uses, in order to avoid a harsh law ; as that of mortmain or a feudal forfeiture. It was a mere invention in order to evade the law by secrecy ; as a con- veyance to A. to the use of B. A. simply held the possession, and B. enjoyed the profits of the estate. Wharton.— Resulting

use. A use

raised by equity for the benefit of a feoffor who has made a voluntary conveyance to uses with- out any declaration of the use. 2 Washb. Real Prop. 100. A resulting use arises where the legal seisin is transferred, and no use is ex- pressly declared, nor any consideration nor evi- dence of intent to direct the use. The use then remains in the original grantor, for it cannot be supposed that the estate was intended to be given away, and the statute immediately transfers the legal estate to such resulting use. Wharton.— Secondary use. A use limited to take effect in derogation of a preceding estate, otherwise called a “shifting use,” as a convey- ance to the use of A. and his heirs, with a pro- viso that, when B. returns from India, then to the use of C. and his heirs. 1 Steph. Comm. 540.— Shifting use. A use which is so limited that it will be made to shift or transfer itself, from one beneficiary to another, upon the oc- currence of a certain event after its creation. For example, an estate is limited to the use of

A. and his heirs, provided that, upon the return of B. from Rome, it shall be to the use of C. and his heirs ; this is a shifting use, which transfers itself to C. when the event happens. 1 8teph. Comm. 303 ; 2 Bl. Comm. 335. These shifting uses are common in all settlements ; and,

in marriage settlements, the first use is always to the owner in fee till the marriage, and then to other uses. The fee remains with the owner un- til the marriage, and then it thiftt as uses arise. 4 Kent, Comm. 297.— Springing use. A use limited to arise on a future event where no pre- ceding use is limited, and which does not take effect in derogation of any other interest than that which results to the grantor, or remains in him in the mean time. 2 Washb. Real Prop. 281 ; Smith V. Brisson, 90 N. C. 288.— Statute of uses. An English statute enacted in 1536. (27 Hen. VIII. c. 10.) directed against the prac- tice of creating uses in lands, and which convert- ed the purely equitable title of persons entitled to a use into a legal title or absolute ownership with right of possession. The statute is said to “execute the use,” that is. it abolishes the inter- vening estate of the feoffee to uses, and makes the beneficial interest of tbe cettui gue ute an absolute legal title.— Superstitious uses. See that title.— Use and occupation. This is the name of an action, being a variety of as- sumpsit, to be maintained by a landlord against one who has had the occupation and enjoyment of an estate, under a contract to pay therefor, express or implied, but not under such a lease as would support an action specifically for rent. — Use plaintiff. One for whose use (benefit) an action is brought in the name of another. Thus, where the assignee of a chose in action is not allowed to sue in his own name, the ac- tion would be entitled “A. B. (the assignor) for the Use of C. D. (the assignee) against E. F.” In this case, C. D. is called the “use plain- tiff.”

It corresponds very nearly to the term “prescription.” But the prescription of Roman law differed from that of the English law, in this; that no mala fide possessor (i. e., person in posses- sion knowingly of the property of another) could, by however long a period, acquire ti- tle by possession merely. The two essential requisites to usucapio were justa causa (i. e., title) and bona fides, (i. c., Ignorance.) The term “ usucapio ” is sometimes, but erroneous- ly, written “usucaptio.’’ Brown. [Leviticus 27:30, KJV]

And all the tithe of the land, whether of the seed of the land, or of the fruit of the tree, is the LORD's: it is holy unto the LORD.

VALOR MARITAGH.

Lat. Value of the marriage. In feudal law, the guardian in chivalry had the right of tendering to his infant ward a suitable match, without “dis- paragement,” (inequality,) which, if the in- fants refused, they forfeited the value of the marriage (valor maritagii) to their guardian; that is, so much as a jury would assess, or any one would bona fide give, to the guardian for such an alliance. 2 Bl. Comm. 70; Litt § 110.

VALUABLE CONSIDERATION.

The

distinction between a good and a valuable consideration is that the former consists of blood, or of natural love and affection; as when a man grants an estate to a near rela- tion from motives of generosity, prudence, and natural duty; and the latter consists of such a consideration as money, marriage which is to follow, or the like, which the law esteems an equivalent given for the grant 2 Bl. Comm. 297.

A valuable consideration Is a thing of value parted with, or a new obligation assumed, at the time of obtaining a thing, which is a sub- stantial compensation for that which is ob- tained thereby.. It is also called simply "val- ue.” Civ. Code Dak. | 2121.

Why: Deliberately distinct from the USURY annotation (the interest economy): this targets the entry's doctrine — consideration as the thing parted with. The bond is literally the consideration for the 3,000 ducats.

VALUATION.

The act of ascertaining the worth of a thing. The estimated worth of a thing. See Lowenstein r. Schiller, 38 App. Dlv. 178, 66 N. Y. Supp. 674; State v. Central Pac. R. Co., 7 Nev. 104 ; Sergeant v. Dwyer, 44 Minn. 300, 46 N. W. 444.

[Sidney Lumet, 12 Angry Men, 1957]

The twelve veniremen of 12 Angry Men — a murder jury deliberating a boy's life. Juror #8's line to the table states the juror's burden: "It's not easy for me to raise my hand and send a boy off to die without talking about it first."

Why: The film is literally about veniremen performing the office the entry defines — jurors summoned to decide the truth of the matter. The quote is verbatim to my confidence and states the weight of the venireman's function.

VERDICT.

In practice. The formal and unanimous decision or fluding of a jury, Im- paneled and sworn for the trial of a cause, upon the matters or questions duly submitted to them upon the trial.

The word “verdict” has u well-defined signi- fication in law. it means the decision of a jury, and it never means the decision of a court or a referee or a commissioner. In common lan- guage, the word "verdict'’ is sometimes used in a more extended sense, but in law it is always used to mean the decision of a jury ; and we must suppose that the legislature intended to use the word as it is used in law. Kemer v. Petigo, 25 Kan. 056.

—Adverse verdict. Where a party, appealing from an allowance of damages by commission- ers, recovers a verdict in his favor, but for a less amount of damages than had been originally allowed, such verdict is advene to him, within the meaning of his undertaking to pay costs if the verdict should be adverse to him. Hamblin v. Barnstable County, 10 Gray (Mass.) 250— False verdict. An untrue verdict. Formerly, if a jury gave a false verdict, the party injur- ed by it might sue out and prosecute a writ of attaint against them, either at common law or on the statute 11 Hen. VII. c. 24, at his election, for the purpose of reversing the judg- ment and punishing the jury for their verdict ; but not where the jury erred merely in point of law, if they found according to the judge's di- rection. The practice of setting aside verdicts and granting new trials, however, so superseded the use of attaints that there is no instance of one to be found in the books of reports later than in the time of Elizabeth, and it was alto- gether abolished by 6 Geo. IV. c. 50, 1 00. Wharton.— General verdict. A verdict where- by the jury find either for the plaintiff or for the defendant in general terms ; the ordinary form of a verdict. Glenn v. Snmuer. 132 1'. S. 152, 10 Sup. Ct. 41. 33 L. Ed. 301 ; Settle v. Alison. 8 Ua. 201, 52 Am. Dec. 303 ; Childs v. Carpenter, 87 Me. 114, 32 Atl. 780.— Open ver- dict. A verdict of a coroner's jury which finds that the subject “came to his death by means to the jury unknown.” or “came to his death at the bands of a person or persons to the jury unknown,” that is, one which leaves open either the question whether any crime was committed 'or the identity of the criminal— Partial ver- dict. In criminal law, a verdict by which the jury acquit the defendant as to a part of toe accusation and find him guilty as to the residue. State v. McGee, 55 S. C. 247, 33 S. E. 353. <4 Am. St. Rep. 741 ; U. 8. v. Watkins, 28 Fed. Cas. 419— Privy verdict. One given alter the judge haa left or adjourned the court, and the jury, being agreed, in order to be delivered from their confinement, obtain leave to give their ver- dict privily to the judge out of court. Such a verdict is of no force unless afterwards affirmed by a public verdict given openly in court.

 | All Rights Reserved, Without Prejudice | Flagpole of Claim and Coinage reserved

This practice is now superseded by that of render- ing a sealed verdict. See Young v. Seymour, 4 Neb. 8!). — Public verdict. A verdict openly delivered by the jury in court. Withee v. Uowe. 45 Me. 571.— Quotient verdict. A money ver- dict the amount of which is fixed by the follow- ing process: Each juror writes down the sum he wishes to award by the verdict, and these amounts are all added together, and the total is divided by twelve, (the number of jurors,) and the quotient stands as the verdict of the jury by their agreement. See Hamilton v. Owego Water Works, 22 App. Div. 573, 48 N. Y. Supp. 106; Moses v. Railroad Oo.. 3 Misc. Rep. 322. 23 N. Y. Supp. 23. — Sealed verdict. See Sealed.— Special verdict. A special finding of the facts of a case by a jury, leaving to the court the application of the law to the facta thus found. 1 Arcbb. Pr. K. B. 213: 3 Bl. Comm. 377; Statler v. U. 8.. 157 U. Thus a legacy to one to be paid when he at- tains the age of twenty-one years is a vested legacy, because it is given unconditionally and absolutely, and therefore vests an immediate in- terest in the legatee, of which the enjoyment only is deferred or postponed. VETO.

Eat. I forbid. The veto-power is a power vested in the executive officer of some governments to declare his refusal td assent to any bill or measure which has been passed by the legislature. The maxim the body quotes — 'no one should be twice prosecuted for one and the same cause' — is codified in American law as the Double Jeopardy Clause: 'nor shall any person be subject for the same offence to be twice put in jeopardy of life or limb.'

VOID.

Null; ineffectual; nugatory; har- ing no legal force or binding effect; unable, in law, to support the purpose for which it was intended.

"Void" does not always imply entire nullity; but it is, in a legal sense, subject to large quali- fications in view of all the circumstances calling for its application, and the rights and interests to be affected in a given case. Brown v. Brown, 50 N. H. 538, 552.

"Void," as used in statutes and by the courts, does not usually mean that the ict or proceeding is an absolute nullity. Kearney v. Vaughan, 50 Mo. 284.

There is this difference between the two words "void" and "voidable:" void means that an instrument or transaction is so nuga- tory and ineffectual that nothing can cure it; voidable, when an imperfection or defect can be cured by the act or confirmation of him who could take advantage of it Thus, while acceptance of rent will make good a voidable lease, it will not affirm a void lease. Wharton.

The true distinction between void and voidable acts, orders, and judgments is that the former can always be assailed in any proceeding, and the latter only in a direct proceeding. Alex- ander v. Nelson. 42 Ala. 4f>2.

The term "void." as applicable to conveyances or other agreements, has not at all times been used with technical precision, nor restricted to its peculiar and limiter! sense, as contradistin- guished from "voidable it being frequently introduced, even by legal writers and jurists, when the purpose is nothing further than to indicate that a contract was invalid, and not binding in law. But the distinction between the terms "void" and "voidable," in their ap- plication to contracts, is often one of great prac- tical importance; and, whenever entire tech- nical accuracy is required, the term "void" can only be properly applied to those contracts that are of no effect whatsoever, such as are a mere nullity, and incapable of confirmation or ratification. Allis v. Billings, 6 Mete. (Mass.) 415, 39 Am. Dec. 744.

WARNING, under the old practice of the English court of probate, was a notice given by a registrar of the principal registry to a person who had entered a caveat, warning him, within six days after service, to enter an appearance to the caveat in the princi- pal registry, and to set forth his interest, concluding with a notice that in default of his doing so the court would proceed to do all such acts, matters, and things as should he necessary. By the rules under the judi- cature acts, a writ of summons has been substituted for a warning. Sweet.

by paramount title, the grantor was bound to recompense him with other lands of equal value. Co. Lltt. 305a.

In sales of personal property. A war- ranty Is a statement or representation made by the seller of goods, contemporaneously with and as a part of the contract of sale, though collateral to the express object of it, having reference to the character, quality, or title of the goods, and by which he promises or undertakes to Insure that certain facts are or shall be as he then represents them.

A warranty is an engagement by which a seller assures to a buyer the existence of some fact affecting the transaction, whether past, present, or future. Civ. Code Cal. § 1763.

In contract*. An undertaking or stipu- lation, in writing, or verbally, that a certain fact in relation to the subject of a contract Is or shall be as it Is stated or promised to be.

A warranty differs from a representation in that a warranty must always be given contemporaneously with, and as part of, the contract; whereas a representation precedes and induces to the contract. And, while that is their dif- ference in nature, their difference in conse- quence or effect is this: that, upon breach of warranty, (or false warranty,) the contract re- mains binding, and damages only are recov- erable for the breach; whereas, upon a false representation, the defrauded party may elect to avoid the contract, and recover the entire price paid. Brown.

The same transaction cannot be characterized as a warranty and a fraud at the same time. A warranty rests upon contract, while fraud, or fraudulent representations have no element of contract in them, but are essentially a tort. When judges or law-writers speak of a fraudulent warranty, the language is neither accurate nor perspicuous. If there is a breach of warranty, it cannot be said that the warranty was fraudulent, with any more propriety than any other contract can be said to have been fraud- ulent, because there has been a breach of it. On the other hand, to speak of a false represen- tation as a contract or warranty, or as tend- ing to prove a contract or warranty. Is a per- version of language and of correct ideas. Rose v. Hurley, 39 Ind. 81.

-Ia insurance. In the law of Insurance, “warranty" means any assertion or under- taking on the part of the assured, whether

expressed In the contract or capable of be- ing annexed to it, on the strict and literal truth or performance of which the liability of the underwriter Is made to depend. Maude & P. Shipp. 377; Sweet.

— Affirmative warranty. In the law of in- surance, warranties may be either affirmative or promissory. Affirmative warranties may be ei- ther express or implied, but they usually consist of positive representations in the policy of the existence of some fact or state of things at the time, or previous to the time, of the making of the policy ; and they are, in general, condi- tions precedent, which, if untrue, whether ma- terial to the risk or not, the policy does not at- tach, as it is not the contract of the insurer. Maupin v. Insurance Co., 53 W. Va. 557, 45 S.

20 l’ac. 408.— Collateral warranty, in old conveyancing, was where the heir's title to the land neither was nor could have been derived from the warranting ancestor. Thus where a younger brother released to his father’s dis- seisor, with warranty, this was collateral to the elder brother. The whole doctrine of col- lateral warranty seems repugnant to plain and unsophisticated reason and justice; and even its technical grounds are so obscure that the ablest legal writers are not agreed upon the subject. Wharton. Micheau v. Crawford. 8 N. J. Law, 106. — Continuing warranty. One which applies to the whole period during which the contract is in force; e. g.. an undertaking in a charter-party that a vessel shall continue to be of the same class that she was at the time the charter-party was made.— Covenant of warranty. .See Covenant. — Express warranty. In contracts and sales, one created by the apt and explicit statements of the seller or person to be bound. See Borrekins v. Bevan, 3 Rawle (Pa.) 36, 23 Am. Dec. 85 ; White v. Stelloh, 74 Wis. 435. 43 N. W. 99; Danforth v. Crookshanks, 68 Mo. App.- 316. In the law of insurance, an agreement expressed in a policy, whereby the assured stipulates that cer- tain facts relating to the risk are or shall be true, or certain acts relating to the subject have been or shall be done. 1 Phil. Ins. (4th Ed.) p. 425; Petit v. German Ins. Co. (C. C.) 98 Fed. 802; /Etna Ins. Co. v. Grube, 6 Minn. 82 (Gil. 32) ; Insurance Co. v. Morgan. 90 Va. 290, 18 S. E. 191.— General warranty. The name of a covenant of warranty inserted in deeds, by which the grantor binds himself, his heirs, etc., to “warrant and forever defend” to the grantee, his heirs, etc., the title thereby con- veyed, against the lawful claims of all persons whatsoever. Where the warranty is only against the claims of persons claiming “by, through, or under” the grantor or his heirs, it is called a “special warranty.”— Implied warranty. A warranty raised by the law as an inference from the acts of the parties or the circumstances of the transaction. Thus, if the seller of a chattel have possession of it and sell it as his own, and not as agent for another, and for a fair price, he is understood to warrant the title. 2 Kent. Comm. 478. A warranty implied from the gen- eral tenor of an instrument, or from particular words used in it. although no express warranty is mentioned. Thus, in every policy of insurance there is an implied warranty that the ship is sea- worthy when the policy attaches. 3 Kent Comm. 287; 1 Phil. Ins. 398.— Lineal war- ranty. In old conveyancing, the kind of war- ranty which existed when the heir derived title to the land warranted either from or through the ancestor who made the warranty.— Person- al warranty. One available in personal ac- tions, and arising from the obligation which one has contracted to pay the whole or part of a debt due by another to a third person. Flanden v. Seelye, 106 XT. S. 718, 26 L. Ed. 1217. — Promissory warranty. A term used chief- ly in the law of insurance, and meaning a war- ranty which requires the performance or omis- sion of certain things or the existence of cer- tain facts after the '-'ginning of the contract of insurance and during its continuance, and the breach of which will avoid the policy. See King v. Relief Ass’n, 35 App. Div. 58, 54 N. Y. Supp. 1057: Maupin v. Insurance Co., 53 W. Va. 5r>7, 45 S. E. 1003; McKenzie v. Insurance Co., 112 Cal. 648, 44 Pac. 022.— Special warranty. Waste is a spoil and destruction of an estate, either in houses, woods, or lands, by demolish- ing, not the temporary profits only, but the very substance of the thing, thereby rendering it wild and desolate, which the common law ex- presses very significantly by the word "vastum." 3 Bl. Comm. 223.

Waste is a lasting damage to the reversion caused by the destruction, by the tenant for life or years, of such things on the land as are not included in its temporary profits. Proffitt v. Henderson, 29 Mo. 325.

Wharton.— Impeachment of waste.

WATER.

As designating a commodity or a subject of ownership, this term has the same meaning in law as in common speech ; but In another sense, and especially in the plural. It may designate a body of water, such as a river, a lake, or an ocean, or an aggregate of such bodies of water, as in the phrases “foreign waters,” “waters of the United States,” and the like.

Water is neither land nor tenement nor sus- ceptible of absolute ownership. It is a mov- able thing and must of necessity continue com- mon by the law of nature. It admits only of a transient usufructuary property, and if it es- capes for a moment, the right to it is gone for- ever, the qualified owner having no legal power of reclamation. It is not capable of being sued for by the name of “water,” nor by a calcula- tion of its cubical or superficial measure; but the suit must be brought for the land which lies at the bottom covered with water. As wa- ter is not land, neither is it a tenement, because it is not of a permanent nature, nor the sub- ject of absolute property. It is not in any pos- sible sense real estate, and hence is not em- braced in a covenant of general warranty. Mit- chell v. Warner, 5 Conn. 518.

WATER-COURSE.

A natural stream of water fed from permanent or periodical nat- ural sources and usually flowing in a par- ticular direction in a defined channel, hav- ing a bed and banks or sides, and usually discharging Itself into some other stream or body of water. Los Angeles v. Pomeroy, 124 Cal. 697, 57 Pac. 587; Chamberlain v. Hem- ingway, 63 Conn. 1, 27 Atl. 239, 38 Am. St Rep. 330; RIbordy v. Murray, 177 111. 134, 52 N. E. 325; Halt v. Rep. 519 ; Simmons v. Winters, 21 Or. 35, 27 Pac. 7, 28 Am. St Rep. 727.

There must be a stream usually flowing in a particular direction, though it need not flow con- tinually. It may sometimes be dry. It must flow in a definite channel, having a bed, sides, or banka, and usually discharge itself into some other stream or body of water. It must be something more than a mere surface drainage over the entire face of a tract of land, occasion- ed by unusual freshets or other extraordinary causes. It does not include the water flowing in the hollows or ravines in land, which is the mere surface-water from rain or

melting snow, and is discharged through them from a higher to a lower level, but which at other times are destitute of water. Such hollows or ravines are not. in legal contemplation, water-courses. Richards, 17 Neb. 180. 22 N. W. 370.

But if the topography of the surrounding country is such that water accumulates in great quantities after heavy rains or at the season of melting snows, and descends periodically through a well-defined channel which the force of the water has made for itself, and which is the ac- customed channel through which it flows and has always flowed, such channel is to be deem- ed a natural water-course. — mitnral water-course. A natural stream flowing in a defined bed or channel; one formed by the natural flow of the water, as deter- mined bv the general superficies or conforma- tion of the surrounding country, as distinguish- ed from an “artificial” water-course, formed by the work of man, such as a ditch or canal. (chiefly in New England) a private way is one laid out by the local public authorities for the accommodation of individuals and wholly or chiefly at their expense, but not restricted to their exclusive use, being subject, like highways, to the public easement of passage. See Metcalf v. Bingham, 3 N. H. 459; Clark v. Boston, C. & M. R. Co., 24 N. H. 118; Denham v. Bristol County, 108 Mass. 202; Butchers', etc., Ass'n v. Boston, 139 Mass. 290, 30 N. WESTMINSTER THE FIRST.

The

statute 3 Edw. I.,. A. D. 1275. .This statute, which deserves the name of a code rather than an act, is divided into fifty-one .chap- ters. Without extending the exemption of, churchmen from civil jurisdiction, it pro-, tects the property of the church from the vio- lence and spoliation of the king and the no- bles, provides for freedom of popular elec- tions, because sheriffs, coroners, and conserv- ators of the peace were still chosen by the freeholders in the county court, and at- tempts had been made to influence the elec- tion of knights of the shire, from the time when they were instituted. It contains a declaration to enforce the enactment of Mag- na Oharta against excessive fines, which might operate as perpetual Imprisonment j enumerates and corrects the abuses of ten- ures, particularly as to marriage of wards-; regulates the levying of tolls, which were Imposed arbitrarily by the barons and by cities and boroughs; corrects and restrains the powers of the kingis escheator and other officers ; amends the criminal law, putting the crime of rape on the footing to which it has been lately restored, as a most grievous, but not capital, offense ; and embraces the subject of procedure in civil and criminal matters, introducing many regulations to render it cheap, simple, and expeditious. 1 Camp. Lives Ld. Ch. p. 167; 2 Reeve, Eng. Law, c. 9, p. 107. Certain parts of this act are repealed by St. 26 & 27 Viet. c. 125. Whar- ton.

A will Is the legal expression of a man’s wishes as to the disposition of his property after his death. Code Ga. 1882, f 2394; Swinb. Wills, f 2.

An instrument lu writing, executed In form of law, by which a person makes a disposi- tion of his property, to take effect after his death.

Except where it would be inconsistent with the manifest intent of the legislature, the word “will" shall extend to a testament, and to a codicil, and to an appointment by will, or by writing in the nature of a will, in exercise of a power; and also to any other testamentary

disposition. Code Ya. 1837, f 2511.

A will is an instrument by which a person makes a disposition of his property, to take effect after his decease, and which is, in its own nature, ambulator; and revocable during his life. It is this ambulatory quality which forms the characteristic of wills; for though a disposition by deed may postpone the possession or enjoyment, or even the vesting, until the death of the disposing party, yet the postponement is in such case produced by the express terms, and does not result from the nature of the instrnment McDaniel v. Johns, 45 Miss. 041. And see Jasper v. Jasper, 17 Or. 500, 22 I’ae. 152 ; Leathers v. Greenacre, 53 Me. 567; Cover v. Stem, 67 Md. 449, 10 Atl. 231, 1 Am. St. Hep. 406; George v. Green, 13 N. Eger- ton, 21 Wend. (N. Y.) 436.

A will, when it operates upon personal prop- erty, is sometimes called a “testament,” and when upon real estate, a “devise;” but the more general and the more popular denomination of the instrument embracing equally real and per- sonal estate is that of "last will and testament.” 4 Kent, Comm. 501.

In criminal law. The power of the mind which directs the action of a man.

In Scotch practice. That part or clause of a process which contains the mandate or command to the officer. Bell.

— Ambulatory will. A changeable will (am- bulatoria voluntas), the phrase denoting the power which a testator possesses of altering his will during his life-time. See Hattersley v. Bis- sett, 50 N. J. Eq. 577. 25 Atl. 332.— Double will. See Double.— Estate at will. This estate entitles the grantee or lessee to the pos- session of land during the pleasure- of both the grantor and himself, yet it creates no sure or durable, right, and is, bounded by no definite limits as to duration. It must be at the re- ciprocal will of both parties, (for, if it be at the will of the lessor only, it is a lease for life.) and the dissent of either determines it. Whar- tlon. — Holographic will. One written entire- ly by the testator with his own hand. — Mutual will. See Testament. — Nuncupative will. See that title.— Statute of wills. See Wills Act, infra.

—Public worship. This term may mean the worship of God, conducted and observed un- der public authority; or it may mean worship in an open or public place, without privacy or concealment; or it may mean the performance of religious exercises, under a provision for an equal right in the whole public to participate in its benefits; or it may be used in contradis- tinction to worship in the family or the closet. In this country, what is called "public wor- ship" is commonly conducted by voluntary so- cieties, constituted according to their own no- tions of ecclesiastical authority and ritual pro- priety, opening their places of worship, and ad- mitting to their religious services such persons, and upon Buch terms, and subject to such reg- ulations, as they may choose to designate and establish. A church absolutely belonging to the public, and in which all persons without restric- tion have equal rights, such as the public enjoy in highways or public landings, is certainly a very rare institution. For the names and description of various particular writs, see the following titles.

Is old English law. An instrument ip the form of a letter; a letter or letters o'f attorney. This is a very ancient sense of the word.

In the old books, “writ" is used as equiv- alent to “action ;” hence writs are some- times divided into real, personal, and mixed.

In English law, a name given to certain letters of the sovereign, sealed with his great seal and directed to particular persons and for particular purposes, which, not being proper for public inspection, were closed up and sealed on the outside ; also, a writ directed to the sheriff instead of to the lord. 2 Bl. Comm. 346, 3 Reeve, Eng. Law, 45. — Concurrent writs. Duplicate originals, or several writs running at the same time for the same purpose, for serv- ice on or arrest of a person, when it is not known where he is to be found; or for service on several persons, as when there are several defendants to an action. Mozley & Whitley. — Judicial writs. In English practice. Such writs as issue under the private seal of the courts, and not under the great seal of Eng- land, and are tested or witnessed, not in the king’s name, but in the name of the chief judge of the court out of which they issue. The word “judicial'’ is used in contradistinction to “orig- inal;” original writs being such as issue out of chancery under the great seal, and are witness- ed in the king's name. See 3 Bl. Comm. 282. Pullman's Palace-Car Co. v. Washburn (C. C.) 66 Fed. 792 Junior writ. One which is issued, or comes to the officer’s hands, at a later time than a similar writ, at the suit of anoth- er party, or on a different claim, against the same defendant. — Original writ. In English practice. An original writ was the process for- merly in use for the commencement of per- sonal actions. It' was a mandatory letter

from the king, issuing out of chancery, sealed with the great seal, and directed to the sheriff of the county wherein the injury was committed, or was supposed to have been committed, requir- ing him to command the wrong-doer or accus- ed party either to do justice to the plaintiff or else to appear in court and answer the accusa- tion against him. This writ is now disused, the writ of summons being the process prescribed by the uniformity of process act for commencing

personal actions; and under the judicature act, 1873, all suits, even in the court of chancery, are to be commenced by such writs of summons. Brown.— Patent writ. WRONG.

An injury; a tort; a violation of right or of law.

The idea of rights naturally suggests the cor- relative one of wrongs; for every right is ca- pable of being violated. A right to receive pay- ment for goods sold (for example) implies a wrong on the part of him who owes, but with- holds the price; a right to live in personal se- curity, a wrong on the part of him who com- mits personal violence. And therefore, while, in a general point of view, the law is intended for the establishment and maintenance of rights, we find it, on closer examination, to be dealing both with rights and wrongs. It first fixes the character and definition of rights, and then, with a view to their effectual security, proceeds to define wrongs, and to devise the means by which the latter shall be prevented or redressed. 1 Steph. Comm. 126.

—Private wrongs. The violation of public or private rights, when considered in reference to the injury sustained by the individual, and consequently as subjects for civil redress or compensaton. 3 Steph. YEAR.

The period in which the revolu- tion of the earth round the sun, and the ac- companying changes in the order of nature, are completed. Generally, when a statute speaks of a year, twelve calendar, and not lunar, months are intended. Cro. Jac. 166. The year is either astronomical, ecclesiastical, or regnal, beginning on the 1st of January, or 25th of March, or the day of the sover- eign's accession. Wharton.

—Natural year. In old English law. That period of time in which the sun was supposed !to revolve in its orbit, consisting of 365 days and one-fourth of a day. or six hours. Bract, fol. 3T>»6.— Year and day. This period was .fixed for many purposes in law. Thus, in the case of an estray. if the owner did not claim it Within that time, it became the property of the

lord. So the owners of wreck must claim it within a year and a day. Death must follow upon wounding within a year and a day if the wounding is to be indicted as murder. Also, a year and a day were given for prosecuting or avoiding certain legal acts ; e. g., for bringing actions after entry, for making claim for avoid- ing a fine, etc. Brown.— Year books. [Jane Austen, Sense and Sensibility, 1811]

(paraphrase) The Dashwood daughters in Sense and Sensibility — "younger children" displaced by the eldest son's inheritance under primogeniture, daughters though they are, and disinherited for it. (paraphrase)

Why: Distinct from the WIDOW annotation (the widow's precarity): this targets the entry's own phrase — children not entitled to the rights of an eldest son, expressly including daughters. The Dashwood sisters are the ficti...

YOUTH.

This word may include children and youth of both sexes. Nelson v. Cushing, 2 Cush. (Mass.) 519, 528.

[Scripture] — Scripture

[Ecclesiastes 12:1, KJV]

Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh, when thou shalt say, I have no pleasure in them:

Why: YOUTH = children and youth of both sexes, as a life-stage. Ecclesiastes 12:1 names 'the days of thy youth' — youth as the defined season of life. Borderline-thin (a definitional gloss), but the life-stage is the genui...

YULE.

The times of Christmas and lam- mas.

5e apparatus — Not carried into the 5th edition (1979).

[Scripture] — Scripture

[Luke 2:7, KJV]

And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

Why: YULE = the time of Christmas. Luke 2:7 is the nativity itself — the birth the Christmas season keeps. Borderline: the entry names the season, the verse the event; the Christmas is the genuine link.

[Humanity] — Humanity / Fiction & Film

[Charles Dickens, A Christmas Carol, 1843]

(paraphrase) Dickens's Christmas — the Yule season as the time of reckoning and redemption, Scrooge's conversion on Christmas Eve — the season this entry names, in its definitive fiction. (paraphrase)

Why: Thinnest accept of the pass, flagged honestly: the entry is a bare seasonal definition and the Carol illuminates the season culturally rather than a legal doctrine. Admitted because Yule-as-season is cultural content...

Why: ZEALOT in the bad sense = a fanatic, a separatist. Luke 6:15 names 'Simon called Zelotes' among the twelve — the Zealot of scripture, the term's own bearer. Borderline: the entry's bad sense vs the apostle's title; th...

ZEALOUS WITNESS.

An nn technical term denoting a witness, on the trial of a cause, who manifests a partiality for the side calling him, and an eager readiness to tell anything which he thinks may be of ad- vantage to that side.

5e apparatus — Carried into the 5th edition (1979).

[Scripture] — Scripture

[Exodus 20:16, KJV]

Thou shalt not bear false witness against thy neighbour.

Why: A witness manifesting partiality, eager to advantage the side calling him. The ninth commandment guards the testimony itself: 'thou shalt not bear false witness against thy neighbour' — the witness's truth as the law....

[Humanity] — Humanity / Fiction & Film

[Harper Lee, To Kill a Mockingbird, 1960]

(paraphrase) The Ewells' testimony for the prosecution in To Kill a Mockingbird — partial, eager, and dismantled on cross-examination — the zealous witness manifesting "an eager readiness to tell anything" for the side that called him. (paraphrase)

Why: Distinct from VERDICT (the decision) and VIVA VOCE (the oral form): this targets the entry's exact concept — the witness's partiality for the calling side. The Ewells are the fictional instance.
